REPORTS OF COMMITTEES.

———(o)———

Report of Geo. Savage, Commissioner on the Bridge crossing the Etobicoke River on the first concession north of Dundas Street; also the Bridge crossing the same river at Silverthorn's old mill near Summerville.

To the Warden and Council of the County of Peel:

GENTLEMEN,—

Your Commissioner had a meeting with Matthew Canning, Reeve of Etobicoke, who was Commissioner for the County of York, and agreed to let the work necessary to be done to said bridges on October 22nd, and met for that purpose; had no one to contract for the same, and we agreed to get the one on first concession done by employing men by the day, and your Commissioner was to get the work done as agreed on. I have had furnished 5 toise of stone, water lime, common lime and sand, and the Messrs. Condgon, of Streetsville, are doing the work.

The bridge near Summerville we agreed to advertise again for the 2nd November, when we had the following tenders for the same on that day:

James Volkes	$685 00
William Divell	525 00
Joseph Tomalinson	489 00

We accepted the tender of Joseph Tomalinson; said work to be done right away. Would request that the Treasurer be authorized to pay one half the amount for each bridge, when the Commissioner reports the said work done to said Treasurer, and give his order for the same.

All of which is respectfully snbmitted.

GEORGE SAVAGE, COMMISSIONER.

Committee Room, Brampton, November 11th, 1878.

First Report of Commissioners on County Property.

To the Council of the County of Peel:

Your Commissioners on County Property beg leave to report—

That pursuant to the requirements of a resolution of your Council they met quarterly for the purpose of passing accounts and ordering necessary supplies for the Court House and gaol; and they also, as directed, ordered the expenditure of the sum of twenty dollars in the purchase and planting of ornamental trees in the Court House grounds, which, owing to the favorable season, have upon the whole done remarkably well.

Your Commissioners have purchased the year's supply of coal, which has been delivered in good order. Tenders have been asked for supplying wood for the County Buildings for the coming year, and they will be laid before you during the present session.

The Warden found it necessary to call a special meeting of your Commissioners on the 21st of September last, to consider the matter of re-building the bridges over the River Etobicoke (on the Lake Shore Road, and near Silverthorn's mill), between the Counties of Peel and York; when owing to the importance of these roads it was considered necessary to take immediate action in conjunction with Commissioners appointed by the Council of the County of York, to have the bridges rebuilt Your Commissioners appointed the Warden a Commissioner on behalf of the County of Peel. Plans and specifications were prepared, tenders invited, and the jobs finally let on the 22nd of October—one for the sum of one thousand five hundred and sixty-five dollars ($1565), the other for four hundred and eighty-nine dollars ($489), one half of which will have to be paid by the County of Peel. Work is now well advanced and likely to be completed by the first day of December, the date named in the agreement.

Your Commisssioners were waited upon at their last meeting by a deputation, composed of the Reeve and another member of the Council of the Municipality of the village of Streetsville, which deputation presented a petition signed by a number of ratepayers of the said village and vicinity, setting forth that the bridge crossing the River Credit on Main Street, in the said village was completely swept away by the floods on the 13th day of September last; that the stream is considerably over one hundred feet in width, and that by Sections 492, 494 and 524 of the Municipal Institutions Act, Revised Statute of Ontario, County Councils shall cause to be built all bridges crossing streams over one hundred feet wide, within the limits of any incorporated village in the county, necessary to connect any public highway leading through the county.

Your Commissioners, considering the extent of the undertaking, and the case as one entirely new in the experience of this Council, deemed it advisable to obtain legal advice in the matter they therefore instructed the Clerk to submit the case to James Bethune, Q. C., of Toronto, for his opinion, which opinion has been received and will be laid before you for your information.

Your Commissioners have also to report that a portion of the bent-work on the river bank on Main Street, in front of the Court House, has been carried away, and the remainder materially damaged, by the floods, but as immediate action was not absolutely necessary, it has been left over for your consideration.

Annexed is a Schedule of the moneys ordered to be paid up to the date hereof.

All of which is respectfully submitted.

MELVILLE PARKER, Chairman.

Report of D. McKinnon, Commissioner of Bridges on County Line with Wgellintou County.

To the Warden and Council of the County of Peel:

The undersigned Commissioner, appointed to direct the building of a bridge on the Town Line between the Townships of Erin and Caledon, as well as on the Town Line between the Towhships of Garafraxa and Caledon, would respectfully report:

That the bridge on the Erin and Caledon Town Line was duly completed to the satisfaction of your Commissioner at an expenditure of $69.12, the County of Wellington paying one-half of that amount; the appropriation made at the June Session being only $30, which amount has been exceeded by the sum of $4.56, and is still due the contractor.

Upon examination your Commissioner finds that the bridge on the Garafraxa and Caledon Town Line is in a fair state of repair, and would not recommend any expenditure upon it this year.

All of which is respectfully submitted.

D. McKINNON, Commissioner.

Brampton, 12th November, 1878.

Third Report of Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that they have had before them the tenders of Joseph S. Lundy, J. C. Aikins, E. Harrison, M. Ostrander, S. Arnold, T. Quinn, Thos. Foster, James Wardlow, Joseph Hagerman, John Taylor, J. J. McGill, James Vernon, William Foster, A. Giffin, Andrew Henderson, J. D. Clark, John Wallis and Thomas Walker, for supplying wood for the County Buildings, and they would recommend the acceptance of the tenders of J. C. Aikins, ten cords green and sixty-five cords dry wood, all at the rate of $3.50 per cord; A. Giffin, ten cords green at $3.40 per cord; J. D. Clark, ten cords green at $3.50 per cord; Andrew Henderson, twenty cords green, at $3.70 per cord; J. Vernon, fifteen cords green at $3.80 per cord; S. Arnold, ten cords green at $3.80 per cord; and James Wardlow, ten cords green at $3.75 per cord.

They have also had before them the following accounts, which, finding duly certified and correct, they recommend payment:

K. Chisholm & Co., supplies	$ 3 10
Henry Burnett, one dozen chairs	6 00
D. Kirkwood, repairs, express charges, cartage, expenses in going to Toronto, &c.	2 95
The Clerk's postage account	5 74
Sheriff Broddy, for 34⅓ bushels of potatoes for Gaol	17 17

In reference to the account of the Sheriff for $41.01, for sending Catherine Blake, a lunatic, to the London Asylum, your Committee would recommend that it be laid over for particulars, as the sum seems large.

Your Committee beg to submit herewith a by-law providing for borrowing the sum of $2,000, for general expenses of the County until the taxes are collected.

Your Committee would recommend the payment of $10 to the firm of Bethune, Osler & Moss, for opinion anent the Streetsville bridge.

All of which is respectfully submitted.

D. McKINNON, Chairman.

Committee Room, 12th November, 1878.

(Adopted.) MELVILLE PARKER, Warden.

Third Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee on County Property, Roads and Bridges, ask leave to report:

1st. As to County Property—Your Committee find the same well cared for under the prudent direction of your Commissioners; and that the several items of their audit, amounting in all to $905.02, are each correct, and we recommend their acceptance.

2nd. As to the item of County Property petitioned for by Miss Hurst, your Committee recommend that the same be procured by your Commissioners.

3rd. The attention of your Committee has been called to the unsafe state of the stove in the gaol, and we would recommend your Council at once, through your Warden, to procure a suitable iron screen with lock and key, to prevent lunatics and other prisoners from doing anything with said stove.

4th. As to Roads of the County—Your Committee find their condition does not comport with the amount of Statute Labor presumed to be annually expended on the same. Your Committee would therefore recommend your Council to have the question of commuted Statute Labor brought under the consideration of the ratepayers on the day of next nomination of Councillors.

5th. As to Bridges—Your Committee would recommend the adoption of Mr. McKinnon's report of a bridge he has constructed on the County line with Wellington, and that he be paid two dollars for services as your Commissioner on same. We recommend also the report of G. Savage, of a bridge at the first crossing north of Dundas Street, on the County line with York, together with his further report of a bridge on the Dundas Street, near Silverthorn's old mill, and mentioned also in the report of the Commissioners on County Property. Your Committee also recommend the adoption of the report of your Commissioner of a bridge on the Lake Shore Road, on the said County line of York, let under the direction of your Warden and the Reeve of Toronto Township.

6th. And as to the petition of Wm. Cunningham and 66 others, praying for the construction of a bridge in the village of Streetsville, your Committee cannot recommend your Council to grant the prayer of said petitioners.

All of which is respectfully submitted.

ALEX. McLAREN, CHAIRMAN.

Committee Room, 12th November, 1878.

(Adopted,) MELVILLE PARKER, WARDEN.

Fourth Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

1. Your Committee on Education have had before them the application of the Brampton Public School Board for a grant to the County Model School; also the petition of the Teachers' Association, asking for a grant, both of which matters we leave for the consideration of the Council.

2. Your Committee have given their consideration to a bill relating to expenses in connection with the equalization of Union School Sections, amounting to $37.01, and recommend that the Treasurer be authorized to pay the same to the respective parties therein named.

Respectfully submitted.

C. Y. MOORE, CHAIRMAN.

Committee Room, November 12th, 1878.

(Adopted,) MELVILLE PARKER, WARDEN.

Third Report of the Standing Committee on Printing.

To the Warden and Council of the County of Peel:

Your Printing Commtttee beg to make the following report

And would recommend the payment of the following sums:

1st. Account of D. J. McKinnon, for postage for his office.....$28 00

2nd. Account from the *Times* office, for advertising examinations of Teachers and other matters in connection with the Public Schools..... 26 50

3rd. Account from the *Times* office, for binding two copies of Provincial *Gazette*, and other printing for Sheriff's office, certified to by the Sheriff..... 23 40

4th. Account from the *Conservator* office for printing in connection with Public Schools..... 36 85

5th. Account from the *Banner* office, for printing Examination Papers and reports, and Toachers' Exrminations..... 21 25

All of which is respectfully submitted.

GEORGE SAVAGE, CHAIRMAN.

Committee Room, November 13th, 1878.

(Adopted,) MELVILLE PARKER, WARDEN.

Report of the Special Committee appointed by ballot to Nominate the Standing Committees for the current year:

To the Council of the Corporation of the County of Peel:

Your Select Committee, appointed by ballot to nominate the Standing Committees for the current year, would most respectfully report the following named persons as comprising the several Committees, viz:

FINANCE AND ASSESSMENT—Messrs. McKinnon, Cook, Cotton, Kee and Newlove.

EQUALIZATION — Messrs. Taylor, Chisholm, Graydon, Newlove, McKinnon, Wolfe, Savage and Cunnington.

EDUCATION—Messrs. Moore, Atkinson, Graydon, Cook and Newlove.

COUNTY PROPERTY, ROADS AND BRIDGES—Messrs. McLaren, Cunnington, Taylor, McCort and Savage.

PRINTING AND CONTINGENCIES—Messrs. Savage, Cunnington, Taylor, McLaren and Moore.

All of which is respectfully submitted.

K. CHISHOLM, CHAIRMAN.

Committee Room, Jan. 28th, 1879.

(Adopted,) RICHARD HEWSON, WARDEN.

Second Report of the Commissioners on County Property for 1878.

To the Warden and Council of the County of Peel:

Your Commissioners for the year just closed beg leave to submit their second report as follows:

That shortly after the last meeting of Council the breakwater on the northeast side of the River Etobicoke, and fronting the County property, gave way. The Warden called a special meeting on the 19th December, to consider whether or not it was desirable to proceed immediately to have the same repaired.

After a careful examination of the case your Commissioners were unanimous in their opinion that immediate action was for the interest of the County, inasmuch as in case of a sudden rise of the river a large amount of clay would be washed away, which would materially add to the cost of repairs.

Taking all the circumstances of the case into consideration your Commissioners accepted the offer of Richard Pendleton, of the Town of Brampton, to rebuild the same in a style vastly superior to that of the former, and at about equal cost, namely: two hundred and fifty dollars; and the work is now completed.

Your Commissioners have held the usual quarterly meeting, when nothing of importance

was before them, except the usual accounts, which were examined and passed, a Schedule of which is hereto annexed.

All of which is respectfully submitted.

C. Y. MOORE, CHAIRMAN *pro tem.*

Brampton, January 27th, 1879.

(Adopted,) RICHARD HEWSON, WARDEN.

First Report of the Standing Committee on Finance and Assessment for 1879.

To the Warden and Council of the County of Peel:

1. Your Committee have had before them:
   (*a*) Treasurer's statement of Cash Assets and Liabilities on 31st December, 1878.
   (*b*) General statement of the affairs of the County at same date.
   (*c*) Non-resident land tax account.
   (*d*) Treasurer's estimates for the current year.

2. Account of D. Kirkwood, office supplies, journey to Toronto, cartage, &c., $2.65; account of Sheriff Broddy, removing John W. Cole, a lunatic, to the Asylum, $20.05; account of Sheriff Broddy, gaol supplies, $1.18; Clerk's postage account, $4.50; account of D. S. Taylor, mitts and socks for Gaol prisoners, $4.89; account of G. W. Wallace, one clothes dryer, $6.50; account of Wm. Wilson, Gaol supplies, $3.50.

3. The following tenders for supplying bread and beef for the current year:
   James Golding, at the rate 2¼ cents per pound for bread.
   Andrew Hosie, at the rate of 2½ cents per pound for bread.
   Thomas Crowforth, at the rate of 6 cents per pound for beef.
   E. Madill, at the rate of 7 cents per pound for beef.

4. Your Committee would recommend that the tender of James Golding for bread, at the rate of 2¼ cents per pound, be accepted; and

5. The tender of Thomas Crowforth, for beef at the rate of 6 cents per pound, be accepted.

6. Referring to the account of James Hurst, claiming the sum of $5 for watering shade trees on Court House grounds, your Committee, referring to By-law No. 39, Section 7, find the Caretaker's duty to be to protect all County property placed in his charge, and that the above claim be not paid.

7. Your Committee beg to submit herewith a By-law providing for the borrowing of the several sums required for the due payment of the necessary expenses, appropriations, debentures, interest, and other liabilities of the current year; and having carefully examined the accounts presented, recommend that the Treasurer be authorized to pay the same, as noted above.

All of which is respectfully submitted.

D. McKINNON, CHAIRMAN.

Council Chamber, 29th January, 1879.

First Report of the Standing Committee on Equalization of Assessment.

To the Council of the County of Peel:

Your Committee beg leave to report as follows:

1st. Your Committee have examined the Assessment Rolls of the several Municipalities of the County, and find them generally correct.

2nd. Your Committee have prepared a Schedule which is hereto attached, showing the assessed value of each of the Municipalities, and the value as equalized by your Committee.

3rd. Your Committee would recommend that the equalized Assessment adopted by By-law No. 71 for the several Municipalities, portions of which are liable to assessment for the bonus debt of the Hamilton & Northwestern Railway be adopted.

4th. Your Committee would recommend that the Equalized Assessment adopted by By-law No. 61, for the several Municipalities, portions of which are liable to assessment for the bonus debt to the Credit Valley Railway, be adopted.

All of which is respectfully submitted.

First Report of Standing Committee on County Property, Roads and Bridges.

Your Committee ask leave to report as follows:

As to the request of Charles J. Wheelock, P. L. S., your Committee recommend that he be recognized by your Council as the County Surveyor.

As to the application of Sheriff Broddy, your Committee recommend that the Warden procure two wheelbarrows for the use of the Gaol laborers, and an iron screening which shall prevent lunatics in the Gaol from burning themselves at the stoves.

As to the communication of R. W. King, of Georgetown, proposing to supply iron fencing for Court House grounds, your Committee cannot, in the depressed state of the country, recommend such a costly structure.

Your Committee recommend the payment of the following sums:

R. Pendleton, for construction of water-break		$255 00
Geo. Savage, services as Commissioner		23 00
James Newlove,	"	6 00
James Wolfe,	"	5 00

All of which is respectfully submitted.

ALEX. McLAREN, CHAIRMAN.

Committee Room, 29th Jan., 1879.

(Adopted,) RICHARD HEWSON, WARDEN.

Second Report of Committee on County Property, Roads and Bridges.

Your Committee ask leave to report:

1. As to the so-called "Streetsville Bridge," several conflicting legal opinions have been laid before your Committee, and in view of the same, together with the rulings of the Courts in similar cases, your Committee would recommend your Council to obtain the legal opinion of your County Solicitor, and instruct him further to procure such additional legal opinion with his own as he may deem advisable in the premises.

2. Your Committee recommend the appointment of three Commissioners of County Property, whose duty it shall be to take charge of all County Property, and to superintend all repairs, and further to have all the powers that Commissioners have had heretofore, and that Mr. Taylor, Dr. Moore and the Warden be, and they are hereby appointed such Commissioners, and that they be paid the same per diem, and for travelling as Councillors.

3. Your Committee recommend your Council to have the tinning on the cupola of the Court House put under repair either by painting or otherwise.

4. Your Committee have had their attention drawn to a road scraper of very superior construction, which it is proposed to have on exhibition at your June Session, and would recommend the Reeves in your Council not to place their orders for new scrapers till they have seen this one on exhibition.

5. Your Committee would call the attention of your Council to the fact that no terms of agreement appear to exist between your Council and the Council of the Town of Brampton, as to the breaking of stone by prison labor, and that no pay has been obtained for such labor since the 28th March last.

6. Your Committee would recommend that the planking at the approach to the Gaol be repaired.

All of which is respectfully submitted.

ALEX. McLAREN, CHAIRMAN.

Committee Room, January 31st, 1879.

(Adopted,) RICHARD HEWSON, WARDEN.

First Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

Your Committee on Education beg to make the following report:

1. Accounts have been received as noted below, which have been examined, found correct, and are recommended for payment by the Treasurer:

Clougher Brothers, stationery for Inspector	$12 00
" supplies for examination	10 28
P. S. Inspector's office expenses	5 26
Brampton P. O., Inspector's postage account	14 00

2. The Committee recommend that Mr. James Fleming be reappointed Trustee for the Brampton High School; and that Mr. Geo. Allen be appointed Trustee for the Streetsville High School, in place of Mr. John Graydon, whose term of office has expired.

3. The report of the Brampton and Streetsville High Schools are satisfactory showing improvement since last report, and we note with especial pleasure those parts of both reports which intimate that statements in detail of the receipts and expenditure of the schools will be submitted for examination by the County Auditors, which seems to be the proper mode of audit of those accounts according to Cap. 204, Section 87 of the Revised Statutes of Ontario.

4. We recommend that the consideration of the question of High School grants be deferred to the June Session.

First Report of the Standing Committee on Printing.

To the Council of the Corporation of the County of Peel:

Your Committee beg leave to report as follows:—

1. They have had before them the account of Alex. Dick, for printing and stationery, amounting to $22.87, and they would recommend the payment of the same, it being properly certified to.

2. We would recommend that the Clerk be instructed to ask for tenders for printing 1200 copies of the Minutes, at so much per page, got up in a style similar to that of last year.

3. We would further recommend that tenders be asked for, for advertising the Schedules of Convictions by Justices of the Peace, for the period of one year from the date of acceptance of such tender.

All of which is respectfully submitted.

GEORGE SAVAGE, CHAIRMAN.

Committee Room, January 31st, 1879.

Report of Special Committee to which were referred the communications from the Secretary of the St. John Relief and Aid Society, and from the Ontario Rifle Association.

To the Council of the Corporation of the County of Peel:

Your Committee beg leave to report as follows:

With reference to the communication from the St. John Relief and Aid Society, we recommend that the matter be referred to the Clerk with instructions to give all possible information as to the quantity and character of donations sent from this County to the said Society.

With reference to the application of the Ontario Rifle Association, for aid in establishing

a new match at the Annual Prize Meeting in August next, we recommend a grant of $10 for the current year.

All of which is respectfully submitted.

Third Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee on County Property, Roads and Bridges, ask leave to report as follows:

1st. As to the petition of D. Hammond and five others, praying for a grant to cut down a hill on the County Line with Halton, in the second concession south of Dundas Street, your Committee cannot recommend any appropriation of money in that behalf.

2nd. As to the petition of D. Hammond and others, asking a grant for the construction of a bridge on said County Line, in the 3rd concession south of Dundas Street, your Committee do recommend your Council to build the same in conjunction with the County of Halton, and that Mr. Cotton be a Commissioner on behalf of your Council in the oversight of said construction.

3rd. As to the question of liability on the part of your Council to construct the so-called Streetsville bridge, your Committee, upon reference to the legal opinions procured and furnished by Mr. Fleming, your Solicitor cannot recommend your Council to undertake the construction of said bridge, but your Committee cannot dismiss this matter without directing the attention of your Council to the hardships under which the Village of Streetsville labors without said bridge, and do cordially recommend your Council to meet their hardships by a grant from your Council of $750.

All of which is respectfully submitted.

ALEX. McLAREN, CHAIRMAN.

Committee Room, 10th June, 1879.

(Adopted,) RICHARD HEWSON, WARDEN.

Second Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

1st. Your Committee have considered the reports of the Brampton and Streetsville High School Boards, and their application for aid, action on which was deferred from the January to the present session; and while expressing their gratification at the continued prosperity and usefulness of these institutions, recommend that the usual annual grant, viz.: $300 to the Brampton High School and $150 to the Streetsville High School, these sums being in addition to the amount provided by law.

2nd. Your Committee, after careful consideration, believes that in the examination of Teachers by the different County Boards, there should be uniformity in the *minimum* number of marks required to pass in the different subjects of examination, and we recommend that the Clerk be instructed to forward a copy of this clause of the report to the Minister of Education.

3rd. Your Committee are also of opinion that in the event of no Model School being established in the County the P. S. Inspector should be requested to exercise a judicious liberality in endorsing Third Class Certificates obtained in other counties, especially in the case of those whose homes are in the County, or who have been prepared to any considerable extent in its educational institutions.

Respectfully submitted.

C. Y. MOORE, CHAIRMAN.

(Adopted,) RICHARD HEWSON, WARDEN.

Committee Room, 10th June, 1879.

Second Report of the Standing Committee on Printing and Contingencies

To the Warden and Council of the County of Peel:

Your Printing Committee begs to make the following report:

The following accounts have been received, and we would recommend payment of the same:

The *Conservator* Printing House, for printing Blanks and Schedule of Return Convictions	$6 00
The Brampton *Times* Office, binding and printing by order of the Sheriff	6 00

Tenders have been received for printing the County Minutes as follows:

A. Dick	$1 39	per page.
Geo. Tye	1 45	"
A. F. Campbell	1 75	"

Would recommend the acceptance of the tender of Mr. Dick.

We have also received the following tenders for the publishing of the quarterly Returns of Convictions by Justices of the Peace:

A. F. Campbell	$12 00	per quarter.
Alex. Dick	8 00	"
Geo. Tye	4 00	"

And would recommend that the Tender of Mr. Tye be accepted.

Your Committee have had before them a communication from the Editor of the Cardwell *Courier*, in *re* to County Printing, and we would recommend that he gets a fair share of the public printing, as it is advisable that the ratepayers of Albion should be in possession of information affecting their interest.

All of which is respectfully submitted.

GEORGE SAVAGE, CHAIRMAN.

(Adopted,) RICHARD HEWSON, WARDEN.

Committee Room, June 11th, 1879.

Third Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

1st. Your Committee have had before them the report of the Public School Inspector, which shows the Schools of the County to be in a satisfactory condition. They recommend that the report be printed in the Minutes.

2nd. Referring to the communication of the Inspector *in re* furnishing Examination Hall in new High School building, your Committee having been shown that by taking the course proposed a considerble yearly saving can be effected (sufficient to meet the outlay in a few years), recommend that the sum of $150 be granted for the purpose, payable on the order of the Warden, who with the Inspector is appointed to see to the proper expenditure of the money.

3rd. Your Committee also recommend an appropriation of $100 in aid of a County Model School to be paid on the order of the Chairman of the Public School Board when the Inspector certifies that the work of the Model School has been duly performed.

Respectfully submitted.

C. Y. MOORE, CHAIRMAN.

Committee Room, 10th June, 1879.

(Adopted,) RICHARD HEWSON, WARDEN.

To the Warden and Council of the County of Peel:

GENTLEMEN,—

I have the honor to report that during the past year I twice visited and examined all the schools under my charge with two exceptions.

The improvement noticeable was, perhaps, not so great as in some former years, but there were some noteworthy exceptions. The Alton school has taken rank with Bolton as one of the two second best schools of the County, and many of the inferior schools have risen to a good position. In nearly all our schools the Spelling has become comparatively good, the Writing to correspond, and the Reading and Arithmetic fairly so. In the less important branches the progress is less marked, but there is, at all events, no retrogression. As an evidence of the improvement in Spelling I may state that, on my first round of visits in 1871, I examined classes IV and V in all schools upon twenty difficult words dictated to them from the Second and Third Readers, with the result of a percentage of nearly 40 correct; last year I examined classes III and IV upon the same words, with a result of 76 per cent. correct—an improvement of 90 per cent. in seven years. Second Class pupils can now write better thon those of the Third Class in 1871, and Senior First now better than Second then. On the whole I am safe in saying that the average pupil of to-day is at least a year's work in advance of the pupil of corresponding age and ability seven years ago.

The attendance of pupils has slightly improved, having increased in number on roll about 1½ and in average about 7 per cent.

In school accommodation but little improvement was made, owing principally to the fact that so much had already been done, but partly, also, to the "hard times," which induced several Sections to apply for and obtain an extention of time within which to complete certain promised improvements. The expenditure under this head was $2560 in 1878, as against $4127 in 1877, and $10600 in 1875. The only new school house erected was that in Huttonville, S. S. No. 1, Chinguacousy, which now stands the best single room school house in the County; although S. S. No. 3 in the same Township expects this year to equal if not surpass it.

The increase in the number of new Third Class Certificates granted was very large, being 27 in 1878, as compared with 19 in 1877 and 13 in 1876. Second Class Certificates are no longer granted by the County Boards, but to the honor of our High Schools I am glad to have it to say that last year more of their pupils passed the Second Class Examination than ever before 1876 in any one year passed the Third.

All of which is respectfully submitted.

D. J. McKINNON, P. S. INSPECTOR.

AUDITOR'S REPORT.

———(o)———

To the Warden and Council of the County of Peel:

GENTLEMEN,—

The undersigned Auditors have the honor to report that, having examined the Books and Accounts of the County Treasurer for the year ending the 31st of December, A. D. 1878, we find them, as compared with the vouchers produced, correct, showing a balance on hand at the termination of the year of fourteen thousand seven hundred and fifty-two dollars and five cents ($14,752.05), said sum being deposited at interest in the branch of the Merchants Bank at Brampton, and is held available for the following purposes:

Current Account	$11388 45
Public Schools	3232 50
Non-resident Land Tax	131 10
Total	$14752 05

All of which is respectfully submitted.

D. KIRKWOOD, CLERK.

THIRD DAY.

WEDNESDAY, June 9th, 1880.

Council met.

The Warden in the chair.

Roll called—members all present.

Minutes of yesterday read and adopted.

COMMUNICATIONS RECEIVED:

1st. From Sheriff Broddy, enclosing a copy of the presentation of the Grand Jury at the General Sessions held yesterday.

2nd. From George Graham, Esq., County Treasurer, asking leave of absence for two or three weeks during summer, on his making provision for the discharge of the duties of his office during such absence.

Mr. McKinnon, Chairman of the Standing Committee on Finance and Assessment, presented their second report, accompanied with a draft copy of a By-law to levy a rate for County purposes for the current year; also draft of a By-law to authorize the Warden and Treasurer to borrow a sum of money to meet current expenses until the taxes are collected.

Which Report and By-laws were received and read, and on motion the Council went into Committee of the whole thereon. Mr. Milner in the chair.

Committee rose and recommended the adoption of the report, and the passage of the By-laws as filled up in Committee.

Report received and adopted, and the By-laws read a third time and finally passed.

Moved by Mr. Savage, seconded by Mr. Swinarton, that when this Council adjourns this day it stands adjourned until the second Monday in November next, then to meet at two o'clock. Carried.

On motion the Warden left the chair until two o'clock.

Council resumed:—

Mr. Bolton, Chairman of the Standing Committee on Education, presented their Second Report, which was received and read, and on motion adopted.

Mr. Swinarton, Chairman of the Standing Committee on County Property, Roads and Bridges, presented their Second Report, which was received and read, and on motion the Council went into Committee of the whole thereon. Mr. Campbell in the chair.

Committee rose and presented the report as amended.

Report received, and on the question of adoption, Mr. McKinnon, seconded by Mr. Cook, moved that the report be not adopted, but that it be amended by striking out the third clause. Carried.

Report adopted as amended,

Mr. Porter, Chairman of the Special Committee appointed to consider the propriety of aiding the Port Credit Harbor Company to make repairs to said Harbor, presented their report, which was received and read, and on motion adopted.

Mr. Hamilton, Chairman of the Standing Committee on Printing and Contingent Accounts, presented their Second Report, which was received and read, and on motion adopted.

Mr. Hutton, seconded by Mr Cunnington, moved that Mr. Porter, Reeve of the Gore, be and is hereby appointed a Commissioner on behalf of this Council to expend the sum of $90 granted for repairs of County Line between the Township of Toronto Gore and that of Etobicoke in conjunction with a Commissioner appointed by the County of York. Carried.

Moved by Mr. Campbell, seconded by Mr. Graydon, that the request of the County Treasurer for a leave of absence from his office for the period of three weeks be granted. Carried.

Pursuant to notice, moved by Mr. Bolton seconded by Mr. McKinnon, and resolved, that a Committee of the Reeves of the several Municipalities, and the Clerk of the Peace, is hereby appointed to ascertain and report on the existing remedies and powers for the repression, abatement or punishment of that class of criminals known as vagrants and tramps, the manner of which, and with what effect, such measures are enforced, in the several portions of the County, and the expense thereof during the last three years, with such recommendations as such Committee may deem advisable therein, at next Session of this Council. Carried.

Pursuant to notice, Mr. Cook moved, seconded by Mr. Hamilton, that Messrs. Bolton, Swinarton, Porter, McKinnon, George Graham and the Mover be appointed a Special Committee to enquire into the matter of the administration of Justice in this County in so far as it relates to the expenditure and results of the Quarter Sessions, County Court and Superior Court, and to report at the next Session of this Council, showing among other things the expense of Grand and Petit Jurors, and all other expenses connected with Criminal and Civil business of the County, as follows:

1st. The number and amount of cases entered for trial by Jury, civil side.

2nd. The number of cases sent for trial by Jury, criminal side.

3rd. The number of cases tried by Jury and amount of verdict, civil side.

4th. The number of convictions on criminal side, together with any other matter relating to expenditure in connection with the administration of Justice in the County which the said Committee may think proper to submit. Carried.

NOTICE:—

Mr. Cunnington gave notice that he will at next meeting of this Council ask leave to introduce a bill amending the By-law providing for the licensing of Auctioneers, Hawkers and Pedlars.

On motion Council adjourned.

REPORTS OF COMMITTEES.

First Report of Commissioners on County Property.

Your Commissioners on County Property report as follows:

That during the three Quarters ending the 30th September, they held the regular Quarterly Meetings, as required, at which various accounts of a regular and usual kind were presented, and payment ordered to be made, a schedule of which is hereto annexed.

Your Commissioners, in compliance with the resolution unanimously passed at the June Session of the Council, have had imposed upon them, in carrying out your wishes, a greater amount of work and responsibility than has usually devolved upon the Commissioners of this County, and they beg to intimate that they have spared no pains to make the work, as far as proceeded with, as thorough and satisfactory as possible.

On a close examination, they found the exterior of the buildings much more impaired and weather-beaten than they had anticipated, which became still more evident after the work was fairly commenced, for, as is not unfrequent in the case of repairs, the examination and removal of one defective part in some instances led to the examination and removal of another.

In addition to the work on the outside of the Court House, the different rooms and offices in the front of the building on the ground floor have been kalsomined, and also the Judges' rooms painted; the windows throughout the entire building have been overhauled, and as far as necessary re-hung. The fence in front of the grounds on Wellington street has been taken down, and again set up and re-painted, and the fence in front, as well as the entrance, improved.

An amount of painting and repairs in connection with the Registry Office has been attended to.

Feeling, as your Commissioners did, that the work would be more reliably and better executed by furnishing material themselves, and employing competent workmen by the day, than by letting by tender they adopted that course in most instances, and they would further state that the painting done has been three-coat work, and also that they have reason to suppose that the materials used were of the best quality, and secured at reasonable rates.

In addition to the three regular Quarterly meetings, your Commissioners have held two

special ones, one last Quarter and one during the present, rendered necessary by the additional work you imposed upon them.

They have also secured a supply of coal, and instructed the Clerk to advertise and receive tenders for wood.

A carefully prepared Schedule of the expenses incurred in connection with the repairs with which you entrusted them is hereto annexed.

All of which is respectfully submitted.

RICHARD HEWSON, Chairman.

Committee Room, Nov. 10th, 1879. (Adopted.)

All of which is respectfully submitted.

D. McKINNON, Chairman.

Committee Room, November 11th, 1879.

(Adopted,) R. HEWSON, WARDEN.

*NOTE—$37.60 being the amount inserted on amendment of Report.

Fourth Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee ask leave to report as follows:

1st. Having examined the report of the Commissioners on County Property, your Committee conclude that they have obtained good value for the money expended; that they have

not gone beyond their instructions, and that their report is worthy of adoption by your Council.

2nd. That having learned of the unsafe state of the bridge in Bolton Village, from Mr. Wolfe, your Committee recommend the repair of the same with new plank, and that Mr. Wolfe be a Commissioner in your interest to superintend and order payment for the same.

3rd. In reference to the bridge on the Town Line of Toronto with Trafalgar, which has been constructed under the supervision of Mr. Savage, your Committee recommend that Mr. Savage's order, for the payment of the same be accepted by your Treasurer.

4th. As to the bridge on the Etobicoke River, on the County line, in the first concession north of Dundas street, your Committee do recommend the same to be planked anew, the County of York being at half the cost, and that Mr. Savage do have supervision of, and that the Treasurer do pay your half share of same on the order of Mr. Savage; and further, that your Clerk do serve the Clerk of the County of York with a copy of this and the next following clause.

5th. As to the northern abutment of the bridge on the County line near Summerville, your Committee recommend the repair of the same, the County of York being at half the cost, and that Mr. Savage do have the oversight of the same, and that the Treasurer do pay for the same on Mr. Savage's order.

6th. As to the communication of W. E. McKay, your Committee do not recommend any action on the part of your Council, inasmuch as that line of highway has not been assumed by your Council, and further, that Mr. McKinnon was not in the service of your Council in expending the money referred to by Mr. McKay.

All of which is respectfully submitted.

A. McLAREN, Chairman.

Committee Room, November 11th, 1879.

(Adopted,) RCHARD HEWSON WARDEN.

First Report of the Standing Committee on Printing.

To the Council of the Corporation of the County of Peel:

Your Committee beg leave to report as follows:

1st. They have had before them the account of Hart & Rawlinson, for the sum of $59.05, for blank forms and assessment rolls, and they would recommend the payment of the same, it being properly certified to by the Clerk.

2nd. The account of Alex. Dick, for pens, ink, stationery and printing, for the sum of $26.43, and they would recommend payment of the same, it also being certified to as correct.

3rd. The account of the Proprietor of the *Brampton Times*, for printing blanks for magisterial use, amounting to the sum of $30, your Committee cannot recommend the payment of the same, as in their opinion it is an overcharge, and we recommend the same to the consideration of the Council.

Amended in Committee of the whole by adding the following clause:—That the account be paid in full for this time, but would recommend that in future printing done by any officer of the Corporation be done by tender.

All of which is most respectfully submitted.

JAMES HAMILTON, Chairman.

Committee Room, 29th January, 1880.

(Adopted,) ALEX. McLAREN, Warden.

First Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the Corporation of the County of Peel:

Your Committee beg leave to report that they have had before them the following accounts and communications:

1st. From Sheriff Broddy, for two large gratings for stoves for Gaol, amounting to $34.00.

2nd. Bill from K. Chisholm & Co., for Court House fixtures, amounting to $34.60.

3rd. Bill from George Savage, for 5 days as Commissioner on County Roads, $10.

4th. Communication from Thomas Strodder, asking for job of whitewashing Court House.

5th. A communication from Charles Hanley, Esq., asking for a grant to repair bridges on the County Line between York and Peel, opposite lots 7 and 8 in Albion.

6th. A communication from J. P. Hutton, in regard to two bridges on the County Line between Peel and Halton, opposite lots 13 and 27, respectively, and asking for a grant to repair the same.

7th. An account from C. Murdock, for mending boots for prisoners, amounting to $11.50.

Your Committee would recommend as follows:

1st. We recommend payment of the account of Sheriff Broddy for stove grating, $4.

2nd. Bill of K. Chisholm & Co., $34.60.

3rd. Bill of George Savage, $10.

4th. Would recommend the communication from Thomas Strodder be referred to the Commissioners on County Property.

5th. In reference to the communication from Charles Hanley, we would recommend that the sum of $100 be granted, and that Mr. Swinarton, Reeve of Albion, be Commissioner to expend the same in conjunction with a Commissioner from the County of York, the County of York granting a like sum.

6th. In reference to the communication from J. P. Hutton, for a grant to repair two bridges on the County Line of Peel and Halton, your Committee would recommend that the sum of $90 be granted, and that the Reeve of Chinguacousy be a Commissioner to expend the same.

7. Your Committee would also recommend the payment of the account of C. Murdock, amounting to $11.50.

8th. Your Committee visited the Gaol and found it in its usual clean and orderly manner, with plenty of fuel and food, and the aged Governor with his usual pleasant face. There are thirteen inmates, ten males and three females, only one of the whole being confined for crime, and that not of a serious nature; the prisoners being fully occupied breaking stone, cutting wood, mending clothes, &c.

Your Committee would recommend the appointment of the following gentlemen as Commissioners on County Property for the current year, viz: The Warden and Messrs Cunnington and Cook.

All of which is respectfully submitted.

THOMAS SWINARTON, Chairman.

Committee Room, January 29th, 1880.

Report of Special Committee appointed to consider the propriety of Revising the By-laws.

To the Council of the Corporation of the County of Peel:

Your Committee beg leave to report as follows:

1st. The By-laws of this County have never been revised.

2nd. It is with very great difficulty that the public can now obtain information as to the standing By-laws of this County, particularly as to the By-laws establishing public roads, and those required to be acted upon by Justices of the Peace.

3rd. By the revision of the By-laws, your Committee believe this information will be more easily obtained, and much time will be saved to the members of this Council by a more ready reference to the actions of previous Councils, to which they must constantly refer.

4th. Your Committee think it most desirable that the By-laws of the County should be revised with a view to having them printed, and placed in the hands of Justices of the Peace throughout the County, under the future direction of this Council.

5th. Your Committee therefore beg leave herewith to submit a by-law to appoint three Commissioners to revise the said By-laws.

All of which is respectfully submitted.

First Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

1st. Your Committee have had before them (*a*) the Treasurer's statement of cash assets and liabilities on 31st December, 1879; (*b*) General Statement of the affairs of the County; (*c*) Non-resident Land Tax Account; (*d*) Treasurer's Estimates for the current year.

2nd. Account of Daniel Allen, for lime, $1.45; Clerk's P. O. box rent and postage account, $5.50; Treasurer's P. O. box rent, $1.50; P. S. Inspector's box rent and postage, $13; Clerk's expenses in connection with stove screens, express charges, &c., $3.80.

3rd. The following tenders for supplying bread and beef for the current year:—Thomas

Crowforth, at the rate of 6c. per pound for beef; McCollum & Dickin, at the rate of 5⅞c per pound for beef; James Golding, at the rate of 3c. per pound for bread; Andrew Hosie, at the rate of 2¾c. per pound for bread.

4th. Your Committee would recommend the tender of Andrew Hosie, for bread at the rate of 2¾c. per pound, be accepted; and the tender of McCollum & Dickin, for beef at the rate of 5⅞c. per pound, be accepted, upon a bond for security for the due and full performance of this contract, executed by Robert Craig, McCollum & Dickin to pay all expenses in connection with the completion of said bond.

Referring to the communication of the Ontario Rifle Association, your Committee would recommend that no action be taken thereon.

Referring to the Treasurer's Statement of cash assets and liabilities, we find a deficit of $762.69 at the beginning of the present year. This seems to have been caused by the heavy payments made on account of Jury expenses, as well as the estimated expenditure on account of County Buildings having exceeded the estimated appropriations on that account.

Your Committee beg to submit a by-law providing for the borrowing of the several sums required for the due payment of the necessary expenses, appropriations, debentures, interest, and other estimates for the current year.

Your Committee beg to submit the Auditors' Report of the Treasurer's Accounts for 1879.

Your Committee, having carefully examined the accounts presented, recommend that the Treasurer be authorized to pay the same, as noted above.

5th. Your Committee further recommend that a grant of £50 sterling be made by this Council to assist in relieving the distress now prevalent in Ireland, and that the same be paid over to the fund known as the Duchess of Marlborough Relief Fund, on the order of the Warden.

All of which is respectfully submitted.

D. McKINNON, Chairman.

Report of the Select Committee to whom was Referred the Coumunications from the County of Simcoe, the County of Carleton, the United Counties of Northumberland and Durham, and the County of Bruce.

To the Council of the Corporation of the County of Peel:

Your Committee ask leave to report as follows:

With reference to the communication from the County of Simcoe, your Committee have to report that sufficient information as to the matter complained of does not accompany the communication to enable us to recommend any action on the part of this Council.

With reference to the communication from the united Counties of Northumberland and Durham, your Committee do not feel warranted in recommending any action of this Council towards making the change proposed.

Your Committee have given their consideration to a communication from the Corporation of the County Carleton, relative to the bridging of the St. Lawrence River near Coteau Landing, and are of the opinion that a connection with the American system of Railways, such as would be made by the building of the proposed bridge, would be of material benefit to the Province of Ontario, and we therefore recommend that a copy of this clause of the report be furnished William Elliott, M. P., with the request that he use his influence with the Hon. the Minister of Public Works, in support of the building of such bridge, providing such structure will not materially interfere with the navigation of the said river.

In reference to the communication from the County of Bruce, your Committee would recommend the adoption of the petition herewith presented.

All of which is respectfully submitted.

First Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

GENTLEMEN,—Your Committee have had before them the following communications, reports and accounts, viz.:

1st. Communication from the Public School Inspector, relative to his salary.

2nd. Report of the Trustees of the Brampton and Streetsville High Schools, and of the Inspector.

3rd. Accounts for stationery for Board of Examiners of School Teachers.

Your Committee having heard several gentlemen in support of the application contained in the report of the Trustees of the Brampton High School, and having given the same their careful consideration, desire to express their gratification that the school is in so highly prosperous a condition, and are pleased to know that a continuance of the increase of the number of the scholars attending it gives a good reason to believe that within two years, or perhaps less, it may be formed into a Collegiate Institute, and thus we shall be able to give the youth all the educational advantages which such institutions offer, within the County.

They are also pleased to observe, by the report of the Trustees of the Streetsville High School, that the attendance has considerably increased during the past year, and its finances are in a very satisfactory state, and the school now seems to be in a position to meet the requirements of the hour, and of the population of that part of the County.

Your Committee recommend that James P. Hutton, Esq., of Chinguacousy, be re-appointed Trustee of the Brampton High School, and that Alfred Ecclestone, of the Township of Toronto, Esq., be re-appointed Trustee of the Streetsville High School.

Upon consideration of the report of the Inspector of Schools, drawing attention to portions of the School Law which appeared to him to require amendment, your Committee have prepared a memorial to the Minister of Education, setting forth certain amendments to the School Law, which they are of opinion would be very desirable, and would recommend its adoption by the Council, and that the Warden, the Chairman of the Committee and the Public School Inspector, be appointed a deputation to present the same.

With reference to the accounts for stationery supplied to the Board of Examiners of Public School Teachers, it is recommended that they be paid, as your Committee believe that the 5th clause of By-law No. 81 of this Council is in conflict with Statute law, and while referring to said By-law they also find that the 3rd clause of said By-law is not in accordance with the law, and in order to correct the said clauses your Committee present a draft By-law with that object in view, and also append the opinion of the County Solicitor in reference thereto.

The applications for special grants by the Boards of Trustees of the Brampton and Streetsville High Schools, your Committee recommend be laid over for consideration at the June session of this Council.

All of which is respectfully submitted.

L. R. BOLTON, Chairman.

Committee Room, Brampton, January 30th, 1880.

(Adopted,) ALEX. McLAREN, Warden.

Second Report of the Standing Committee on Education.

Your Committee, having before them the reports of the two County High Schools, and the application for special aid from the Trustees of Brampton High School, with a view of having that School formed into a Collegiate Institute, and having duly considered the same, your Committee are pleased to be able to congratulate the people of the County on their increasing usefulness and efficiency, and while not being prepared to recommend such a grant as would be likely to enable Trustees of Brampton High School to become a Collegiate Institute, they are desirous that the School be liberally supported in the meantime, and express the hope that with more prosperous times the Council may be enabled to meet the views of the Trustees of Brampton High School.

Your Committee would recommend that in addition to the amounts payable under statutory enactments, the sum of four hundred dollars be granted to the Brampton High School, the sum of two hundred dollars in aid of Streetsville High School, and the sum of one hundred dollars in aid of the County Model School, and that such sums be paid to the persons properly authorized to receive the same.

Your Committee recommend the purchase of a sufficient number of County maps, a sample of which is shown by the Inspector, to supply one for each school in the County, such maps to be at the price of thirty-five cents each; that they be procured by the Inspector and distributed, and that the Treasurer is instructed to pay the expense thereof on the order of the Inspector.

In consequence of changes made in the School Law at the late Session of the Ontario Legislature, the duties of the Boards of Examiners of Teachers in Counties have been materially reduced, and we are led to believe that after the present year the appointment of such Boards will be unnecessary, in view of which your Committee would recommend that the Board appointed under By-law 132 be continued in office for the present.

The very valuable information contained in the report of the Inspector of Schools makes it desirable that it should be placed before the people of the County, and your Committee would recommend that it be printed with the Minutes for circulation.

After consideration, your Committee are of opinion that it is desirable to relieve the Inspector of Schools from attendance at his office on Saturdays as heretofore, until evidence of the necessity of such office day becomes manifest.

Your Committee have examined the undermentioned accounts, found them duly certified, and recommend that they be paid, viz:

Alex. Dick, printing and stationery	$10 24
D. J. McKinnon, Inspector, postage account	9 00
" " telegraphing and express charges	8 28
Clougher Brothers, stationery	40 45

(Adopted,) ALEX. McLAREN, Warden.

Second Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee, after viewing the grounds and buildings, would report as follows:

1st. We visited the gaol, which we found in its usual clean and orderly condition, and free from criminals, the only occupants were three old men and two women, that are destitute and have no other place to go.

2nd. We inspected the Court House and observe that the evetroughs are leaking in several places, which are domaging the outside of the building. We would recommend that the Commissioners on County Property get some good mechanic and have the eves examined and properly repaired.

3rd. We also recommend that a new pump be placed in the cistern near the Court House, as the old one is worn out.

4th. With regard to the erection of a new fence in front of the Court House, your Committee does not feel disposed to ask the Council to take any action in the matter this summer.

5th. We have had before us a communication from the Council of the Gore of Toronto, asking for a grant of ninety dollars ($90), to supplement a similar grant to be given by the County of York, to improve the County line opposite lot 7, Gore of Toronto, which sum we would recommend to be granted.

6th. We also recommend that James Wolfe, late Reeve of Bolton Village be paid the sum of four dollars ($4), for services as Commissioner for the repairing of Bolton bridge last winter.

7th. We have a bill from J. Perry, for repairs to slating on the Court House, amounting to $11.50, which we also recommend to be paid.

8th. Also two bills from Solomon Caslor, amounting to $22.88, for repairs to two bridges on the town line between Toronto Township and the Village of Streetsville, which bill your Committee would recommend be paid.

All of which is respectfully submitted.

T. SWINARTON, Chairman.

Committee Room, June 9th, 1880.

Report adopted in Council after striking out 3rd clause.

ALEX. McLAREN, Warden.

Second Report of Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that they have had before them the following accounts, &c.:

1st. Post Office account, Clerk's postage.
2nd. Bible Society account, bibles for Gaol.
3rd. John Clarke's account, Gaol supplies.
4th. Alex. Dick's account, stationery, &c.
5th. George Atkinson's account, potatoes for Gaol.
6th. D. F. Campbell, repairs to Registry Office.
7th. Alex. Armour, Secretary, asking grant for the County of Peel Agricultural Society.
8th. The Treasurer, referring to dues receivable from the Registrar.

Your Committee would recommend payment of the following accounts:

Postage account	$4 00
Bible Society	4 20
John Clarke	1 32
Alex. Dick	6 85
George Atkinson	2 00

In reference to the account of D. F. Campbell, for repairs to the Registry Office, your Committee find it extraordinary that repairs of any kind should be undertaken by the Registrar without consulting this Council through the Commissioners on County Property; therefore we would recommend that the claim be referred to the Commissioners on County Property.

In the matter of dues now owing by the Registrar, under the Registration Act, to the County, your Committee would recommend that the Treasurer be empowered to take any necessary steps towards the collection of the same.

In the matter of the communication of the Secretary of the Peel Agricultural Society, your Committee would recommend that the County of Peel Agricultural Society be granted, the sum of three hundred dollars; and that the Agricultural Societies of Caledon and Albion be granted the sum of fifty dollars each.

Your Committee also beg herewith to submit a by-law, providing for raising the several sums required for the payment of the necessary expenses, appropriations, debentures and interest, and other liabilities of the County for the current year.

Your Committee also beg herewith to submit a by-law to empower the Warden and Treasurer to borrow a sum of money, not to exceed in the whole the sum of four thousand dollars.

All of which is respectfully submitted.

D. McKINNON, Chairman.

Committee Room, June 8th, 1880.

Report of the Special Committee in Re. to Aiding Port Credit Harbor Company.

To the Warden and Council of the County of Peel:

Your Committee appointed to consider the proposition of F. C. Capreol, Esq., in regard to exchanging County bonds for those of the P. C. H. Co., beg leave to report:

That from the insufficiency of evidence as to the validity of the title of said P. C. H. Co., we do not feel at liberty to recommend any immediate action; but in view of the probable future results of the County, would recommend that the Warden and County Solicitor be authorized to enter into negotiations with the said Company, to ascertain the terms on which such property can be purchased. That in case the terms appear to them such as might be acceptable to the Council, they be requested to report the same, with the Solicitor's opinion as to the title, at next session of this Council.

All of which is respectfully submitted.

WILLIAM PORTER, Chairman.

Committee Room, June 9th, 1880.

(Adopted in Council,) ALEX. McLAREN, Warden.

Second Report of the Standing Committee on Printing and Contingencies.

To the Warden and Council of the County of Peel:

Your Printing Committee beg to present the following report:

The following account has been received and examined and we would recommend payment thereof:

1st. Brampton *Times*, account for printing, $13.

Tenders were also received as under for printing minutes of proceedings of Council, and advertising Schedules of Convictions by Justices of the Peace.

George Tye, Printing	Minutes	$1.36 per page.
" "	Schedule of Convictions	4.00 per quarter.
Alex. Dick, Printing	Minutes	$1.35 per page.
" "	Schedule of Convictions	8.00 per quarter.

We would therefore recommend the acceptance of the tender of A. Dick, for printing the minutes, and that of Geo. Tye for publishing the Schedule of Convictions, they being the lowest.

All of which is respectfully submitted.

JAS. HAMILTON, Chairman.

Committee Room, June 9th, 1880.

Report of the Inspector of Public Schools.

To the Warden and Council, County of Peel:

GENTLEMEN,—I have the honor to report that during the past year I have made the usual semi-annual inspection of the schools under my charge.

Our Public Schools do not now make the same rapid advances that they formerly did, chiefly, perhaps, because many of them have reached a standing which seems to satisfy public opinion. In some localities, however, the people look higher than in others, and hence we find that two or three schools in each Township are decidedly superior to their neighbors. As honorable instances of this, I may note S. S. Nos. 15 and 4, Caledon; 4 and 7, Albion; 12 and 13, Chinguacousy; 4 and 12, Toronto; and 5, Toronto Gore. It too often happens, however, that an enthusiastic, ambitious and well qualified teacher, who has succeeded in inspiring his pupils with a love of work, and whose higher classes have sent up successful candidates to the High School Entrance Examinations, steps out of his proper sphere to prepare some two or three of his best pupils for the Teachers' or Intermediate Examination, and in doing so neglects his younger classes. I wish to place it on record as my most decided opinion that no public school with one teacher can attempt high school work without injury to the junior classes, which contain the great majority of its pupils.

The only new school house built during 1879 was that in S. S. No. 7, Chinguacousy—a really substantial and beautiful building of free-stone—erected at a cost of some $1600. No. 15, of the same Township, is this summer erecting a still more commodious structure, after the same design; and I understand that the P. S. Board of Streetsville is moving in the same direction.

The Model School of the County has done its work efficiently, and the Trustees have made provision this year for leaving the Principal free to devote more of his attention than formerly to the students in training during the session.

The number of sucsessful applicants for entrance to the High Schools of the County largely increased during 1879, and the usual number of High School students passed the

Teachers' Examination. One, a Brampton pupil, took a first-class non-professional, and four from the same School are candidates for the same standing this year. From information received from various sources I am led to believe that both of our High Schools are more prosperous and efficient than ever before.

One good work done by the High Schools of the Province, and in which ours have taken their share, has been to increase the supply of well educated public school teachers. To such an extent has this been the case, that salaries of teachers on new engagements fell last year from 10 to 25 per cent. throughout the County. I am glad to say, however, that there seemed to be no disposition on the part of trustees to reduce the remuneration of tried and faithful teachers who remained with them.

I had the honor to forward to the Minister of Education, at his request, the Memorial adopted by your Honorable Body at your last Session. Several changes desired by you are embodied in the Act lately passed, and the Minister has taken others of your suggestions into his consideration. The Third Class Teachers' Examination, and the annual equalization of assessment of Union School Sections, have been done away with, and a saving of about $200 a year to this County thereby effected.

All of which is respectfully submitted.

D. J. McKINNON, P. S. Inspector.

D. KIRKWOOD, CLERK. [L. S.]

BY-LAW NO. 135.

A BY-law to Establish a Public Fair in the Village of Mono Road, in the County of Peel.

Whereas by Subsection 10 of Section 465, of the Revised Statutes of Ontario, County Councils are empowered to establish Public Fairs for the sale, barter or exchange of articles of agricultural production, on the petition of at least 50 ratepayers of the municipality.

And whereas a petition signed by 50 electors of thn Municipalites of the Townships of Chinguacousy, Caledon and Albion has been presented to this Council, praying to have a Fair established in the Village of Mono Road in the said County of Peel.

Be it therefore enacted by the Council of the Corporation of the County of Peel, and it is hereby enacted:

1st. That a Fair, for the purpose of the sale, barter and exchange of catte, horses, sheep-pigs and articles of agricultural production or requirement, is hereby authorized and estab' lished at the said Village of Mono Road.

2nd. That such Fair shall be held on the second Wednesday of the months of February, April, June, August, October and December in each and every year.

Passed this 28th day of January, 1880.

BY-LAW NO. 139.

To confirm By-law No. 360 of the Corporation of the Township of Toronto.

Whereas the Corporation of the Township of Toronto did, on the 26th day of April, A. D. 1879, pass a By-law for the purpose of conveying to John McMullen, Esq., of the said Township of Toronto, a portion of an original street called North Alartan Street, in the Village of Malton, running on the east ends of lots 179, 180 and 138, being by admeasurement 60 feet wide by 150 feet long, described on a map of the said Village, made by John Stoughton Dennis, Provincial Land Surveyor, and registered in the Registry Office of the County of Peel, in lieu of land taken from the said John McMullen, through lots 179, 180 and 138 for a public road, and for which the said John McMullen has received the sum of twenty dollars for the same.

And whereas said By-law No. 360 was passed in accordance with the provisions of Section No. 509, Chapter 174, Municipal Institutions Act of the Province of Ontario, enacting that no such By-law shall have any effect until confirmed by a By-law of the Council of the County in which such Township is situated.

And whereas it is desirable that such By-law be confirmed: Therefore the Corporation of of the County of Peel enacts as follows:

That By-law No. 360, of the Corporation of the Township of Toronto, be and the same is hereby confirmed.

Passed this 30th day of January, 1880.

BY-LAW NO. 141.

A By-law to Amend By-law No. 81.

Whereas by Section 186, of the Revised School Law of Ontario, County Councils are empowered to determine and provide for the travelling expenses of the Public School Inspector.

Therefore be it enacted that Section 3 of By-law No 81 of this Council be repealed, and that the following be substituted therefor:

1st. The Inspector shall be paid the sum of two hundred dollars per annum in lieu of travelling expenses, and further the sum of three dollars per day for attending the equalization of Union School Sections, and for other duties required of the Inspector the minimum sum provided by Statute.

2nd. That Section No. 6, of By-law 81, is hereby repealed.

3rd. That the words "other than the Inspector of Schools," in Section 7 of By-law 81, be struck out.

BY-LAW NO. 142.

To Consolidate and Establish the Standing By-laws of the County of Peel.

Whereas it has been found expedient to revise, classify and consolidate the general Standing By-laws of the County of Peel, for the purpose of having said By-laws printed and circulated in a convenient form for the use of magistrates, municipal officers and others.

And whereas such revision, classification and consolidation have been made:

Therefore it is enacted by the Council of the County of Peel as follows:

That the revised By-laws hereto attached, and numbered as Chapters 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11, inclusive, shall be held to be the original By-laws upon the subjects to which they refer, as shown by the references at the foot of each Section, and shall from the date of the passing of this By-law, and including this By-law, be held to be the Revised By-laws of the County of Peel, subject only to such alterations and amendments as may hereafter be made therein.

2. The said Revised By-laws may be referred to and shall be known as "The Revised Standing By-laws of the County of Peel, 1880," and shall not be held to be new By-laws, but shall be held to be a consolidation of the Standing By-laws of the County of Peel.

3. That the By-laws of this County, to which reference is made at the foot of each or any of the Sections of said Revised By-laws, are hereby repealed, but such repeal shall not have the effect of reviving any By-law, or part of a By-law, repealed by such repealed By-laws, nor shall such repeal affect any penalty, liability or forfeiture incurred before such repeal, or any proceedings had or taken for enforcing the same, prior to such repeal, or pending at the time thereof.

4. Such revised By-laws shall consist of the written By-laws hereto annexed, and named and numbered as Chapters One to Eleven, inclusive, upon the subjects following, that is to say:

CHAPTER 1—To provide and adopt a Seal for the County of Peel.

CHAPTER 2—To appoint Officers for the County of Peel,

CHAPTER 3—To define the duties of Officers.

CHAPTER 4—To fix the salaries of Officers.

CHAPTER 5—To establish Fairs for the sale or exchange of Stock or other Agricultural productions.

CHAPTER 6—To aid in apprehending persons guilty of horse-stealing.

CHAPTER 7—To confirm certain By-laws of Local Municipalities.

CHAPTER 8—To Incorporate the Village of Bolton.

CHAPTER 9—To provide for Licensing Auctioneers.

CHAPTER 10—To impose a duty on Hawkers and Pedlars.

CHAPTER 11—To appl they tax on Owners or Harborers of Dogs to the general funds of the several local Municipalities,

Passed the 8th day of June, 1880.

BY-LAW NO. 143.

A By-law to Establish a Public Fair in the Town of Brampton.

Whereas by Sub-section 10 of Section 465 of the Revised Statutes of Ontario, County Councils are empowered to establish Public Fairs for the sale, barter or exchange of articles of agricultural production, on the petition of at least 50 electors of the Municipality.

And whereas a petition signed by fifty electors of the Municipality of the County of Peel has been presented to the Council praying to have a Fair established in the Town of Brampton, in the said Municipality.

Be it therefore enacted by the Council of the County of Peel, and it is hereby enacted:

1st. That a Fair for the purpose of the sale, barter and exchange of cattle, horses, sheep, pigs, and articles of agricultural production or requirement is hereby authorized and established at the said Town of Brampton.

2nd. That such Fair shall be held on the first Thursday of each month.

3rd. That Chapter 5, of the revised By-laws be amended as follows—that the word "Brampton" in the first clause, and the words "at Brampton on the first Thursday of the same month," in the second clause, be struck out.

Passed this 8th day of June, 1880.

MEMORIALS.

To His Honor the Lieutenant-Governor in Council:

The petition of the County Council of the County of Peel, humbly showeth:

That whereas your Petitioners have taken a deep interest in the report of the Select Committee of the Legislative Assembly at the last Session, with respect to the Huron and Ontario Ship Canal.

Your Petitioners therefore pray that your Honor may be pleased to advise the passing of an Order in Council granting a certain sum of money for the purpose of making a resurvey of the proposed route of the Huron and Ontario Ship Canal.

And your Petitioners, as in duty bound, will ever pray.

Adopted in Council this 12th day of November, A. D. 1879.

(Signed,) RICHARD HEWSON, Warden, Co. Peel.

Memorial for Aid to Improve the Port Credit Harbor.

To the Hon. Hector Louis Langevin, C. B., Minister of Public Works:

The petition of the Council of the County of Peel, humbly showeth:

That your Petitioners feel deeply interested in the improvement of the Port Credit Harbor for the following reasons:

1st. That during the autumn season the granaries of our principal market towns, as well as the City of Toronto, get blocked full, and the export of our produce is in consequence hindered to our grievous loss of many thousand dollars annually.

2nd. That a line of railway being now completed the entire length of the County to a point within two-and-a-half miles of Port Credit, and so soon as the Harbor is placed in a state of efficiency the County holds a guarantee that this Railway will connect with the Harbor.

3rd. That with the Railway so connecting with the Harbor all or nearly all of the heavy export merchandise of this County, as well as a large section of the Province further westward may pass through this Harbor.

4th. Therefore trusting that your Department will find its way clear to further the repair of the Port Credit Harbor by way of loan, as asked for in the accompanying petition, or otherwise.

And your Petitioners as in duty bound will ever pray.

Adopted November 12th. 1879.

[L S.] RICHARD HEWSON, Warden, Co. Peel.

To His Excellency the Right Honorable the Marquis of Lorne, K. T. P. C., Governor-General of Canada in Council.

The petition of the Municipal Council of the County of Peel humbly sheweth.

That for some years past, in the Province of Ontario, a considerable number of persons, mostly able bodied men, quite capable of performing any ordinary labor, have subsisted by begging and claiming assistance from municipal bodies, such persons being of idle and frequently vicious habits.

That such persons, now generally known as tramps, have become a nuisance throughout the country, which it is desirable to remove.

Your petitioners therefore pray that such measures be taken as in your wisdom may be found desirable for the purpose of abating the nuisance complained of. And as in duty bound your petitioners will ever pray.

Adopted in Council this 29th day of January, 1880.

[L. S.] ALEX. McLAREN, Warden Co. Peel.

Memorial to the Minister of Education, praying for certain Changes in the Common School Act.

To the Honorable the Minister of Education, Province of Ontario:

The Memorial of the Council of the County of Peel humbly sheweth—

That in the opinion of your memorialists the result of the vote on the "Township Board" question, lately taken at the annual public school meetings throughout the Province, suf-

ficiently establishes the fact that the great majority of people are decidedly in favor of retaining the present system of local or sectional management of our public schools.

That your memorialists nevertheless believe that most of the advantages generally claimed as belonging to the "Township Board" system may be secured without infringing upon what they consider the vital principal of the sectional system, viz.: That every ratepayer shall have a voice in the management of the school in the section or sections in which he is a ratepayer only.

That in the opinion of your memorialists the following amendments to the Public School Act, would tend to remedy the evils complained of under the system, especially the inequality of taxation for school purposes, resulting from the frequently unavoidable inequalities in area and assessment of school sections in the same township.

1st. That every parent or guardian should have the right to send his children free of charge to the public school nearest by an open public road to his residence, subject to his availing himself of the privileges of the next clause.

2nd. That every ratepayer shall have the right to have his property assessed in and united to the section containing the school nearest as above mentioned to such residence.

3rd. That the Municipal Council of each township should be required to levy or otherwise provide in each year a sum at least equal to one-half of the aggregate salaries of the teachers in such municipality for the current year, and to pay therefrom to the Trustees of each section, that sum which the number of teachers employed by them during the year bears to the whole number of teachers employed in the municipality, allowing for each assistant teacher one half the sum allowed for a principal.

4th. That section 29, sub-sec 3 of the Act of 1879 should be repealed, and in its stead a provision inserted to the effect that when the Trustees of a rural section resolves upon any expenditure for the erection of a school house or an addition thereto, such resolution shall be submitted to the ratepayers at an annual or special school meeting, of which due notice shall be given, and shall be considered approved of by the section unless a majority of the duly qualified electors shall record their votes against it.

5th. That section 11 of the Act of 1879 should be amended so as to provide that the public school rates due by each portion of a union school section shall be levied and collected by the Council of the township in which such portion is situated.

6th. That in order to render of practical effect the authority conferred by the School Act upon Inspectors and Arbitrators to swear witnesses in certain cases, power should also be conferred to require the attendance of witnesses.

7th. Your memorialists would also respectfully call attention to the recent diminution of the Legislative Grants to High and public schools in the older counties of the Province, owing to the increased population of the newer districts, and suggest that the aggregate amount of these grants should be increased so as to make due provisions for new schools without lessening the means of support that others have hitherto enjoyed.

And your petitioners as in duty bound will ever pray.

Adopted in Council this 30th day of January, 1880.

[L. S.] ALEX. McLAREN, Warden Co. Peel.

—:o:—

FIRST DAY.

CORPORATION OF THE COUNTY OF PEEL,
8th November, 1880.

Council met.

The Warden in the chair.

Roll called.

Members all present except Messrs McKinnon and Porter.

Minutes of last day of the June Session read and adopted.

COMMUNICATIONS RECEIVED AND READ :

1st. From the Council of the County of Peterboro, in *Re.* to the Corporations of County Councils.

2nd. From the Secretary of the Council of the Six Nation Indians, asking aid in the erection of the Brant Monument.

3rd. From the Managers of the Toronto, Grey and Bruce Railway, in reference to the location of Cattle guards on their road where it crosses the boundary line between the Counties of York and Peel.

4th. From the Warden, in reference to the settlement (by himself and a representative from the County of York) of the claim of Mr. Beamish who sustained serious bodily injury by the breaking down of a bridge on the County line between the Counties of York and Peel.

Mr. Campbell, seconded by Mr. Bolton, moved that the communication from the Council of the County of Peterboro be referred to the following committee to report at this meeting of the council, viz :—Messrs Swinarton, Hamilton, Lamont, Hutton, Graydon and the mover. Carried.

Moved by Mr. Bolton, seconded by Mr. Cook, that the communication from the Council of the Six Nation Indians be referred to a special committee, with instructions to report at this meeting, such committee to consist of the following members, viz :—Messrs Milner, McCabe, Savage, Cunnington, and the mover. Carried.

Mr. Savage, seconded by Mr. Swinarton, moved that when this Council adjourns on Wednesday it stands adjourned *sine die*. Carried.

A number of accounts were presented, and referred to the several standing committees to which they properly belonged.

On motion the Council adjourned.

ALEX. McLAREN, WARDEN.

D. KIRKWOOD, CLERK.

SECOND DAY.

CORPORATION OF THE COUNTY OF PEEL,
November 9th, 1880.

Council met.

The Warden in the chair.

Roll called—members all present.

Minutes of yesterday read and adopted.

A communication was received and read from the Treasurer, stating that he had been able to effect Loans in the Dominion Bank at six per cent interest ; also, that 3 per cent would be allowed on current account—which communication was accompanied by a statement from the Manager of the Bank confirmatory of the above.

Mr. Swinarton presented a report of repairs done, and money expended by him, in conjunction with a commissioner from the County of York, on the County Line between York and Peel.

Mr. Bolton, commissioner, presented the report of expenditure by him in repairing bridges on the line between the Municipalities of Albion and Bolton Village.

Both of which reports were read and referred to the committee on County Property, Roads and Bridges.

Moved by Mr. Swinarton, seconded by Mr. Cunnington, that the Clerk of this council get the Map or Plan of the Village of Mono Road recorded at the expense of the County, Carried.

On motion the Warden left the chair until two o'clock.

Council resumed.

A communication was read from the Public School Inspector, informing the council that the Board of Public School Trustees of the Town of Brampton had resolved to discontinue the arrangement made with the County for the accommodation of the County Model School, and asking that they consider what steps be taken to maintain the same efficiently. Referred to committee on Education,

Mr. McKinnon, Chairman of the standing committee on Finance and Assessment, presented a third report, which was received and read, and on motion adopted.

Mr. Campbell, Chairman of the Select committee, to whom the communoication from the Council of the County of Peterboro was referred, presented their report, which was received and read ;

When it was moved by Mr. Campbell, seconded by Mr. Bolton, that the report as now read be adopted, and that the Clerk be and he is hereby instructed to have the

Memorial contained in the same engrossed and forwarded to K. Chisholm, Esq., M. P. P., for presentation to the Local Legislature.

Moved by Mr. Porter, seconded by Mr. Cook, in amendment, that the principle of Representation in the compositions of County Councils now in existence is unjust to the taxpayer ; we would recommend that instead of Representation being based on population, that it be changed to Representation on the assessed value of the different municipalities.

After a lengthy discussion, the amendment of Mr. Porter was withdrawn with consent of the mover and seconder.

When, on motion of Mr. Savage, seconded by Mr. Bolton, the further consideration of the report was laid over until to-morrow.

Mr. Milner, Chairman of the Special Committee, to whom was referred the communication from the Council of the Six Nation Indians asking aid in the erection of the Brant Memorial, presented their report, which report was received and read.

Moved by Mr. Savage, seconded by Mr. Porter, that the report be not adopted, but that it be amended by striking out the second clause which recommends granting the sum of $100. Lost.

YEAS—Messrs Cook, Hall, Hamilton, McKinnon, Porter and Savage.—6.

NAYS—Messrs Bolton, Campbell, Cunnington, Graydon, Hutton, Lamont, Milner McCabe and Swinarton—9.

Report was then adopted on the same motion.

NOTICE:

Mr. Cunnington gave notice that he will, on to-morrow, ask leave to introduce a bill to amend Chapter 10 of By-law 142 of this corporation.

On motion the council adjourned.

Report of Commissioners appointed for Bolton and Albion on County Roads and Bridges.

To the Warden and Council of the County of Peel :—

Your Commissioners ask leave to report as follows :

That as the bridge crossing the tail race at Glasgow between the Municipalities of Bolton and Albion was insufficient in width for the safety of the public travel thereon, and also the approaches to the bridge crossing the Humber, and the said tail race bridge was insufficient to prevent the overflow of the river over the said approaches, your Commissioners deemed it necessary to put the said bridges and approaches in thorough repair, and by so doing have incurred the following expense :—

For Lumber and Spikes	$ 10 76
Work	46 46

Your Commissioners would also report that the guards on the main bridge crossing the river on Queen street, Bolton, have been repaired, and also a dangerous hole at the approach to the side of the bridge filled and made good the expense for

Lumber and work	2 25
Total	$59 47

I hereby certify that the material have been used and the work done as specified above under my superintendence.

SAML. A. WALFORD.

The undersigned Commissioners of County bridges for Albion and Bolton beg to report that the above work has been done under their direction, and has been completed in a satisfactory manner, and they recommend the payment of the same to the order of L. R. Bolton.

L. R. BOLTON, Chairman.

Brampton, Nov. 8th, 1880.

Report of Thomas Swinarton, a Commissioner, on the part of the County of Peel for Roads and Bridges between the Township of Albion, in this County, and the Township of King, in the County of York.

As follows :—

In connection with Mr. Charles Hambly, the Commissioner for York, I have had the work mentioned below performed on the County line between King and Albion which was found to be absolutely necessary.

Viz :—

1st. Replanking and raising the approaches to the Humber bridge opposite lot 7, of Albion..	$ 28 00
2nd. New bridge opposite same lot, built on contract, let by tender (the bridge having broken down)	63 00
3. New abutment in bridge No. 3 opposite lot No. 8 on same line...	112 00
Total expenditure..	$203 00
Amount of grant from Peel..	$100 00
" " York..	100 00
To be paid by Albion Tp.	3 00
Total	$203 00

The above work was properly let and done in a manner satisfacfory to the Commissioners and the people of the locality.

THOS. SWINARTON, Commissioner.

Dated Nov. 9th, 1880.

Report of J. P. Hutton, Commissioner, on County Line between Peel and Halton.

As follows :—

The undersigned Commissioner appointed by this Council to look after certain work on the town line between the Townships of Chinguacousy and Esquesing.

With regard to the bridge on lot twelve, town line, known as the "Gully bridge," your Commissioner found the foundation in a very dangerous state, and in connection with the Commissioner of Halton County, had it repaired at once.

The whole structure of the bridge is very much decayed, and will require to be renewed very soon, probably next year.

The whole cost	$ 30 00
Peel's share "	15 00

Your Commissioner proceeded with the Commissioner from Halton County to the Credit bridge, on lot 27, known as the "Stringer bridge," and found it in a very bad state, and let the necessary repairs in the Spring. It required a new cover and other repairs, and on the whole work we were obliged to exceed the grant made for said repairs.

Whole amount of cost	$229 50
Peel's half "	114 75

Your Commissioner has drawn on the Treasurer to pay half of the entire expense, $129 75,—Halton County having paid an equal amount.

All of which is respectfully submitted.

J. P. HUTTON, Commissioner.

Committee Room, Nov. 9th, 1880.

A B Henderson	40	"	green "	3	50	"
Andrew "	50	"	green "	3	45	"
W. J. Oliver	25	"	dry "	3	50	"

Your Committee would recommend that the tenders of J. C. Aikins, Alex. Giffin and G. F. Green, be accepted, they being the lowest.

Your Committe have also had before them the following accounts, and finding

them duly certified to would, recommend payment :—

P. O. account, Clerk's Postage	$ 9 40
" D. J. McKinnon, Postage	19 30
Wm. Hurst, Gaol Supplies	18 74

Your Committee have had before them two claims for services of a rather exceptional character ; one from Michael Crawford, late Gaoler, for $125, being salary in full to 1st January, 1881 ; the other from S. A. Crawford, late Matron, for $25, being likewise salary up to 1st January, 1881. Your Committee recommend payment of these two claims upon Michael Crawford, giving an acknowledgement of having received his salary in full up to 1st January, 1881, being as in full of all claims whatsoever to that date.

Your Committee have also had a letter from the County Treasurer before them accompanied by a note from the Agent of the Dominion Bank, offering to discount for the County in future at the rate of six per cent. per annum.

Your Committee have had before them two accounts from the Registrar, of these we only recommend the payment of the repairs to the Registry office $9 17, and the cost of cutting wood $8, in all $17 17, the County not being liable for other items in the bill.

Your Committee have also had before them a letter from the Treasurer, stating that he has hitherto failed in the collection of certain dues owing from the Registrar to the County, and your Committee would recommend that the Treasurer be instructed to proceed to collect these dues at once by suit.

All of which is respectfully submitted.

SPECIAL REPORT.

To the Warden and Council of the County of Peel :—

Your Special Committee appointed to consider the petition from the Council of the Six Nation Indians for a grant of money or debentures towards the Brant memorial fund, beg to report :—

1st. The object for which the Petitioners ask, viz., the perpetuating the memory of Joseph Brant, is one which, in our opinion, commends itself favorably to this Council and also to every loyal subject of Her Majesty in Canada, more especially when we consider the valuable aid rendered the British Crown by Brant and his warriors in the time of need ; and also the unbounded loyality and attachment to the Crown not only of Brant and his band, but also the whole of British North American Indians.

2nd. Your Committee recommend the granting of one hundred dollars in cash towards the Brant memorial, and that the Treasurer retain the said grant until the memorial is erected, then to pay the same to the Committee of management of the said fund.

All of which is respectfully submitted.

THOS. MILNER, Chairman.

Committee Room, 9th Nov., 1880.

Third Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the Corporation of the County of Peel :—

Your Committee beg leave to report as follows :—

1st. Your Committee have had before them the communication of the Warden

in reference to the damage sustained by George Beamish from the breaking down of a bridge on the County line between York and Peel.

2nd. The report of commisioners on roads and bridges on the town line between the municipalities of Bolton and Albion.

3rd. The report of the Reeve of Albion on the County line between the Townships of Albion and King.

4th. A communication from the Toronto Grey and Bruce railway Company in reference to the location of cattle guards where their road crosses the boundary between the Counties of York and Peel.

5th. The report of J. P. Hutton, Commissioner, on the County line between the Counties of Peel and Halton.

6th. An account from Sheriff Broddy.

7th. Three small accounts for gaol supplies.

Your Committee recommend as follows :—

In reference to the communication from the Warden relative to the case of Geo. Beamish, your Committee recommend the payment of the amount named in said communication, $62 50.

2nd. In reference to the report of the Commissioner on bridges between Bolton and Albion, your Committee recommend payment of the bill amounting to $59 47.

3rd. Your Committee recommend the adoption of the report of the Commissioner on the County line between York and Peel.

4th. In reference to the Communication from the Toronto Grey and Bruce railway, your Committee recommend that the Reeve of Albion be appointed to attend to the same.

5th. In reference to the report of J. P. Hutton, Commissioner, on the County line between Peel and Halton, your Committee would recommend an additional grant of forty four dollars and 75c., making a total of $134 75.

6th. In reference to the account of Sheriff Broddy, your Committee would recommend payment of the same, amounting to sixteen dollars and seventy-five cents.

7th. Your Committee would also recommend the payment of the following sums :—

Mrs. Sharp for washing for prisoners ..	$ 1 10
Saml. Mycock for sodding at Court House ..	5 00
Abraham Reid for digging grave for prisoner ..	1 50

Your Committee would also recommend the payment of the following sums to Commissioners on roads and bridges :—

To J. P. Hutton the sum of	$10 00
" L. R. Bolton "	2 00
" Thos. Swinarton the sum of	12 00
" Alex. McCabe "	2 00

All of which is respectfully submitted.

Report of the Special Committee Re the Formation and Composition of County Councils.

To the Warden and Members of the Council of the County of Peel :—

Your Committee beg leave to report as follows :—

That we have had the communication of the Clerk of the County of Peterboro respecting the formation of County Councils before us, and after mature deliberation upon the subject, present the following memorial which we recommend for adoption by your Council and that the same be forwarded for presentation to the Local Legislature of the Province of Ontario.

1st. That the principle of representation in the formation of County Councils is just and satisfactory to the people of this County.

2nd. That in consequence of annual elections and the expense and trouble connected therewith, many of the ablest and best qualified men of the County refuse to present themselves as candidates for municipal offices, and with a view to getting the people to exercise still greater care in the selection of such representatives, and further of enabling Councillors to act more independently and according to their better judgment, this Council is of opinion that Bi-annual elections should be substituted for annual elections for municipal Councillors.

3rd. That the great expense in connection with the revision and publication of voters list annually, in the absence of anything like a corresponding benefit to the ratepayers is grievous to and burdensome upon the community, and this Council suggest that the law respecting the same be so far changed as to require the revision and publication of voters lists each and every second year only.

4th. That the people of this County regard with much concern the large expenditure now incurred in maintaining the Local Legislature at Toronto and the Dominion Parliament at Ottawa, and are of opinion that a very material saving might be effected in connection with these bodies without impairing their usefulness by a reduction in the salaries paid to members of the House, and to officials in the departments, lessening the number of representatives and having Bi-annual sessions instead of annual as at present, for the Local Legislature of this Province.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Report of Special Committee Appointed to Enquire into the Cost of Administration of Justice in the County of Peel.

To the Warden and Council of the County of Peel :—

Your Committee have, as instructed, taken into their consideration the expenses

to this County in connection with the administration of the Civil and Criminal Courts of the County, inclusive only of the Courts of Assizes, County Court and quarter session, and find that for the three years of 1877, 1878 and 1879 respectively, the cost has been as given in detail in annexed schedule.

That as shown in schedule, the 32 civil and 19 criminal cases cost $10,974 62, or an average of $215 19 each.

That as shown in schedule the total amount recovered in the 32 civil cases tried was $5,292, or an average of $165 37½ each, at an average cost of $215 19 exclusive of all legal fees and costs of the officers of the courts.

Your Committee find that unnecessary costs are frequently incurred by civil cases being entered and tried in a higher court than necessary.

Your Committee also believe that much of the expense of the courts of the County might be avoided by lessening the number of Jurors without at all impairing the efficiency of such Juries.

Your Committee in presenting the above facts feel assured that they show an extraordinary state of things which calls for prompt action on the part of this Council, and would recommend that the Warden be instructed to have a memorial prepared and forwarded to the proper quarter, praying the Government of the day without delay to enact such measures as will remedy the evils set forth.

All of which is respectfully submitted.

Third Report of the Standing Committee on Education.

Your Committee beg respectfully to report, as follows :

That they have had before them a communication from the Inspector of Public Schools, informing the Warden and Council of the necessity of providing for the accommodation of the County Model School, in consequence of the resolution of the Public School Board of the Town of Brampton to discontinue the present arrangement.

Having given their consideration to the subject, your Committee are of opinion that means should be taken to ascertain where, and upon what terms, arrangements can be made for such school so as to best serve the interests of the County.

And would recommend that the Inspector of Public Schools, the Chairman of the Education Committee, and Mr. Graydon, Reeve of Streetsville, be appointed a Committee, with instructions to obtain the information necessary to guide this Council in making such arrangements, and to report the same to this Council at the Session next January.

All of which is respectfully submitted.

Report of the Special Committee Appointed to make Enquiry in reference to the Location of the County Model School.

To the Council of the Corporation of the County of Peel :—

Your Committeee appointed to ascertain where and upon what terms arrangements can be made for the establishment and maintenance of a County Model School, beg leave to report as follows :—

Your Committee has met with public school trustees and other ratepayers in the villages of Streetsville, Alton, Caledon East, with Mono Road and Bolton, and have succeeded in obtaining a definite expression of opinion in each case as follows :—

1st. Streetsville and Caledon East, with Mono Road, do not desire the Model School on any terms.

2nd. Alton will accept and maintain a Model School provided the County defrays all expenses of building and maintenance beyond what has already been undertaken by the Section. The present building contains two excellent school rooms and a small class room, and the probable expense to the County of erecting the additional school room required by the regulations, would be $1,200 to $1,500, the annual grant for maintenance would be $300 to $400 in addition to fees paid by the students in training.

3rd. The Bolton Public School Board offers to supply all necessary accommodation free of expense to the County, and to maintain the Model School in an efficient manner in terms specified in their resolution of the 24th inst., a copy of which is hereto annexed.

All of which is respectfully submitted.

D. J. McKINNON, Chairman.

Committee Room, Brampton, 26th January, 1881.

Resolution referred to in foregoing report :—

1st. That the County Council make an annual grant of $300 towards its maintenance.

2nd. That the Board be authorized to collect from each Model School student graduating therefrom a sum not exceeding $10, such fee to be deposited on entry and refunded in case of failure,

3rd. That the annual grant shall be over and above any grant from the Ontario Government to such school.

T. F. WARBIRCH, Chairman.

Bolton, 24th January, 1881.

First Report of Printing Committee.

To the Warden and Council of the County of Peel :—

Your Committee on Contingent Accounts and Printing report as follows :—

Accounts to have been received from :

1st.	A. Dick, account certified to	$ 18 16
2nd.	A. Dick Printing for P. S. I., and entrance examination, certified to	40 42
1st.	A. F. Campbell, account certified to	34 61
2nd.	A. F. Campbell, account certified to	10 00
	Brampton *Times*, account certified to	11 60

The above accounts, properly certified to, have been received, all of which we recommend to be paid ; and would recommend, in future, printing done by any officer of the Corporation be done by tender.

All of which is most respectfully submitted.

JAS. HAMILTON, Chairman.

Committee Room, January 27th, 1881.

Report of Commissioners on County Property.

Your Commissioners on County Property report as follows :—

That the work disposed of by your Commisioners, as seen by the Schedule hereto

annexed, was mainly of a routine character.

As to the account of Mr. Mahaffy, for repair of four locks, the sum of Seven dollars ; and seven hours' time adjusting cell doors, the sum of Three dollars and fifty cents—Ten dollars and fifty cents in all—your Commissioners have felt that the charge is excessive, therefore did not pay it, but refer the claim to your Council, recommending the payment of Seven dollars in full of said account.

Your Commissioners were obliged to make temporary repairs to the eavetroughs of the Court House, and would recommend that at an early day they be taken down, portion of them enlarged in capacity, and all the joints rivited and soldered afresh and then replaced. Anything short of this thorough repair to the troughs result in more or less leakage and damage to the building.

All of which is respectfully submitted.

ALEX. McLAREN, Chairman.

Committee Room, January 27th 1881.

A McLaren's account of expenses in performance of special services 8 00
Clougher Bro's. account for stationery for P. School Inspector's office 24 35

3rd. Your Committee would recommend the payment of the foregoing accounts.

4th. Your Committee would further recommend that the County Registrar be required to pay to the Treasurer the full proportion of his fees due this County as required by law ; and also that the Treasurer pay the said Registrar his bill of $10 55 for cutting wood, repairs at Registry office, and express charges on the production of proper vouchers for the same.

5th. In reference to Henry Graham & Co's account of $8 for matting we cannot recommend payment as no authority was given by the Council for such purchase.

6. Your Committee have had before them the following tenders for beef and bread for the Gaol for the current year :—

Dicken & McCollum beef at 6 cts. per pound.

J. E. Parsons beef at 5¾ cts. per pound.

Andrew Hosie bread at 2¾ cts. per pound.

And would recommend that the tender of James E. Parson for beef at 5¾ cts. per pound, and Andrew Hosie for bread at 2¾ cts. per pound be accepted on the said parties respectively giving bonds for the performance of their respective contracts, said bonds to be satisfactory to the Sheriff.

7. Your Committee beg to submit the Auditor's report of the Treasurer's accounts for 1880.

8th. With reference to the communication from the Ontario Rifle Association asking a grant, your Committee recommend that no grant be made.

9th. Your Committee beg to submit a By-law providing for the borrowing of the several sums necessary to meet current expenses and claims.

10. Your Committee would respectfully call the attention of the Council to the fact that the High Constable of this County has been receiving an annual payment of $300 out of the County funds without any express authority from this Council, and would recommend that a Special Committee be appointed by the Warden to examine into the appointment of, payment to, and legal claim (if any) of the said High Constable ; said Special Committee to report to-day recommending such action as they may deem necessary in the premises.

11th. We would also recommend that the caretaker be instructed to not allow the Court House or any part of the same to be used otherwise than is authorized by this Council.

12th. Your Committee respectfully call the attention of the County officials concerned to sections 10 and 11 of chapter 3 of the revised By-laws of the County and submit that a more perfect exercise of the duties and powers therein specified and given will relieve the Finance Committee of much labor now improperly imposed upon it, and tend to shorten the session of this Council.

13th. We take pleasure in calling attention to the balance of $724 36 in hand at the close of 1880 as shown by the Treasurer's statement of the cash assets and liabilities herewith submitted, in contrast with a defict at the beginning of said year, such change having been effected without the imposition of extra taxes.

All of which is respectfully submitted.

First Report of Committee on Education.

To the Council of the County of Peel :—

Your Committee beg to report as follows :—

We have had before us the communication from the High School at Brampton and Streetsville, and are pleased to note the increased popularity of these schools, and would recommend that the consideration of their application for special grants be deferred until the June session.

They have also had before them and considered the report of the Special Committee appointed to enquire as to the best place to locate the County Model School, and also the proposal of the School Board of Bolton relating thereto, and in reference thereto they would recommend that the question be not entertained during the present session.

Your Committee would further recommend that Samuel Pearson, Esq., be appointed Trustee of the Streetsville High School in the room of John Burns whose term has expired ; and also that David Heggie, Esq., M. D., be appointed trustee of the Brampton High School in the room of Alexander Pattullo, Esq., whose term has expired.

All of which is respectfully submitted.

Report of Special Committee on Market Fees.

To the County Council of Peel :—

Your Committee ask leave to report that they have considered the question of market fees, and find that in the main it is merely a tax on the products of the Country to keep up officials, without any corresponding gain to the revenues of the towns or cities imposing those fees.

Your Committee therefore recommend the Council to memoralize the Government with the view of having market fees abolished throughout Ontario (a draft of which memorial they hereto annex *) and that the same be placed in charge of K. Chisholm, Esq., M. P. P. for this County.

All of which is respectfully submitted.

First Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that they have had before them the following Accounts:

From J. P. Hutton, for Lumber and Plank for repairing a Bridge on the Third Line, between the Townships of Chinguacousy and Esquesing, $30 40.

A communication from the Clerk of the County Council of the County of York asking for an appropriation of $100 to assist in repairing the approaches to a bridge on the Lake Shore Road over the Etobicoke river, the County of York granting a similar amount.

A communication from James Porter, Agent for Leslie's Nurseries, offering to plant a Hedge of Norway Spruce along the front of the Court House grounds for the sum of $50.

We recommend the payment of the half of the account of J. P. Hutton, viz: $15 20, the County of Halton paying the remaining half.

Your Committe would recommend that George Savage be appointed a Commissioner on behalf of this Council to make the necessary repairs to the approaches of the bridge on the Lake Shore Road over the river Etobicoke, between the Counties of York and Peel, with instruction to said Commissioner not to spend more than the sum of $100 on said repairs—provided always that the Commissioner on behalf of the County of York expend a similar amount to that expended by the County of Peel.

Your Committe would recommend that the offer of James Porter, respecting shrubs for Court House grounds, be not now accepted, and that no action be taken in the matter of tree or shrub planting at present.

Your Committee would recommend that the Warden and Messrs Campbell and Kee be appointed Commissioners on County Property for the current year, and that they be paid $2 per day for each day's service rendered, and also milage at the rate of 10 cents per mile for each mile necessary travelled to attend meeting of said commissioners.

Your Committee would further report that they have had before them the Report of the Commissioners on County Property for the past year, together with Schedule of Accounts attached, and they would recommend the adoption of the said report.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Committee Room, January 28th, 1881.

Adopted, THOMAS SWINARTON, Warden.

Report of the Special Committee to consider the Petition of K. Chisholm, Esq., M. P. P., W. A. McCulla, Esq., Mayor of Brampton, and others, respecting a grant to Michael Crawford, Esq., ex-Gaoler, upon the recommendation of J. W. Langmuir, Esq., Inspector of Prisons.

To the Warden and Members of the Council of the County of Peel :—

Your Committee having considered the petition and the letter of recommendation of J. W. Langmuir, Esq., beg leave to report as follows :—

That no action be taken at present in the matter, and that the Committee ask leave to report at the June session of this Council.

All of which is respectfully submitted.

Report of George Savage, Commissioner to repair Bridge over the River Etobicoke, on the County Line with York.

To the Warden and Council of the County of Peel :—

Your Commissioner reports as follows :—

I met Matthew Canning, Esq., Commissioner for the County of York, on the boundary of York and Peel at the crossing of the Etobicoke river, found a good deal of filling in and grading required to be done on both sides of the bridge to meet the requirements of the municipal law defining crossings on boundaries between Counties.

Your Commissioner, in conjunction with the representative of York, let the grading and filling on both sides of the bridge, 100 feet east of the bridge to be filled to the depth of 3 feet, and on the west side one and a half feet for 100 feet from said bridge, 16 feet wide on top of said filling with guards on each side, for the sum of $100.

We also let the planking of two bents under said bridge 4½ feet high on each

side with three inch plank 24 feet long for $24, making a total of $124, one-half to be paid by York and one-half by Peel, namely $62 each, and would recommend that the said sum be paid on the order of the Commissioner when said work is found completed according to agreement.

All of which is respectfully submitted.

GEO. SAVAGE, Commissioner.

Toronto Township, June 6th, 1881.

(Adopted.)

Second Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel :—

Your Committee beg leave to report that they have had before them the following accounts and petition :—

William Hurst for Hospital and Gaol supplies.

Andrew Hosie for bread as per contract.

Post Master for County Clerk's postage.

Post Master for Public School Inspector's postage.

D. J. McKinnon for office expenses, telegrams, express charges, &c.

D. F. Campbell for matting for and care of the County Registry office.

William Duggan for examination and committal of a lunatic.

County of Peel Agricultural Society asking a grant.

In reference to the account of William Duggan, your Committee are of opinion that this Council are not responsible and therefore cannot recommend its payment.

Your Committee would recommend that the usual grant of three hundred dollars be made to the County of Peel Agricultural Society, and that the Agricultural Societies of Caledon and Albion be each granted the sum of fifty dollars.

The following accounts your Committee would recommend to be paid :—

William Hurst Hospital supplies	$ 3 30
" " Gaol "	23 04

Second Report of Standing Committee on Printing and Contingencies.

To the Warden and Council of the Corporation of the County of Peel :—

Your Printing Committee beg to present the following report :

The following Accounts have been received and examined, and we would recommend payment thereof :—

Clougher Brothers, being certified to, $34 50.

Copp, Clark Co., Books for Office of the Clerk of the Peace, $13 25.

Tenders were also received, as under, for printing Minutes of Proceedings of Council, and for advertising Schedule of Convictions by Justices of the Peace :—

A. Dick, printing Minutes, $1 75 per page ; A. Dick, advertising Schedule of Convictions, $15 per Quarter.

George Tye, printing Minutes, $1 83 ; George Tye, advertising Schedule of Convictions, $12 per Quarter.

We would therefore recommend the acceptance of the tender of George Tye for printing Minutes and publishing the Schedule of Convictions, his tender being the lowest.

All of which is respectfully submitted.

JAMES HAMILTON, Chairman.

June 8th, 1881.

Adopted. THOS. SWINARTON, Warden.

Report of Special Committee to Consider the Petition of K. Chisholm, M. P. P., Wm. A. McCulla, Esq., Mayor of Brampton, and over 500 other Ratepayers of the County Respecting the Granting to Michael Crawford, ex-Gaoler, the Sum Recommended by J. W. Langmuir, Esq., Inspector of Prisons, as Increased Salary from March 1874.

To the Warden and Members of the County Council of Peel :—

Your Committee beg leave to report :—

1st. That they have considered the petition of a large number of the ratepayers as presented to the Council *Re* a grant to M. Crawford, ex-Gaoler.

2nd. That they have considered the letter of J. W. Langmuir, Esq., of December, 1880, and also the Minute as recorded in the Gaol book, March, 1874.

3rd. Your Committee are of opinion that the Council is not legally liable for the payment asked for by the petition, and would recommend that the same be not paid.

4th. Your Committee would recommend that in consideration of the long and faithful services of the ex-Gaoler he be granted as a gratuity the sum of two hundred dollars.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Council Chamber, June 7th, 1881.

Second Report of the Committee on Education.

To the Warden and Council of the County of Peel :—

Your Committee beg to report as follows :—

1st. We have had before us for consideration the question of the appointment of

a Board of Examiners of public school teachers, which has become necessary through lapse of time, and submit herewith a By-law for that purpose which we recommend to your consideration.

2nd. Account of expenses of the Committee appointed in reference to the location of the County Model school amounting to $15 70 which we recommend that the same be paid.

3rd. Communication from the Inspector of public schools advising as to changes in the school law, and as to the advisability of imposing a fee upon students of the Model school. Your Committee would recommend that a sum equal to the sum that may be granted by the Ontario Government, but not exceeding one hundred and fifty dollars, be granted towards the maintenance of the County Model school. The Committee would suggest to the County Board of Examiners of teachers that they are of opinion that a fee not exceeding five dollars per session should be imposed upon each student of the Model school, to be collected for and applied by the local school Board of the school in which the Model school is located, in maintaining the efficiency of the Model school, under advice of the Inspector.

4th. Reports of the Boards of Trustees of the County High school :—

Your Committee are glad to learn by the reports that the schools are both in a prosperous condition and becoming more popular with the people of the County of Peel and neighboring Counties, and your Committee are of opinion that the schools well repay the people of this County for the expense of their maintenance.

They have also examined the Trustees financial statement and find that it will be necessary for the County Council in order to maintain the efficiency of the schools to supplement the amount payable under statuary enactment, by the following sums viz :—

To Brampton High School the sum of.. .. .. $400 00
" Streetsville " " " 200 00

All of which is respectfully submitted.

A By-law to Establish a Public Fair in the Village of Cheltenham in the County of Peel.

Whereas by sub-section 10 of section 465 of the revised Statutes of Ontario County Councils are empowered to establish public fairs for the sale, barter or exchange of articles of Agricultural production, on the petition of at least 50 ratepayers of the municipality.

And whereas a petition signed by 50 electors of the municipality of the Township of Chinguacousy has been presented to this Council praying to have a fair established in the Village of Cheltenham in the said municipality of Chinguacousy.

Be it therefore enacted by the Council of the Corporation of the County of Peel, and it is hereby enacted :

1st. That a fair for the purpose of the sale, barter or exchange of cattle, horses,

sheep, pigs, and articles of agricultural production or requirement, is hereby authorized and established at the said Village of Cheltenham.

2nd. That such fair shall be held on the first Wednesday of each month.

To Borrow Money for County Purposes.

Whereas it will be necessary to borrow a certain sum of money for the purpose of meeting the current expenses of the County until the Taxes are collected ;

And whereas, by the 393rd Section of the 174th Chapter of the Revised Statutes of Ontario, power is given to Municipalities to authorize the borrowing of money for that purpose ;

Therefore, the Council of the County of Peel hereby enacts that the Warden and Treasurer be and they are hereby authorized to borrow money from the Dominion Bank, in Brampton, or from any other Bank, from time to time, as they may think fit, for the purpose aforesaid, and not to exceed in the whole the sum of Three Thousand Dollars, and they are hereby authorized to execute a Note, or Notes, for the same, under the Seal of the Corporation, drawn by the Warden and countersigned by the Treasurer, and payable at such date or dates as may be agreed upon during the current year ;

And the said Treasurer is hereby authorized to retire said Note or Notes out of any money coming into his hands, and levied and collected for County purposes.

BY-LAW No. 156.

To Provide for the Appointment of Commissioners of County Bridges.

Whereas, under the provisions of the Revised Statutes of Ontario, the construction, repair and maintenance of all Bridges across streams separating two Townships, over Rivers 100 feet in width in their Incorporated Villages, and connecting any Highway leading through the County, and over all Rivers forming or crossing boundary lines between two Municipalities, must be provided for ; and whereas the erection and maintenance of Bridges over rivers forming or crossing a boundary line between two Counties are required by the said Statutes to be so erected and maintained by the Councils of such Counties, jointly ;

And whereas it is necessary to provide for the erection and maintenance of such Bridges within the County of Peel, and upon the boundary roads between this County and other Counties ;

Therefore be it enacted by the Municipal Council of the County of Peel, and it is hereby enacted :

1st The Council of the County of Peel shall annually during the winter session thereof, or at such other session as may be found expedient or necessary, appoint County Commissioners to have charge of County Bridges, and the approaches thereto, for the term of their appointment, one Commissioner for each of the following Divisions :

No. 1—The Township of Albion, to include the County Lines between Albion and the Counties of York and Simcoe ; the Boundary Lines between Albion and Caledon ; Chinguacousy and the Gore of Toronto ; and between Albion and the Vilage of Bolton.

No. 2—The Township of Caledon, to include the County Lines between Caledon and the Counties of Dufferin and Wellington ; and the Boundary Lines between Caledon, Albion and Chinguacousy.

No 3—The Township of Chinguacousy, to include the County Lines between Chinguacousy and Wellington and Halton ; the Boundary Lines between Chinguacousy and the Townships of Caledon, Albion, the Gore of Toronto, and the Township of Toronto ; and between the Township of Chinguacousy and the Town of Brampton.

No. 4—The Township of Toronto, to include the County Lines between said Township and the Counties of Halton and York, and the Township Boundaries between said Township and the Townships of the Gore of Toronto and Chinguacousy, and between said Township and the Village of Streetsville.

No. 5—The Township of the Gore of Toronto, to include the County Boundary between said Township and the County of York, and the Township Boundary Lines between said Township and Albion, Chinguacousy and Toronto Township.

No. 6—The Village of Streetsville, to include any County Bridge within such Village, or upon the Boundary thereof.

No. 7—The Village of Bolton, to include any County Bridge within said Village, or upon a Boundary thereof.

2nd. Commissioners, whose Districts adjoins a County Boundary, shall have joint jurisdiction with the Commissioner or Commissioners of such adjoining County or Counties, and as to local Municipalities Bridges on Boundaries of such shall be in the jurisdiction jointly of the Commissioners of adjoining Municipalities.

3rd It shall be the duty of such Commissioners to take and have the charge of the repair (and maintenance or erection, as the case may be) of the County bridges and their approaches, and to report needed repair or other work necessary to be done thereon from time to time, and in cases of emergency to have such necessary (work of erection or) repair done as may be required in order to have the least possible delay or interruption to traffic.

4th The Commissioners shall, when unable to agree as to any matter, (as to Bridges within the County) call upon the Commissioner of the nearest adjoining district, who shall decide the matter or matters in difference, and such Commissioners shall act upon his decision, or otherwise refer the matter to the Warden of the County,

who shall make such order therein as he may think best, which order shall be final.

5th. The Commissioners shall report at each session of the Council of this County what they have done, or that they think necessary to be done, and the expense incurred or estimated as the case may be.

6th In the case of Villages, the Commissioner shall in all cases act in conjunction with the Commissioner of the Township in which such village is situate, who shall have equal powers with the Commissioner of such village.

BY-LAW No. 158,

To Amend Chapter No. 9 of the Revised By-Laws of the County of Peel.

Whereas by the Statutes of Ontario, 43rd Victoria, Chapter 24, Section 13, power

is given to County Councils to License, Regulate and Govern Hawkers and petty Chapmen, and other persons carrying on petty trades within the County, except as therein provided.

Therefore the Council of the Corporation of the County of Peel hereby enacts as follows :

That Section No. 1, of Chapter 9, of the Revised By-Laws of the County of Peel, be amended by striking out the words " not being the growth, product or manufacture of this Province " where they occur in the sixth and seventh lines of said section, and that there be added to the said section the following words, viz :—" Provided always that no such License shall be required for Hawking, Peddling or Selling from any vehicle, or other conveyance, any Goods, Wares or Merchandise to any retail dealer, or for hawking or peddling any goods, wares or merchandise the growth, produce or manufacture of this Province, not being Liquors within the meaning of the law relating to Taverns or Tavern Licenses, if the same are being hawked or peddled by the manufacturer or producer of such goods, wares or merchandise, or by his bona-fide servants or employees having written authority in that behalf."

MEMORIALS.

Memorial in Re. the Cost of Administration of Justice.

To His Excellency, the Lieutenant Governor of Ontario, in Council assembled:

The Memorial of the Council of the County of Peel, humbly sheweth:

1st That a Special Committee of the County Council of Peel was appointed to enquire into the cost of Administration of Justice in the County of Peel.

2nd. That said Committee did report substantially, as follows:

3rd. That the costs of the Courts of Assize, County Court, and Quarter Sessions for the years 1877, 1878 and 1879 are given in Schedule hereto annexed, and the total for the 32 Civil and 19 Criminal is $10,974 62---or an average of $215 19 each.

4th. That the total amount recovered in the 32 Civil cases tried was $5,292---or an average of $165 37½ each, at an average cost of $215 19, exclusive of legal fees and costs of the Officers of the Courts.

5th. That extra costs are often incurred by Civil cases being entered and tried in higher Courts than necessary.

6th. That much expense to the County might be saved by lessening the number of Jurors, while the ends of justice would be equally well secured.

All of which is respectfully submitted.

Memorial in Re. Voters' Lists Bi-annual Election.

To the Hon. the Legislative Assembly of the Province of Ontario, in Parliament assembled :

The Petition of the Council of the Corporation of the County of Peel, humbly sheweth :

1st. That in consequence of annual Elections, and the expense and trouble connected therewith, many of the ablest and best qualified men of the County refuse to present themselves as Candidates for Municipal offices, and with a view to getting the people to exercise still greater care in the selection of such representatives, and further enabling Councillors to act more independently, and according to their better judgment, this Council is of opinion that Bi-annual Elections should be substituted for Annual Elections for Municipal Councillors.

2nd. That the great expense in connection with the Revision and Publication of Voters' Lists annually, in the absence of anything like a corresponding benefit to the ratepayers, is grievous to and burdensome upon the community, and this Council suggests that the law respecting the same be so far changed as to require the revision and publication of Voters' Lists each and every second year only.

3rd. That the people of this County regard with much concern the large expenditure now incurred in maintaining the Local Legislature at Toronto, and the Dominion Parliament at Ottawa, and are of opinion that a very material saving might be effected in connection with these bodies, without impairing their usefulness, by a reduction of the salaries paid to members of the House and to Officials in the Departments, lessening the number of representatives and having Bi-annual Sessions instead of Annual, as at present, for the Local Legislature of the Province.

Memorial to the Legislature, praying for the Abolishing of Market Fees.

To the Honorable the Legislative Assembly of Ontario.

The Memorial of the Council of the County of Peel, humbly sheweth :

1st That the power possessed by Cities, Towns and Incorporated Villages to levy

a Tax upon Farm Produce exposed for sale within their limits is contrary to the general spirit of our Municipal Legislation, inasmuch as it is levied by one Municipality upon the residents of other Municipalities who do not receive in return any power to exercise the franchise.

2nd. That it is not proper to levy a Municipal tax first upon the land itself, and secondly upon the produce of that land. A farmer is not taxed by his own municipality, and ought not to be taxed by any outside municipality.

3rd. That the interest of both the producer and the consumer will be best served by allowing farmers to sell meat, or any other produce, in such quantities as may be required.

4th That your Petitioners do not desire the discontinuance of properly regulated Markets, and that they are willing that equitable fees should be collected for services rendered, as in weighing, measuring, or for shelter provided.

5th. Your Petitioners therefore humbly pray that your Honorable House will so amend the Municipal Act that all Farm and Garden Produce shall have a free market in either wholesale or retail quantities in every part of Ontario.

And your Petitioners, as in duty bound, will ever pray.

Memorial to the Senate of Canada in Re. the Canadian Pacific Railway.

To the Honorable the Senate of Canada :

The Petition of the Council of the County of Peel, humbly sheweth :

1st. That whereas a Bill is now before the House of Commons for the immediate construction of the Canadian Pacific Railway.

2nd. Whereas, nevertheless, the circumstances of the Dominion are daily becoming more favorable in the rise of land, and cheapening of money for the building of the said Railway.

3rd. Therefore your Petitioners trust that your Honorable Body will not ratify the said Bill, in order that time may be given to ask for public Tenders, and if possible

to secure the construction of this great enterprise by Canadian Capitalists.

And your Petitioners, as in duty bound, will ever pray.

Council Chamber, Brampton, January 29th, 1881.

———:o:———:o:———

To His Honor The Lieutenant Governor Of Ontario In Council.

The Memorial of the Council of the County of Peel humbly sheweth;—

1. That the amount of the Apportionment of the Legislative Grant to this County for Public School purpose is growing very much less year by year, having been reduced from $3299 in in 1877 to $2684 in 1880—a decrease of nearly 20 per cent.

2. That the Grant to the County High Schools has also been seriously diminished, although these institutions are constantly increasing in popularity as well as in efficiency.

3. That while our Public and High Schools, which exist for the benefit of the masses of the people, have thus been embarrassed by a partial withdrawal of Government support, an institution known as Upper Canada College, which, in the opinion of your memorialists, exist and is maintained almost solely in the interests of the wealthier and more aristocratic classes of the community, has been carefully sustained and fostered at the Provincial expense.

4. That the income which might be derived from the endowment and real estate so long monopolized by the said Institution, if converted into cash and invested would, in the opinion of your memorolists, be sufficient to increase the average Provincial grant to each High School by from $250 to $300 per annum, or to the Public Schools of each County of a still larger amount.

5. That by the adoption of such a course no injustice would be done to the City of Toronto, which would still remain in possession of its well organizrd Collegiate Institute; also that no hardship would be suffered by the privileged classes above referred to, who, if dissatisfied with the opportunities of educational development and association afforded their sons by our Provincial High School System, would be in a position to establish proprietory schools, such as Marlborough and Clifton, in which all such advantages might be secured at their own expense.

6. That your petitioners would therefore humbly pray your Honor in Council to take such measures as may be necessary to realize upon the assets of the said Upper Canada College, and to apply the income arising from the investment of the same to the promotion of education throughout the Province, in such a manner that the poor as well as the rich may be benefitted thereby.

And your memorialists as in duty bound will ever pray.

(Adopted,) THOS. SWINARTON, Warden.

AUDITOR'S REPORT.

———:o:———

To the Warden and Council of the County of Peel.

GENTLEMEN,—Your Auditors beg leave to report that they have carefully examined the books and accounts of your County Treasurer for the year ending 31st December, A. D., 1880, and have found properly authenticated vouchers—as well as authority for the payment of the same—to correspond in every respect with the various entries.

The balance to the credit of the County Treasurer in the Dominion Bank—as shown by the annex certificate—on the thirty-first day of December last, was $14164 71 made up as follows:

Balance on Current Account.....	$10292	58
" Public School Account.....	2942	11
" Non-Resident Land Tax.....	930	02
	$14164	71

All of which is respectfully submitted.

J. P. HUTTON, WARDEN.

D. KIRKWOOD, CLERK.

SECOND DAY.

CORPORATION OF THE COUNTY OF PEEL,
25th January, 1882.

The Council met.

Members all present.

Minutes of last day of November Session, and those of yesterday, read and adopted.

The following communications were received and read.

1st From the Clerk of the Council of the County of Oxford, with extract from the report of the Education Committee adopted by said Council, declining to co-operate with this Council in petitioning for the assets of Upper Canada College to be applied in the promotion of general education throughout the Province.

2nd. From the Clerk of the Council of the County of Elgin, enclosing copy of resolution of said Council, complaining of the manner in which County accounts are dealt with in the readjustment they have to undergo in the Provincial Treasurer's office, and asking co-operation in petitioning for an investigation by the Government, with a view that justice to the Counties may be obtained.

3rd. From D. L. Scott, Esq., Lieut.-Col. commanding the 36th Battalion of Volunteers, asking that the appropriation by this Council in June last, for the purchase of helmets for the members of the companies of the said Batalion resident in the County of Peel (on condition that the Council of the County of Dufferin make a similar grant for the companies within said County), be not rescinded, as the Council of Dufferin are expected to make the grant at the coming meeting.

4th. From Lieut.-Col. Otter, Secretary of the Ontario Rifle Association, asking a grant in aid of the funds of the prize meeting of the Association.

5th. From the Treasurer of the County of Huron, in reference to the petitioning of the Legislature to do away with the second selection of Jurors, on the ground that it is both useless and expensive.

6th. From G. Greenious and R. Wilson, with an account for building two small bridges on the County line between the Counties of Peel and Halton.

7th From the Treasurer of the City of Toronto, enclosing account for the treatment in the small pox hospital of William Smith, a prisoner sent from the County Gaol of Peel in February, 1879, ill with small pox.

8th. From the Trustees of the Brampton High School, asking for liberal aid for maintenance of said school for the present year; with report of the Head Master for the past year enclosed.

9th. From the Attorney-General's office, wishing to ascertain whether in opinion of the

those best able to judge, the means now employed in detecting crime and bringing criminals to justice is sufficient, or is it desirable to supplement them by the appointment of detectives or constables paid by salaries instead of fees.

10th. From the Provincial Secretary, in reference to the second selection of Jurors.

The following petitions received, and with those laid over since yesterday, read, viz:

From E. Steen and others, of the Village of Streetsville and vicinity, praying for the repeal of a by-law passed by the Council of Toronto Township, dissolving the union of School Section No. 18 with the Village of Streetsville, and asking the appointment of a committee to investigate the matter. Presented by Mr. Owen.

The petition of Joshua Modeland, Gaoler of the County, asking for an increase of salary—presented by Mr. Milner.

Petitions were also received and read from F. Sleightholm and others, Wm. Jackson and others, W. J. Cotton and others, Eli Crawford and others, and Robert Campbell and others, all praying the Council to take some action to permanently improve the leading roads of the County.

Pursuant to notice, Mr. Featherston moved for leave to introduce a bill to repeal Chapter 11, of the Revised By-laws of this County.

Leave granted, and the bill introduced and read a first time.

Moved by Mr. Cook, seconded by Mr. Featherston, that a Special Committee composed of Messrs. Milner, McLaren, Swinarton, Kee, Owen, Porter and the Mover be appointed to consider and report on the communications not properly referred to any of the Standing Committees. Carried.

Mr. Porter moved, seconded by Mr. McLaren, that the name of Mr. Porter be taken off of the Education Committee, and the name of Mr. Cook placed instead thereon. Carried.

Moved by Mr. Kee, seconded by Mr. Atkinson, that Mr. Modeland, Governor of the Gaol, be heard respecting the petition read relative to an increase of his salary. Carried.

And Mr. Modeland briefly addressed the Council in support of the increase asked for.

Pursuant to notice, Mr. Cunnington moved, seconded by Mr. Milner, for leave to introduce a bill to appoint two members of the Board of Audit for the current year.

Leave granted, and the bill introduced; read a first and second time, referred to a committee of the whole with Mr. Atkinson in the chair. Reported with the blanks filled.

REPORTS OF COMMITTEES.

Report of Alex. McCabe, Commissioner on County Line between Albion and Adjala.

To the Council of the County of Peel:

As regards the opening of that portion of the County line between Peel and Simcoe, known as Ballycroy swamp and hill, your Commissioner, in connection with the Commissioner from the County of Simcoe, assisted by the Warden, surveyed and let the job of opening said road by public competition in September last, to be completed by the fifteenth day of November.

The said job is now almost completed, and your Commissioner would therefore recommend that the Warden be instructed to issue his order on the Treasurer for the amount of $100, so soon as the work is certified completed.

ALEX. McCABE, Chairman.

Brampton, November 21st, 1881.

Report of M. W. Cook, Commissioner on County Line between the Townships of Toronto and Trafalgar.

To the Warden and Council of the County of Peel:

I beg to report that since the last meeting of this Council I have found it necessary to have two small bridges rebuilt on the Town line between the Townships of Toronto and Trafalgar, near Sheridan, and to have some filling done on both approaches to that one nearest to Sheridan.

The Commissioner for the County of Halton met me on the ground, when we concluded that the necessity for immediate repairs would not permit us to advertise for tenders for the work. We therefore secured the services of two Pathmasters in adjoining Divisions, and instructed them to have such work done as we then decided. The whole cost of this work will probably not exceed the sum of $80, and I would respectfully recommend that you authorize the payment of one-half of the cost of such work, on my certificate, accompanied by a detailed statement of the entire cost

I found also th north abutment of the bridge over the Etobicoke, near Summerville, needing repair, but owing to the miscarriage of a letter from the Commissioner for York, I did not meet said Commissioner. The cost of repairs here will probably not exceed the sum of $20, and as I understand the Commissioner from the County of York has ordered the work done, I would further recommend the payment of one-half this expense as above.

Respectfully submitted,

M. W. COOK, Commissioner for Toronto Tp.

Committee Room, November 21st, 1881.

Report of A. Cunnington on the Bridges near Norval on the County Line between Peel and Halton.

To the Warden and Council in Session :

I have been called upon to inspect a bridge on the Town line between Chinguacousy and Esquesing, on lot 12, town-line, and having met with the Commissioner from Halton, Mr. Clay, have examined said bridge, and would recommend that a new stone culvert be built, and the hollow filled up with clay to a certain extent.

All of which is respectfully submitted.

ALEX. CUNNINGTON.

November 21st, 1882.

Third Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that they have had before them only the following accounts, which they find correct, and recommend to be paid as follows:

County Clerk's postage account	$6 43
A. Reid's account for digging a grave for Sarah Morrison, who died in gaol	1 50

Respectfully submitted.

M. W. COOK, Chairman.

Committee Room, Nov. 22nd, 1881. (Adopted.)

Third Report of the Standing Committee on Printing and Contingent Accounts.

To the Council of the Corporation of the County of Peel:

GENTLEMEN,—Your Committee on Contingent Accounts and Printing beg leave to report as follows:

Your Committee have had before them the following accounts:

1st. From W. J. Gage & Co., amounting to $5.76, and being certified correct your Committee would recommend the same to be paid.

2nd. From the *Times* Office, Brampton $51 30
" " 33 65
which being found correct your Committee would recommend to be paid.

3rd. From A. F. Campbell, of the *Conservator* Office, for $29.20, which your Committee would recommend to be paid when correctness certified to.

Your Committee would recommend the purchase of a book for the Surrogate Court and one for the County Court, and that the Treasurer pay for the same on the account being properly certified to.

All of which is respectfully submitted.

JAMES HAMILTON, Chairman.

Committee Room, 22nd Nov., 1881. (Adopted,)

Third Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report as follows:

That we have had before us a report from M. W. Cook, Esq., Commissioner under By-law No. 156 of this Council, respecting

1st. The payment for two bridges on the Town line between the Townships of Trafalgar and Toronto, and

2nd. For a bridge over the Etobicoke, between the Townships of Etobicoke and Toronto.

An account from S. A. Walford, *Re.* work and material for bridge over the Humber in Bolton Village,

An account from A. McCabe, Commissioner *Re.* the building of a bridge on the Town Line between Albion and Adjala, as per appropriation of this Council in June last.

An account from A. Cunnington, Commissioner on behalf of this Council to inspect a bridge at Norval.

An account from George Savage, Commissioner *Re.* the work done at Etobicoke river on boundary line between Etobicoke and Toronto Township.

A report from A. Cunnington, *Re.* the bridge at Norval, between the Townships of Chinguacousy and Esquesing.

A number of tenders for a supply of wood for the County Buildings.

Your Committee would recommend that the following accounts be paid:

George Savage, 3 days	$9 00
A. McCabe, 6 days	18 00
A. Cunnington, 1 day and mileage	4 40
S. A. Walford	5 00

That the report of A. Cunnington be laid over for consideration at next Session.

That the second part of the report of M. W. Cook Esq., respecting the bridge over the Etobicoke be adopted, and that we recommend the payment of $10, being one-half the amount expended on said work.

That we cannot recommend the payment of one-half the cost of the bridges on the Town line between Trafalgar and Toronto Townships, as recommended in the first part of Mr. Cook's report, on the grounds that the said work does not come within the meaning of the Act respecting bridges on County lines to be maintained by County Councils.

That the tenders for wood from A. Giffin, for 15 cords green at $3.70; George Evans, 50 cords green and dry at $4.25; James Daly, 10 cords green at $4; J. S. Merry, 30 cords green at $4, be accepted.

All of which is respectfully submitted.

Report of the Special Committee Re. the death of L. R. Bolton, Esq., Reeve of Bolton Village.

To the Warden and Council of the County of Peel:

Your Special Committee begs leave to report as follows:

Whereas in the order of Divine Providence our late colleague and fellow citizen, L. R. Bolton, Esq, Reeve of Bolton Village, has been removed from his place in this Council by the hand of death.

And whereas we feel that in the sudden removal of Mr. Bolton this Council has lost a worthy member, a valuable and active worker, an upright and honorable gentleman, and one whose services were always given most cheerfully to promote the best interests of the whole County, a gentleman whom we had held in the highest esteem, not only as a public servant but as a personal friend, and one who by his superior business qualities and very genial manner had endeared himself to all.

Therefore be it resolved that we improve this, our first opportunity in Council assembled, to express our feelings in regard to the sudden death of Mr. Bolton, and hereby further tender our deepest sympathy to the bereaved widow, the children and the friends of our late esteemed colleague and friend.

And your Committee would further recommend that a copy of these resolutions be engrossed and forwarded by the Clerk to the widow of Mr. L. R. Bolton.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Report of the Select Committee appointed by ballot to nominate the Standing Committees for the current year.

To the Warden and Council of the County of Peel:

Your Select Committee, appointed by ballot to nominate the Standing Committees for the current year, would most respectfully report the following named persons as composing the several Standing Committees:

FINANCE AND ASSESSMENT—Messrs. Cook, Swinarton, Kee, Atkinson and Milner.

EQUALIZATION—Messrs. Milner, Owen, Porter, Swinarton, Cunnington, Dowling, McLaren and Featherston.

EDUCATION—Messrs. Campbell, Dowling, Atkinson, Owen, Wright, Cunnington and Cook.

COUNTY PROPERTY, ROADS AND BRIDGES—Messrs. Porter, Crawford, Kee, Scott and Featherston.

PRINTING AND CONTINGENCIES—Messrs. Campbell, Crawford, McLaren, Scott and Wright.

All of which is respectfully submitted.

M. W. COOK, Chairman.

Report of the P. S. Inspector.

To the Warden and Council of the County of Peel:

GENTLEMEN,—I have the honor to report that during the past calendar year I did not complete my second round of visits to the schools under my charge, preferring—on account of the very bad state of the roads, the increased demands upon my time made by the two sessions of the County Model School, and for other reasons—to take advantage of the provisions of the Act, Sec. 194, Sub-sec. 3 (*a*), and make my inspectoral year terminate on the 31st March instead of December.

Although considerations of my own personal convenience chiefly influenced me in making this change, I have no doubt that it will be of some advantage to the schools also that I should visit a larger number of them during the winter, when attended by the more advanced pupils.

I may state that, so far as my observations went, the year 1881 was marked by slow and steady, but none the less satisfactory progress in the internal economy of our schools; while in the improvement of what is known as school accommodation, things have been almost at a stand still. The Bolton School has been furnished with new desks and seats of the most approved pattern, so that it is now in almost every respect the best appointed and most commodious public school building in the County. The playground, too, as in some other places, has been planted with shade trees, an example which I hope soon to see imitated by the trustees of many of the schools. I expect to see three new buildings erected this year, two of them in the new Sections—18, Caledon, and 18, Toronto—and from conversations with Trustees and other influential ratepayers, I am led to believe that these buildings will reflect credit upon all concerned.

The Teachers' Association of the County held a very successful Convention in July last, attended during some period of its sittings by about eighty teachers of the County. The December meetings were not so well attended, owing to the state of the roads at the time, but the proceedings showed no lack of interest and intelligence on the part of those

present. The Association receives no pecuniary aid from the County, but I am happy to say that none is at present needed, as the finances are in a most satisfactory condition.

The High School Entrance Examinations continue to exercise a most beneficial influence upon our Public Schools by affording ambitious boys and girls an opportunity to do honor both to themselves and their schools by passing so severe an ordeal. The number of candidates appears to be on the increase, and in the face of the utmost strictness, almost severity of the Board, the attendance of duly admitted pupils has in Brampton at least become so large that the teaching staff can with difficulty overtake the work imposed upon them. At the Intermediate and Second Class Teachers' Examinations, as well as on other honorable fields, our County High Schools have more than held their own, as compared with their sister institutions throughout the Province.

The County Model School held two sessions during 1881, attended by 24 students in training. Three of these obtained certificates to assistantships; three certificates otherwise limited; and the remaining eighteen ordinary thirds. The large increase in the number of teachers during the past three or four years has caused a serious reduction in salaries, amounting on the average to about $50 per school; this has had the effect of driving a few of our best men out of the profession, thus inflicting an injury upon the educational interests of the County at large, but the young teachers who have taken their places have as a rule shown a remarkable aptitude for the work.

I expect the recruits for this year will be found even more efficient than their predecessors as their course in the Model was more thorough than it had ever been before. Mr. Morton's whole time, except for about an hour a day, when his place was supplied by his first assistant Miss Brown, was for four months devoted to the students in training, and the amount of practical as well as theoretical knowledge of their work displayed at the closing examinations, was the best proof that the care and attention bestowed upon their training had not been in vain. In the final examination for certificates, I was assisted by Mr. Nattrass, the lately appointed member of the Board, whose sound judgment and practical knowledge were fully appreciated by his colleagues.

The estimate of revenue and expenditure of the Model School, hereto appended, will show the manner in which the grants made by your honorable body, and by the Legislature, have been disposed of. I would most respectfully urge upon you the necessity of taking immediate action in the matter of permanently locating our Model School. No Board can be expected to go to the necessary expense for building and furnishing unless some assurance be given as to the stability of the Institution, and without suitable accommodation the support of the "Model" is a serious injury to the locality in which it is situated.

All of which is respectfully submitted.

Report of Commissioners on County Property for 1881.

To the Warden and Council of the County of Peel:

The work done by your Commissioners during the year was principally routine in nature

Besides the work of passing accounts, the Commissioners at the April session ordered the purchase of some trees to plant in the Court House grounds for ornamental purposes. These trees were purchased and planted and during the summer season were carefully attended to.

The Commissioners also ordered the purchase of a few toilet articles for the use of the County Judge, County Treasurer and County Court Clerk's office, and a settee for the County Treasurer's office, part of which have been purchased.

Annexed is a Schedule, showing the various sums ordered to be paid by your Commissioners.

All of which is respectfully submitted.

Report from the Trustee Board of the Brampton High School.

BRAMPTON, January 24th, 1882.

To the Council of the County of Peel:

I beg to enclose for the information of the County Council, the report of the Head Master of the Brampton High School, in reference to the attendance of pupils, and to solicit in behalf of the School, the enlightened and liberal support hitherto accorded to it by the Council. After all the grants had been received last year, the Board had to call upon the Town Council of Brampton for $1100 to pay the current year's expenses.

During the present year the expenditure will be about the same as last year, perhaps a small sum larger, and to keep the school in its present efficiency, and in the state of increasing popularity which the increased attendance indicates, I trust the County Council will make an extra grant at least equal, and if possible larger than during past years.

The members of the Board will be glad to furnish detailed information on any points which the Council or Committee may desire to be informed upon.

Yours respectfully,

JAMES FLEMING, Chairman H. S. Board.

BRAMPTON, January 23rd, 1882.

To the Board of Trustees of the High School:

GENTLEMEN,—I have the honor to submit the following report regarding the County High School:

The total attendance during the past year (1881) was 160, distributed as follows:

Brampton	73
Chinguacousy	59
Albion	3
Caledon	3
Toronto Township	5
Toronto Gore	2
Halton County	12
York County	1
Wellington County	1
Victoria County	1
Total	160

Of these 18 passed the Intermediate Examination held in July last, six (6) obtaining he standing of Grade B; 1 passed the examination for First Class Teacher's certificate (Grade C); 3 matriculated at the University of Toronto.

During the year also two former pupils of the High School graduated (B.A.) at the Univer-ity of Toronto; whilst two others still further distinguished themselves, one (Mr. S. W Perry, of this town) graduating as gold medallist at the Victoria University, Cobourg,

and the other (Mr. J. K. Unsworth, of Georgetown) winning a 2nd year's exhibition at McGill University, Montreal.

Of these mentioned above as passing Departmental Examinations, 12 attended the County Model School this term with the following results: 4 passed in rate 1st, 4 passed in rate 2nd, 1 passed in rate 3rd, 3 were deemed worthy of Assistants' Certificates. The majority of these are at present engaged in teaching in various parts of this County.

Notwithstanding the satisfactory nature of the attendance and work done during the past year, the present year seems, so far as numbers at any rate are concerned, to open with still brighter prospects. The number of pupils at present on the roll is 124, the distribution thereof being as follows:

Brampton	56
Chinguacousy	38
Albion	6
Caledon	4
Toronto Township	7
Halton County	11
Victoria County	1
York County	1
Total	124

Large as this number is we have good reasons for supposing that we have not yet attained the highest limit of attendance for this term; it is almost certain that we shall have ere long still further accessions. The average attendance for the past week was very nearly 116. The largest number in attendance on any single day of last year was 109; or any single day last term, 104.

It will be quite evident from the foregoing statement that the powers of our present staff of masters are taxed to the very utmost in the effort to provide for so large a number efficient instruction in the various branches of education required, and that even leaving out of account future possibilities, the somewhat limited space at present at our disposal is quite inadequate for present needs; indeed, I may say that with so large an attendance, not a little time and thought has had to be expended, and no little ingenuity exercised to find room for all, and to reduce to a minimum the difficulties arising from the necessary change of classes throughout the day.

I beg to remain, gentlemen, yours faithfully,

(Signed,) HENRY G. GALTON, Head Master.

First Report of Standing Committee on Printing and Contingencies.

To the Warden and Council of the County of Peel:

Your Committee on Printing and Contingencies ask leave to present the following report:

Having examined the accounts placed in our hands, we would recommend the payment of the following:

A. Dick, printing for P. S. I. office	$19 92
George Tye, account for printing	18 00
Messrs. Hart & Co, for stationery, rolls, &c	55 30
Messrs. Clougher Bros., stationery for P. S. Inspector	34 63
Messrs. Ure & Co., one collector's roll	1 39
Mr. Dick, printing and stationery	28 60

As to the communication of J. A. Austin, asking for three new books for the use of his office, your Committee recommend that Mr. Austin procure the books, and that the Treasurer pay for the same.

At the last session of this Council a resolution of condolence with the family of the late lamented L. R. Bolton was passed, with instructions to the Clerk to have a copy of the same engrossed; the instructions to the Clerk being rather indefinite, your Committee recommend that he get the work done forthwith in a presentable style of penmanship, have the same decently framed and forwarded to the sorrowing widow; and that the Treasurer pay for the same.

All of which is respectfully submitted.

ALEX. McLAREN, Chairman.

Committee Room, 27th Jan., 1882. (Adopted,)

First Report of Standing Committee on Finance and Assessment.

Your Committee beg to report that they have had before them the following accounts, which they recommend to be paid:

Public School Inspector's postage account for 1881	$25 00
County Treasurer's account for P. O. box	1 50
County Clerk's postage and box account	4 50
Cartage, journey to Toronto, and 1 cord wood for the Registry office	9 15
F. Pulfer, for a soap vat for the Gaol	4 50
City of Toronto's claim for board and medical attendance on William Smith in the City of Toronto Small Pox Hospital, for 61 days in 1879	122 00
	$166 65

2nd. In reference to Lieut.-Col. Otter, asking a grant to the Rifle Association, your Committee would recommend that no grant be made.

3rd. Your Committee have had under their consideration the petition of the County Gaoler, Mr. Joshua Modeland, for an increase of one hundred dollars per annum to his salary, and would respectfully refer the petition back to the whole Council for their consideration.

4th. We have had before us two tenders for supplying meat, and one for bread, for the County Gaol for the current year, and would recommend the acceptance of the following, they being the lowest: James Parsons, beef at 5¾ cents per lb.; Andrew Hosie, bread at 3½ cents per lb.

5th. Your Committee beg to submit herewith a by-law providing for the borrowing of the several sums necessary to meet current expenses.

6th. We would further recommend that the County Clerk be authorized to purchase for the use of the County thirty cords of wood over and above the quantity already tendered for, so that prison labor may be utilized in the cutting of the same.

7th. Your Committee further beg to report that they have had before them, and herewith present:

(*a*) The Treasurer's statement *Re.* Non-resident Land Tax for 1881.

(*b*) The Treasurer's Statement of Cash Assets and Liabilities on 31st December, 1881.

(*c*) The Treasurer's General Statement of Assets and Liabilities on Dec. 31st, 1881.

(*d*) The Treasurer's four Quaterly Statements in detail of receipts and expenditure for 1881.

(*e*) The Treasurer's Estimates for 1882.

8th. We further present the County Auditors' report for 1881.

All of which is respectfully submitted.

M. W. COOK, Chairman,

Committee Room, Jan. 27th, 1881. (Adopted.)

First Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the Corporation of the County of Peel:

Your Committee beg leave to report that they have had under their consideration the following communications and petitions:

1st. A report from A. Cunnington, commissioner for the County line between the Townships of Chinguacousy and Esquesing, recommending an appropriation for building a new stone culvert, and filling up approaches on County line between said Townships.

In reference to the above, your Committee feel hardly justified in assigning this work as belonging to the Counties, but in view of the extent of expenditure to be incurred to make a fairly safe road at this place, would recommend that the sum of one hundred and fifty dollars ($150) be given as a supplementary grant to the Townships interested, and that J. P. Hutton be commissioner in expending the same, said grant to be given on condition that the County of Halton grant a like sum.

2nd. A petition from Duncan Shaw and forty-one others, asking a grant for the purpose of making and repairing a certain piece of road bordering on Shaw's lake, on the County line between the townships of Caledon and Garafraxa, estimated to cost eight hundred dollars ($800). This work, like the preceding one already mentioned, does not in the opinion of your Committee properly belong to the Counties, but from the representations of those acquainted with the road, and the large amount required to make it fairly passable, we would recommend that the sum of one hundred and fifty dollars ($150) be granted to the Townships interested, on condition that the County of Dufferin grant a like sum, and that Mr. Atkinson, Deputy-Reeve of Caledon, be commissioner to expend the same.

3rd. Also a petition from Josiah Oliver and eighty-six others, residents of the County of Peel, asking that the County open the Town line between the Townships of Chinguacousy and Toronto, at the crossing of the river Credit. Your Committee having but a slight knewledge of the work required, or the circumstances connected therewith, would recommend that a commission composed of Messrs Featherston, Kee and Porter be appointed to examine and make an estimate of the work required, with power to employ an engineer, if in their opinion it is thought necessary, and report at the June Session of this Council.

4th. A communication from Messrs. Greenians and R. Wilson, enclosing a bill of costs, $56 90, for certain work done on the County line between the townships of Toronto and Trafalgar, under instructions from Mr. Cook, commissioner for Toronto Township and Mr. Robertson, of Trafalgar. This work also in the opinion of your Committee is of a character not intended by the Act to be assumed by the Counties, but as the Commissioner of Toronto Township appeared to interpret the Act differently, and acting we believe in perfectly good faith, we would respectfully recommend our part of the amount to be paid forthwith.

From the frequency of applications for County aid for work of a nature difficult to distinguish as to whether it properly belongs to the County or local municipalities, your Committee would urgently recommend that this Council take some steps calculated to more strictly define the liability of such work.

5th. A communication from Mr. McKinnon, P. S. Inspector, asking permission to remove an office desk and chair from his former office to his residence. Your Committee would recommend that the request be granted, the said furniture to remain the property of the County, and that the County Clerk take his receipt for the same.

6th. Your Committee would recommend that Messrs. Cunnington, Milner and the Warden be appointed County Commissioners for the current year.

All of which ss respectfully submitted.

WM. PORTER, Chairman.

Committee Room, 27th Jan., 1882. (Adopted)

First Report of Standing Committee on Equalization of Assessment

To the Warden and Council of the County of Peel:

1st. Your Committee have examined the Assessment Rolls of the several Municipalities of the County, and find them generally correct.

2nd. Your Committee have prepared a Schedule, which is hereto annexed, showing the assessed value of each Municipality, and the value as equalized by your committee.

3rd. Your Committee would recommend the adoption of the equalized assessment adopted by By-law No. 71, for the several Municipalities portions of which are liable to assessment for the bonus debt of the Hamilton and North-Western Railway Company.

4th. Your Committee would recommend that the equalized assessment adopted by By-law No. 61, for the several Municipalities portions of which are liable to arsessment for the bonus debt of the Credit Valley Railway Company, be adopted.

All of which is respectfully submitted.

First Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

Your Committee on Education begs leave to report:

1st. That the account of the Public School Inspector for telegrams, express charges and stationery, amounting to $5.88, be paid.

2nd. That the petition of E Steen and others, respecting an appeal from the by-law passed by the Council of the Township of Toronto, relating to School Section No. 18 of that Municipality, be referred to a committee composed of the County Judge, the Public School Inspector and Joseph Gardner, Esq.

3rd. That the County Model School be permanently located in the town of Brampton, and that a special grant of one hundred dollars be given each year by the County Council for the maintenance of said Model School.

4th The Committee is pleased to note the efficiency and progress of the two High Schools of the County, as shown in the reports presented to the Council by the Boards of said Schools, and with a view to still further increase the efficiency of the School in Brampton, it being the more central in point of location, and to the requirements of a larger number of the people of the County, your Committee would recommend the Board of the Brampton High School to charge a fee of five dollars per year to each pupil in attendance at said School, so as thereby to provide the means necessary to secure the services of an additional teacher.

5th. Your Committee would recommend that no action be taken during the present session of Council in respect to special grants towards our High Schools.

6th. Your Committee would recommend that James Fleming, Esq., be reappointed a Trustee of Brampton High School; and Wm. Andrews be appointed a Trustee of Streetsville High School.

7th. That the report of the Public School Inspector, and that of the Chairman of the High School Board at Brampton (the report of the Board at Streetsville not being presented owing to the death of the Chairman), be printed with the minutes of this Council.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Report of the Special Committee to whom was referred the communications from the Council of the County of Elgin, D. L. Scott, Esq., the Provincial Secretary's Office, the Attorney-General's Office, and Gaol Surgeon.

To the Council of the Corporation of the County of Peel:

Your Committee ask leave to report as follows:

1st. With reference to the communication from D. L. Scott, your Committee recommend that the grant made in June last be rescinded, unless supplemented by the Council of the County of Dufferin at its present session.

2nd. With reference to the communication from the Provincial Secretary and the Attorney-General, your Committee refers you to the memorials attached hereto, marked (*A*) and (*B*), respectively, and would recommend that the Warden sign and have the same forwarded.

3rd. With reference to the communication from Dr. Heggie, Gaol Surgeon, your Committee visited the Gaol and found a man sick who was committed as a vagrant, but your Committee have no data to guide us in what steps we should take in such a matter.

4th. With reference to the communication from the County Council of Elgin, respecting deductions made by the Government in the accounts of the administration of justice, your Committee, not having sufficient knowledge to form an opinion in the matter, referred the same to the County Treasurer, and would refer you to his communication marked (*C*), and would recommend the same be signed by the Warden and forwarded to the Government.

All of which is respectfully submitted.

(*A*)

With reference to the questions asked in the circular from the Attorney-General's office, dated 14th January, 1882, your Committee beg to make the following report:

Our County has the services of a High Constable, to whom a liberal salary is paid, and an efficient staff of constabulary throughout the County to aid him in the discharge of his duties.

We therefore think that those officials are a sufficient force at present to maintain law and order throughout the County, so that we do not deem it advisable to supplement them by the appointment of either detectives or constables paid by salary instead of fees.

(Adopted.)

(*B*)

In reply to Question No. 1, we do not think the second selection of Jurors by the County Board necessary, neither does it in our opinion serve any good purpose, and we think the dispensing with it would materially lessen the expense.

In reply to Question No. 2, we do not think the abolishing of a second selection of Jurors would tend to the lowering of the standard of the same.

In reply to Question No. 3, we think the members of the County Board are seldom sufficiently acquainted with the persons whose names are on the Jury lists to enable them to form an opinion of their fitness to act as Jurors or otherwise.

In reply to Question No. 4, we would suggest that the number of Jurors selected be greatly reduced, which in our opinion might be done and still retain all the advantages of the present system.

IN RE. THE MATTER OF CRIMINAL JUSTICE ACCOUNTS.

I consider the mode of auditing and ordering the payment of claims by the Criminal Justice Auditors is wrong in principle, as these Auditors are appointed by the Government, and the County is bound to pay the amounts ordered by them, and in very many cases when the accounts go down to the Provincial Treasurer's office at Toronto, they are very much reduced, and in many cases struck out altogether, thereby causing serious loss to the County.

I think in all justice the Government should be bound to accept the accounts passed by their own Auditors, or the County Treasurer should at least have the power to withhold payment until after the readjustment of the accounts at the Provincial Treasurer's office.

I have the honor to be, gentlemen,

Your obedient servant,

GEO. GRAHAM, Treasurer Co. Peel.

Report of Select Committee on petitions praying for the improvement of leading roads in the County.

To the Warden and Council of the County of Peel:

Your Special Committee on the petitions of F. Sleightholm and others, Wm. Jackson and others, W. J. Cotton and others, Eli Crawford and others, and Robert Campbell and others, asking for gravel roads throughout the County.

Your Committee having considered the question, would recommend that a memorial be presented to the Local Legislature, praying to have the Municipal Act so amended as to enable municipalities, or parts of municipalities, to be grouped together for the improvement of roads; and that Messrs. Porter, Wright, Campbell and Milner be a committee to prepare such memorial forthwith, and have the same placed in the hands of K. Chisholm, Esq., M.P.P., for presentation at the present Session of the Local Legislature.

All of which is respectfully submitted.

T. MILNER, Chairman.

Report of Special Committee on School Section No. 18, Toronto Township, in union with Streetsville.

To the Council of the Corporation of the County of Peel:

The Committee appointed by your Council at the January Session thereof, to revise and alter the boundaries of School Section Number Eighteen, of the Township of Toronto, so far as to settle the matters complained of in a certain petition of Ephraim Steen and others, respectfully beg leave to report as follows:

Your Committee held two meetings at Streetsville, of which due notice was given, and conferred with the parties interested and heard the various arguments and statements submitted, but before taking action thereon, deemed it advisable to consider how far they had power to act in the matter.

After several meetings at Brampton, and careful consideration of the School Law, and correspondence thereon with the Department of Education, and an interview by one of your Committee with the Minister of Education, your Committee were forced to the conclusion that they had no power to form or interfere with Union School Sections.

As any practical alteration of the boundaries of Section Eighteen, involved the union of the whole or a part of that Section with Streetsville, or interference with the adjoining

Union Section of Trafalgar, and your Committee having no power in either case, they feel compelled to decline acting in the matter.

By declining to act, your Committee do not wish to be understood as giving any opinion on the merits of the question, or expressing approval of the Section as it stands, but simply to state their inability to deal with the matters submitted.

Your Committee therefore respectfully beg leave to refer the matters in question back to your Council to be dealt with in some other way.

A statement of the expenses of the Committee is appended.

All which is respectfully submitted.

A. F. SCOTT, Chairman.

Brampton, 6th June, 1882.

Report of Special Committee to which was referred communication from County of Oxford Re. amalgamation of C. V. R. R. and G. W. R. R.

To the Warden and County Council of the County of Peel:

Your Special Committee, to whom was referred the communication of the County of Oxford *Re.* amalgamation of the Great Western and Credit Valley Railways, ask leave to report as follows:

That owing to the reported fusion of the Great Western and Grand Trunk Railways since the writing of said communications, your Committee are of opinion that no action should be taken in this matter at this session of Council, but that the paper lay on the table till the November sessioa.

All of which is respectfully submitteed.

T. MILNER, Chairman.

Second Report of the Standing Committee on Finance.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that they have had before them the following accounts and petitions:

Account of	G. W. Harris, for repairs to gate	$0 90
"	D. J. McKinnon, for postage, Jan. 28th to April 11th '82	19 51
"	A. Reid, for dig ing and filling two graves	3 00
"	D. Kirkwood, for postage, Feb. 25th to May 23rd, 1882.	5 50
"	H. Burnett, for coffin for inmate of Gaol	5 00
"	F. Pulfer, for one washtub for Gaol	1 25

All of which we recommend to be paid.

We have also had submitted to us an account of the Registrar of the County of Peel for $10, for cutting wood and shovelling snow from the sidewalk, which we recommend to be paid; but would advise no further accounts of this nature to be paid unless the work has been ordered by the County Commissioners and audited by them, and that the Clerk furnish the Registrar with a copy of this clause.

Your Committee would further recommend the granting of the sum of $300 to the County of Peel Agricultural Society, and the sums of $50 each to the Township Agricultural Societies of Caledon and Albion.

We, your Committee, also beg herewith to submit a by-law to empower the Warden and Treasurer of the County to borrow money for County purposes not to exceed the sam of $3,000.

Your Commlttee further beg to submit a by-law providing for raising tha several sums required for the payment of the expenses, debentures, interest, appropriations and other liabilities of the County for the current year.

The application for a grant from the Toronto Prisoners' Aid Association has been carefully considered by your Committee, and we cannot recommend any grant to be made.

All of which is respectfully submitted.

M. W COOK, Chairman,

Committee Room, June 7th, 1882. (Adopted.)

Second Report of Standing Committee on Printing.

To the Warden and Council of the County of Peel:

Your Committee on Printing ask leave to present their second report.

Your Committee have had tenders for printing from the *Times* and *Banner* offices, respectively, and would recommend your adoption of the tender from the *Banner* office at $1.10 per page for Minutes, and $5 per quarter for publishing Schedule of Convictions.

Your Committee have examined the account of Clougher Brothers, for stationery supplied the P. S. Inspector, and amounting to $51.90, and would recommend the payment of the same.

Your Committee have also examined an account from the *Times* office, amounting to $32, and would recommend the payment of the same.

All of which is respectfully submitted.

ALEX. McLAREN, Chairman.

Court Room, 8th June, 1882. (Adopted.)

Second Report of the Committee on Education.

To the Warden and Council of the County of Peel:

Your Standing Committee on Education begs leave to report as follows:

That we have had before us an account from the Head Master of the Streetsville High School, for duties in connection with the Entrance Examinations of December last (1881), which account your Committee would recommend be not paid.

That the report of A. F. Scott, chairman of the Special Committee *Re.* the boundaries of S. S. No. 18, Toronto Township, was presented and received, and the account for services of Committee, amounting to $26, we would recommend to be paid.

Your Committee would further recommend that a special grant of four hundred dollars be given to Brampton High School, and two hundred dollars to the Streetsville High School, for the present year.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Committee Room, Brampton, June 8th, 1882. (Adopted.)

Second Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the County of Peel:

1. Your Committee beg leave to report that they have had before them the account of Mr. Kee, County Commissioner for Chinguacousy, for the sum of $14, for repairs on bridge known as Stringer's Bridge, on County Line between Chinguacousy and Esquesing; we recommend that the Treasurer be authorized to pay to Edward Townsend the above amount on the order of the Commissioner, Mr. Kee.

2. We have had also a small account from Mr. Dowling, Commissioner for Bolton, for repairs on County bridge, Bolton, amount $1.25; we recommend payment, and that an order in favor of Mr. Dowling be given by the Warden.

3. Your Committee have also had before them a communication from Mr. Swinarton, Reeve of Albion, asking a grant in aid of opening up and repairing certain bridges on the County line between Albion and County of York. We would recommend that the sum of $75 be granted for that purpose, on condition that York grant a like sum, and that Mr. Swinarton, Albion Commissioner, be authorized to expend the same.

All of which is respectfully submitted.

BY-LAW NO. 161.

To appoint a Director for the Credit Valley Railway for and on behalf of the County of Peel.

Whereas by 36 Victoria, chap. 89, power is given to Counties granting aid by way of bonus to the C. V. R. Company to appoint a Director on behalf of said County, to act on the Directorate of such Company.

Therefore be it enacted by the Council of the County of Peel, and it is hereby enacted that M. W. Cook, Esq., of the Township of Toronto, be and he is hereby appointed a Director on behalf of the County of Peel for the Credit Valley Railway for the current year.

Passed this 25th day of January, 1882.

BY-LAW NO. 162.

A By-law to authorize the borrowing of a sum of money.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenses of the County until the taxes are collected.

And whereas Sec. 393 of the Municipal Act of Ontario, as now amended, grants to municipalities the power to borrow money for such purposes.

Therefore the Council of the County of Peel hereby enacts that the Warden and Trea-

surer be and they are hereby authorized to borrow money from the Dominion Bank in Brampton, or from some other Bank, from time to time as they may deem necessary, for the aforesaid purpose, and not to exceed in the whole the sum of three thousand dollars, and they are hereby authorized to execute a note or notes for the same under the seal of the Corporation, drawn by the Warden and countersigned by the Treasurer, payable at such date or dates within the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such note or notes out of any money coming into his hands, and which has been levied and collected for County purposes.

Passed this 27th day of January, 1882.

D. KIRKWOOD, CLERK.

BY-LAW NO. 163.

To assess the rateable property of the County of Peel for County purposes for the payment of a portion of the salaries of the Inspector and Teachers of Public Schools, and for other purposes.

Whereas it is necessary to provide by a general assessment of all the rateable property of the County of Peel for the year 1882, for the payment of a portion of the salaries of the Inspector and Teachers of the Public Schools of the County, and by a sectional assessment for the paymInt of debentures and interest due and payable during the current year, under By-laws Nos. 61 and 71.

Therefore the Corporation of the County of Peel, by its Council, enacts as follows:

1st. That there be raised, levied and collected from all the rateable property of the County of Peel, liable to be assessed during the current year, the sum of ten thousand five hundred dollars ($10,500), for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expenses of Criminal Justice, allowance to County Councillors, and other necessary and incidental expenses of the County.

2nd. Also by general assessment a sum equal to the Government grant, viz., $2,541, for the payment of a portion of the salaries of the qualified Teachers of Public Schools of the County.

3rd. The sum of $5,810 by sectional assessment to provide for the payment of debentures and interest becoming due and payable during the current year under By-law No. 61, which grants a sectional bonus to the Credit Valley Railway Company, the said sum of $5,810 to be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

4th. Also by sectional assessment the sum of $2,820, for the payment of debentures and

interest becoming due and payable during the current year under By-law No. 71, which grants a bonus to the Hamilton and North Western Railway Company, the said sum of $2,820 be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

5th. That the whole of the aforesaid sums shall be collected and paid over to the Treasurer of the County, as per Schedule annexed, on or before the fourteenth day of December next.

Passed this 7th day of June, 1882.

BY-LAW NO. 164.

To authorize the borrowing of money for County purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenditure of this Corporation until such time as the taxes levied therefor can be collected.

And whereas power is given to municipalities by the Revised Statutes of Ontario, chap. 174, section 393, to authorize the borrowing of money for such purpose.

Therefore the Corporation of the County of Peel, by its Council, enacts that the Warden and Treasurer be, and they are hereby authorized to borrow from some chartered bank of Ontario for the aforesaid purpose, such sum or sums of money as they may think necessary, provided such said sum or sums of money shall not exceed in the whole the sum of $3,000, and they, the said Warden and Treasurer are hereby authorized to execute a note or notes, under the seal of this Corporation, for such said sum or sums, payable at such date or dates during the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such said note or notes out of any money levied and collected for County purposes, which may come into his hands, as they may from time to time fall due.

BY-LAW NO. 165.

To confirm By-law No. 345, of the Township of Caledon.

Whereas the Council of the Corporation of the Township of Caledon did, on the sixth day of March, A.D. 1882, pass a by-law for the purpose of closing up a part of the road within the said municipality, known as the Guelph Road, and for disposing of the said portion of road enclosed to Alex. F. Scott, Esq.

And whereas the said By-law No. 545 was passed in accordance with the provisions of Section No. 506, Chap. 174, of the Revised Statutes of Ontario.

And whereas Section No. 325, Sub-section 2, of the said Statute, enacts that no such by-law shall have any effect unless confirmed by a by-law of the Council of the County in which such township is situated at an ordinary session of the County Council, held not sooner than three months, nor later than one year next after the passing thereof.

And whereas it is desirable that such by-law should be confirmed

Therefore the Council of the Corporation of Peel enacts as follows: That By-law Number Three Hundred and Forty-Five, of the Township of Caledon, a copy of which is hereto annexed, be and the same is hereby confirmed.

Passed this 8th day of June, 1882

J. P. HUTTON, WARDEN.

D. KIRKWOOD, CLERK.

[COPY OF BY-LAW NO. 345, TOWNSHIP OF CALEDON.]

To close up and dispose of a part of the road known as the Guelph Road, leading from the Village of Belfountain to the Credit Forks, in the Township of Caledon.

Whereas the Council of the Home District did, on the 13th day of August, A.D. 1846, pass a by-law numbered 115, establishing a road through the 1st, 2nd, 3rd, 4th and 5th concessions west of Hurontario Street, in the Township of Caledon, commonly called the Guelph Road, the said road running through or between lots numbers 8, 9 and 10, which road was the considered necessary from obstacles in the way of opening up the original allowance for road between lots numbers ten and eleven, in a part of the said concessions.

And whereas since the construction of the Credit Valley Railway it has been found necessary to establish a new piece of road in order to reach the Station of the said Railway at the Credit Forks, which new road renders a portion of the said Guelph Road no longer necessary.

And whereas Alex. F. Scott, Esq., of the Town of Brampton, has applied to the Council of the said Township to purchase that portion of the said road now no longer required for public travel, agreeing to pay therefor the sum of fifty dollars.

And whereas it is desirable that a portion of the said Guelph Road be closed and disposed of, described as follows: All that certain piece or parcel of road known as the Guelph Road, as laid out and travelled through lot number nine, in the fourth concession west Hurontario Street, extending from the division line between said lot nine and ten, in the said concession, eastward to the junction of the said road with the new road, laid out and opened from the bridge over the west branch of the river Credit to the Credit Forks Station of the Credit Valley Railway.

Therefore the Council of the Municipality of Caledon enacts as follows:

1st. That the said portion of the road known as the Guelph Boad, as above described, be and the same is declared closed.

2nd. That the said portion of road, as above described, and hereby declared closed, be sold to Alex. F. Scott, Esq, for the sum of fifty dollars.

3rd. That on payment of the said sum of fifty dollars, the Reeve be and he is hereby authorized to make the necessary transfer of the said portion of road to the said Alex F. Scott, or his assigns, when this By-law shall have been confirmed by a by-law passed by the Council of the County of Peel.

Passed this Sixth day of March, 1882.

———:o:———

FIRST DAY.

CORPORATION OF THE COUNTY OF PEEL,
21st November, 1882.

Council met.

The Warden presiding.

Roll called.

Members all present except Messrs McLaren and Dowling.

Minutes of last day of the June Session read and adopted.

The following communications were received and read:—

1st. From the Clerk of the Council of the County of York, with notice of their having granted the sum of $75 to place guards, rails, &c., on the approaches to the bridges on the County line between York and Peel.

2nd. From the Council of the County of Ontario, asking the co-operation of this Council in petitioning the Legislature to discontinue the annual grants to the Agricultural and Arts Association, with a copy of memorial adopted by the said Council enclosed.

3rd. A communication from the School Board of the Village of Bolton, in *Re.* to examination papers for promotion in the public schools.

4th. From the Reeve of the Village of Bolton, with notice of his inability to attend the present Session of Council.

5th. From the Reeve of Albion, on the state of several bridges on the County line of York and Peel, injured by summer rains.

6th. From the Public School Inspector, in reference to the number of visits made to the several Schools of the County since 1st January last.

Moved by Mr. Campbell, seconded by Mr. Scott, that the communication *Re.* to discontinuing grants to the Provincial Agricultural and Arts Association be referred to the following named committee:—Messrs Cunnington, Porter, Featherstone, Atkinson, and the mover, to report at the present Session. Carried.

The remaining communications were referred to the several standing committees to which they properly belong.

Mr. Scott presented the petition of John Mills and fifty others, praying to have a Public Fair established in the Village of Caledon East, on the second Friday in each alternate month.

Mr. Porter, commissioner for County roads within the Municipality of Toronto Gore, presented a report of the repairs authorized by him since last meeting of Council.

Moved by Mr. Cunnington, seconded by Mr. Kee, that a special committee be and are hereby appointed to consider the propriety of drafting a memorial to the Dominion Legislature, asking that a duty be placed on fine wools coming into this Dominion, and that Messrs Porter, Milner, Campbell, Swinarton, Atkinson, Cook, Owen and the mover constitute said committee. Carried.

NOTICES:—

Mr. Swinarton gave notice that he will on to-morrow move for the appointment of a special committee, to draft a petition to the Legislature, asking for certain amendments to our municipal laws.

By Mr. Scott—That he will on to-morrow move for a special committee composed of Messrs Porter, Campbell, Swinarton, Cunnington, and the mover to enquire into a certain item in the Financial Statement for the quarter ending 31st March, 1881.

By Mr. Atkinson—That he will on to-morrow ask leave for a special committee to draft a petition to the Local Legislature to amend the Voters' List Act so far as it relates to appellants going from one municipality to another in the same electoral district; and also that the appellant should be responsible for the costs incurred in each case that he fails to sustain. The committee to consist of Messrs Milner, Cook, Campbell, Cunnington and the mover.

On motion the Council adjourned.

J. P. HUTTON, Warden.

D. KIRKWOOD, Clerk.

SECOND DAY.

CORPORATION OF THE COUNTY OF PEEL,
22nd November, 1882.

Council met.

The Warden presiding.

Roll called.

Members all present except Mr. Dowling.

Minutes of yesterday read and adopted.

Mr. Hutton, commissioner on the bridge on the County line, near Norval, and between the townships of Chinguacousy and Esquesing, presented a report of the entire cost of re-building the bridge.

Messrs Swinarton and Porter, commissioners on County roads for the municipalities of Albion and Toronto Gore, presented a report of expenditure in repairs to bridges between the said municipalities, rendered necessary from damages by heavy rains during the past summer.

Messrs Porter and Swinarton, as special commissioners appointed at the June session to inspect and report on the state of the County bridge within the village of Bolton, presented their report ; they being of opinion that with some repairs now being done, it might serve for a few years longer.

PURSUANT TO NOTICE :—

Given at the June session, Mr. Scott moved, seconded by Mr. Atkinson, for leave to introduce a bill to establish a public fair in the Village of Caledon East. Leave granted, and the By-law introduced and read a first, second and third time, passed, signed by the Warden and the corporate seal ordered to be attached thereto.

PURSUANT TO NOTICE :—

Mr. Scott, seconded by Mr. Campbell, moved for the appointment of a special committee to enquire into an item which appeared in the financial statement of gaol expenses for the quarter ending 31st March, 1881, which was withdrawn on its being explained that it was a typographical error whereby it appeared that the sum of $102.37 had been paid for 3½ cords of wood, which should have read 31½ cords.

PURSUANT TO NOTICE :—

Mr. Atkinson moved, seconded by Mr. McLaren, that a special committee be appointed, consisting of Messrs Milner, Cook, Campbell, Cunnington, and the mover, to consider the propriety of petitioning the Local Legislature for certain amendments to the Voters List Act, as referred to in his notice. Carried.

On motion the Warden left the chair until 3 o'clock.

Council resumed.

And on motion went into committee of the whole for the further consideration of the report of the special committee on the law of limitation, which was laid over since the June session.

Mr. Scott again in the chair.

Committee rose and presented the report as amended by referring it back to the committee with instructions to draft a memorial to the Legislature, praying for amendments to the law of limitation in so for as it relates to dividing lines between adjoining properties in rural localities. Report as amended adopted in Council.

PURSUANT TO NOTICE :—

Mr. Swinarton moved, seconded by Mr. Crawford, that a committe, consisting of Messrs Campbell, McLaren, Wright, Cunnington and the mover, be appointed to draft a petition to the Legislature of Ontario, praying for such amendments to the Municipal Institutions Act, as will enable incorporate villages, the population of which may have fallen below the required number, to again become a part of the municipality of which it originally formed a part. Carried.

NOTICE :—

Mr. Cook gave notice that he will on to-morrow ask the Council to authorize the County Attorney to call upon the Credit Valley Railway Company to fulfil the conditions of their bond to this County so far as they relate to the building of station buildings at or near Churchville, and between Cooksville and the township of Etobicoke.

On motion Council adjourned.

J. P. HUTTON, Warden.

D. KIRKWOOD, Clerk.

Mr. Porter, chairman of the Standing Committee on County property, roads and bridges, presented their third report, which was received and read, and on motion referred to a committee of the whole.

Mr. Milner in the chair.

After a lengthy discussion of some of the clauses the committee rose and recommended the adoption of the report.

On the question of adoption being put it was moved by Mr. Wright, seconded by Mr. Scott, that the report be not adopted, but that it be amended by striking out the fifth clause which recommends granting the sum of $200, as a grant of $150 was given at the January session of this Council. Lost.

YEAS—Messrs Campbell, Cook, Featherstone, Owen, Scott and Wright.—6.

NAYS—Messrs Atkinson, Cunnington, Crawford, Kee, Milner, McLaren, Porter and Swinarton—8.

Moved by Mr. Featherstone, seconded by Mr. Cook, that the report be not now adopted, but that it be amended by striking out the sum of $200 in the 5th clause, being an appropriation of $200 in addition to a grant of $150 already made, and that that the sum of $100 be inserted instead thereof. Lost.

YEAS—Messrs Cook, Featherstone, Owen and Wright—4.

NAYS—Messrs Atkinson, Cunnington, Kee, Milner, McLaren, Porter, Scott and Campbell—8.

After which the report was adopted.

On motion the Warden left the chair until two o'clock.

Council resumed.

Mr. Swinarton presented the petition of Captain Tye, praying that the grant made by this Council to purchase helmets for the Volunteer Companies of the 36th Battallion, be placed at the disposal of the Helmet Committee.

Which petition was received and read, when Mr. Swinarton moved, seconded by Mr. Crawford, that the grant made by this Council to purchase Helmets for the 36th Peel Battallion be paid over to Captain Tye, chairman of the Helmet Committee, and that the Treasurer is hereby authorized to pay the said sum of $375 to Captain Tye.

Moved in amendment by Mr. Cunnington, seconded by Mr. McLaren, that the further consideration of the petition of George Tye, *Re.* grant for helmets, be laid over to the January session of the Council for consideration. Lost.

REPORTS OF COMMITTEES

—:o:—:o:—

Report of Thomas Swinarton, Commissioner on County Bridges for Albion.

To the Warden and Council of the County of Peel :—

Your commissioner for roads and bridges for Albion has to report that owing to two very severe rain storms in the fore part of August last, greater damage has been caused to our roads than was ever known before in Albion.

On Sunday, the 6th, three large bridges on the town line between Albion and King, with a number of smaller ones, were swept away, and the hills between rendered impassable ; and all in a distance of 1½ miles, which has cost nearly $350. Bills for which I will lay before your committee.

The second storm was on the 9th of August, which damaged all the southern part of the Township of Albion and particularly the town line between Albion and the Gore of Toronto, which the Reeve of that municipality will be able to report upon.

All of which is respectfully submitted.

THOMAS SWINARTON, Commissioner for Albion.

Brampton, 22nd November, 1882.

—o—

Report of Wm. Porter, Road Commissioner for Toronto Gore.

To the Warden and Council of the County of Peel :—

Your road commissioner for the Township of Toronto Gore begs leave to report :

That a bridge on the County line between York and Peel, opposite lot No. 9, Toronto Gore, having been destroyed by the August freshet, your commissioner in

conjunction with Mr. Riddle, commissioner for Vaughan Township, have let the re-building of abutments and putting on new top to Joseph Nattrass for the sum of forty-five dollars ($45,) and I would respectfully recommend the payment of one-half of the above sum on the order of the commissioner.

All of which is respectfully submitted.

WM. PORTER, Commissioner Toronto Gore.

Committee Room, 21st November, 1882.

———:o:———

Report of Road Commissioners for the Townships of Albion and Toronto Gore.

To the Warden and Council of the County of Peel :—

Your commissioners beg leave to report that serious freshets in the month of August having swept away several bridges on the town line between Albion and Toronto Gore, they have been obliged to have two new bridges erected and two bridges repaired on said line.

1st. One new bridge opposite con. 8, Toronto Gore, let to Mr. Michael Murphy for the sum of sixty-five dollars ($65.)

After this work was let it was found necessary to lengthen one of the abutments, and from other unforeseen difficulties in the work, your commissioners felt warranted in increasing the amount to $75.

2nd. Repairing bridge opposite con. 8, Toronto Gore, let to H. McCort for $14.

3rd. Erecting new bridge opposite con. 10, Toronto Gore, to Mr. Hugh McCort for the sum of twenty-three dollars and fifty cents ($23 50.)

4th. Re-building abutments and repairing bridge opposite con. 10, Toronto Gore, to Mr. H. McCort for thirty-one dollars ($31.)

We would recommend payment of the above on the order of the commissioners.

All of which is respectfully submitted.

THOMAS SWINARTON, }
WM. PORTER, } Commissioners.

Committee Room, 21st November, 1882.

Report of J. P. Hutton, Commissioner on County line between Chinguacousy and Esquesing.

Your Commissioner begs leave to report as follows :

That in conjunction with the Reeve and First Deputy-Reeve of Esquesing, we proceeded to let the work on what is known as the "Gulley Bridge" on Town Line, Lot 12, between the Townships of Chinguacousy and Esquesing, and after using all the care and economy possible with contractors, it has cost a pretty large amount of money, as shown in the bill of items following :—

Cost of building culvert	$ 417 00
Filling in 4140 yards at 20 cts. per yard	828 00
Extra for opening ditch and pudling	31 00
Hand railing and guards as per bill	84 60
Total	$1360 60

The above work has been completed in a very substantial manner, and at the very lowest possible price that the work could have been completed for.

All of which is respectfully submitted.

J. P. HUTTON, Commissioner.

Dated this 20th day of November, 1882.

—o—

Report of Special Committee appointed to inspect the Bridge over the Humber River, in the Village of Bolton.

To the Warden and Council of the County of Peel :—

Your commissioners beg to report that they have made an examination of the bridge known as Bolton Bridge, and in their opinion when certain repairs, (now in contemplation by the road commissioner for Bolton) consisting of flooring and one or two pieces of timber are completed, the bridge might safely be trusted to last some two or three years.

All of which is respectfully submitted.

THOMAS SWINARTON,
WM. PORTER, } Commissioners.

Brampton, 21st November, 1882.

Report of Special Committee Re. petition for amendments to the Real Estate Law of Limitation.

To the Warden and Council of the County of Peel :—

Your Special Committe to whom were referred certain hardships under the operation of the "Real Property Limitation Act," ask leave to report:—

That in view of the facts there appears to be considerable property passing over from its rightful ownership into the hands of others who pay nothing therefor. Such being the case your committee think it desirable that our Legislature be advised of the same, and asked to remedy the injustice, for which object they have prepared the memorial hereto attached, and recommend that your Council instruct their Clerk to forward printed copies thereof to the other Counties of Ontario asking their co-operation.

All of which is respectfully submitted.

(Adopted.) ALEX. McLAREN, Chairman.

Committee Room, 23rd November, 1882.

———o———

Third Report of Standing Committee on County property, Roads, and Bridges.

To the Warden and Council of the County of Peel :—

Your committee beg to report that they have had under their consideration an unusual number of road commissioners' reports, and also several bills for repairs at Registry Office, Court House and Gaol.

1st. The report of special commissioner, appointed to inspect the Bolton bridge ; this committee reported that the said bridge, in their opinion, after certain repairs are done by the commissioner for Bolton, would be in a safe condition for two or three years. We would recommend that nothing further be done in this case for the present.

2nd. A report from Mr. Swinarton, accompanied by a bill of costs amounting to $348.32, for work done on the town line between Albion and King Townships ; in this case your committee reccommend that the sum of $85 be granted in addition to a grant of $75, made at last June Session, for another purpose on the same line, the latter sum being still unexpended, to be applied to the purpose set forth in Mr. Swinarton's present report.

3rd. A report from the road commissioner for Toronto Gore in reference to repairing a bridge on County line, between the Townships of Toronto Gore and

Vaughan; whole amount $45. Your committee recommend payment of one-half of the above sum—$22.50.

4th. The report of road commissioners for the Townships of Albion and Toronto Gore; this report embraces the building of two and repairing of two bridges on the town line between Albion and Toronto Gore, costing in all the sum of $143.50. Your committee recommend payment in full for the same.

5th. The report of the commissioner for the Township of Chinguacousy, relative to the building of a large culvert and filling up a deep ravine on the County line between the Townships of Chinguacousy and Esquesing, costing the very large amount of $1360.60, being in excess of the estimated cost at last January's meeting of about $560, when an appropriation of $150 was made. Under the altered circumstance of the case your committee feel justified in recommending a further grant of $200 for the same purpose.

6th. A bill from Mr. E. Martin for repairs in and about the Registry Office, your committee recommend payment for the above amount of $10.15.

7th. A bill from Mr. W. A. McCulla for lumber furnished the County, used for repairing sidewalks at the Registry Office, Gaol and Court House, we would recommend payment of amount $17.92.

8th. A bill from Mr. Samuel A. Watford, endorsed by the commissioner for Bolton, for lumber for the Bolton bridge; amount $2. We recommend payment for the same.

9th. A bill from Al. Williams for repairing clock, endorsed by the Sheriff; amount $1. We recommend payment.

10th. Your committee further recommend that the appropriations above referred to be paid the respective road commissioners when the several works are completed.

All of which is respectfully submitted.

Report of the Public School Inspector.

To the Warden and Council of the County of Peel.

Gentlemen :

Having been informed that on the last day of the June Session, during my absence at the Convention of the County Teachers' Association, a member of your Honorable body made certain enquiries respecting a clause in my report of last January, in which I stated that owing to the very bad state of the roads last winter, and for other reasons, I had fallen behind in my visitation of schools during the year, I think it due to you no less than to myself to submit for your consideration a statement which will, I hope, afford all necessary information on the subject :—

(1.) The School Sections formed at the beginning of the current year are two—S. S. Nos. 18, Caledon, and 18, Toronto. To neither of these has an official visit yet been paid ; the school in the former having been organized in August last, and in the latter, not yet.

(2.) The schools visited but once since 1st January last are twenty-two (22.)

(3.) The schools visited twice since 1st January are forty-seven (47.)

(4.) The schools visited three times since 1st January are twenty-six (26.)

(5.) The schools to which I stand indebted for visits, which should have been paid before the 1st ultimo, are No.s 1 and 2, Toronto, 4 and 5, Albion, and 4, Chinguacousy.

(6.) The total number of visits paid to schools under my jurisdiction since 1st January last is 193.

(7.) The total number of visits required to be made between the present date and the 1st of April next in order that all arrears may be wiped off is fifty-five (55.) I hope to do about half of this work before the end of the current calendar year,

leaving about one month's visiting to be done in the three months within which the Statute requires that I should complete my inspection. I need hardly say that the attainment of such a satisfactory result would have been impossible but for the unusual fine fall with which we have been favored..

All of which is respectfully submitted.

D. J. McKINNON, Inspector.

Brampton, 21st November, 1882.

Third Report of the Standing Committee on Finance.

To the Warden and Council of the County of Peel :

Your Committee beg to report that tenders for Wood from Thomas Sharp, Joseph Kee, B. Stewart, T. Smith, W. Cation and J. C. Sanderson have been placed before us, and we recommend the acceptance of the following, they being the lowest and only tenders that we think should be accepted :

Tender of Thomas Sharp for 20 cords of green wood at $4 ; of Joseph Kee, 10 cords of green wood at $3 90 ; of B. Stewart, 10 cords of green wood at $4 25.

We would further recommend that the County Clerk and Treasurer be authorized to purchase two car loads of dry wood, for immediate requirements of the County ; and to further purchase green wood suitable for County purposes, not to exceed one hundred cords in quantity, provided they can purchase such green wood at a price not to exceed $4 per cord ; and failing to make such purchase to advertise for tenders for dry and green wood, such tenders to be opened at next meeting of this Council.

We have also had before us the following accounts, with proper vouchers, and would recommend payment of the same :

Account of Thomas Graham, for 13 bags of potatoes for gaol, at 75 cents per bag, $9 75.

Account of Henry Burnett, for a coffin for M. Hargrave, late an indigent of gaol, $5.

Account of Dr. Mullin, for medical examinations of Eliza Lovell, a lunatic in gaol, $4.

Account of Dr. Heggie, for examination of the said Eliza Lovell, $4.

Account of Sheriff Broddy, for making application, and arranging for removal of Eliza Lovell to the Lunatic Assylum, $7 91.

Account of County Crown Attorney W. H. McFadden, for advice and services in the matter of the removal of the said Eliza Lovell, $10 87.

Under Clause 34, of Chapter 220, of the Revised Statutes of Ontario, your committee are of opinion that the County of Dufferin is responsible for the amount of the accounts in the matter of the lunatic Eliza Lovell, in as much as it was established at the examination held in the case that the said Eliza Lovell had been a resident of the County of Dufferin for the space of one year previous to her arrest; and your committee therefore recommend that the County Treasurer be instructed to call upon the County of Dufferin to refund the said several sums, amounting to $26 78.

All of which is respectfully submitted.

Report of Special Committte Re. Amendments to the Voters' List Act.

To the Warden and County Council of the County of Peel :—

Your committee to whom was referred the propriety of memorializing the Local Legislature *Re.* the Voters' List Act, beg to report as follows :—

1st. That an humble memorial be presented to the Local Legislature, praying for

the amendment of sub-section 3, section 20, of the Voters' List Act, so that the appellant shall in every case of appeal which he fails to sustain be liable to pay and shall pay all costs incurred on account of such appeal.

2nd. That the annexed memorial be forwarded to the Local Legislature for their consideration at their next Session.

3rd. That K. Chisholm, Esq., one of our representatives in the Local House, be requested to present said memorial.

4th. That the Clerk be and is hereby instructed to write to such other County Councils as he thinks advisable, asking their co-operation in this matter.

All of which is respectfully submitted.

Adopted. T. MILNER, Chairman.

Committee Room, 23rd November, 1883.

Third Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel :—

Your Standing Committee on Education begs leave to report as follows :—

1st. That we have had before us a communication from the Public School Inspector relative to the number of official visits paid the Public Schools of the County since January 1st, 1882, and the number of visits yet due for the Inspectoral year.

2nd. A communication from the Public School Board of the Village of Bolton, respecting the promotion Examination papers from the first class, setting forth that in opinion of the Board said papers are too difficult and beyond the limit authorized by the Minister of Education.

3rd. Accounts from the Great North-Western Telegraph Company..... $ 2 72
" " *Banner* Office..... 41 00
" " *Conservator* Office..... 14 00
" " TIMES Office..... 51 00

Your committee recommend that the communication from the Public School Inspector be received and printed in the Minutes of Council for next year.

That the Public School Board of Bolton be requested to confer with the Public School Inspector in reference to the complaint about the difficulty in the Promotion Examination Papers.

That the Public School Board of the Town of Brampton be requested to present to this Council a detailed statement of the receipts and expenditure of the County

Model School in each and every year; said statement to be presented at the January or June Session of this Council.

Your committee is of opinion that the paper used for the Promotion Examinations in the Public Schools are too difficult, and we would recommend that the papers be made more suitable to the ability and attainments of the pupils.

The committee recommends that the accounts of the Great North-Western Telegraph Company, the *Banner* Office, *Conservator* Office, and the TIMES Office, be paid.

All of which is respectfully submitted.

Adopted. A. F. CAMPBELL, Chairman.

Council Chamber, November 23rd, 1883.

Messrs Kee, McLaren, Daly and Crawford.

All of which is respectfully submitted.

Adopted. A. F. CAMPBELL, Chairman.

Committee Room, 23rd January, 1883.

Report of W. R. Wright, Commissioner on County line between York and Peel.

To the Warden and Council of the County of Peel :—

Your commissioner begs leave to report, viz. :—

I have been called upon to meet J. D. Evans, Esq., commissioner for the County of York, at the crossing of the Etobicoke River, near Summerville.

We found that the north abutment of the bridge needed repair on account of the wall being partially washed away, which left it in a dangerous position for the spring freshets. We therefore decided to have the work done immediately, the commissioner for York agreeing to attend to the matter.

The whole cost of this work, including one-half toise of stone, amounts to the sum of $11.

I also found it necessary for the safety of the public traffic to have a guard constructed on the south side of the bridge, to extend the distance of one hundred feet from the bridge ; the whole cost of this work amounts to the sum of $16.45. I would therefore respectfully recommend that you authorize the payment of one-half of the entire cost of such work, the County of York agreeing to pay the other half.

All of which is respectfully submitted.

W. R. WRIGHT, Commissioner.

Report of M. W. Cook, County Director for C. V. R.

To the Warden and Council of the County of Peel :—

GENTLEMEN,

I beg to report that I have, as directed by you at the last meeting of this Council, called upon the Credit Valley Railway Company to fulfil the conditions of their bond to this County, so far as relates to the building of passenger stations at Churchville and Dixie, and have received from the General Manager, Mr. Ross, the assurance that these buildings will be erected, and the statement that he had ordered the work to be done.

I beg further to report that the said Railway Company have a bill before the Legislature of Ontario, (a copy of which accompanies this report) asking for powers of amalgamation and other alterations in their Act of Incorporation, by which

the privileges, interests and rights of the municipalities which gave bonuses to the said Company may be sacrificed unless the same be carefully guarded.

As a meeting of the Directors of the said Company is called for to-morrow, I would respectfully ask your immediate consideration of the bill above referred to.

All of which is respectfully submitted.

M. W. COOK,

Man. Dir. of C. V. R. for Co. of Peel.

January 23rd, 1883.

Report of Commissioners on County Property for 1882.

To the Warden and Council of the County of Peel :—

Your commissioners for the year just closed beg leave to report as follows, viz. :

That up to the meeting of the June Session your commissioners had nothing before them, except the several accounts for necessary supplies for the Gaol and Court House.

At the June Session the Council referred to them, to be dealt with as they thought best, the communication of His Honor, Judge Scott, and others, asking for the laying down of a new sidewalk in rear of the Court House, and some other improvements in closing in the wood yard from public view.

In carrying out the instructions of the Council, your Commissioners, after careful consideration, found it necessary to renew the sidewalk leading from South Wellington Street to the rear entrance to the Court House, and to further extend it until it joined the sidewalk leading to the water closet ; they also resolved to enclose the wood-yard from public view by erecting a close board fence from the east corner of the Court House to the gaol wall, and from the south-east corner of the Court House to the fence dividing the yard from the adjoining lot.

In order that the work might be done at the lowest possible cost, tenders were called for and the following received :—

1st. From E. A. York, offering to build the fence and sidewalk, finding all material, for the sum of 40 cents per running foot, which would have cost about $130.

2nd. From W. A. McCulla, to do the entire job, finding all material, for the sum of $100.

3rd. From Joseph Bramley, to find all material and complete the job for $75.

Your committee accepted the tender of Mr. Bramley and the work was done by

him, we believe, in a good and substantial manner; costing for extras, in the style of fastenings, $2.10, or $77.10 for the entire job.

The painting was also tendered for, the lowest tender (which was accepted) being $37.

Tenders were also received for the supply of coal needed during the present winter, and the coal purchased at lowest rates.

A schedule of accounts, which have been passed by your commissioners during the year, is hereto annexed for your inspection.

All of which is respectfully submitted.

Adopted. J. P. HUTTON, Chairman.

Committee Room, Brampton, 24th January, 1883.

Report from the Trustees of the Brampton High School

To the Council of the County of Peel :

I beg to enclose for the information of the County Council the report of the Headmaster of the Brampton High School in reference to the attendance and progress of the school for the past year ; and to congratulate the Council on the high standing and efficiency of the school, resulting largely from the enlightened and liberal support which has in past years been bestowed on the institutions of higher education in the County.

In accordance with the recommendation of the Committee on Education, adopted last January, the High School Board has imposed fees at the rate of $5 per year on all pupils in attendance ; and the income arising from this source has been found sufficient to provide for the payment of an additional master.

There are now four masters engaged, highly qualified in their respective departments, and the Board has the satisfaction of reporting the school more fully equipped for its important work than it has ever been in the past.

During the past year the amount for which the Board were obliged to ask the Town Council of Brampton to provide was $1298. Although the expense during the current year will be somewhat greater than last year, I think if your Council will extend to the school the same support which the wisdom of past years has afforded to it, the Board will be enabled to still further extend the efficiency and reputation of the school, while with a less liberal support they cannot hope to keep it up to its present satisfactory standing.

I would also beg to solicit a small grant at the present Session of the Council for prizes to be distributed at mid-summer examination, with a view to stimulate in an increased degree the energies of the pupils in their work.

I have the honor to be your obedient servant.

JAMES FLEMING,
Chairman H. S. Board.

Report of the Head Master of the Brampton High School, referred to in the above.

BRAMPTON, January 23rd, 1883.

To the Board of Trustees of High School :—

GENTLEMEN,

I beg to submit the following report regarding Brampton High School :—

Total attendance during the year 1882 was 163, distributed as follows :—Bramp-

ton, 83 ; Chinguacousy, 50 ; Albion, 3 ; Caledon, 5 ; Toronto, 6 ; Halton County, 11 ; York County, 2 ; Wellington County, 2 ; Victoria County, 1—Total, 163. Of these twenty-eight (28) passed the intermediate examination held in July last, three (3) obtaining the standing of grade A, fifteen (15) of grade B ; four (4) matriculated at the Toronto University. Of those who passed the intermediate examination twelve (12) attended the Model School during the past term, all of whom succeeded in passing the professional examination at the end of the term ; six in rate 2nd and six in rate 3rd.

The number of pupils at present on the roll is 124—52 of these are from the Town of Brampton, the rest from the neighboring townships and Counties. The staff enlarged by an additional teacher of the highest qualification is now sufficient to meet all the requirements of the school.

Yours respectfully,

ALEX. MURRAY, Head Master.

Report of Special Committee to whom was referred the Communications from the Councils of Oxford, Elgin, Grey, Simcoe and Huron, and the Ontario Rifle Association, Prisoners' Aid Association, and the President of the Credit Harbor Company.

To the Council of the Corporation of the County of Peel :—

Your committee ask leave to report as follows :—

1st. With reference to the communication from the County of Oxford, respecting joint stock Road Companies, your committee recommend the Council to comply with their request.

2nd. With reference to the communication from the County of Elgin, respecting appointing a bailiff or bailiffs to convey prisoners to the penitentiaries, your committee would recommend that a copy of their resolution be placed in the hands of the member for this County for presentation to the Dominion Government.

3rd. With reference to the communication from the County of Grey, your committee would recommend that the Council comply with their request.

4th. With reference to the communication from the County Council of Simcoe, asking this Council to memorialize the Dominion Government to pass an Act, introduced by Mr. McCarthy last Session for the appointment of a railway commission, your committee would recommend the hearty co-operation of this Council in the matter, believing such would be a protection against monopolies.

5th. Your committee have also considered the communication from the Council of Huron, asking this Council to petition the Dominion Legislature for a railway commission, your committee believe that in complying with the request of the County Council of Simcoe it will be for the same purpose, and not necessary to send two memorials to the same house.

6th. Your committee have considered the communication from Lieut.-Col. Otter, and cannot recommend the granting of any sum to the Ontario Rifle Association for prizes.

7th. Your committee have considered the communication from the Prisoners' Aid Association, and would recommend the granting of $25 to that institution.

8th. Your committee have considered the communication from Mr. Capreol, in reference to Port Credit harbor, and cannot recommend that any action should be taken thereon.

9th. Your committee would recommend the hearty co-operation of this Council with the County Council of Simcoe, in petitioning the Legislature of Ontario, requesting them to give local municipalities power to pass By-laws compelling Railway Companies to protect the public against dangerous crossings and bridges.

All of which is respectfully submitted.

Adopted. W. A. McCULLA, Chairman.

First Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the Corporation of the County of Peel :—

Your committee beg leave to report that they have had under their consideration the following communications and petitions :—

1st. A report of W. R. Wright, commissioner for the County line between the Townships of Toronto and Etobicoke, in reference to repairs on bridge, near Summerville, together with bill of costs for said work ; and in reference to the above your committee would recommend the payment of $17.73—one-half of the whole cost,—the County of York paying a like sum.

2nd. A certified account from Bryon Dowling, ex-Reeve of Bolton, a commissioner appointed by this Council for certain repairs on the Humber bridge in Bolton village, amounting to seventy-five dollars and ten cents ($75.10) ; your committee would recommend the payment of the same.

3rd. Also an account from the Registrar of Peel for seven dollars ($7) ; also an

account from Thomas Bryant for sundry repairs in the office of the Clerk of the Peace, amounting to eight dollars and forty-five cents ($8.45). Your committee would recommend payment of the above accounts.

4th. Also the report of the commissioners on County property, with a schedule of accounts, passed by them, annexed thereto, amounting to $433.98 in all. Your committee would recommend the payment of all the foregoing accounts on the order of the Warden.

All of which is respectfully submitted.

Account of A. Dick, printing and stationery for 1882, $26 18.

The County Clerk, for disbursements made by him, $2 98.

2nd. We have had before us three tenders for Meat and one for Bread, for the County Gaol for the current year, and would recommend the acceptance of the tender from William C. McKenna for meat at $5 70 per 100 pounds ; and from Andrew Hosie for bread at 3¼ cents per pound.

3rd. Your Committee beg to submit herewith a By-law providing for the borrowing of the several sums of money necessary to meet the current expenses.

4th. The Clerk and Treasurer report that, acting under instructions from the Council, they have purchased 36 cords of dry wood at $4 50 per cord, which we recommend the Treasurer be instructed to pay ; and as a further supply of wood must be secured for the present season, we would recommend the matter be left in the hands of the Commissioners on County Property.

5th. Your Committee also report :

(*a*) That they have had before them the Treasurer's four Quarterly Statements of Receipts and Payments of all Accounts except those for the Non-resident Land Taxes and the Public Schools.

(*b*) The Treasurer's statement of the Cash Assets and Liabilities of the County as they stood on the 31st December, 1882.

(*c*) The Treasurer's general statement of the Assets and Liabilities of the County at the close of the year 1882.

(*d*) The Treasurer's statement of the Non-resident Land Tax, showing the amount due to each Municipality at the close of the year.

(*e*) The Treasurer's statement of the Estimated Expenses of the Year 1883.

Your Committee further report that they have had before them the Auditors' Report, which they herewith submit.

All of which is respectfully snbmitted.

WILLIAM PORTER, Chairman.

First Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel :—

Your Committee on Education begs leave to submit the following report :

1st. That we have had before us two accounts—one from M. M. Elliott, Esq., Post-

master of Brampton, for postage account of the Public School Inspector; and one from A. Dick, for stationery supplied to the Public School Inspector, and for advertising of Model School of the County.

2nd. The annual report of the Chairman of the Brampton High School Board, with a report of the Head Master of the school annexed.

3rd. Your Committee recommends the payment of the account of M. M. Elliott amounting to $46; also payment of the account of A. Dick, amounting to $4.83.

4th. Your Committee is pleased to learn from the report of the Brampton High School Board, that the school is in a flourishing and prosperous condition, that the attendance is steadily increasing, that the employment of a fourth teacher has been attended with such satisfactory results, and that the levy of a small annual fee on each pupil in attendance has met the approval of all interested therein.

5th. Your Committee cannot recommend any sum as a grant to the High School Board for the purpose of purchasing prizes for the pupils at midsummer next.

6th. Your Committee recommend the re-appointments of J. P. Hutton, Esq., as a Trustee on the Brampton High School Board, and Alfred Ecclestone, Esq., on the Streetsville High School Board.

All of which is respectfully submitted.

Adopted. ALEX. F. CAMPBELL, Chairman.

Committee Room, Brampton, January 26th, 1883.

Report of County Commissioner for Toronto Township.

To the Warden and Council of the County of Peel:

Your Commissioner asks leave to report, as follows:

1st. I examined the Bridge over the river Etobicoke, on the Lake Shore Road, and found the west abutment cracked from bottom to top, and in my judgment I think it will have to be rebuilt before long, the north wing wall on the east side has fallen down, and I would recommend having it repaired immediately.

2nd. I, in company with the Warden, Engineer and Commissioner of York, examined the bridge over the river Etobicoke, on the 1st Line north of Dundas street, and found the south wing wall fallen down, and the west abutment in a dangerous condition; also the east abutment needs repairing.

We determined having the repairs made as soon as the water gets low. The probable cost will amount to about $60.

3rd. We examined the bridge over the Etobicoke, north of Dundas street, near Summerville, and found the west wing wall down, and other small repairs needed,

all of which we concluded to have done as soon as possible. The probable cost will be about $30.

All of which is respectfully submitted.

Report of Commissioners Re. Information as to County Bridges.

To the Warden and Council of the County of Peel:

GENTLEMEN,

Pursuant to directions given at the last meeting of your Council, with a view to obtain more complete information respecting County bridges, the several Commissioners in that behalf beg leave to report :—

1st. On the line between Toronto and Trafalgar there are three small bridges located as follows :—

1st. Opposite the 2nd con., south of Dundas Street, is one 15 feet in length on stone and mortar abutments, 6 feet high, with turning wing on the upper or western side.

2nd. Opposite the 1st con. south of Dundas Street, there is another, 14 feet in length, on stone abutments 8 feet high ; and

3rd. Opposite the 2nd concession north of Dundas Street, there is another, 14 feet in length, resting on wooden bents 5 feet high.

2nd. On the line between Toronto and Etobicoke there are three large bridges :

1st. On the Lake Shore road is one 174 feet long, resting on four wooden piers. Those at the ends being ten feet high and 8 feet wide, made of solid timber on the surface and filled with stone, while those in the stream are on frame bents 4 feet wide, faced with oak plank and filled with stone. On the upper side there is a stone wing wall, 20 feet long and 8 feet high ; on the Toronto Township side, and on the Etobicoke side, is a wall 5 feet high and of large bolders.

2nd. Near Dundas Street, in the 1st con. north, there is another, 97 feet long, 12 feet high, resting on a stone abutment at each end, and a frame pier in the centre ; the abutments on the Etobicoke side having a wing wall on the west 24 feet, and on the east side 8 feet, and those on the Toronto Township side having a wing wall on the east side six feet ; and

3rd. On the line between the 1st and 2nd con. north of Dundas street, there is another bridge, 65 feet long, 12 feet high, resting on stone abutments; that on the Etobicoke side having wing walls 20 feet and 16 feet respectively, and that on the Toronto Township side 24 feet and 10 feet respectively.

Within the Municipality of Streetsville the bridge over the Mullet Creek, between the 4th and 5th lines, west of the Streetsville road, is found to be in good repair, is constructed of timber, and 53 feet long, placed on stone abutments.

The bridge known as "Caslors Bridge," between the 3rd and 4th lines, is also in good repair, is constructed of timber 125 feet long, 12 feet high, and placed on two stone and one timber abutments.

There is also a bridge over a branch of the Credit, constructed of timber 39 feet long, 15 feet high, placed on stone abutments and in good repair.

In Toronto Gore it is found that a new bridge is required over the Mimico Creek, with a span of 35 to 40 feet. This is on the "Indian Line," lot 7.

No. 2 bridge is over "Finch Creek," lot 9, N. D. Span, 18 feet; height, —.

No. 3 bridge is on Town Line, between Toronto Gore and Albion con. Span, 14 feet; height, 5 feet.

No. 4 bridge is on Town Line of Gore and Albion, con. 11. Span, 16 feet; height, 4 feet.

No. 5 bridge is on Town Line of Gore and Albion, con. 10, over branch of the Humber. Span 23 feet; height, 6 feet.

No. 6 bridge is on Town Line with Albion, con. 10, over the Humber. Span 23 feet; height, 6 feet.

No. 7 bridge is on Town Line with Albion, con. 9. Span, 10 feet; height 5 feet.

No. 8 bridge is on Town Line of Gore and Albion, con. 8. Span, 8 feet; height, 6 feet.

No. 9 bridge is on Town Line of Gore and Albion, in con. 8. Span, 13 feet; height, 8 feet. There is a large volume of water at this point.

No 10 bridge is on Town Line of Gore and Albion, con. 8. Span, 9 feet; height, 4 feet.

No. 11 bridge is on Town Line of Gore and Albion, con. 7. Span, 20 feet; height, 6 feet.

No. 12 bridge is on Town Line of Gore with Chinguacousy, known as "Sargents Bridge." Span, 25 feet; height, 12 feet.

No. 13 bridge is on Town Line of Gore with Chinguacousy, known as "Stanleys Bridge." Span, 20 feet; height, 7 feet.

No. 14 bridge is on Town Line of Gore with Chinguacousy, known as "Woodels Bridge." Span, 15 feet; height, 6 feet.

No. 15 Bridge is on Town Line of Gore with Toronto Township, known as "Malton Bridge." Span, 24 feet; height, 6 feet.

On the Town Line of Chinguacousy with Esquesing, there is a bridge at lot 7 of 20 feet span and 6 feet high.

On the same Town Line, at lot 27, there is a bridge, known as "Stringers bridge," 120 feet span and 12 feet high.

On the Town Line of Toronto with Chinguacousy, in the 6th con. west, is a bridge, of 14 feet span and 4 feet high, in good condition.

On same Town Line, in the 5th con. west, is a bridge of 32 feet span and 8 feet high; fair condition.

At the Credit River, in the 3rd con. west, on same Town Line, a bridge of large dimensions, and costing probably some $1500, has been petitioned for, and may in the future be built.

On same Town Line, in the 1st con. west, there is a bridge of 32 feet span and 8 feet high; first class.

On same Town Line, in the 1st con. east, there is a bridge, known as "Forbes Bridge," of 42 feet span and 12 feet high; timber abutments, and condition barely safe.

On same Town Line, in the 4th con. east, there is a bridge of 20 feet span, 8 feet high, and stone abutments; condition not good.

In the Municipality of Caledon there are four County bridges, namely:—

1st. On the Town Line with Chinguacousy, in 2nd con. west, over the River Credit. This bridge has a span of 65 feet, height, 10 feet, and is placed on cedar abutments and a cedar pier in the centre.

2nd. On the Town Line with Erin, lot 11, there is a bridge over the Credit of some 60 feet span and 5 feet high. This bridge is very much out of repair and a new bridge must be built without delay at a probable cost of $——.

3rd. On the Town Line with Erin, at lot 26, there is a bridge of 20 feet span and four feet high.

4th. On the Town Line with Mono, there is a bridge, in the 6th con. east. Span 20 feet; height 7 feet.

The bridges of the Municipality of Albion are found to be as follows:—

ON THE TOWN LINE WITH KING.

No. 1—At lot 5; span, 14 feet; 8 feet high.

Report of Public School Inspector.

To the Warden and Council of the County of Peel :

GENTLEMEN :

I have the honor to report that during the year 1882 I visited once all the

Schools under my charge but one, and a number of them three times, making 213 visits in all.

Year by year I am happy to note a steady average improvement in our County Schools, chiefly, as I believe, owing to the employment of better qualified teachers. Of the ninety-six teachers employed in the County during 1882 only forty-three held certificates of the lowest, or third class, and as the average third class teacher of to-day is quite as well qualified as to both scholarship and professional training as the second-class teacher of a very few years ago, it is only to be expected that the average pupil show the results of his superior advantages. Perhaps the most tangible proof of this general improvement is to be seen in the fact that no less than seventy-four pupils passed the Entrance Examination to the High Schools in Brampton and Streetsville during the year, and though a goodly number of these reside in other counties, especially Halton, I believe that an equal, perhaps a greater, number of residents of the outlying portions of our own County passed the same examination in Orangeville, Weston and Oakville.

But while all this is very encouraging, we must by no means rest satisfied as though we "had attained, or were already perfect." I regret very much to see that in point of regularity of attendance of pupils our County ranks behind many others, though slightly above the average for the Province. Out of 6082 pupils enrolled in our County Schools during 1882 no less than 561 attended less than 20 days, and 1122 between 20 and 50 days. In other words fully one-fourth of the children who attended at all were so irregular as to derive almost no benefit from the school. Again, of children between the ages of 7 and 13 years, 1470 (or about one-third of the whole number enrolled) neglected to attend the minimum of 110 days required by law. The compulsory attendance clause in the Act is, therefore, a dead letter so far as we are concerned. It does seem to me that "Free Schools" logically imply "compulsory attendance," for if the education of children concerns their parents only why should the State compel those who are not parents to bear the expense of such education? But if the education of the people is absolutely essential to the prosperity, and even to the existence of a free self-governing nation; if intelligence always helps, and ignorance always retards the wheels of progress—then surely the nation not only has a right, but is bound to see that every child within her bounds grows up fitted, as far as possible, to take his place as a useful citizen. I am more and more persuaded that the principle of compulsory attendance is correct, although the machinery provided to enforce it is not only defective, but useless. The carrying out of the law is at present in the hands of the Trustees, who have very strong objections to acting the part of public prosecutors as against their neighbors, and it is only in the most extreme cases that they feel themselves compelled to move at all in the matter. I would suggest, as something more likely to prove effectual, that every head of a family should be assessed (say) $5 for each child between the ages of seven and thirteen, and should receive credit for (say) 5 cents for each day's attendance of such child (up to an aggregate of 100 days) as certified to by the Trustees and Teacher of the School. There would thus be no "fining" of careless parents, no hard feelings engendered between them and Trustees—the law would simply "take its course"—the parent who sent his children regularly for one half the year would have a "free school"; and provision could easily be made for cases of hardship arising from sickness, etc., so that none but the really careless should suffer. While on this subject I may mention that in 1881 the percentage of average attendance to total number attending school

throughout the Province was 42 ; the highest percentage (in Waterloo County) was 51 ; the lowest (in Districts of Algoma and Muskoka) 31, and the percentage in Peel 43.

The term of the County Model Schools was last year lengthened to three months, and the Board of Trustees for that time secured the services of Mr. L. Welch, a teacher of very considerable experience, and the holder of a first-class Provincial Certificate, who devoted his whole time to the training of the students, in which he was assisted by Miss Brown who gave lessons in Reading and Elocution. In some respects this arrangement was an excellent one, but a Principal undertaking such work with a staff of assistants with whom and with whose methods he is quite unacquainted, evidently labors under great disadvantages. The theory of the Principal will not always be enforced and illustrated by the practice of his assistants, and the students suffer. Still, this is perhaps the best arrangement that can be made under the present system of County Model Schools. It might be worthy of consideration whether instead of one Model School for each County open for three months, one for three or four Counties open during the whole year might not give far better results at no greater cost. At all events, be the cost great or small, everything that can be done should be done to secure good practical training for our young teachers at the beginning of their career. What they learn then seems to make a more lasting impression upon their after practice than does their later course at the "Normal."

The literary training of our Teachers is still mainly the work of our own County High Schools. The names of no less than eighty candidates for Intermediate and Teachers non-professional Certificates appear upon the lists which I have just forwarded to the Education Department. Of these, one writes at the first class examination, and twenty-two at the second.

With regard to school accommodation but little improvement was made in 1882. S. S. Nos. 13 and 18, Caledon, erected comfortable brick buildings, and Brampton and Streetsville each converted an old church into a new school house. The whitewashing and "general house-cleaning" of our school rooms is much neglected, principally owing to the difficulty often experienced by Trustees in getting any one to undertake the work at the right time. If the Township Council, or some other central authority, had power to contract for the cleaning, or at least the whitening of the walls and ceilings of all the School houses within the municipality, it would be better worth the while of a good workman to provide himself with the necessary apparatus to do the work well and cheaply.

At the close of the twelfth year of my labors as your Inspector, I must express my deep and sincere gratitude for the support and sympathy which I continue to receive in the discharge of my duties from yourselves, both as a Council and as individuals, from the Trustees and Teachers with whom I have official relations, and from the community at large, not forgetting the many good friends whose warm good-will and generous hospitality continued from year to year to make my visiting tours so much less a labor and so much more a pleasure.

All of which is respectfully submitted.

D. J. McKINNON, Inspector.

Report of County Commissioner for the Township of Chinguacousy.

To the Warden and Council of the County of Peel :—

Your Commissioner asks leave to report as follows:

That one abutment, and about ninety feet of the bridge over the river Credit, on the County line between Halton and Peel, was swept away by the spring freshet, and as it was necessary to have it rebuilt as soon as possible, and in conjunction with the Commissioner for the Township of Esquesing, the work was advertised and let to Mr. Cooper for the sum of $360, his tender being the lowest.

The above amount to be paid when the work is completed.

All of which is respectfully submitted.

ROBERT KEE, Commissioner.

June 5th, 1883.

—o—

Report of Commissioner on County Bridges for the Township of Albion.

To the Warden and Council of the County of Peel :—

Your Commissioner on County bridges for the Township of Albion begs leave to report as follows :—

That I have examined the bridges on the County line, between the Township of Albion, in the County of Peel, and the Township of Adjala, in the County of Simcoe, and find in all six bridges which I consider under the jurisdiction of the said Counties ; nearly all of which are in a bad state of repair.

These bridges will average from 15 feet to about 52 feet in width.

I would therefore recommend this Council to make a grant to place said bridges in a better state of repair, upon condition that the said grant be supplemented by a like sum by the Council of the County of Simcoe.

I would also further recommend a grant of a sum sufficient to repair, in conjuction with York, a bridge on the Town Line with King, the same having broken down.

All of which is respectfully submitted.

Brampton, 6th June, 1883. WM. CRAWFORD, Commissioner.

Second Report of the Standing Committee on Printing.

To the Warden and Council of the County of Peel :—

Your Committee on Printing ask leave to present their second report, as follows :

1st. They have had the following Accounts placed in their hands :—

From Copp, Clark & Co., for Jurors' Books	$13 25
" Hart & Company, for supplies	4 26
" Clougher Bros., Stationery for P. S. I.	56 05
" George Tye, Printing	33 75
" A. Dick, Printing, per contract	20 00

Your Committee have had tenders for printing from the TIMES and *Banner* Offices, and would recommend the acceptance of the tender of the TIMES Office for printing Minutes at $1 75 per page ;

And the tender from the *Banner* Office for publishing the Schedule of Convictions at $12 per quarter—these tenders being the lowest.

Your Committee would recommend the payment of the above accounts, they having been certified correct by the respective offices receiving the same.

All of which is respectfully submitted.

ROBERT KEE, Chairman.

Committee Room, June 6th, 1883.

(Adopted.)

—o—o—

Second Report of the Standing Committee on Finance.

To the Warden and Council of the County of Peel :—

Your committee beg leave to report that they have had before them the following accounts and communications :

Account of K. Chisholm & Co. for supplies furnished the County Gaol January 26, 1882, to March 1st, 1883	$19 40
Account of Wm. Franks for cutting 10 cords of wood and shovelling snow at the Registry Office	12 00
Account of M. M. Elliott, postage for Public School Inspector January 23rd to 4th June, 1883	12 21
Account of E. Martin for sharpening saws	90
Account of K. Chisholm & Co. for general supplies for Court House	14 50
Account of M. M. Elliott, Clerk's postage	4 75

All of which we recommend be paid.

We have had a communication from Mr. J. Modeland, Gaoler, asking an increase of salary. We do not feel at liberty to make any recommendation in the matter, but would refer it to the committee of the whole, with the request that Mr. Modeland be heard on the subject.

Your committee herewith submit a By-law providing for the raising of the several sums required for the payment of the expenses, debentures, interest, appropriations, and other liabilities of the County, for the current year.

Your committee also submit a By-law to empower the Warden and Treasurer of the County to borrow money for County purposes, not to exceed the sum of $3000.

Your committee have had a communication from Mr. Armour, asking the usual grant in aid of the County of Peel Agricultural Society.

We recommend that the sum of $300 be granted to said Society, and the sum of $50 each be granted the Agricultural Societies of Caledon and Albion.

All of which is respectfully submitted.

Committee Room, June 7th, 1883. WM. PORTER, Chairman.

Adopted.

The foregoing is the report as finally adopted.

Second Report of Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel :

1st. Your Committee beg leave to report that they have had before them the Report of Robert Kee, Commissioner for Chinguacousy, in reference to the Bridge that was carried away by the spring floods on the town line, Lot 27, between the townships of Chinguacousy and Esquesing;

Said Commissioner, in conjunction with a Commissioner from the County of Halton, having let the work of building a new bridge at a cost of three-hundred and sixty dollars ($360);

Your Committee would recommend the payment of half the above amount, $180, the County of Halton paying a like sum, and that the Commissioner give an order on the Treasurer for the same when the work is completed.

2nd. Also, a petition from George Wilson, and twenty-two others, in reference to a bridge on the Town line between Peel and the County of Wellington, which is in a bad state of repair.

We recommend that the matter be referred to the Commissioner of Caledon, Mr.

Atkinson, to have the repairs done, and that said Commissioner give an order on the Treasurer for half the cost of said work.

3rd. Also, a report from Joseph Featherstone, Commissioner for Toronto Township, regarding certain bridges on the Town line between Toronto Township and the Township of Etobicoke, said bridges being in a bad state of repair.

Your Committee would recommend the Commissioner in that behalf to have necessary repairs done so soon as the water lowers, and that he give his order on the Treasurer for payment of that portion of the expense payable by this County when the work is completed.

4th. We have also had under consideration a communication from the Mayor of the Town of Brampton, in reference to certain Bridges near the Court House. We recommend that no action be taken in the matter at present.

5th. Also, two accounts, one from W. A. McCulla for $5:99, and the other from Wm. Adams for $4 67—certified correct; and we would recommend that the Treasurer be hereby authorized to pay the same.

All of which is respectfully submitted.

Adopted, June 6th, 1883.

J. P. HUTTON, Chairman.

Report of the Headmaster of the Streetsville High School.

To the Warden and Council of the County of Peel :—

GENTLEMEN :

I have the honor to submit to you the following report of the High School :

The total number of attendance during the past year (1882) was 44—from the following localities :

Streetsville	18
Toronto Township	20
Trafalgar	4
Norwich	1
Chinguacousy	1
Total	44

six of whom passed the Intermediate and Third-class examination held in July

last ; two as Matriculants in Medicine—8 in all being successful.

The attendance during the present year has been very satisfactory—34 on the Roll—7 in preparation for the July examination.

There are prospects of a large increase for the coming half-year, over 30 applications for admission, in addition to several applications from Teachers and others for private tuition.

In conclusion, gentlemen, I may state that, owing to the many improvements made in and about the School, the very favorable prospects existing, it is the intention of the Teachers to put forth additional efforts to advance the efficiency of the school.

I have the honor, gentlemen,

To remain yours, respectfully,

(Signed),

J. A. TANNER,
Head Master.

Streetsville, June 7th, 1883.

Second Report of Education Committee.

To the Warden and Council of the County of Peel :

Your Committee on Education begs leave to report that we have had before us :

A Report showing disbursements in connection with the County Model School for the year 1882 and part of 1881 ;

The annual Report of Brampton High School for 1882 ;

The annual Report of Streetsville High School for 1882 ;

A statement from the Public School Board of Brampton, accompanied by a verbal explanation thereon by the Secretary-Treasurer of said Board, claiming arrears due the Board from the County on Model School account.

The annual Report of the Public School Inspector for his official year of 1882 ;

An account from the Public School Inspector's Office for $7.08, for Stationery, Printing, Postage, &c. ;

Your Committee recommends :

1st. The payment of the School Inspector's account, $7 08.

2nd. That the County Treasurer be further instructed that the special grant of $100 made by this Council in the January Session of 1882 (see page 44, Sec. 3,—Report of Education Committee) was, and is intended to be a permanent yearly grant over and above the amount payable under Statute for the maintenance of the County Model School permanently located in the Town of Brampton.

3rd. Your Committee is pleased to note the steady progress and largely increased attendance at both the High Schools of the County, and views with pride and satisfaction the interest manifested in these institutions of higher education by the

people of the province generally, and of the County of Peel in particular, resting assured that the former grants to these schools so liberally and cheerfully made by this Council for their support and advancement, have been judiciously expended by the respective Boards of Trustees, and that the action of the Council in this matter has been generally approved of by the ratepayers of this County.

Your Committee again recommends a special grant of $400 to the Brampton High School, and $200 to the Streetsville High School for the year 1883.

4th. Your Committee has not had time for a careful consideration of the extended report of the Public School Inspector for the year 1882, and since said contains certain opinions upon School matters of considerable importance to the community, and worthy the attention and thought of the public in general, we recommend that said report be printed in the Minutes of the Council.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman.

Council Chambers, Brampton, June 8th, 1883.

BY-LAWS.

BY-LAW No. 166,

A By-Law to Establish a Public Fair in the Village of Caledon East, in the County of Peel.

Whereas by Sub-section 10, of Section 465, of the Revised Statutes of Ontario, County Councils are empowered to establish Public Fairs for the sale, barter or exchange of articles of agricultural productions, on the petition of at least 50 ratepayers of the Municipality.

And whereas a petition signed by 50 electors of the Municipality of the Township of Caledon has been presented to this Council, praying to have a Public Fair established in the Village of Caledon East, in the said municipality of Caledon ;

Be it therefore enacted by the Council of the Coporation of the County of Peel and it is hereby enacted :

1st. That a Fair for the purpose of the sale, barter or exchange of Cattle, Horses, Sheep, Pigs, and articles of agricultural production or requirement, is hereby authorized and established at the said Village of Caledon East.

2nd. That such Fair shall be held on the second Friday in every alternate month.

Passed this 22nd day of November, 1882.

BY-LAW No. 170.

A By-Law to Authorize the Borrowing of a Sum of Money.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenses of the County until the taxes are collected.

And whereas Sec. 393 of the Municipal Act of Ontario, as now amended, grants to municipalities the power to borrow money for such purposes ;

Therefore the Council of the County of Peel hereby enacts that the Warden and Treasurer be and they are hereby authorized to borrow money from the Dominion Bank in Brampton, or from some other Bank, from time to time as they may deem necessary, for the aforesaid purpose, and not to exceed in the whole the sum of Three Thousand Dollars, and they are hereby authorized to execute a note or notes for the same under the Seal of the Corporation, drawn by the Warden and countersigned by the Treasurer, payable at such date or dates within the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such note or notes out of any money coming into his hands, and which has been levied and collected for County purposes.

Passed this 26th day of January, 1883.

D. KIRKWOOD, County Clerk.

BY-LAW No. 171.

To Assess the Rateable Property of the County of Peel for County Purposes for the Payment of a portion of the Salaries of the Inspector and Teachers of Public Schools, and for other purposes.

Whereas it is necessary to provide by a general assessment of all the rateable property of the County of Peel for the Year 1883 for the payment of a portion of the salaries of the Inspector and Teachers of the Public Schools of the County, and by a sectional assessment for the payment of Debentures and Interest due and payable during the current year, under By-laws Nos. 61 and 71.

Therefore the Corporation of the County of Peel, by its Council, enacts as follows :—

1st. That there be raised, levied and collected from all the rateable property of the County of Peel liable to be assessed during the current year, the sum of Ten Thousand Five-hundred Dollars ($10,500), for the payment of the Salaries of County Officers and Inspector of Public Schools, a portion of the expense of Criminal Justice, allowance to County Councillors, and other necessary and incidental expenses of the County.

2nd. Also by general assessment a sum equal to the Government grant, viz. $2,529, for the payment of the portion of the salaries of the qualified Teachers of Public Schools of the County.

3rd. The sum of $5,600 by sectional assessment to provide for the payment of debentures and interest becoming due and payable during the current year under By-law No. 61, which grants a sectional bonus to the Credit Valley Railway, the said sum of $5,600 to be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

4th. Also by sectional assessment the sum of $2,730, for the payment of debentures and interest becoming due and payable during the current year under By-law No. 71, which grants a bonus to the Hamilton and North Western Railway Company, the said sum of $2,730 be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

5th. That the whole of the aforesaid sums shall be collected and paid over to the Treasurer of the County, as per Schedule annexed, on or before the fourteenth day of December next.

Passed this 7th day of June, 1883.

BY-LAW NO. 172.

To Authorize the Borrowing of Money for County Purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenditure of this Corporation until such time as the taxes levied therefore can be collected.

And whereas power is given to municipalities by the Revised Statutes of Ontario, chap. 174, section 393, to authorize the borrowing of money for such purpose.

Therefore the Corporation of the County of Peel, by its Council, enacts that the Warden and Treasurer be, and they are hereby authorized to borrow from some chartered bank of Ontario for the aforesaid purpose, such sum or sums of money as they may think necessary, provided such sum or sums of money shall not exceed in the whole the sum of $3,000, and they, the said Warden and Treasurer, are hereby authorized to execute a note or notes, under the Seal of this Corporation, for such said sum or sums, payable at such date or date during the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such said note or notes out of any money levied and collected for County purposes, which may come into his hands, as they may from time to time fall due.

MEMORIALS.

To the Honorable the House of Commons of the Dominion of Canada:

The prayer of the Memoralists, the County Council of the County of Peel,

HUMBLY SHEWETH:

Whereas, in the opinion of your Memoralists, the several industries of the Dominion have received a careful consideration at the hands of your Government with a view to promote the welfare of the Country at large, and stimulate the production and growth of such articles as are suited to the conditions of climate and soil within the Dominion;

And whereas, in the opinion of this Council, a large portion of Canada is well adapted to the raising of Sheep and the production of Wool of a finer quality than is grown at the present time by farmers generally, and such wool as the demands of manufacturers of wollen cloths call for;

And whereas we are of the opinion that a duty levied upon the finer grades of imported wools would give a stimulus to agriculturists generally in the Dominion to engage more largely in the production of the finer wools;

Therefore, your Memoralists pray that your Honorable body will so amend the present tariff that a duty will be levied on fine wools imported into Canada.

And, as in duty bound, your petitioners humbly pray.

(Signed.)

J. P. HUTTON, Warden.

D. KIRKWOOD, Clerk.

Brampton, 24th November, 1882.

To the Honorable the Legislature of Ontario :

The following Memorial of the County Council of the County of Peel,

HUMBLY SHEWETH :

That whereas there is no provision in the Statutes of the Province of Ontario, under the power of which incorporated Villages may, when it is desired, re-unite with the surrounding adjoining municipality ;

And whereas, owing to decrease in population, or from other causes, some Villages in the province may wish to re-unite with the municipality or municipalities in which they are situated ;

Therefore your Memoralists humbly pray that your Honorable body will pass an Act to meet the requirements as set forth in this Memorial

And, as in duty bound, your petitioners will ever pray.

(Signed.)

J. P. HUTTON, Warden.

D. KIRKWOOD, County Clerk.

Brampton, 24th November, 1882.

———o———

To the Honorable the Legislature of the Province of Ontario :

The Petition of the Council of the County of Peel,

HUMBLY SHEWETH :

That whereas there have been several imperfect surveys of lines between Farm lands in this County at the early settlements, from some cause or other ;

Whereas also there have been several fences put up on those inaccurate serveys, as well as otherwise without much reference to any survey whatever, and have been so kept up during periods longer than ten years, whereby considerable lands are shut out and lost to their rightful owners in virtue of the *Real Property Limitation Act ;*

And whereas the possession of property obtained in this chance-way, without giving value for the same, is immoral in its influence (to say nothing of the unsightliness in many rural places of crooked line fences) ;

Therefore, your Petitioners hope that your Honorable body will make such enactment as will exempt all lines dividing lands in rural districts from the operation of the said *Real Properties' Limitation Act.*

And your petitioners, as in duty bound, will ever pray.

Signed, in behalf of the Council of Peel,

J. P. HUTTON, Warden.

D. KIRKWOOD, County Clerk.

To the Honorable the Legislative Assembly of Ontario:

The Memorial of the Council of the County of Peel,

HUMBLY SHEWETH :

That whereas much inconvenience and serious loss is often occasioned to both individuals and municipalities by the reckless manner in which appeals are often entered before the County Judge, in many instances where there seems to be no reason for such appeal;

And whereas the Appellant is only responsible to pay witness fees, and very rarely calls a witness, your pettitioners are of the opinion that if the appellant was made to pay all charges incurred by such appeal in every case he failed to establish, fewer bogus appeals would be placed before the Court.

Your petitioners would therefore pray your honorable body to so amend Subsection 3, Section 20 of the Voters' List Act, that the Appellant shall be liable for all costs incurred in each and every appeal he fails to sustain.

And we, in duty bound, your petitioners, will ever pray.

Signed in behalf of the County Council of the County of Peel.

D. KIRKWOOD, County Clerk.

Brampton, 24th November, 1882.

—o—

To the Honorable the Legislature of the Province of Ontario :

The Memorial of the Council of the County of Peel,

HUMBLY SHEWETH :

That whereas there is a Bill at present before your Honorable body, providing for the repeal of Section 349, Chap. 174, and Sub-sections 5, and *(a)* and *(b)* of Section 454, Chap. 174, Revised Statutes of Ontario ;

And whereas, in the opinion of your Memorialists, it is not expedient or desirable that the said Sections of the Municipal Act should be repealed, but that Section 349, Chap. 174, R. S. O. be amended.

Therefore, your Memorialists pray that Bill No. 58, "an Act to amend the Municipal Act" now before your Honorable House, do not pass.

And your Memorialists further desire that Sectiion 349, Chap. 174, R. S. O., be amended by making it the duty of the Municipal Council proposing to exempt, in whole or in part, any Manufacturing Company from taxes, to submit a By-Law for

the approval of the qualified ratepayers in conformity with the provisions of the Act in respect of By-laws for creating debts.

And, as in duty bound, your petitioners will ever pray.

To His Honor John Beverley Robinson, Lieutenant-Governor of the Province of Ontario :

The Memorial of the Corporation of the County Council of the County of Peel,

HUMBLY SHEWETH :

That on the many Railways running through the Province of Ontario there are a great number of dangerous crossings, owing to the large and continuous traffic passing over them.

That no sufficient provision exists at present on the Statute Book to enable Municipalities to compel Railway Companies to place the necessary safeguards at or over such dangerous crossings either in the shape of bridges, gates or otherwise.

Your petitioners therefore pray that your Honorable body may cause such arrangements to be made in the Municipal and Railway Acts as will give power to either County Council or Local Municipal Councils to compel Railway Companies to put gates, bridges or other protection at or over all important crossings running through their Municipalities, in cases where their traffic or travel shall warrant it, or provide by signal-men or otherwise, such fair and reasonable protection as the exigency of the case may require.

And your Memoralists, as in duty bound, will ever pray.

To the Legislative Assembly of the Province of Ontario in Parliament Assembled:

The petition of the Municipal Council of the Corporation of the County of Peel,

HUMBLY SHEWETH:

That in the opinion of your petitioners, it is necessary and desirable to so change Section 99, of Chapter 152 of the Revised Statutes of Ontario, entitled: "An Act respecting Joint Stock Companies for the Construction or Purchase of Roads or other Works," so as to make it compulsory upon the County Judge, within twenty days after receiving the requisition prescribed by said Statute, to direct some competent Engineer to examine into and report upon the state of any road so complained of as being out of repair.

Memorial in Re. Government Creameries.

To His Honor the Lieutenant Governor of the Province of Ontario, in Council;

The Memorial of the Council of the County of Peel,

HUMBLY SHEWETH:

1st. That the County of Peel, owing to its central location in the Province, is a desirable place for one of the proposed Government Creameries.

2nd. That the Railway facilities of our County are superior to that of any other n this section of the province, inasmuch as we have the services of the Great Western, the Grand Trunk, the North Western, the Credit Valley, and the Toronto, Grey and Bruce Railways ;

3rd. That the County being intersected by the rivers Credit, Etobicoke and Humber, and these being fed from springs on our mountain slopes, and on that account we have a large pasturage area of the natural grasses, from which only the best quality of butter can be produced.

4th. And that there are at the present time several herds of Jersey cows within he County ;

We therefore trust that you will be pleased to locate one of the proposed Creameries within the County,

And your petitioners, as in duty bound, will ever pray.

AUDITOR'S REPORT.

———:o:———

To the Warden and Council of the County of Peel :

GENTLEMEN,—Your Auditors beg leave to report that they have carefully examined the books and accounts of your County Treasurer for the year ending the 31st December, A. D., 1882, and have found properly authenticated vouchers, as well as authority for the payment of the various sums mentioned therein.

We find the balance in cash in the Treasurer's hands to be $11799 98, made up as follows:

Balance on Current Account		$ 8908 90
"	Public School Account	2711 46
"	Non-Resident Land Tax	179 62
		$11799 98

We have also examined Bank Books of Dominion Bank, and find balance deposited there.

All of which is respectfully submitted.

Report of Commissioner on County Bridges for the Township of Chinguacousy.

To the Warden and Council of the County of Peel:

Your Commissioner begs leave to report as follows:

That in conjunction with the Commissioner from the Township of Esquesing, we let the building of a new abutment and other necessary repairs on the Bridge over the river Credit on the County line between the Counties of Peel and Halton for the sum of $105, a detailed account of which is hereto attached.

One half of the said amount your Commissioner would recommend to be paid by this Council.

All of which is respectfuliy submitted.

ROBERT KEE, Commissioner.

Committee Room, Nov. 21st, 1883.

———:o:———

Report of Commissioners on County Bridge between the Townships of Chinguacousy and Toronto Gore.

To the Warden and Council of the County of Peel:—

Your Commissioners beg leave to report as follows:

That a serious accident having happened on the approach to a bridge on the 6th line, lot 16, between the Townships of Chinguacousy and Toronto Gore, some time in the month of November, 1882, your Commissioners found it imperative to have the said approach repaired to secure the safety of the travelling public;

After duly advertising the work, we let the same to Mr. John Jackson for the sum of one hundred and thirty dollars ($130), the work to consist of furnishing and setting a certain number of large new cedar posts, and resetting others found to be sound enough for that purpose; filling road bed to the width of 18 feet, a distance of 115 feet on the north side, and 48 feet on the south side, furnishing all new plank found necessary; to put a top plank and two line of plank on sides of guard

posts ; also four iron girders across road bed to support the guards. We have examined the work now completed, and found it done satisfactory, and would recommend that an order be given on the Treasurer in favor of Mr. John Jackson for the above-mentioned sum.

All of which is respectfully submitted.

WILLIAM PORTER,
ROBERT KEE, } Commissioners.

Council Chamber, 21st November, 1883.

Report of Commissioner for Township of Caledon.

To the Warden and Council of the County of Peel :—

Your Commissioner on Roads and Bridges for the Township of Caledon begs leave to report :

That in conjunction with Mr. Henderson, Reeve of East Garafraxa, we repaired a portion of the County Line, between the Counties of Peel and Dufferin, opposite 4th and 5th con. west, Caledon, by putting in three new culverts, covering a bridge and gravelling the same.

The above work was duly advertised and let to the lowest tender, by the yard, delivered on the road under a superintendent to tally and spread the gravel.

A detailed account is hereto attached.

GEORGE ATKINSON, Commissioner.

Committee Room, November 21st, 1883.

———o———

Report of Commissioner for Roads and Bridges for Toronto Township.

To the Warden and Council of the County of Peel :—

Your Commissioner begs leave to report as follows :

I let the work of repairing the bridge and abutment over the Etobicoke river near

Summersville to Thomas Johnston for the sum of $30;

Also to the same contractor repairs to the bridge over the river Etobicoke, 1st con. north Dundas Street, and railing on embankment approaching bridge, for the sum of $44—all of which has been completed; and I would rrecommend payment of one half of the above amounts, the County of York paying the other half.

Annexed is a Bill of lumber from John Graydon, of Streetsville, for the above work, amounting to $15.61.

All of which is respectfully submitted.

JOSEPH FEATHERSTONE, Commissioner, Toronto Township.

Credit, 20th November, 1883.

———o———

Report of William Crawford, Commissioner for the Township of Albion.

To the Warden and Council of the County of Peel:—

I beg to report that since the last meeting of this Council I found it necessary to have four bridges built on the Town Line between Adjala and Albion.

The first on the third concession, the second on the ninth concession, third eleventh concession, fourth second concession—all of which have been built with cedar cribs filled with stone;

Also repairs on the sixth concession, all of which amounts to $300, as follows:

First,	3rd concession, cost		$80 00
Second,	9th	" "	79 00
Third,	11th	" "	66 00
Fourth,	2nd	" "	65 00
Repairs,	1, 6th	" "	10 00
			$300 00

And I would respectfully recommend that you authorize the payment of one half of the cost of such work, the other half being supplemented by the County of Simcoe.

I have also found it necessary to repair one bridge between King and Albion, at a cost of $18, and would recommend the payment of one half of the above, the like amount being paid by the County of York.

All of which is respectfully submitted.

WILLIAM CRAWFORD, Commissioner for Albion.

Committee Room, November 21st, 1883.

Report of Special Committee on the Revision of Rules and Regulations.

To the Warden and Council of the County of Peel :—

Your Committee, to whom was referred the work of revising the standing rules and regulations of this Council, beg leave to report as follows :

That rule 1 be amended by striking out the words, "10 o'clock," in the second line, and inserting instead thereof the following, "the time appointed."

That the second section of rule No. 5 be amended by placing a period mark after the word Council, where it first appears in the third line, and that the word "and" after Council be left out.

That in rule No. 6 all the words after "by," in the last line, be struck out, and the following be inserted instead thereof—"sec. 225, vic. 46, cap. 18."

That the following clause be added to clause No. 8 :—"And when objection is taken to the ruling of the Warden or Chairman, members may discuss the point of order before the vote is taken."

That the following clause be added after rule No. 9 :—"If the Warden or Chairman desires to leave the chair for the purpose of taking part in the debate or otherwise, he shall appoint one of the members of the Council to fill his place until he resumes the chair."

That the words in rule No. 17 after "speech" in last line be struck out entirely.

That in rule No. 19, the words "so far as may be applicable" in the second line be struck out and that the following clause shall be added :—"And that requiring that motions shall be written and seconded."

That in rule 23 the words "and reports" be inserted after the word "Bills" in the second line.

That in rule 32 the words "appointment or" in first line be struck out and the words "or for the introduction of any charge against an officer of the County" be inserted after the word "office" in the second line, and that the words "or for the introduction of any new matter" in the third and fourth lines be struck out.

That in rule 35 after the word "report" in second line, the words "and the bill has been read a third time" be inserted.

That to rule 40 the following shall be added :—"And that no petition or accouut shall be received by this Council after the second day of each meeting, unless it shall arise out of any matter before the Council."

That in rule 42 the words "except deciding questions of order" in the fourth and fifth lines be struck out.

That to rule 43 there shall be added "on a motion in Committee of the whole to rise being put and carried, the subject referred to the Committee shall be considered as disposed of in the negative.

That rule 36 be amended by striking out the words "shall be on different days" and inserting the words "may be on the same day," and that all the words after "unless" be struck out and the following inserted instead thereof—"objected to by three or more members present."

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman of Committee.

Committee Room, Council Chamber, November 20th, 1883. (Adopted.)

Third Report of the Standing Committee on Printing.

To the Warden and Council of the County of Peel :

Your Committee beg leave to report as follows :

We have had placed before us the following Accounts :

Account of Geo. Tye, for printing, amounting to		$92 80
" A. Dick, " " "		54 18
" A. F. Campbell, " " "		43 75

Your Committee would recommend the payment of the above accounts, they having been certified by the County Clerk and Public School Inspector.

All of which is respectfully submitted.

ROBERT KEE, Chairman.

Committee Room, 21st November, 1883.

(Adopted.)

Third Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel :

Your Committee beg to report that they have had before them the following Bills and Accounts :

1st. Sheriff Broddy, for necessary papers *re.* discharge of Sarah Mitchell committed to the Gaol as insane, $7 65.

2nd. Dr. Heggie, for examination of Sarah Mitchell confined in Gaol as insane, $4.

3rd. Dr. Moore, for examination of Sarah Mitchell confined in Gaol as insane, $4.

4th. James Hurst, for extra cleaning of the Court House after the late Trustees and Teachers Convention $6 00.

5th. D. J. McKinnon, P. S. Inspector, stationery and postage from June 5th to November 8th, 1883. $16.

6th. D. Kirkwood, County Clerk, postage account, $10 25.

7th. T. W. Duggan, for Gaol supplies furnished October 17th, 1883, $5.

8th. William Hurst, Gaol supplies furnished between October 31st, 1882, and July 20th, 1883, $15 80.

9th. Wm. Hurst, Gaol supplies furnished October 31st, 1883, $1 10.

10th. K. Chisholm & Co., supplies for Court House, including Window Blinds, &c., from 10th of April to October 11th, 1883, $21.

11th. K. Chisholm & Co., Gaol supplies from June 26th to Oct. 15th, 1883, $6 68.

Your Committee recommend payment of the above accounts numbered one to eleven, inclusive.

We have also had before us the following Tenders for Wood supplies :

1st. From A. Giffin, 10 cords green hardwood at $4 95 per cord.

2nd. From George Green, 30 cords green hardwood at $4 40 per cord.

3rd. From W. J. Might, 10 cords each of dry and green hardwood at $5 25 per cord.

4th. From Joseph Kee, 10 cords green hardwood at $5 50 per cord.

5th. From Henry Russell, 40 cords of dry and 10 cords of greenwood at $5 50 per cord.

Your Committee find that tenders for Wood will be barely sufficient to supply the wants of the present year ; the prices asked in some cases are rather high ; yet we think it prudent to recommend the acceptance of all the tenders offered numbering one to five inclusive.

All of which is respectfully submitted.

WILLIAM PORTER, Chairman.

Committee Room, November 22nd, 1883.

1st. Joseph Featherstone, Toronto Township ; Robert Kee, Chinguacousy ; Wm. Porter, Toronto Gore ; Geo. Atkinson, Caledon ; Wm. Crawford, Albion.

And your Committee would recommend the payment of the bills annexed to the several reports, namely :—

To Mr. Crawford $159 ; to Joseph Featherstone $44.80 ; to Wm. Porter $130 ; to Robt. Kee $52.50, being the expenditure on behalf of this County on the several County lines.

2nd. Also to the said Commissioners for fees, as follows :—

To Jos. Featherstone $10 ; to R. Kee $15 ; to Wm. Porter $9 ; to Geo. Atkinson $12 ; to Wm. Crawford $15 ; Alex. McCort $6 ; Geo. Atkinson for posters $1—total $68.

Your Committee would recommend the payment of all the above-mentioned sums on the order of the several Commissioners.

3rd. Your Committee have examined the Gaol and found it in a clean and order-

ly condition, there being but two prisoners confined therein, which speaks favorably for the morals of the people of the County.

The gaoler drew our attention to the outside steps to the back of the Goal which is greatly in need of repair; and likewise to some defects in the bath room, which requires immediate attention.

All of which is respectfully submitted.

Adopted. J. P. HUTTON, Chairman.

Committee Room, 22nd November, 1883.

Third Report of Education Committee.

To the Warden and Council of the County of Peel :

Your Committee having considered the subject-matter contained in the communication of the Public School Inspector, beg leave to report as follows :

That for the greater convenience of the Public School pupils, residents of the northern part of the County, High School Entrance Examinations be held regularly in the Village of Bolton in Albion Township, and in the Village of Charleston in the Township of Caledon.

That in order to secure a more equalized representation from all parts of the County, we recommend the following-named gentlemen to be added to the Committee on "Text Books" appointed by the Trustees and Teachers Convention held in Brampton on Friday, 9th inst., viz :—the Rev. A. McFaul, of Caledon, Dr. Nattras of the Gore, J. H. Lawrence, Humber, W. Alderson, Stanley Mills, James White Teacher, Edmonton, A. B. Ferrier, Teacher, Cheltenham, R. Cowling, Teacher, Malton, and Thomas Hassard, Teacher, said additional representatives to have and enjoy all the rights and privileges held by the other members of the Committee ; that the travelllng expenses of each and every member of said Text Book committee for attendance at any meeting of the committee be paid by this Council.

That a deputation consisting of the Warden, the Public School Inspector, and the Chairman of the Education Committee, be and are hereby appointed to confer with the Hon. the Minister of Education for Ontario, and to advise that in the opinion of this Council where two or more series of Text Books are authorized for use in the Public Schools of Ontario, the selection of a uniform series for a County be left with the Education Committee of the County Council, the Executive Committee of the Teachers Association, and the Public School Inspector of the County.

All of which is respectfully submitted.

Report from the Head Master of Streetsville High School.

To the Warden and Council of the County of Peel:—

GENTLEMEN,

I have much pleasure in being able submit the following report of Streetsville High School:—

The total number of pupils on the Roll for the last half of 1883 was 23, several of whom came from the adjoining Townships of Toronto, Trafalgar and Chinguacousy, all of whom were in regular attendance.

The seven pupils spoken of in report for last half year as being in preparation for July examination were successful in passing the intermediate and third class examinations. None of these candidates were elegible to write on second class papers, under late regulations; one of the number matriculated at Toronto University: four of them are still pursuing their studies in the upper form of the School, and two are teaching.

I am happy to be able to report that the school is growing rapidly and a healthy spirit of work exists among the pupils. There are now fourteen pupils reading for second class certificates in July next, being double the number of last year.

There is also a University class of two young men who have already read most of the work for matriculation in Toronto University, all of which has been done since the date of our last report.

The present number on the roll is 33, all of whom are in regular attendance.

In conclusion I may say that there is every prospect of substantial growth in this school; the Board have engaged an assistant holding a first class Normal certificate, and a gentleman of several years' experience, so that there are no subjects in the High School course in which the pupils will not have the advantage of a thorough, careful and efficient training.

I am, Gentlemen,

Yours respectfully,

A. B. COOKE, Head Master.

Report of the Head Master of the Brampton High School.

I beg to submit the following report relating to Brampton High School for the year 1883:—

The total attendance for the year is 163, distributed as follows:—Brampton 82; Chinguacousy 54; Albion 1; Caledon 4; Toronto 5; Halton County 11; Wellington County 2; Victoria County 1; York County 2; Toledo, U. S. 1. Of these 46 passed the intermediate examination in July last, 11 having obtained second class non-professional certificates, 20 third class, 15 intermediate. Sixteen of the above attended the Model School, and all succeeded in obtaining professional certificates, and most of them are now engaged as teachers in this and neighboring counties; 2 have proceeded to pursue their studies at the University; 1 obtained honors in mathematics at the matriculation in University of Toronto last July.

The present attendance is now larger than it has ever been; 132 pupils have entered this year, and there is reason to expect a considerable addition to this number.

I have to congratulate the Board on having retained a staff of teachers all of whom are graduates and most of these graduates of the highest standing in their universities and of long experience in teaching. With such a staff the usefulness of Brampton High School will doubtless be maintained and extended in the future.

I must not omit to mention other two facts of interest and importance; first, the introduction of calesthenics for the girls and drill for the boys; and secondly, the formation of the neucles of a school library; the calesthenics and drill have been managed by one of our teachers, Mr. Patterson, and in a most efficient manner. It is greatly to be regretted that owing to the want of a shed instruction in these departments must be suspended during the winter months.

For the purchase of a Library $42 have been obtained entirely by the efforts of

the teachers and pupils themselves. It is to be hoped that the exertions of the pupils in this direction will be supplemented by the friends of education in this town and vicinity.

I am,

Yours respectfully,

ALEX. MURRAY, Head Master.

Report of the Commissioner on County Bridges for Toronto Township.

To the Warden and Council of the County of Peel :

GENTLEMEN :—Your Commissioner asks leave to report as follows :

As my report of last June Session set forth the necessity of having certain repairs made on the approaches to the Bridge over the river Etobicoke on the Lake Shore Road in Toronto Township, said report being adopted.

I, afterwards, in company with John T. Stokes, Engineer for the County of York, let the work, which was completed accordingly, costing the sum of $13 75, and would recommend that one-half the amount be paid the Engineer of York.

All of which is respectfully submitted.

JOSEPH FEATHERSTONE, Commissioner.

Credit, 22nd January, 1884.

Report of Commissioner on County Bridges for Caledon.

To the Warden and Council of the County of Peel :

Your Commissioner for the Township of Caledon begs leave to report as follows :

That in conjunction with Mr. Burt, Reeve of the Township of Erin, who was commissioner on behalf of the County of Wellington, we examined the Bridge referred to in the petition of George Wilson and others, and found it in a bad state of repair. We found the bridge to be 103 feet long, and in consulting the ratepayers we concluded that a much shorter bridge would answer the purpose, and in future be less expensive to keep in repair. We, therefore, advertised and sold the construction of a bridge of two span, each 18 feet, resting on three abutments, 6 feet

wide and 15 feet long, filled with stone, the ends built with cedar cribs 16 x 16, and filled with gravel. We raised the bridge three feet higher than the old one in order to give plenty of vent in time of freshets, the spans to have five string beams each, the covering sound sawn cedar six inches thick and 15 feet long, well trussed up in the centre; the approach at the north end for 100 feet, and at the south end for nearly an equal distance, protected with a rustic railing.

Owing to the distance that your Commissioner, as well as that for Wellington, lived from the work we thought it advisable to appoint Mr. McLaren (who lives much nearer) as Inspector of work in order that it would be properly done. The whole is now completed to the entire satisfaction of Inspector and the Commissioners for the sum of $370, and for clearing an obstruction from the course of the river, $2—total $372.

Mr. McLaren's fees amounted to $20, of which the County of Wellington has paid one-half, and I would therefore recommend the Council of Peel to pay the other $10.

Your Commissioner spent seven days, traveling eleven miles to and from the work, for which I charge five days at $3 per day, as authorized by Council. I have drawn on the Treasurer for one-half the cost of the bridge, $186.

All of which is respectfully submitted.

GEORGE ATKINSON, Commissioner.

Caledon, January 11th, 1884.

Report of Special Committee to wait on the Hon. the Minister of Education re. Authorized Readers.

To the Warden and Council of the County of Peel:—

The Committee appointed to wait upon the Honorable the Minister of Education and urge upon his attention the inconvenience which in your opinion seemed likely to result from the use of more than one set of readers in the public schools of the same county, beg leave to report as follows:—

1st. That owing to the lateness of the morning train on the G. T. R. the Chairman of your Education Committee was unable to be present at the time appointed by the Minister for the interview.

2nd. That in reply to the representations of your Committee the Minister stated that he was aware of the fact that a feeling in favor of uniformity in the use of school readers prevailed very generally throughout the Province, and that he was then considering the best means to secure that end as far as possible under the circumstances.

3rd. The Minister also stated that an expression of opinion on the part of County Councils with regard to the working of the school law and regulations in that and

other respects would be of very great service to him in the discharge of his official duties, and that he would be glad to receive any further suggestions which your honorable body might see fit to lay before him.

All of which is respectfully submitted.

M. W. COOK, Chairman.

Committee Room, County Buildings, 24th January, 1884.

Report of Commissioners on County Property.

To the Warden and Council of the County of Peel :

Your Commissioners for the Year 1883 beg to report as follows :

Your Commissioners have passed the Accounts for the usual supplies for the Goal and Court House, a Schedule of which is hereto annexed.

We found it necessary to have new steps erected at the back door of the Gaol, a bill for which was presented at $18 75, but was not ordered paid on account of want of items.

The main sewer from the Gaol and yard was opened up and relaid during the summer by prison labor, and is now in good repair ; we would recommend an additional screen, or trap, at the entrance to this sewer in the gaol yard to prevent chips and other refuse matter of the yard from being washed in by rains.

Owing to a leakage in the Bath-room in the east basement of the Gaol we had the old bath removed with a view to replacing it with a new one. This removal disclosed defects in plumbing, dislocation of and opening in the waste pipes leading from the baths, and the consequent decay of timber and flooring, and collection of foul and offensive matter which months, or perhaps years' leakage might be expected to produce—the work of repair is therefore greater than anticipated, and is now being done.

Our attention was called, late in the summer, to the fact that the mortar had been washed from the coping of the Gaol wall and extending down in some places several feet on each side. We at once asked for tenders for these necessary repairs, but were unable to secure the services of mechanics until it was so late in the fall that we deemed it prudent not to have the work done until spring.

We have had the remnants of front fence, where they crossed the stream in front of the Court House, removed without expense to the County.

Your Commissioners have found it necessary to order repairs in and furniture for the Judge's Chambers in the Court House. the old furniture being in part unsuitable and deficient.

We would recommend that temporary partitions be erected enclosing the stair-

ways in the Court House as a means of utilizing more fully the wood consumed on the lower flat.

Your Commissioners would further recommend that the Clerk be authorized to purchase 20 cords more of green wood for the use of the Court House and Goal as a sufficient supply has not been received by tender, provided the same can be secured at not more than $5.25 per cord.

We would ask your honorable body to urge upon the proper authorities to have all accounts which are to come before the Commissioners presented to them at their first meeting after such accounts are contracted.

All of which is respectfully submitted.

Adopted.

M. W. COOK, Chairman.

Committee Room, January 22nd, 1884.

First Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the Corporation of the County of Peel:

GENTLEMEN:

1st. Your Committee beg leave to report that we have had under consideration a report of George Atkinson, ex-Deputy-Reeve of Caledon, in reference to a bridge

on the Town Line between the Townships of Caledon and Erin, and recommend payment to Alexander McLaren, Reeve of Caledon, the sum of $10 for services as inspector of the above work, the County of Wellington having paid a like sum ; we also recommend the payment of $15 to George Atkinson for services and travelling expenses as Commissioner in connection with the above work.

2nd. Your Committee recommend the payment of Six Dollars and Eighty-seven-and-a-half cents ($6 87½) to the order of John Stokes, County Engineer of York Roads, this amount being one half the cost of repairing the approaches to the bridge crossing the Etobicoke on the Lake Shore Road—per report of J. Featherstone, Esq., Deputy-Reeve of Toronto Township.

3rd. Your Committee have examined an account from William Miller for material and labor for steps and platform at Gaol, amounting to $18 75, which we recommend to be paid.

4th. Your Committee recommend that the following named gentlemen be appointed Commissioners on County Property, viz :—Messrs the Warden, Campbell, and Kee.

All of which is respectfully submitted.

W. A. McCULLA, Chairman

Committee Room, 24th January, 1884. (Adopted.)

First Report of the Standing Committee on Equalization of Assessment.

To the Warden and Council of the County of Peel :—

1st. Your Committee have examined the Assessment Rolls of the several Municipalities of the County and find them generally correct.

2nd. Your Committee have prepared a Schedule, hereto annexed, in which is set out the assessed value of each Municipality, and also the relative equalized value of the same, as so equalized by your committee.

3rd. Your Committee would recommend the adoption of the equalized assessment adopted by By-law No. 71 for the several Municipalities, portions of which are liable to assessment for the Bonus debt of the Hamilton and North Western Railway Company.

4th. Your Committee recommend also that the equalized assessment adopted by By-law No. 61 for the several Municipalities, portions of which are liable to assessment for the Bonus debt of the Credit Valley Railway Company, be adopted.

All of which is respectfully submitted.

First Report of Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee beg to report:

1st. We received two tenders for beef and one for bread for the Gaol for the year 1884, and would recommend that the tenders of Mr. McKenna for beef at $6 per hundred pounds; and Andrew Hosie for bread at 3¼ cents per pound be accepted, they being the lowest.

2nd. We recommend the payment of the following Accounts:

To Lewis Bright, for repairs to stove in Gaol	$ 50
" D. Kirkwood, for cartage, express, telegrams and travelling expenses	2 75
" M. M. Elliott, P. M., Box rent for County Clerk for 1884	1 50
" M. M. Elliott, P. M., Box rent for Public School Inspector for 1884, and postage since December 12th, 1883	10 50
" C. Stork & Son, Gaol supplies ordered by Gaol Surgeon, Dr. Heggie	8 60
	$23 85

3rd. The account of H. Burnett for $9 for a half dozen chairs, and the account of Treadgold and Doxsee for $6 for office chair for the Clerk of the Peace were before us, but we cannot ask payment of the same as the purchase was not authorized.

4th. The correspondence of Geo. Green relative to his contract to furnish wood has been before us, in this matter we would advise that the Clerk be instructed to inform Mr. Green that we shall expect him to complete his contract and depend upon his doing so.

5th. The petition of Joshua Modeland, Gaoler, asking an increase in his salary and that of Mrs. Modeland, Matron, accompanied by a communication from W. T. O'Reily, Inspector of Prisons and Public Charities for Ontario, has received our careful consideration. We do not feel at liberty to recommend any increase to the salary of the Gaoler, but finding that the salary of the Matron is lower than that paid to Matrons in other Gaols which may fairly be compared with ours, and in consideration of the fact that many of the females confined in the Gaol here are either lunatics or persons of at least weak minds, of whom the Matron has the entire charge, we do recommend that the annual salary of the Matron be raised to $200.

6th. We would recommend that the Commissioners on County Property for 1884 be instructed to ascertain if a better and more economical way of heating the County Buildings can be secured, and report to this Council at its next meeting.

7th. We think it desirable that an inventory of all the furniture and other chattle property belonging to this County, whether situated in the Court House, Gaol, Registry office or other place, showing the kind, condition, value and location, and would therefore ask that the County Clerk be instructed to prepare such an inventory and file the same in his office for reference.

8th. We would also recommend that all accounts which are presented to the Finance Committee and are held over for want of vouchers or explanations, or for other reasons be withheld until the next meeting of the said Committee, and not paid by the Commissioners of County Property, and that no accounts be paid un-

less passed by the Commissioners of County Property, or by this Council through one of its Standing Committees, except that payments on accounts of authorized contracts may be made on the certificate of the proper County official.

9th. Your Committee beg herewith to submit a by-law providing for the several sums of money necessary to meet the current expenses.

10th. Your Committee would further report that they have had before them

(a). The Treasurer's four quarterly statements of receipts and payments of all accounts except those of the Public Schools.

(b). The Treasurer's statement of cash assets and liabilities of the County on Dec. 31st, 1883.

(c). The Treasurer's genèral statement of the assets and liabilities of the County at the close of the year 1883.

(d). The Treasurer's statement of the non-resident land tax, showing the amount due to the several Municipalities at the close of 1883.

(e). The Treasurer's abstract of the total receipts and expenditure of the year 1883.

(f). The Treasurer's estimate of expenses for the year 1884.

11th. The accompanying Auditors' report reveals the fact that during the year 1883 there was a largely increased expenditure on account of printing, contingencies, and roads and bridges, to which your Committee would respectfully invite your careful consideration.

12th. Your Committee would further recommend that Section 9 of Chapter 4 of the revised by-laws of this County be amended by adding to the said section the words as set forth in an accompanying bill entitled a bill to amend chapter No. 4 of the revised by-laws of the County of Peel.

All of which is respectfully submitted.

Report of Select Committee Re. Dog Tax Law.

To the Warden and Council of the County of Peel :—

Your Special Committee appointed to prepare a memorial to the Legislature, praying for the amendment of the law imposing a tax on dogs, and the disposition of the same, beg to report they have prepared a memorial relative thereto which is herewith submitted.

Adopted. GEORGE SAVAGE, Chairman.

Committee Room, January 25th, 1884.

First Report of Education Committee.

To the Warden and Council of the County of Peel :

Your Committee ask leave to report as follows :

That we have before us the following named accounts :

Office expenses of the Public School Inspector, (express charges and telegrams) $10.64.

A. B. Cook, Head Master of Streetsville High School, for acting as assistant to Public School Inspector during High School entrance examinations at Streetsville in December, 1883, and for Stationery &c at said examination, $7.50.

Clougher Bros., Stationery for Public School Inspector's Office and for Board of Examiners, $41.85.

Dr. Nattrass, for mileage and services as one of the Board of Examiners *Re.* Streetsville High School Entrance Examinations, December, 1883, $32.30.

All of the above specified accounts having been certified we would recommend payment of the same.

We have also had before us a detailed statement of the receipts and expenditure of the County Model School.

In respect to this your Committee would recommend that the Brampton Public School Board be requested to present annually a detailed statement of receipts and expenditures of said County Model School, showing the amount disbursed as ordinary expenses, and that property chargeable to capital account.

That we have had before us the annual reports of the Brampton and Streetsville High Schools, and are pleased to note the evidence of progress in both these institutions.

That the subject of special grants be left over as customary until the June session of this Council.

That Dr. Heggie be re-appointed Trustee for Brampton High School, and that Samuel Pearson, Esq., be re-appointed Trustee for Streetsville High School.

That the Public School Inspector's account of $50 for entrance examinations held at Brampton in December, 1883 ; and the Rev. A. McFaul's account of $7.50 for entrance examinations at Charleston, December, 1883 ; and the Rev. P. Nichol's account of $7.50 for entrance examinations at Bolton in December, 1883, be paid.

Your Committee would also recommend that a memorial be presented to the Hon. the Minister of Education, praying for amendments to the school law in the following particulars :

1st. That the several clauses in the memorial from this Council dated 30th January, 1880, be re-affirmed with the following exceptions and amendments :

(a). That section 3 of the said memorial be amended by striking out the word "required," and inserting instead thereof the word "empowered."

(b). That section 5 be struck out.

(c). That in section 6 after the words "swear witnesses," in certain cases be inserted the words "the same power to compel the attendance of witnesses that are at present possessed by Justices of the Peace should be conferred upon Inspectors."

(d). That in section 7 the word "High" be struck out.

2nd. That all departmental examinations, except that for entrance to the High Schools, should be made self-sustaining by the imposition of fees.

3rd. That while County uniformity in the use of school readers appears almost essential, Provincial uniformity would be still more desirable.

That the Chairman of this Committee and the Public School Inspector be requested to draw up a memorial in accordance with this report, and have the same engrossed by the County Clerk, signed by the Warden, and the Corporate seal attached thereto; also that such be sent to the Honorable the Minister of Education, and copies thereof printed and sent to other Municipalities with a request for their co-operation.

All of which is respectfully submitted.

Adopted. A. F. CAMPBELL, Chairman.

Committee Room, January 25th, 1884.

Report of Special Committee on Communications.

To the Warden and Council of the County of Peel:—

Your Special Committee appointed to consider the several By-Communications sent to your Council, ask leave to report:

1st. As to the communication of the President of the Woman's Suffrage Association, your Committee are of opinion that unmarried women having the property qualification of men who are electors, should be vested with the privilege of the franchise inasmuch as it is a principle of the British constitution that they who pay the taxes should have a voice in their expenditure. In furtherance of this object your Committee submit a blank memorial (hereto annexed) to the Legislature of Ontario.

2nd. As to the communication of Pratt & Tracy, offering a "Councillor's Hand Book," your Committee do not recommend action on the part of your Council.

3rd. As to the communication from the County of Simcoe, inviting co-operation against the railway monopoly of the Dominion, your Committee, in view of the continually advancing freight charges imposed, as well as in view of the difficulties which Municipalities and others have to contend with in treating with those powerful corporations, would recommend co-operation with the County of Simcoe, and for that purpose submit a blank memorial to the House of Commons.

4th. As to the communication of G. T. Dennison and others, in *Re.* the U. E. Loyalists' Centennial, your Committee, while appreciating the loyalty and hardships of those early founders of Ontario, cannot as trustees of public monies, recommend any appropriation in that behalf.

All of which is respectfully submitted.

Adopted. ALEX. McLAREN, Chairman.

Committee Room, 25th January, 1884.

Report of Commissioner on Bridges for the Township of Toronto.

To the Warden and Council of the County of Peel:

Your Commissioner begs leave to report as follows:

1st. That the bridge on the boundary line between the incorporated Village of Streetsville and Toronto Township (over the river Credit) requires the abutment repaired and other general repairs done to the said bridge before the next meeting of this Council.

2nd. The bridge on the boundary line, between the Counties of York and Peel crossing the Etobicoke river on the first con., old survey, known as "the Etobicoke bridge," is in a very bad state of repair, the west abutment is over half down, the bridge being held up by a bent; the middle stringers are very much decayed and the covering very thin; the west abutment ought to be removed 18 or 20 feet, and a new top put on in place of the old one; said bridge is very dangerous for any heavy load.

All of which is respectfully submitted.

GEORGE SAVAGE, Commissioner.

Committee Room, Brampton, 3rd June, 1884.

Report of Commissioner on County Work, Albion.

To the Warden and Council of the County of Peel:—

GENTLEMEN,

I beg leave to report that having, in conjunction with the Deputy Reeve of King, examined the Town Line between Albion and King, we find in consequence of severe washout caused by the "Cold Creek," that the second bridge opposite lot No. 8, in Albion, is in a very dangerous condition, and would recommend that the stream be diverted from its present course, which would save further damage to said bridge. The same would require an outlay of $80 from this County.

ALEX. McCORT, Commissioner.

June 4th, 1884.

Report of the Special Committee on the Bridge in the Village of Bolton.

To the Warden and Council of the County of Peel:—

Your Committee appointed to examine the Bridge in the village of Bolton, met

on Friday, May 30th. After making a careful examination of the said bridge, your Committee are of the opinion that the bridge would not be safe to leave it in its present condition for any length of time.

We would recommend that a new bridge be built, to be completed early in the year of 1885, the contract to be let in the autumn of the present year, so that stone and other material may be got on the ground.

From the peculiar formation of the River Humber at this place we find it will be necessary to build a bridge with a span of not less than 65 feet, with two approaches.

ALEX. McCORT, Chairman.

Committee Room, Brampton, June 3rd, 1884.

Report of the Streetsville High School Teacher.

To the Warden and Council of the County of Peel:—

GENTLEMEN:

I herewith submit the following report of Streetsville High School.

The total number in attendance during the year (1883) was thirty-six (36), seven (7) of whom wrote at intermediate and third class examinations, all being successful; one matriculated at Toronto University.

The attendance during the present year is forty-one (41), twenty-one of whom have sent in their aplications for intermediate, third and second class examinations, the number of second class candidates being fourteen (14). There are two young men reading for matriculation in October.

At Mr. Hodgson's inspection, March 25th, he reported the school in a high state of efficiency, far superior to its standing at his previous visit; he complimented the school on its general cleanliness and tidiness, remarking that it was second to none in Ontario.

Your Obedient Servant,

A. B. COOKE, Headmaster.

Streetsville, June 2nd, 1884.

Report of the Public School Inspector.

To the Warden and Council of the County of Peel:

GENTLEMEN:

I have the honor to report that during the year 1883 I inspected the schools under my charge; visiting all but five of them twice, and nine three times.

Although from year to year I see but little change in the condition of our schools,

I am happy to say that what change there is is generally in the right direction. Our young teachers are better and better trained, both in the High and Model Schools; there is more uniformity and consequently less injury caused by changes of Teachers; and there is perhaps a more widely diffused appreciation of the benefits of a good public school education, and of the importance of securing and retaining the services of really efficient teachers; the position of a thoroughly faithful teacher is becoming more secure; public opinion supports him better in the energetic and impartial discharge of his duties; the men and women who understand better than himself how his school should be conducted are becoming fewer and less officious and he lives in less constant fear that if he should by word or deed offend some influential person he may at the end of the year hear the old, old story:—"We are very well satisfied ourselves and will give you a good recommend, but there has been one or two grumbling a little and we've come to the conclusion that we may as well have a change." Still there is one thing which still unfavorably effects the permanence of the teacher's tenure of his position and that is the "love of money," which we have good authority for believing to be "the root of all evil." Though trustees seldom dismiss a good teacher they often refuse to keep him when he asks for a moderate "rise;" a difference of $100 in the teacher's salary means a difference of $2 50 in the taxes on 100 acres in a setion of the average area; the average farmer has two children of school age, so that the difference in the cost of a child's education is about $1.25, and yet, I am sorry to say, that the average trustee (not acting on his own judgment, but moved by the fear of displeasing some of his neighbors who are heavy ratepayers but their children are all grown up) will part with a really good, capable teacher of proved efficiency and engage an inexperienced young man or woman to practice on the children for the next twelve months, all to save a paltry hundred dollars. The truth is that our young apprentice teachers receive too much and our old veterans too little, but on this point too public opinion is being educated in the right direction.

A few statistical notes from my annual report for 1883 to the Minister of Education may be of interest:—

Total expenditure for school purposes in the County (excepting Brampton, $36,815.

Number of pupils enrolled, 5,770.

Cost per pupil on Roll, $6.38.

Number of pupils in average attendance, 2,218.

Cost per pupil in average attendance, $16.51.

Paid for teachers' salaries, $29,125.

Average salary of male teacher, $395.

Average salary of female teachers, $312.

Number of teachers holding 1st class Provincial certificates, (whole County) 2.

Number holding 2nd class Provincial certificates, 48.

Number holding 3rd class County certificates, 38.

Number holding 1st class old County certificates, 5.

Number holding 2nd class old County certificates, 2.

Pupils attending less than 20 days in the year, 547.

Pupils attending more than 150 days in the year, 1,215.

Children not attending any school, 50.

Enrolled in 1st class, (excluding Brampton) 2,230.
Enrolled in 2nd class, (excluding Brampton) 1,299.
Enrolled in 3rd class, (excluding Brampton) 1,379.
Enrolled in 4th class, (excluding Brampton) 817.
Enrolled in 5th class (excluding Brampton) 16.
Number of schools opened by reading of scriptures without prayer, 6.
Number opened with prayer only, 29.
Number opened with both 37.
Number of brick school houses, 45.
Number of stone school houses, 6.
Number of frame school houses, 23.

The only remarks which I make at present on the above is that if to the 50 children not attending any school we add the 547 attending for less than 20 days, we find that 597, or more than one-tenth of our school population, who, owing to various causes, were deprived of school privileges during 1883.

The supplementary High School entrance examinations, which you last year established in Bolton and Charleston, seem likely to prove a success; the number of candidates last fall was Bolton 15, Charleston 8—total 23; the number of applicants for examination on the 3rd and fourth July next is:—Bolton 28, Charleston 22—total, 50. Brampton for the same examination has 69 candidates and Streetsville 42.

The County Model School was again efficiently conducted by Mr. L. Welch; the lengthening of the term from 8 to 13 weeks is a decided advantage to the students in training. Most of the students received their literary training in the High Schools of our own County.

We may congratulate not only ourselves but the whole County upon the satisfactory settlement of the vexed reader question which has been effected by the new Minister of Education. He has concluded to take the course which has always been advocated by nine-tenths of the practical Public School men of the Province, that of having prepared a provincial series, the copyright of which will be vested in the Department.

I believe that the people of the Province have also good reason to congratulate themselves upon the accession of a practical educationist to the headship of the Department; a man utterly ignorant of the practical workings of the system which he undertakes to superintend can scarcely be expected to have opinions of his own, and is consequently liable to "be tossed to and fro and carried about with every wind of doctrine by the sleight of men and cunning craftiness whereby they lie in wait to deceive." Mr. Ross' appointment will go far to allay the agitation which was rapidly rising for the abolition of the Minister of Education, and the substitution therefor of a chief superintendency. I am happy to be able to inform you that the minister has consented to teachers, trustees, municipal Councillors and general public of Peel, on the afternoon of Friday, 28th inst., to confer with them with reference to the working of the present school law in this County and to receive suggestions that may be of assistance to him in improving it. It is generally understood that it is his wish to consolidate and amend the Act during the next session in such a manner that it will not be necessary to make any material alterations for some years to come. I hope that the members of your honorable body may find it convenient to be present and to take an active part in the discussions.

It is only proper I should acquaint you with the fact that I have undertaken the oversight of the public schools of the city of St. Catherines, at the same time assuring you that the interest of the schools which you have placed under my charge shall not be allowed to suffer on account of my new responsibilities.

All of which is respectfully submitted.

D. J. McKINNON, Inspector.

P. S. Inspector's Office, County Buildings, 4th June, 1884.

Second Report of Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel :

1st. Your Committee, after carefully considering the communication of Judge Scott in reference to purchasing of Land adjoining Gaol-yard, recommend that the whole matter be referred to the Commissioners on County Property to act as they believe will be for the best interests of the County as circumstances may require.

2nd. Your Committee recommend a grant of $60 to be applied in repairing the bridge opposite Lot 8, in Albion, on the Council of York making a similar grant, and that our Treasurer pay said amount on the order of the Commissioner for Albion on completion of the work.

3rd. In reference to the report of the Commissioner for Toronto Township recommending repairs to the bridge on the Town Line between Streetsville and To-

ronto Township, your Committee recommend that the necessary repairs be proceeded with as soon as possible.

4th. Also that the repairs as suggested to be done on the Etobicoke bridge between Toronto and Etobicoke Townships be proceeded with, the County of York paying an equal amount of the expense required, and that the Treasurer pay the accounts of the above work on the order of the Reeve of Toronto Township.

5th. Your Committee find that a water service from the Town Water Works for the Court House will cost $12 per year, the Water Works Committee putting the service to the boundary of the County property, this Council completing the service, which will cost about $25, we recommend that in compliance with the petition from the County Officials a service be placed in the Court House under the direction of the County Property Commissioners.

6th. Your Committee recommend the payment of the following Accounts :

The Haggert Bros. Mfg. Company, for Seat ends,	-	$24 00
" " " for Iron Rods	-	2 18
		$26 18
Thomas Greenwood, for Painting in Judge's Room	-	8 00
Harvey & Crawford, account for Furniture for Judges' Room	-	20 00

All of which is respectfully submitted.

Report of the Special Committee on the Question of Establishing an Industrial Home for the County—(as adopted in Council.)

To the Warden and Council of the County of Peel :

Your Committee beg leave to report as follows :

On the 13th May we visited the Home at Berlin and were shown through the buildings and around the property and found the place in a fine orderly condition. There were abouty ninety inmates in the Home. In connection with the buildings there are 140 Acres of Land all of which is worked by the keeper of the home and the inmates. The average cost per inmate of this home is about eighty-five cents per week. The Officials of the County who were present on the occasion of our visit were courteous and obliging and took special pains to inform the Commiteee as to the working and management of the House.

On the 28th of May we visited the Industrial Home at Newmarket and found

the place in a particularly neat and orderly condition. In this Institution there are about 70 inmates, the cost of maintenance per inmate being $1 10 per week. In connection with this Home there are 50 Acres of Land which property is worked by the inmates. The Keeper of the Home and the Matron were very obliging, and anxious to show your Committee through the Home and inform them how the work is conducted around the place, and of the general conditions of affairs in the Institution.

Your Committee would recommend that the Chairman of the Committee of this Council be instructed to confer with the Council of the County of Halton in respect to the establishment of an Industrial Home for the two Counties, Peel and Halton, at as early a date as practicable, and report at the November Session.

All of which is respectfully submitted.

A. F. CAMPBELL, Chairman of Committee.

Second Report of Education Committee.

To the Warden and Council of the County of Peel:

Your Committee begs leave to report as follows:

That the usual grant of $400 be made to the High School at Brampton, and the usual grant of $200 be made to the High School at Streetsville.

That the account of M. M. Elliott, postmaster at Brampton, for postage per order of the Public School Inspector, amounting to $9 be paid.

That the account of the Public School Inspector, for the expense of entrance examinations at Bolton and Charleston, in December 1883, amounting to $17 be paid.

All of which is respectfully submitted.

BY-LAW No. 177.

A By-Law to authorize the Borrowing of a sum of Money.

Whereas an Act of the Legislature, entitled "an Act to consolidate the Acts respecting Municipal Institutions," passed in the forty-sixth year of Her Majesty's reign, Chapter 18, Sec. 414, grants to Municipal Corporations power to borrow money to meet the current expenses of the year;

And whereas it will be necessary to borrow a certain sum for such purpose until the taxes are collected.

Therefore the Council of the County of Peel hereby enacts that the Warden and Treasurer be and they are hereby authorized to borrow money from the Dominion Bank in Brampton, or from some other bank, from time to time, as they may deem necessary for the aforesaid purpose and not to exceed in the whole the sum of Four Thousand Dollars, and they are hereby authorized to execute a note or notes for the same under the seal of the Corporation, drawn by the Warden and countersigned by the Treasurer, payable at such date or dates within the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such note or notes out of any money coming into his hands, and which has been levied and collected for County purposes.

BY-LAW No. 179,

To Assess the Rateable Property of the County of Peel for County Purposes for the Payment of a portion of the Salaries of the Inspector and Teachers of Public Schools and for other purposes.

Whereas it is necessary to provide by a general assessment of all the rateable property of the County of Peel for the payment of the current expenses for the year 1884, and by a sectional assessment for the payment of Debentures and Interest due and payable during the current year, under By-laws Nos. 61 and 71.

Therefore the Corporation of the County of Peel, by its Council, enacts as follows:

1st. That there be levied, collected and raised from all the rateable property of the County of Peel liable to be assessed during the current year, the sum of $11,000 (Eleven Thousand Dollars) for the payment of the salaries of the County officers and Inspector of Public Schools, allowances to County Councillors, part of the expenses of Criminal Justice and other expenses of the County.

2nd. That there be raised, levied and collected on the property liable therefor a sum equal to the Government grant, viz. $2,592, for the payment of a portion of the salaries of the qualified teachers of the public schools of the County.

3rd. That the sum of $5,390 to provide for the payment of Debentures and Interest becoming due and payable during the current year under By-law No. 61, which grants a sectional bonus to the Credit Valley Railway, the said sum to be levied upon and collected from that portion of the County liable for the payment of the same under the said By-law.

4th. That the sum of two thousand, six hundred and forty dollars ($2,640) be levied and collected by sectional assessment for the payment of debentures and interest becoming due and payable during the current year under By-law No. 71, which grants a Bonus to the Hamilton & North Western Railway Company, the said sum to be levied upon and collected from that portion of the County liable for the same under the said By-law.

5th. That the whole of the said sums be collected and paid over to the Treasurer of the County of Peel on or before the fourteenth day of December next.

Passed this 4th day of June, 1884.

BY-LAW No. 180.

To authorize the borrowing of Money for County purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenditure of this Corporation until the taxes levied therefor can be collected.

And whereas by Vic. 46, Chap. 18, Sec. 414, authority is given to Municipal Corporations to borrow for such purposes.

Therefore the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That the Warden and Treasurer be and they are hereby authorized to borrow from some person or chartered bank of Ontario, for the purpose above set forth, such a sum or sums of money as they may deem necessary, provided such sum or sums of money shall not exceed in the whole the sum of $3000, and execute for said sum or sums of money a note or notes under the seal of this Corporation, payable at such date or dates as may be agreed upon within the current year.

2nd. That the Treasurer is hereby authorized to retire such said note or notes from time to time as they may become due out of any money which has been levied and collected for County purposes.

MEMORIALS.

Memorial in Re. Amendment to the Dog Tax Act.

To the Hon. the Legislative Assembly of the Province of Ontario, in Parliament assembled:

The Petition of the Council of the County of Peel,

HUMBLY SHEWETH:

1st. That the present law relative to the disposition of the tax imposed upon dogs, commonly known as the Dog Tax, leaves the power in the hands of the County Councils.

2nd. That your petitioners are aware that the individual Township Municipalities frequently wish to make other use of this fund than that directed by County Councils.

Therefore your petitioners humbly pray that your honorable body will be pleased to so amend the Act relating to the above matter as to place it wholly within the power of the Township, Town and Village Councils to dispose of the monies raised from the imposition of a tax on dogs as they may respectfully think desirable.

And your petitioners will ever pray.

WM. PORTER, Warden.

Brampton, January 25th, 1884.

Memorial in Re. Suffrage to Females.

The Petition of the Council of the County of Peel,

RESPECTFULLY SHEWETH:

Your petitioners have duly considered the question of the extension of the Mu-

nicipal and Parliamentary franchise to women having the same property qualification as men, and are fully impressed with the justice of the claim preferred by the supporters of the woman's suffrage movement.

In your petitioners' judgment no harm can come from extending the franchise in the manner proposed, and great good may result therefrom by the proper exercise of such franchise when so extended, and the sense of injustice which now pervades the minds of a large section of the community, and the consequent irritation will be removed.

Your petitioners therefore submit that the proposed legislation is desirable from whatever point of view the same is considered, and your petitioners therefore pray that such legislation may be had as will place women on an equal footing with men in so far as relates to the enjoyment and exercise of the franchise for all purposes.

And your petitioners will ever pray.

Memorial in Re. Railway Act.

To the Honorable the House of Commons of the Dominion of Canada, in Parliament assembled:

The petition of the Council of the County of Peel,

HUMBLY SHEWETH:

That as the last session of your honorable body an Act was introduced for the purpose of providing a means whereby the rates and freight charges, made by the different railroads in the Dominion, can be assimilated and all questions arising between different railways adjusted.

That the different sections of the Dominion have assisted largely, both municipally and through the Legislature, in giving bonuses toward the building of railways, and that having a large money interest in the said railways, it would be greatly to the advantage of the country generally if some such provision as that sought in the bill introduced by Mr. McCarthy, Member for West Simcoe, could be passed in order that such reasonable and uniform rates be established as circumstances may permit and as may be necessary to meet the requirements of different sections.

Your petitioners therefore pray that your honorable body do pass the said Act so introduced by Mr. McCarthy, Member for West Simcoe, either in the terms thereof, or in such terms as will meet the requirements of the country in the matter therein dealt with.

And your petitioners, as in duty bound, will ever pray.

Memorial to the Hon. the Minister of Education.

To the Hon. the Minister of Education for the Province of Ontario :

The Memorial of the Council of the County of Peel,

HUMBLY SHEWETH :

That owing to the often unavoidable inequalities in the area and assessment of School Sections in the same Municipality the taxation for school purposes is often far from equal or just.

That for many reasons it is in most cases practically impossible to so equalize School Sections as to remove such inequalities in taxation.

That although under the "Township Board" system, the evils complained of would be done away with, yet inasmuch as the great majority of the people of the Province are decidedly in favor of retaining the present system of local or sectional management of our public schools, it would, in the opinion of your memorialists, be unwise to look in that direction for a remedy.

That your memorialists nevertheless believe that most of the advantages generally claimed as belonging to the "Township Board" system may be secured without infringing upon what they consider the vital principle of the sectional system, viz:

That every ratepayer shall have a voice in the management of the school in the section in which he resides.

Wherefore your memorialists pray that the Public School Act may be amended in such a manner as to provide :

1st. That every ratepayer shall have the right to send his children free of charge to the school nearest by an open public road to his residence, subject to his availing himself of the provisions of the next clause.

2nd. That every ratepayer shall have the right to have his property assessed in and united to the section containing the School nearest as above specified to the occupied dwelling house thereon erected.

3rd. That the Municipal Council of each Township shall be empowered to levy by an equal rate upon all the assessed property of the Municipality or to otherwise provide in each year a sum equal to at least one half of the aggregate salaries of public School teachers employed in such Municipality during the current year, and to divide the same amongst the School Sections of the Municipality, paying therefrom to the trustees of each section that sum which the number of teachers employed by them during the year bears to the whole number of teachers employed in such Municipality, allowing for each assistant teacher one half the sum allowed for a principal.

That in the opinion of your memorialists the rural school trustees of the Province did not abuse the powers conferred upon them by law for quarter of a century previous to the year 1879 to levy and collect rates for the purchase of a school house or addition thereto, or other School accommodation ; that to minimize the powers and responsibilities of rural school trustees has a tendency to diminish the honor and importance of the office, making it less an object of ambition to the most able and intelligent men, and that it was therefore unwise to deprive such trustees of powers which they had always exercised with discretion.

Your memorailists therefore pray that sub-section 3 of section 29 of the Act of

1879, be repealed and in its stead a provision inserted to the effect that when the Trustees of a rural section resolves upon any expenditure for the erection or enlargement of a school house or for the purchase of a school site or addition thereto, such resolution shall be submitted to the ratepayers at an annual or special school meeting, and shall be considered approved of unless a majority of the duly qualified electors shall record their votes against it.

That in order to render it of practical effect the authority conferred by the School Act upon Inspectors and Arbitrators to swear witnesses in certain cases, the same powers to compel the attendance of witnesses that are at present possessed by Justices of the Peace should be conferred upon such Inspectors and Arbitrators.

That all departmental examinations except that for entrance to High Schools be made self-sustainimg by the imposition of fees.

That while your memorialists would reiterate their expression of opinion, that County uniformity in the use of school readers is almost indispensible, Provincial uniformity is still more desirable.

Your memorialists would also respectfully call attention to the dimunition during the past few years of the Legislative grant to the public schools in this and many others of the older counties of the Province, owing to the increased population of the newer districts, and while expressing their satisfaction with the lately increased Governmental aid to High Schools, would also give expression to their conviction that as primary education is of greater importance to the country than secondary, the increase in the Legislative grants to primary schools should be proportionately even more liberal.

And your Memorialists, as in duty bound, will ever pray.

WM. PORTER, Warden.

County Council Chamber, Brampton, 25th January, 1884.

AUDITORS' REPORT.

———:o:———:o:———

To the Warden and Council of the County of Peel:

GENTLEMEN,—Your Auditors beg leave to report that they have carefully examined the books and accounts of your County Treasurer for the year ending the 31st December, A. D., 1883, and have found properly authenticated vouchers, as well as authority for the payment of the various sums mentioned therein.

We find the balance in cash in the Treasurer's hands to be $10190.92, made up as follows:

Balance on Current Account	$ 7037	84
" Public School Account	2745	46
" Non-Resident Land Tax	407	62
	$10190	92

We have also examined Bank Books of Dominion Bank, and find balance deposited therein.

We would respectfully call the attention of the Council to the very large increase of the Printing, Roads and Bridges, and Appropriation accounts.

All of which is respectfully submitted.

NOVEMBER SESSION.

—o—

FIRST DAY.

CORPORATION OF THE COUNTY OF PEEL,
18th November, 1884.

Council met.

The Warden presiding.

Members all present except Messrs. Andrews and Featherston.

The following Communications were received and read:—

1st. From the Council of the Provisional County of Haliburton, in reply to Communications and Memorial, *re.* changes in the Public School Act sent from this Council, and while endorsing much that was therein set forth, pointed out how some of the changes asked for would not suit a new locality like theirs.

2nd. From the Council of the County of Victoria, with copy of Memorial to the Hon. the Minister of Railways and Canals for the Dominion of Canada, praying for some measure of relief to those Municipalities which have aided Railways (then local lines) by way of Bonus, which Railways have now been declared to be Dominion Railways, and in the interest of the Dominion generally.

3rd. Communication from the Council of the County of Kent in reference to Amendment to the Dog Tax Law.

4th. From the Council of the County of York, in reference to the state of the Bridge on the County Line, north Dundas Street.

5th. From the Clerk of the County of Oxford, with extract from report of the Standing Committee on Education for said County, on the Memorial from this Council, *re.* Amendments to the Public School Act.

6th. From the Council of the County of Dufferin, offering a grant of $100 to the County Line between the Townships of Mono and Caledon eastward, and the sum of $60 on County Line between East Garafraxa and Caledon, westward, provided the same is supplemented by similar grants from this County.

Mr. Savage, Commissioner on County Bridges for the Township of Toronto, presented his report of the building of a new Bridge on the County Line between the Townships of Etobicoke and Toronto, by himself and the Engineer for the County of York, the job being now completed he recommends payment; he also reported needed repairs done to the Credit Bridge between the Village of Streetsville and Toronto Township, and recommends that the same be paid.

Mr. Lightheart presented the report of himself and Mr. Savage, Commissioners for Chinguacousy and Toronto Townships, respectively, on the construction of a Bridge over the River Etobicoke on the Town Line between said Townships, the contract being finished payment is recommended.

These several Communications and Reports, excepting those of a special character, were referred to the several Standing Committees to which they properly belong.

Moved by Mr. Cook, seconded by Mr. Savage, that Messrs. McLaren, McCulla and Kee be a Special Committee to consider and report on the Communications this Session submitted, which cannot properly be referred to any of the Standing Committees. Carried.

On motion the Warden left the Chair until two o'clock.

Council resumed.

Members all present.

Mr. McCort, Commissioner on County Bridges for the Township of Albion, presented his report of repairs to County Bridges in his jurisdiction.

SECOND DAY.

CORPORATION OF THE COUNTY OF PEEL,
19th November, 1884.

Council met.

The Warden in the chair.

Members all present.

Yesterday's minutes read and adopted.

Pursuant to notice, Mr. Hutton moved, seconded by Mr. Featherston, that a Special Committee, consisting of Messrs. McLaren, Savage, McCulla, Andrews, McCort, Doig, and the mover, be appointed to consider the question of improving some of the leading roads of this County, and report at this meeting of Council. Carried.

A Deputation, consisting of the Warden of Halton and the Reeve of the Township of Esquesing, was heard before the Council in reference to Bridges on the River Credit, where the road makes a detour through the Village of Norval instead of keeping the Town Line between the Counties of Halton and Peel, the Deputation claiming that under the provisions of Sections 535 to 538, both inclusive, of the "Municipal Act" the Bridges on the said detour of road should be considered for the purpose of building and maintaining, as being under the jurisdiction of the Councils of the Counties of Halton and Peel the same, as if situated on the County line proper.

After some considerable discussion Mr. McLaren moved, seconded by Mr. Stubbs, that a Committee consisting of Messrs. Savage, McCort, Hutton and the mover, be appointed by this Council to go and view the whole case and report at the next meeting of this Council as to our liability in the premises. Carried.

On motion the Warden left the chair until two o'clock.

Council resumed, and again went into Committee of the whole on the report of the Standing Committee on Finance and assessment.

Mr. Andrews again in the chair.

Committee rose and recommended the adoption of the report, which report was adopted in Council.

Mr. McCulla, Chairman of the Standing Committee on County Property, Roads and Bridges, presented their third report, which was received and read, and ordered to be laid on the table until to-morrow.

On motion the Council adjourned.

WM. PORTER, Warden.

Report of Commissioners on County Bridges, known as Orth's Bridge, Etobicoke, on boundary with York, and Caslor's Bridge, on boundary with Streetsville Village.

To the Warden and Council of the County of Peel :—

GENTLEMEN,

Your Commissioner on County Bridges for Toronto Township beg leave to report as follows :

1st. In accordance with instructions given in a report from the Road and Bridge Committee, adopted by your Council in June, your Commissioner with Matthew Crannen, Commissioner for York, advertised and let the work at the Etobicoke River near Jonathan Orth's, on 1st Concession North of Dundas Street, known as Orth's Bridge. We opened tenders on the 6th August, had four tenders, one for the sum of $2,111, one for $2,090, one $1,771, and one $1,572 ; we accepted the lowest tender of J. H. Hambly. The work was to be completed by the 8th of October, but was not until the 16th of October. The contractor, agreeing to pay $5 a day for every day after the 8th until the completion of the work, and was 8 days over the time, and at $5 per day would amount to $40, half of that amount belonging to Peel, ($20) ; also $2, one half for bolts and rods used and taken away by the contractor, making a rebate of $22 in favor of Peel's one half of the contract price, $786, and $22 from that amount will leave $764 due the contractor, J. H. Hambly, which your Commissioner recommended to be paid. The work was to be done in accordance with a plan and specification drawn up by John T. Stokes, Engineer for the County of York.

Your Committee would further recommend that there be guards erected on each side of the filling at the west end of said bridge ; also to have the stringers and truss work of said bridge coal tarred. Your Commissioner sold the old plank and timbers that came out of the old bridge for $18.50, the half of said sum belongs to each County, ($9.25 each), would recommend said amount to be paid to the County Treasurer.

2nd. Have had repairs done to the centre abutment at Caslor's Bridge on boundary line between Streetsville and Toronto Township, by having it faced around the point with white oak plank and other repairs done to said bridge, which amounts to the sum of $—, as shown by bill in detail.

Would recommend that the bridge crossing the Etobicoke River, near Summerville, be replanked, and other repairs that are necessary to be done to said bridge, the County of York to pay for half of said work.

GEORGE SAVAGE, Commissioner for County of Peel.

Council Chamber, November 18th, 1884.

Report of Commissioners on Bridge on Town Line of Chinguacousy and Toronto, known as Forbes' Bridge.

To the Warden and Council of the County of Peel :

GENTLEMEN :

Your Commissioners for Toronto Township and Chinguacousy advertised and let by tender the erection of one pile abutment and new top on Bridge, and filling approach, on Town Line between Toronto Township and Chinguacousy, known as Forbes' bridge, to Richard Pendleton for the sum of $280, said work to be done according to plan and specification, which called for five stringers in said bridge. Your Commissioners had seven strings put in, two more than agreement called for, also a plate put on the top of the ties for the stringers to rest on, and would recommend for the extra timber and work the sum of $15, making a total of $295. We also let by puplic competition the erection of guards at the west end of said bridge to Richard Pendleton for the sum of $27, which amounts we would recommend to be paid.

Your Commissioners sold the old plank and timber that came out of the old bridge for the sum of Twenty-seven ($27) Dollars, which we would recommend to be paid to the Treasurer,

Your Commissioners appointed James Daly as Sub-commissioner te see that the piles were properly sunk and tied in the hill, and to see that the planking was properly done.

Your Commissioners would inform the Council that the material used in said bridge, and the work, is first class, and is a credit to the contractor.

GEORGE SAVAGE
REUBEN LIGHTHEART, } Commissioners.

Council Chambers, Nov. 18th, 1884.

Report of Commissioner on County Bridges in Bolton.

To the Warden and Council of the County of Peel:

GENTLEMEN,

Your Commissioner begs leave to report as follows:

That the bridge on the boundary line between Albion and Bolton, owing to parts of bridge being washed away last Spring, found it necessary to expend the following amount, namely, sixteen dollars and eighty-three cents ($16.83).

All of which is respectfully submitted.

ALFRED DOIG, Commissioner.

Committee Room, 18th November, 1884.

Report of Commissioner on County Bridges for Caledon.

To the Warden and Council of the County of Peel:

The report of your Commissioner for County Bridges bordering on the Township of Caledon respectfully showeth:

1st. That there are at least two bridges on the County line with Dufferin, which if not, they should be scheduled as County bridges, being over 20 feet span.

2nd. That they are old cordaroy bridges, and in a very bad state of repair.

3rd. Your Commissioner would recommend them to the attention of your Council by way of having repairs made at an early date, lest the respective Counties be obliged to meet a suit for damages.

All of which is respectfully submitted.

(Signed),

WILLIAM STUBBS, Chairmain.

Council Chamber, 18th November, 1884.

Report on Bridge on Town Line between Caledon and Chinguacousy.

To the Warden and Council of the County of Peel:

The Report of your Commissioner on the Town Line between Chinguacousy and Caledon, humbly sheweth:

1st. That the bridge over the river Credit, in the 2nd Concession west of Chinguacousy and Caledon, became dangerous for public travel.

2nd. That it was mutually agreed between Deputy-Reeve Kee, of Chinguacousy, and myself, that the repairs to said bridge should be made, as indicated by the accompanying Accounts amounting to $70 54.

3rd. And that the said repairs have been made and completed by said Andrew Adams, whose bill for labor is hereto annexed.

All of which is respectfully submitted,

ALEX. McLAREN, Commissioner.

Committee Rooms, 18th November, 1884.

Report of Commissioner on Bridges for the Township of Albion.

To the Warden and Council of the County of Peel:

GENTLEMEN:

Your Commissioner begs leave to report as follows:

1st. That the bridge on the boundary line between the Counties of Simcoe and Peel required repairs, it being found necessary to have it re-planked at an expense of $14 to this County.

2nd. The bridge on the Town Line between Chinguacousy and Albion, known as Goat Hill bridge, required planking to the following amount—$20.

Full amount of expenditure for bridges, $34.

All of which is respectfully submitted.

ALEX. McCORT, Commissioner.

Brampton, November 18th, 1884.

Third Report of Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee on County Property, Roads and Bridges, beg leave to report:

1st. We have examined the report of the Road Commissioners for Toronto and Chinguacousy Townships, viz:—Savage and Lightheart, in reference to the Bridge on Town Line, known as Forbes' bridge, and recommend the payment of $280, as per contract, $15 for extra string pieces, and $27 for additional contract—total, $322; also, payment to Mr. Lightheart as Commissioner, 2½ days at Forbes' bridge, $7 50; 1 day at Bolton bridge, $3—total, $10 50.

2nd. After considering the report of the Commissioner for Toronto, (Mr. Savage) would recommend the payment of $764 to J. H. Hambly, being Peel County's portion of contract for building Bridge over the Etobicoke, near Jonathan Orth's, on the 1st Concession north of Dundas street; and also that the Commissioners be instructed to have the guards placed on the east side, and the joints coal-tarred, as recommended by the Commissioner, the County of York paying one-half the expense.

3rd. Your Committee recommend payment of $30 for repairs done to Caslor's bridge on the boundary line between Streetsville and Toronto Township.

4th. Would recommend that the necessary repairs be made to the Bridge crossing the Etobicoke, near Sommerville, the County of York paying one-half the expense of the same, as recommended by the Commissioner in his report, and in the communication from the Clerk of the County of York.

5th. Recommend payment to the Reeve of Toronto Township for services at Forbe's Bridge, 2½ days; 1½ days at Caslor's Bridge, and 4 days at Etobicoke Bridge—making a total of 8 days, at $3 per day, $24.

6th. Your Committee recommend the payment of $20 to J. T. Stokes, for services in drawing plans and specifications and supervising the building of the bridge at Orth's—crossing the Etobicoke—this being Peel County's portion, and only to be paid when plans and specifications are deposited with the Clerk of the County.

7th. In reference to a Communication from the County Clerk of Dufferin, informing this Council that the County of Dufferin made a grant of $160 to be applied on improvements on the County Line between Dufferin and Peel, would recommend the grant of $80, being one half the above grant by Dufferin, for the same purpose.

8th. Your Committee recommend payment to James Daly, Esq., for services and superintendance at Forbe's Bridge, $3, and for filling approaches to same bridge, $5. Total $8.

9th. Also recommend the payment to Miss Hurst, for cleaning Court Room after repairs, $8.

10th. In respect to the report of Mr. Stubbs, Commissioner for Caledon, in reference to bridge on Town Line between Caledon and Chinguacousy, over the River Credit, in the 2nd Concession west, for repairs, would recommend payment to K. Chisholm & Co., for cedar plank, $49.14; Andrew Adams, for hauling plank for same, $9; Andrew Adams, 8 days' labor placing plank on same, $12; Alex. McLaren, for superintendance, $1.50.

11th. In reference to repairs done to Streetsville bridge, your Committee recommend payment of one half of the account, $21.60, Streetsville to pay the balance—this to be considered a grant only.

12th. Your Committeee would recommend the payment of $16.84 for repairs done to bridge on the boundary line between Albion and Bolton, belonging as per report of Commissioners.

13th. In reference to the report of your Commissioner for the Township of Albion, your Committee recommend the payment of $14 for repairs done on the bridge on the Town Line between the County of Simcoe and Albion Township; also repairs done on the bridge on Town Line between Albion and Chinguacousy, known as Goat Hill, amounting to $20, be paid to the Commissioner for Albion, Mr. McCort, or order.

13th. Your Committee have considered the report of the Commissioner for Caledon (Mr. Stubbs) and would recommend such report for the consideration of this

Council to act in the matter by resolution as they may think the circumstances would warrant.

All of which is respectfully submitted,

W. A. McCULLA, Chairman.

Council Chamber, 19th November, 1884. (Adopted).

Report of Special Committee, to whom was referred Communications of a Miscellaneous Character.

To the Warden and Council of the County of Peel:

Your Special Committee on Communications not referable to any of the Standing Committees, ask to report as follows:

1st. As to the resolution sent from the County Council of Kent, "*Re.* an Act to impose a Tax on Dogs," your Committee is of opinion that the terms of the present Dox Tax Act are quite suited to the circumstances of our County. We cannot recommend your Council to petition the Legislature for such an amendment of this act as that the owner of a dog must have a license and a collar for the same, and that without these such dog is to be destroyed and the owner fined.

2nd. Your Committee have before them a letter and copy of Memorial to the Minister of Railways from the County of Victoria. This Memorial represents that sums in the aggregate of nearly seven and a half million dollars have been granted by several municipalities of Ontario in aid of such as were understood to be independent and competing lines of railways; but as these lines are now declared by Parliament to be "in the interest of the Dominion of Canada generally," it is prayed that the municipalities of our Province which have granted such bonuses may be relieved from the tax for the same and that the burden thereof be placed on the Dominion generally.

Your Committee approves of the fairness and equity indicated by the said Memorial, and would recommend that your Council do petition the Hon. the Minister of Railways and Canals of Canada, expressing the desire of your Council that the ratepayers of our County be relieved from the tax created by the several Bonuses granted by them in aid of such railways.

All of which is respectfully submitted.

ALEX. McLAREN, Chairman.

Court House, 20th November, 1884. (Adopted.)

Third Report of Standing Committee on Printing.

To the Warden and Council of the County of Peel :—

Your Committee ask leave to present their third report, pertaining to the following accounts, viz :

Third Report of Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel :

We, your Committee, beg leave to report that we have examined, and recommend the payment of the following Accounts :

M. M. Elliott, for postage for County Clerk's Office, -	$ 9 25
A. Dick, for wood cut for Registry Office, shovelling snow, and Book for registry - - - -	9 60
E. Bannister, for Furniture for Judges' Chambers -	1 15
Central Prison Industries, for Clothing for prisoners -	34 40
Isaac Armstrong, for potatoes for Gaol - - -	3 00
Rice & Chapple, for Stationery for the County Clerk's office -	4 15
K. Chisholm & Co., for Gaol supplies - - -	15 88

The Account of the Postmaster for stamps furnished the P. S. Inspector, we cannot advise the payment of, it not being certified by the Inspector.

The accompanying Account of J. C. Sanderson for Coal furnished for the use of the Court House and County Attorney's office, we recommend to be paid when the

County Clerk certifies that Mr. Sanderson has fulfilled the conditions of his contract.

All of which is respectfully submitted.

M. W. COOK, Chairman.

Committee Room, November 18th, 1884. (Adopted).

Committee Room, 27th January, 1885. (Adopted.)

Report of Special Committee re. County Bridges on the line between Peel and Halton.

To the Warden and Council of the County of Peel:

Your Committee appointed at last meeting of your Council to investigate the relation of your County to certain bridges at Norval, did visit that place in rather a disjointed way, it is true, but came to the conclusion that the bridge on the line of road between the G. T. R. R. Station and over the river Credit is fairly a County bridge by the terms of the Municipal Act; and further that the bridge over the river Credit on the line of road leading easterly from Norval towards the No. 10 Side Line of Chinguacousy is not a County bridge, as your Committee understand the meaning of the Municipal Act relating to the same.

The County bridge is 60 feet in span, resting on timber abutments, the one being 12 and the other 14 feet high. This bridge is in need of repair, or rather, I should state, that a new bridge is required, and your Committee suggested an iron bridge. Probable cost $800.

My charge per day - - -	$3 00
15 miles mileage - - - -	1 50
	$4 50

Yours respectfully,

ALEX. McLAREN.

First Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that the following accounts and Communications were placed before them:—

1st. The account of D. Kirkwood *re.* Assessment and Collectors' Rolls, $2 25.

2nd. P. O. Box rent to M. M. Elliott, $1 50.

3rd. Account of Wm. Hurst for Gaol supplies, certified by Sheriff, $9 80.

We recommend the above accounts to be paid.

4th. A letter from W. H. McFadden, asking a grant for stationery for 1885. We

recommend that a grant of $5 be given for that purpose.

5th. Relative to the communication from the Prisoners' Aid Association, we recommend that no grant be made.

6th. Your Committee have had before them tenders for the supply of meat and bread, and would recommend the acceptance of the tender of Parsons & Sons for beef at 5½ cts. per pound, and the tender of Andrew Hosie for bread at 3 cents per pound, the same being the lowest.

7th. They have also had some seventeen tenders for the supply of wood, and would recommend the acceptance of the tenders of Alex. McLaren for 40 cords of green hard wood at $4.45 per cord, of J. J. McGill for 15 cords dry wood at $4.50 per cord, and M. M. Elliott for 15 cords dry wood and 60 cords green wood at $4.60 per cord, to be supplied in quality and terms of the advertisement, the same being the lowest.

Your Committee also beg leave to report that they have had before them the Treasurer statement, *re.* the non-resident land tax for 1884; the Treasurer's statement of cash assets and liabilities on Dec. 31st, 1884; also his general statement of assets and liabilities on Dec. 31st, 1884; the Treasurer's four quarterly statements in detail of receipts and expenditure for 1884; the Treasurer's estimates for 1885.

All of which is respectfully submitted.

MELVILLE PARKER, Chairman.

First Report of Standing Committee on Education.

To the Warden and Council of the County of Peel :—

Your Committee beg leave to report as follows :

That we have had before us the following named accounts :

Rice & Chapple, for stationery for School Inspector's office, and for Board of Examiners, the sum of $22.66 ; the account of M. M. Elliott, for postage stamps and cards, $38 ; D. J. McKinnon, entrance examinations for ninety-two candidates for Brampton, Bolton and Charleston, $74.15 ; A. F. Dick, for printing for 1884, $31.27 ; Brampton TIMES, for printing and advertising, $67.55 ; Rev. Mr. Tingle, half year's salary and Board of Examiners' expenses, $74.40 ; A. B. Cooke, High School entrance examinations for July and December, 1884, (Streetsville High School) $58.90 ; the Great North Western Telegraph Company, 85c.

All of the above specified accounts having been certified, we would recommend

payment of the same, except that of D. J. McKinnon, which has been recommended to be laid over till the June session.

We have also before us a detailed statement of the receipts and expenses of the Model School Board. In respect to this your Committee would state that they found matters in a prosperous condition, and would recommend that they receive the usual grant of $100.

Your Committee have before them the annual reports of the Brampton and Streetsville High Schools, and are pleased to note the evidences of prosperity in both these institutions.

Your Committee would recommend that James Fleming, Esq., be re-appointed Trustee for Brampton High School, and that William Andrews, Esq., be re-appointed Trustee for Streetsville High School.

All of which is respectfully submitted.

Report of County Commissioner for the Township of Chinguacousy.

To the Warden and Council of the County of Peel:—

Your Commissioner asks leave to report as follows:

1st. That in conjunction with the Commissioner for the County of Halton, I examined the bridge on the diverged County line in the Village of Norval, and found that it required a new bridge.

We advertised and let the abutments (according to plans and specifications prepared by Mr. Walter McKay, Architect) to Mr. Robert Noble for the sum of $900, to be paid when the work is completed and accepted.

We purpose putting on an iron top sixty feet span, fourteen feet roadway, at a cost of $850; there will be some filling and guards to be put on the approaches, prob-

able cost about $50; cost of plan and specifications, $18; advertising contract for abutments, $1.50; superintending the work by Mr. McKay, Architect, $12.

I would recommend the payment of one half of the above amounts on the order of the Commissioner when the work is completed, the County of Halton paying an equal amount.

All of which is respectfully submitted.

Report of County Commissioner on Roads and Bridges for Toronto Township.

To the Warden and Council of the County of Peel:—

I beg to report as follows:

That in company with the Reeve of the Township of Etobicoke, we let the work of planking the bridge over the Etobicoke River, near Summerville, to Patrick Creany for the sum of $61.50; the work is now completed and I would recommend payment of one half of the above amount.

We also let the work of pitching the bridge over the Etobicoke, on the 1st line North of Dundas Street, for the sum of $10, and would recommend the payment of one half on the order of the Commissioner when completed.

JOSEPH FEATHERSTON,
Commissioner for Toronto Township.

Report of County Commissioner for the Township of Toronto Gore.

To the Warden and Council of the County of Peel:—

Your Commissioner asks leave to report as follows:

Having examined the bridge on the boundary line between the Townships of

Toronto Gore and Chinguacousy, (at Stanley Mills) and found that it was not safe and required to be replaced with a new one, probable cost $150.

Your Commissioner having made arrangements with the Commissioner for Chinguacousy to rebuild the bridge, would respectfully request payment on the order of the Commissioner when the work is completed and accepted.

All of which is respectfully submitted.

MICHAEL DOUGHERTY, Commissioner.

Report of Head Master of Streetsville High School.

To the Warden and Council of the County of Peel:—

I have pleasure in being able to report the Streetsville High School as follows:

The number of pupils on the Roll for the present year is forty-seven (47), which is an increase from last year's report of nearly twenty (20) per cent.

The average attendance for the present year is most encouraging, being fully forty (40) per cent. more than last year; the attendance is drawn from Streetsville, the Townships of Toronto, Chinguacousy, Etobicoke, Trafalgar, Esquesing and Erin, and the Town of Milton.

The number of certificates applied for at the coming Departmental Examination in July is twenty-seven (27), and one for Matriculation at Toronto University; the Matriculation class for next year, from present reckoning, will consist of five (5) boys.

Forty (40) candidates have applied for entrance.

We have received from the Dominion Government meteorological instruments for the purpose of making regular weather reports; also, through the kindness of Jas. Fleming, Esq., M. P., the school has been presented with a set of Canadian Geological Specimens.

I am, Gentlemen,

Yours Obediently,

A. B. COOKE, B. A., Headmaster.

Streetsville, June 16th, 1885.

Report of Committee for Building Bolton Bridge.

To the Warden and Council of the County of Peel:—

Your Committee on the Bolton Bridge beg leave to report as follows:

1st. We advertised for tenders for stone abutments and accepted the tender of Mr. Robert Evans at six hundred and ninety dollars ($690), our intention at that time being to erect a bridge one hundred and twenty feet in length.

2nd. Since accepting the above tender we decided to employ an Engineer with t view of shortening said bridge.

3rd. Mr. Stokes, Engineer, reported that it was practicable to shorten the bridge to sixty-five (65) feet, by the purchase of a part of Mr. Evan's property, and changing the present course of the stream, which would relieve the County from any liability on account of the same bridge hereafter.

4th. Your Committee purchased from Mr. Evans the said property for the sum of five hundred (500) dollars, and advertised for tenders for top structure of wood bridge according to plans and specifications drawn by Mr. Stokes, Engineer, the lowest tender for the same being six hundred and forty (640) dollars.

5th. In changing the length of bridge it is probable the stone work will cost a trifle more than the contract entered into with Mr. Evans, and your Committee have arranged with Mr. Evans that the Engineer, Mr. Stokes, shall decide the difference on said stone work, if any.

6th. The probable cost of excavating the property bought from Mr. Evans and filling approaches will be about three hundred dollars ($300.)

7th. Your Committee also visited New Hamburg to examine the Palmer Combination Bridge, and decided that it would not be advisable to adopt the said bridge.

All of which is respectfully submitted.

ALFRED DOIG, Chairman of Committee.

Report adopted in Council after making an addition to the fourth (4th) clause, "allowing the Village of Bolton the privilege of adding to the contract price sufficient to have an iron bridge instead of wood."

Report of Public School Inspector.

To the Warden and Council of the County of Peel:—

GENTLEMEN,

I have the honor to report that during the year 1884 I inspected all the schools

under my care, visiting twice every section but one, which one I have twice visited since the opening of the current year.

I am glad to be able to report that, though I certainly find some few schools falling behind their former standing, and though the best schools are perhaps little better than they were four or five years ago, yet the number of schools in a really bad condition is year by year decreasing, and the Trustee whose highest aim is to "keep down the taxes," though doubtless still a man of influence and common type, is decidedly a less popular individual than he was a few years ago. Our people, as they grow in wealth and increase their material comforts, are becoming impressed with a deeper sense of the importance, the necessity, of a sound mental and moral training for the children who are to inherit the fruits of their labors. It is more clearly seen that in agricultural and mechanical pursuits, no less than in the so-called "learned" professions, the man who succeeds is the man of thought, the man of intelligence, the man whose mental faculties have been developed as well as his physical powers; it is better understoood that character shapes character, and that the life and spirit of the teacher will for all time influence the moral natures of the young immortals under his care; these things, I say, are more and more thought of by our people, and hence the greater care in the selection of teachers, which I look upon as one of the most bopeful features in the educational outlook of the present day.

Another encouraging feature is the astonishing progress of our High Schools. Streetsville School is nearly as large, and is doing better work, than Brampton was doing ten years ago, while the latter school, notwithstanding the imposition of fees, has fully doubled its attendance within the same time. Streetsville can now send up more candidates for teachers' certificates than it had pupils enrolled five years ago, and Brampton, at the Departmental and University Examinations, has during the past year made a better record than some of the much more pretentious collegiate Institutes. These schools are almost wholly supplied with pupils prepared in the Public Schools of the County, and if some few come from the neighboring County of Halton, Peel sends an equal number to the High Schools in Orangeville, Collingwood and Weston. Indeed, at the December examination in the first named town no fewer than twelve or fifteen of our County pupils—including, if my memory serves me right, five out of the seven who obtained the highest marks—were successful.

But while we thus felicitate ourselves upon the all-in-all creditable position to which our schools have attained, we must not shut our eyes to the fact that in some particulars we are very far from taking a satisfactory stand, either absolutely or when compared with others. Let me refer to one of these weak points:—From the last report of the Minister of Education containing the statistics for 1883, I find that while in that year the percentage of average attendance to number of pupils enrolled throughout the Province was 43, the percentage of average in the County of Peel was only 39. Neighboring Counties made a better record—York 45, Halton 47; Wellington 44; Simcoe, with its back-wood settlements, 41, and only Dufferin, where many of the children, as I am informed, have distances of four and even five miles to travel to school, below us, 35. Waterloo, with a large German element in its population, leads with a percentage of 51, and Haldimand follows close behind with 49. In our own County, Caledon and Albion stand far below the other townships in point of regularity of attendance, while Chinguacousy leads with the very fair percentage of 46. How is all this to be accounted for? I can-

not undertake to explain fully, but it is at all events a fact worthy of notice that the two townships in which the average attendance is lowest are the two in which the distance of the school house from the extreme limits of the Section is greatest. In Caledon this evil has been lately much diminished by the formation of two new sections; but in Albion such a solution of the difficulty would, I fear, involve a change of site in one, if not in two, school sections.

The introduction of a new series of Readers is, perhaps, the most important educational event of the year, so far as Ontario is concerned. The type, the illustrations, the paper, the binding, the grading and the character of the selections place these books altogether beyond comparison with the series they displace. Much of their excellence they owe to the faithful work, the refined literary taste and the lofty moral sentiment of my much lamentable friend and colleague, the late Inspector for Halton, whose works will truly follow him so long as the coming generation of school children live.

The consolidation of the School Acts as amended will be a boon to the whole community. I am pleased to note that several suggestions made by your Honorable Body in your memorial to the Minister of Education have, in a more or less modified form, found a place in the new Act.

All of which is respectfully submitted.

D. J. McKINNON, Inspector.

P. S. Inspector's Office, Brampton, 6th June, 1885.

Report of Special Committee on Communications.

To the Warden and Council of the County of Peel:—

1st. As to the communication from the County of Middlesex respecting a change in the system of the Administration of Justice, we believe that the Government should be the best judges in the matter.

2nd. Respecting the communication from the County of Oxford, asking our co-operation in petitioning for a change in the law so that vagrants under sentence to hard labor may be employed beyond the gaol walls, we would recommend that no action be taken.

3rd. As to the communication from the Grand Jury, recommending your Council to provide hard labor for prisoners under sentence in the gaol, we would recommend that the Warden and Deputy-Reeve of Brampton be a Committee on behalf of this Council to ascertain if the Council of the Town of Brampton would supply stone

and hammers for the purpose of using the surplus labor of prisoners confined in gaol here.

All of which is respectfully submitted.

Second Report of Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel :—

Your Committee beg to report as follows :

1st. That they have had under their consideration the report of the Commissioner for Toronto Township, and would recommend the adoption of the said report.

2nd. Your Committee recommend the payment of the following accounts :

To the Commissioner for Chinguacousy, refund of $9.75, paid by him for plan and specifications of bridge at Norval and advertising for tenders for the same ; To Alex. McCort the sum of $16.50 as Commissioner's fees for 1884 ; To. Robt. Noble $6.12, being one half the cost of repairs to Norval Bridge ; To Alex. McLaren $4.50, Commissioner's fees in 1884 ; To. Wm. Stubbs $6, Commissioner's fees.

We would also recommend that a grant of $100 be made for repairing the Town Line between Caledon Township and the County of Dufferin, provided that the County of Dufferin supplement the same by a similar grant, said grant to be paid on the order of the Commissioner for Caledon.

Second Report of Standing Committee on Education.

To the Warden and Council of the County of Peel :—

Your Standing Committee on Education begs leave to report as follows :—

1st. That we have had before us the following named accounts :

(a). Clougher Bros., Stationery for the Public School Inspector's Office, $20.80.

(b). Rev. Alex. McFaul, as presiding examiner at Bolton and traveling expenses, $7.50.

(c). A. F. Dick, for printing examination papers as per tender, and educational advertisement for one year, $43.25.

(d). The Great North Western Telegraph Company, $1.39.

(e). M. M. Elliott, post stamps and cards, $16.25.

All of the above specified accounts having been certified, we would recommend payment of the same.

2nd. Your Committee would recommend that the amended account of D. J. McKinnon for the sum of $64.15, as presiding examiner at High School entrance examinations, be paid and that the Treasurer be authorized to pay the same.

3rd. Your Committee have before them an extended report from the Public School Inspector for the year 1884. We are pleased to note the steady and largely increased attendance at both of the High Schools of the County, and the good work they are accomplishing, and are also pleased to know that the efficiency and thorough training at our public schools of the County is greatly improving from year to year, all of which your Committee regard as highly satisfactory.

4th. Your Committee would respectfully recommend that a special grant of $400 to the Brampton High School and $200 to the Streetsville High School be made, for the year 1885.

5th. Your Committee would recommend that in accordance with the Consolidation School Act of 1885, the renumeration of examiners for reading and examination of papers shall be seventy cents per pupil instead of $4 per day.

All of which is respectfully submitted.

W. R. WRIGHT, Chairman.

Committee Room, Brampton, 19th June, 1885. (Adopted.)

Second Report of Standing Committee on Printing.

To the Warden and Council of the County of Peel :—

Your Committee on printing ask leave to present their second report :

Your Committee have had tenders for printing from the TIMES, *Banner*, and *Conservator* Offices respectively, and would recommend the acceptance of the tender from the TIMES Office at $1.15 per page for minutes, and $5 per quarter for publishing schedules of convictions.

Your Committee have examined the account of A. F. Dick, amounting to $9, and

that from the TIMES Office, amounting to $38, and would recommend payment of these two accounts.

All of which is respectfully submitted.

W. ANDREWS, Chairman.

Committee Room, June 18th, 1885. (Adopted.)

Third Report of Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:—

Your Committee report that they have had before them the following petitions and accounts:—

Petition of His Honor Judge Scott and others, asking that a Telephone be provided for the use of the Court House.

Petition from J. A. Austin, asking a Lounge.

Petition from A. Armour, asking for the usual grant for the Agricultural Society of the County of Peel.

Your Committee recommend that the prayer of the petition of Judge Scott and others be granted.

That the petition of J. A. Austin be granted.

That the prayer of the petition of A. Armour be granted, and that the sum of $300 (being the usual grant) be granted to the Agricultural Society of the County of Peel on the order of the Treasurer of said Society, and that the Townships of Caledon and Albion be granted $50 each on the order of the Treasurer of their Township Agricultural Societies, which sum the Treasurer of this County is required to pay.

Your Committee also recommend the payment of the following accounts:—

To M. M. Elliott, post stamps, $4; J. Coyne, gaol supplies, $4.25; E. Martin, repairs to locks at Registry Office, $3.90; Peaker & Runians, coal, $13.50; Rice & Chapple, Stationery, $6.

Your Committee have before them the Treasurer's estimates for 1885, and find it exceeds the estimates of 1884 by $5819.09, which will make it imperative that there be raised by tax this year $17,500, or thereabouts.

Your Committee very much regret to find that there is a deficiency this year

mounting to nearly $7,000, most of which ought to have been provided for in 1884, made up as follows:—

Actual cash deficit	$2000 00
A Bridge at Bolton Village, ordered to be built in 1884	2400 00
A Bridge at Norval, ordered in 1884 (Peel's portion)	1000 00
Improvement to Court House, 1884	600 00
Incidentals, 1884	300 00

Your Committee would respectfully recommend that in future the County Council will provide a sufficient sum to cover all indebtedness, whether caused by the elements, the natural decay of old structures, or other incidental or necessary expenses, and not leave the onus to their successors, which may be the means of leaving a wrong impression on the public. The leaving over the matter enumerated will cause a large amount of interest to be paid this year, being considerably over double that of last year.

All of which is respectfully submitted.

MELVILLE PARKER, Chairman.

Committee Room, 19th June, 1885. (Adopted.)

MEMORIALS.

Memorial praying for Amendments to the Municipal Election Law.

To the Honorable the Legislature of the Province of Ontario :—

The Memorial of the Council of the County of Peel,

HUMBLY SHEWETH :

That whereas much inconvenience and expense both to individuals and Municipalities is often caused by the present method of electing Councillors, which in the opinion of your petitioners could be avoided by a change in the Municipal Election Law,

Your petitioners therefore pray that your honorable body will so amend the Municipal Election Law that Councillors shall be designated as first, second, third or fourth, according to the number required to be elected, in the same manner as now applies to the election of Deputy Reeves.

And your petitioners as in duty bound will ever pray.

Signed on behalf of the Council by

W. A. McCULLA, Warden.

Council Chamber, Brampton, 29th Jan., 1885.

Memorial asking that County Poor Houses, Industrial Homes, &c., managed by County Councils, be granted a fair proportion of the sum annually voted for the support of Hospitals and Charities.

To the Honorable the House of Assembly of the Province of Ontario :—

The Memorial of the Council of the County of Peel,

HUMBLY SHEWETH :

That County Poor Houses, Industrial Farms and General Hospitals have been

established in several Counties in the Province and are managed and maintained by the respective County Councils,

Your Memorialists are of opinion that these Institutions are entitled to receive annually a certain amount of Government aid, and would respectfully suggest to your Honorable House the propriety of granting to each County Poor House, Industrial Farm or General Hospital, established and managed by the Council of the Corporation of the County in which it is situated, a fair and equitable proportion of the sum annually voted by your Honorable House for the support of hospitals and charities.

And your Memorialists as in duty bound will ever pray.

To the Honorable the House of Commons of the Dominion of Canada in Parliament assembled:—

The petition of the Municipal Council of the County of Peel,

HUMBLY SHEWETH,

That many of the competing lines of railways throughout the Dominion of Canada have passed into the hands of a comparatively few gigantic Corporations, thereby giving them a monopoly of the carrying trade, greatly to the detriment of Agriculturalists and the interests of the community throughout the Dominion of Canada generally; that in many instances exorbitant passenger and freight rates are being charged, especially local freight and passengers; that the different sections of the Dominion have assisted very materially, both municipally and through the Legislature, in giving aid toward the construction of railways, and that having a large money interest in the said railways, it would be greatly to the advantage of the country generally if provision was made by your honorable body whereby the freight and passenger rates made by the different railroads in the Dominion can be assimilated so that no unfair discrimination can be made in regard to local traffic.

Your petitioners venture most respectfully to urge that your honorable body do pass an act providing for the assimilation of passenger rates and freight charges made by the different railroads throughout the Dominion of Canada.

And your petitioners will ever pray.

W. A. McCULLA, Warden.

BY-LAW NO. 185.

To appoint a Constable in and for the County of Peel.

Whereas by the provisions of Sec. 23 of the "Municipal Amendment Act of 1884," power is given to County and Township Councils to appoint salaried Con-

stables in and for their respective Municipalities.

And whereas it is desirable that this Council appoint a salaried Constable in and for this County.

Therefore, the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That John Hurst, of the Town of Brampton, be and he is hereby appointed Constable in and for the County of Peel, to hold office during the pleasure of this Council, and shall possess the same powers and privileges subject to the same liability, and to the performance of the same duties, and shall be subject also to suspensions by the Judge of the County Court, in the same manner, and may act within the same limits as a Constable appointed by the Court of General Sessions.

2nd. That the said Constable be paid an annual salary of Three Hundred Dollars in four equal quarterly payments of Seventy Five Dollars each, over and above all legal fees he may be entitled to receive, and the Treasurer is hereby authorized to pay the said salary at the same time, and in the same manner as that of other officials appointed by this Council.

BY-LAW NO. 186.

A By-law to authorize the Borrowing of Money.

Whereas an Act of the Legislature, entitled "an Act to consolidate the Acts respecting Municipal Institutions," passed in the forty-sixth year of Her Majesty's reign, Chapter 18, Sec. 414, grants to Municipal Corporations power to borrow money to meet the current expenses of the year;

And whereas it will be necessary to borrow a certain sum for such purpose until the taxes are collected.

Therefore the Council of the County of Peel hereby enacts that the Warden and Treasurer be and they are hereby authorized to borrow money from the Dominion Bank, or from some other bank, from time to time, as they may deem necessary for the aforesaid purpose, and not to exceed in the whole the sum of Six Thousand Dollars, and they are hereby authorized to execute a note or notes and to renew the same during the year, and that said notes shall be under the seal of the Corporation, drawn by the Warden and countersigned by the Treasurer, payable at such date or dates within the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such note or notes out of any money coming into his hands, and which has been levied and collected for County purposes.

BY-LAW NO. 188.

To Confirm By-law No. 371 of the Township of Caledon.

Whereas the Council of the Corporation of the Township of Caledon did, on the 29th day of September, A. D., 1884, pass a By-law for the purpose of closing up and disposing of a portion of original allowance for road opposite lot number Ten, on the Fourth Line West of Hurontario Street, in the said Township of Caledon, to Wm. McDonald, of the Village of Belfountain, Blacksmith.

And whereas the said By-law no 371 was passed in accordance with the provisions of Section No. 506, Chap. 174, of the Revised Statutes of Ontario.

And whereas Section No. 325, Sub-section 2, of the said Statute, enacts that no such By-law shall have any effect unless confirmed by a By-law of the Council of the County in which such Township is situated at an ordinary session of the County County Council, held not sooner than three months, nor later than one year next after the passing thereof.

And whereas it is desirable that such by-law should be confirmed.

Therefore the Council of the Corporation of Peel enacts as follows: That By-law Number Three Hundred and Forty-Five, of the Township of Caledon, a copy of which is hereto annexed, be and the same is hereby confirmed.

Passed this 30th day of January, 1885.

COPY OF BY-LAW NO. 371 OF THE TOWNSHIP OF CALEDON.

To convey to William McDonald a portion of original allowance for Road, Lot No. 10 on 4th Line West.

Whereas several roads have been established leading through parts of the east half of Lot No. 10 in the fifth Concession, and the west half of lot No. 10, in the 4th Concession west of Hurontario street, which roads are now used in lieu of original allowance for road.

And whereas from the use of these established roads a portion of the original allowance for road lying opposite Lot No. 10 on the 4th line west of Hurontario street, in the Township of Caledon, is no longer necessary as a public road or highway.

And whereas William McDonald, of the village of Belfountain, blacksmith, has applied to the Council to purchase the said piece of allowance for road opposite the said lot No. 10 on the 4th line West of Hurontario street.

And whereas the said William McDonald is the owner of the land on both sides next adjoining the said portion of road allowance, and that these established roads were partly run through lands belonging to the said William McDonald, which were granted at a nominal amount for said purpose.

Therefore the Council of Township of Caledon enacts as follows:

1st. That all that portion of the original allowance for road on the 4th line west of Hurontario street, in the aforesaid Township of Caledon, being opposite lot No. 10, and lying west of the old Forks or Guelph road, and east of the intersection of the road leading from the village of Belfountain to Cataract, except so much as is used by the new Forks road crossing, the same containing about of an acre, be sold to William McDonald for the sum of twelve dollars and fifty cents.

2nd. That the Reeve be and he is hereby instructed to make the necessary transfer of the said portion of road allowance, so soon as the said purchase money is paid and this By-law legally passed.

Passed this 29th day of September, 1884.

BY-LAW NO. 189.

To Assess the Rateable Property of the County of Peel for County Purposes for the Payment of a portion of the Salaries of the Inspector and Teachers of Public Schools and for other purposes.

Whereas it is necessary to provide by a general assessment of all the rateable property of the County of Peel for the payment of the current expenses for the

year 1885, and by a sectional assessment for the payment of Debentures and Interest due and payable during the current year, under By-laws Nos. 61 and 71.

Therefore the Corporation of the County of Peel, by its Council, enacts as follows :

1st. That there be levied, collected and raised from all the rateable property of the County of Peel liable to be assessed during the current year, the sum of $17.-427 and 18-100ths for the payment of the salaries of the County officers and Inspector of Public Schools, allowances to County Councillors, part of the expenses of Criminal Justice and other expenses of the County.

2nd. That there be raised, levied and collected on the property liable therefor a sum equal to the Government grant, viz. $2,411, for the payment of a portion of the salaries of the qualified teachers of the public schools of the County.

3rd. That the sum of $5,180 to provide for the payment of Debentures and Interest becoming due and payable during the current year under By-law No. 61, which grants a sectional bonus to the Credit Valley Railway, the said sum to be levied upon and collected from that portion of the County liable for the payment of the same under the said By-law.

4th. That the sum of two thousand, five hundred and fifty dollars ($2,550) be levied and collected by sectional assessment for the payment of debentures and interest becoming due and payable during the current year under By-law No. 71, which grants a Bonus to the Hamilton & North Western Railway Company, the said sum to be levied upon and collected from that portion of the County liable for the same under the said By-law.

5th, That the whole of the said sums be collected and paid over to the Treasurer of the County of Peel on or before the fourteenth day of December next.

Passed this 18th day of June, 1885.

BY-LAW NO. 190.

To authorize the Borrowing of Money for County Purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenses of this Corporation until such time as the taxes levied therefor can be collected.

And whereas power is given to municipalities by the Revised Statutes of Ontario, Chap. 174, Sec. 393, to authorize the borrowing of money for such purpose.

Therefore the Corporation of the County of Peel, by its Council, enacts that in addition to the amount authorized to be borrowed by By-law No. 186, the Warden and Treasurer be and they are hereby authorized to borrow from some chartered Bank in Ontario for the aforesaid purpose such sum or sums of money from time to time as the Commissioners on County Property shall from time to time order and direct, and the said Warden and Treasurer are hereby authorized to execute a note or notes under the seal of this Corporation for such said sum or sums payable at such date or dates during the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retain such note or notes out of any money levied and collected for County purposes which may come into his hands, as they may from time to time fall due.

Passed this 19th day of June, 1885.

W. A. McCULLA, Warden.

D. KIRKWOOD, County Clerk.

TREASURER'S REPORT.

—o—

To W. A. McCulla, Esq., Warden of the County of Peel :—

SIR,—

I beg leave to submit the following papers for the information of the Council :

No. 1.—My four Quarterly Statements for the year ending 31st December, 1884, of Receipts and Disbursements, exclusive of the Public School and Non-Resident Tax Accounts, which are required to be made separate.

No. 2.—Statement of Assets and Liabilities, exclusive of Public Schools and Non-Resident Taxes.

No. 3.—Statement of Assets and Liabilities of the County of Peel for the year ending 31st December, 1884, including School and Non-Resident Land Tax.

No. 4.—Statement showing the state of the Non-Resident Land Tax at the same period.

No. 5.—General Statement of the affairs of the County 31st December, 1884.

No. 6.—Estimate of Expenses of the County for the year 1885.

You will observe that the estimates of last year fell short of meeting the expenses to the extent of $1777.99, exclusive of what may be required for fuel, no contract being yet made, which in all probability will be at least $500, showing a deficiency of about $2277, all of which will be required to be raised as an additional tax this year.

I remain your Obedient Servant,

GEORGE GRAHAM,
Treasurer Co. Peel.

Treasurer's Office, Co. Peel, January 26th, 1885.

AUDITORS' REPORT.

—o—

To the Warden and Council of the County of Peel:

GENTLEMEN,—Your Auditors beg leave to report that they have carefully examined the books and accounts of your County Treasurer for the year ending the 31st December, A. D., 1884, and have found properly authenticated vouchers, as well as authority for the payment of the various sums mentioned therein.

We find the balance on hand in cash in the Treasurer's account to be $9312.66, made up as follows:

Balance on current account	$6144 10
" Public School money	2920 64
" Non-Resident Tax	247 92
	$9312 66

We have also enquired of the Manager of the Dominion Bank, and find the amount deposited therein.

All of which is respectfully submitted.

GEORGE BLAIN,
C. W. SWITZER, } County Auditors.

NOVEMBER SESSION.

—o—

FIRST DAY.

CORPORATION OF THE COUNTY OF PEEL,
17th November, 1885.

Council met.

The Warden presiding.

Roll Called.

Members all present except Sir M. Parker.

Minutes of the fourth day of the June Session read and confirmed.

The following communications were received and read:

A communication from the Secretary of the Toronto Township Agricultural Society, with a resolution passed by the Directors of the said Society, asking that some action be taken to destroy the sparrows, as they consider them detrimental to agriculture.

A communication from Fleming & Murray, Solicitors, with transfer papers relative to title to land purchased for change of location of the bridge in the village of Bolton, with account for services rendered in connection therewith.

A communication from Beynon & Manning in reference to claim of Robt. Evans for work on the Bolton bridge.

A communication from W. H. McFadden, Clerk of the Peace, asking the Council to erect and maintain a telephone in his office for his use.

These several communications were referred to the several Standing Committees to which they properly belong.

Mr. Featherston, Commissioner of Roads and Bridges for the Township of Toronto, presented his report, which was received and read.

On motion of Mr. Kee, seconded by Mr. McCort, the Council adjourned.

D. KIRKWOOD, Clerk. W. A. McCULLA, Warden.

SECOND DAY.

CORPORATION OF THE COUNTY OF PEEL,
18th November, 1885.

Council met.

The Warden presiding.

Members all present except Mr. Featherston.

Minutes of yesterday read and adopted.

Second Report of County Commissioners for Township of Chinguacousy in reference to the Bridge on the diverged County Line at Norval.

To the Warden and Council of the County of Peel :

Your Commissioners ask leave to report as follows :

1st. The Bridge and abutments as reported in June last are fully completed to the satisfaction of your Commissioners, and is a first-class bridge in every respect.

2nd. Your Commissioner found it necessary, for public safety, to exceed the amount of $50 reported in June last by $48. I would recommend the payment of one-half of the last named amount ($48) on the order of the Commissioner when the work is completed.

3rd. Your Commissioner would further recommend the payment of twenty dol-

lars ($20) to Robert Noble as part of cost for the erection of a temporary bridge, while the new one was being erected.

All of which is respectfully submitted.

REUBEN S. LIGHTHEART, Commisioner.

Brampton, 18th November, 1885.

Report of Commissioner for Albion on Town Line with Simcoe.

To the Warden and Council of the County of Peel:—

Having received a notice from Mr. Kelly, Reeve of Adjala, stating that he had received a grant from the County of Simcoe of fifty dollars ($50) to repair new portion of road on North Town Line at Ballocroy, providing the County of Peel supplement it with a similar sum. This notice not having been received in time to ask for the grant in June session of this Council, your Commissioner thought it would be well to go on with the work, and would now ask this Council to make a similar grant.

ALEX. McCORT, Commissioner.

Brampton, 18th Nov., 1885.

Report of Money Expended on Town Line between Albion and Toronto Gore.

To the Warden and Council of the County of Peel,

GENTLEMEN,—We have the honor to report that during the past summer we found it necessary to repair the bridge on the Town Line opposite Concession 2, Albion, and 8, Toronto Gore.

We had new stringers placed thereon, and the bridge newly planked at a cost of $30 33, for which we would recommend order to issue to Wm. T. Wilson. We also repaired the bridge across the West Branch opposite Concession 4, Albion, and 10, Toronto Gore, by having placed thereon new plank to the amount of 190 feet at $11 per thousand, $2.09, and for hauling and placing plank, $3, making a total of $5.09, for which order should issue to H. J. McCort.

ALEX. McCORT,
M. DOHERTY, } Commissioners.

Brampton, 18th November, 1885.

Report of the Commissioner on the County Bridge for the Township of Caledon.

To the Warden and Council of the County of Peel:—

GENTLEMEN,—Your Commissioner for Caledon begs leave to report as follows:

That in conjunction with Mr. James Snell, Commissioner for the County of Dufferin, we were called to examine the bridge on County Line opposite the sixth concession East, Caledon, and found it in a dangerous condition. Your Commissioner would recommend that a new bridge be built at once, and your Commissioner would also state that, of the one hundred dollars of money given by this County to be supplemented by Dufferin, that there has been fifty dollars of it expended on the west side of Caledon, on the Town Line, and the other fifty is just about expended, as the work is just about completed.

All of which is respectfully submitted.

WILLIAM STUBBS, Commissioner.

Brampton, 18th November, 1885.

Report of Commissioners on Bolton Bridge.

To the Warden and Council of the County of Peel:

Your Commissioners beg leave to report as follows:

The abutments of Bridge are completed to the satisfaction of the Commissioners, and we would advise that Mr. Evans be paid the sum of five hundred and eleven dollars and thirty-three cents ($511.33), being balance due him, and that the above be payment in full of all demands for said work.

Your Committee do also recommend that the sum of seventy-five dollars ($75) be paid Mr. Evans for making temporory bridges and removing the old structure as soon as the work is done to the satisfaction of the Commissioners.

Your Commissioners made an effort to let excavating and filling at the bridge by public auction, but the lowest bid received was eight hundred and thirty dollars ($830), which your Commissioners thought too high. We decided then to hire an overseer and hire men by the day. After having spent three hundred and thirty-one dollars and thirry-five cents ($331.35), your Commissioners decided to let the balance of work by contract, as it was impossible to hire men by the day. The balance of the work was let by auction for two hundred and forty dollars ($240), the work to be completed within a month, with the exception of the rim left around the work, which was to be taken down to high water mark, the balance to be taken out in the summer of 1886, the sum of eighty dollars ($80) to be held

back until the job is finished, the said several sums to be paid on the order of the present Commissioners.

Your Commissioners recommend that the accounts attached to this Report be paid, as the services rendered were in connection with the bridge.

To Mr. Stokes, Engineer	$48 55
" H. H. Bolton	5 00
" J. N. Bolton	6 00
" A. McFaul	62 50

All of which is respectfully submitted.

Report of the Special Committee re. the death of James Hurst, Caretaker of the Court House.

To the Warden and Council of the County of Peel :

Your Committee beg to report the following resolution :

Rrsolved,—As it has pleased Almighty God to remove from our midst by death our much respected Caretaker, James Hurst,

Therefore we take this, our first opportunity in Council assembled, to tender our sympathies to his bereaved widow for the loss she has sustained, and we hereby testify that he was always faithful to his charge, and ever ready to attend to any and all duties pertaining to his office, and we one and all deeply regret that we shall never see his cheerful countenance amongst us again, and your Committee would recommend that a copy of the above resolution be forwarded by the Clerk to the widow of the late James Hurst.

All of which is respectfully submitted.

ROBERT KEE, Chairman.

Committee Room, November 18th, 1885.

1st. A communication from the Crown Attorney asking to have a Telephone box

placed in his office, and we would recommend no action at present.

2nd. A communication from Beynon & Manning, in reference to a claim for damages by Robert Evans, and recommend that it be not entertained.

3rd. Your Committee recommend the adoption of the following reports and accounts:—

(*a*). The Report of the Commissioner for Toronto Township, recommending the payment of fifteen dollars ($15) to John Cook for railing to the Etobicoke bridge, on the 1st Concession North Dundas Street.

(*b*). To Solomon Caslor, for repairs to the Caslor Bridge, thirteen dollars ($13).

(*c*). To A. S. Lamb, plank furnished for the above bridge, sixty-one dollars and twenty-two cents ($61.22).

4th. (*a*). Report of the Commissioner for Chinguacousy on the Norval bridge, recommending the payment of twenty-four dollars ($24.00) for the completion of said work, payable on his order.

(*b*). To Robt. Noble, for erecting temporary bridge at Norval, twenty dollars ($20.)

5th. Report of Commissioners for Albion and the Gore, recommending the payment of thirty dollars and thirty-three cents ($30.33) to William T. Wilson for repairs to a bridge between Albion and Toronto Gore;

Also to H. G. McCort five dollars and nine cents ($5.09) for lumber and repairing bridge, and to the order of the Commissioner for improving the Town Line between Albion and Adjala, the sum of fifty dollars ($50).

6th. Your Committee also recommend the payment of the following accounts:

To E. Martin, for repairs to Gaol	$ 4 00
" W. H. Sterling, for repairs to Mullet Creek Bridge	20 40
" Fleming & Murray, for services in connection with Bolton Bridge contract	17 45

All of which is respectfully submitted.

JOSEPH FEATHERSTON, Chairman.

Committee Room, 19th November, 1885.

Third Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

Your Committee on Education beg leave to make the following report:

1st. We have before us the following named accounts:

M. M. Elliott, Postmaster, postage and stamps	$25 00
Great Northwest Telegraph Company	3 73

The above mentioned accounts having been certified to by the Inspector, we would recommend payment of the same.

2nd. That the account of William Webb for stationery for the Streetsville High School Entrance Examination, amounting to $14.80, be paid when certified to by the Inspector.

3rd. That Mr. Robert Cowling, of Malton, President of the Teachers' Institute, be paid the sum of $25, being equivalent to the Government grant under provision of Section 178 of the Public School Act of 1885.

Your Committee would recommend that the Treasurer be authorized to pay the Chairman of the High School Board of Streetsville the sum of $34.50, being 75 cents per candidate for the Entrance Examination to the Streetsville High School in July 1885, and the sum of $57.75 to the Chairman of the Brampton High School Board, being 70 cents per candidate for those writing at the Entrance Examination at Brampton, Bolton and Charleston in July 1885, and that the sum of $7.75 already paid the Rev. A. McFaul for presiding at Bolton, is hereby deducted from the above mentioned sum of $57.75, the said bill being certified to in error by the Inspector, and that the order of Henry Grey and Peter Nichol as presiding Examiners be cancelled, the said bills being certified to in error.

The above accounts were ordered to be paid by the Commissioners on County Property.

4th. That the communication from the School Inspector in reference to the Sub-Treasurers for the minor Municipalities be laid over to the January meeting of the Council.

5th. We recommend that the Board of Examiners be authorized to charge the sum of 50 cents per candidate for High School Entrance Examinations.

Your Committee would recommend that the High School Entrance Examinations at Bolton and Charleston be continued as they have been in the past.

All of which is respectfully submitted.

W. R. WRIGHT, Chairman.

Committee Room, 19th November, 1885.

The Public School Board had to incur the expense of purchasing the old Presbyterian Church at $1000 with 6 per cent. interest till paid, all such to make room for Model School ; and so much was this necessary that the Inspector of Schools has intimated to the Board that another Teacher, and of course another School-room are imperatively demanded in 1886. A Principal (without an Assistant even) cannot be got for less than $250 to $275. The Model School has been run for less this year at the sacrifice of the Schools, but cannot another year.

JOHN McCULLA, Sec.-Treas.

Report from the Head Master of the Streetsville High School.

To the Warden and Council of the County of Peel:

GENTLEMEN,—I have much pleasure in being in a position to submit the following report of Streetsville High School.

There has been a steady increase in attendance during the past three years, which will appear from the following comparative statement:

TOTAL NUMBER IN ATTENDANCE:

For	1883—Spring	Term,	26	Autumn Term,	24
"	1884— "		41	"	30
"	1885— "		47	"	54
"	1886— "		73		

Showing an increase of 180 per cent. in three years.

All the subjects of the High School course are taken up. The probabilities are that about 30 pupils will present themselves for Departmental Examinations and 4 for University Matriculation

I am, Gentlemen, yours obediently,

A. B. COOKE, B. A., Headmaster.

Streetsville, January 25th, 1886.

———o———

Report of Brampton High School for the Year 1885.

1.—ATTENDANCE.—The attendance continues steadily to increase from year t year. For 1885 the number of pupils on the Roll is 201. These came in the usua proportions from the Town of Brampton, from the Townships of Peel, and fron other Counties.

II.—RESULTS AS SHOWN BY DEPARTMENTAL AND UNIVERSITY EXAMINATIONS.— The Intermediate Examinations having been abolished the number of pupils wh have passed examinations is necessarily smaller than last year; but the successfu candidates have taken a higher position than formerly. Altogether 23 pupils pass ed the Departmental examinations; of these one passed the Matriculation examin alion in Arts in the Toronto University, taking honors in Mathematics, Histor and Geography, 1 obtained 1st Class Non-professional Certificate; to 14 wa awarded 2nd Class Non-professional Certificates; and 7 passed the 3rd Clas

Teachers' Non-professional examination. Most of these successful pupils are now engaged in teaching.

III.—Prospects of School.—The attendance for the current year will probably show an increase over that of the past year. The capabilities of the school for important work have been greatly improved by the additions of a very fair set of apparatus for instructions in Physics—this valuable acquisition is due to the liberality of the Board of Trustees.

IV.—School Library—By the efforts of the pupils attending school the nuclus of a Library has been formed which contains some valuable works of reference, and other standard works in Science and Literature. To the praise-worthy zeal and energy of the pupils is also due the formation of a fund now amounting to about $100, which is to be expended in the purchase of a Piano for the School.

V.—Museum.—A valuable addition to the Museum has been obtained through the exertions of James Fleming, Esq., M. P., from Dr. Selwyn of the Geological Survey. It consists of over 100 specimens of minerals carefully labelled, and illustrative of the Geology of the Dominion..

With all these additional appliances it is hoped that the career of the Brampton High School will be one of ever increasing usefulness.

ALEX. MURRAY, M. A., Head Master Brampton High School.

Report of Special Committee on Communications, &c.

To the Warden and Council of the County of Peel :

Your Committee asks leave to report as follows :

1st. Your Committee would recommend that no action be taken on the following communications :

(*a*) From the Township of York in reference to proposed changes in the Municipal Act.

(*b*) From the Farmers' Institute for North Grey, suggesting the establishing of a stock law for Ontario.

(*c*) From the Department of Agriculture in reference to the Colonial and Indian Exhibition.

(*d*) From the County of Perth respecting the width of sleigh or wagon tires.

(*e*) From the County of Welland for information regarding the erection and maintenance of Poor Houses.

2nd. Your Committee would also recommend this Council to join with the Coun-

ty of Perth in memorializing the Legislature to so amend the "Ditches and Watercourses Act of 1883 and 1884" as to place railway companies on equal terms with Municipal Corporations and individuals.

All of which is respectfully submitted.

R. BLAIN, Chairman.

Council Chamber, January 29th, 1886.

First Report of the Standing Committee on Equalization of Assessment.

To the Warden and Council of the County of Peel:

1st. Your Committee have examined the Assessment Rolls of the several Municipalities of the County and find them generally correct.

2nd. Your Committee have prepared a Schedule, hereto annexed, in which is set out the assessed value of each Municipality, and also the relative equalized value of the same, as so equalized by your Committee.

3rd. Your Committee would recommend the adoption of the equalized assessment adopted by By-law No. 71 for the several Municipalities, portions of which are liable to assessment for the bonus debt of the Hamilton and North Western Railway Company.

4th. Your Committee recommend also that the equalized assessment adopted by By-law No. 61 for the several Municipalities, portions of which are liable to assessment for the bonus debt of the Credit Valley Railway Company, be adopted.

All of which is respectfully submitted.

WILLIAM STUBBS, Chairman.

First Report of Standing Committee on County Property. Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee beg to report that they have had for their consideration the following Communications and Accounts:

1st. The claim of Robert Evans, Contractor for building Bolton Bridge, asking for the sum of Three Hundred Dollars in excess of the award made by John T. Stokes, Engineer, said award was not accompanied by the Commissioners report, therefore your Committee recommend that it be referred to a committee of the whole Council.

2nd. The claim of Michael Galvin for repairing the bridge over the river Humber between the Village of Bolton and Albion Township, and recommend the payment of the bill of $6.01, as ordered by the Commissioner for Bolton.

3rd. Your Committee also recommend that the following persons be and they are hereby appointed Commissioners on County Property, viz:—George Atkinson and Richard Blain, with the Warden of the County, and that the Seal of the Corporation be attached hereto.

4th. An application from the Township of Caledon asking for a grant of One Hundred Dollars for repairing Bridges and Roadway on Town Line between the Counties of Peel and Dufferin, and we recommend the above grant provided Duff-

erin supplement the same, said grant to be payable on the order of the Commissioner for Caledon.

All of which is respectfully submitted.

JOSEPH FEATHERSTON, Chairman.

Council Chamber, 29th January, 1886.

First Report of Standing Committee on Education.

To the Warden and Council of the County of Peel:—

Your Standing Committee on Education begs leave to report as follows:

1st. That the following accounts be ordered to be paid:

Board of Examiners for entrance to the Brampton High School	$53 25
Board of Examiners for Streetsville High School	33 50
Rev. P. Nichol, as presiding Examiner, June and December	19 50
Rev. A. McFaul, as presiding Examiner, December	12 00
M. M. Elliott, postage account	25 00
Wm. Webb, stationery, etc	10 93
Geo. Tye, printing Promotion Examination Papers, etc	34 50
Clougher Bros., stationery, etc	39 00

2nd. Your Committee is pleased to note the ever-increasing efficiency of the High Schools in Brampton and Streetsville, as set forth in the reports of the respective head masters, and would recommend that action with respect to special grants be deferred till the June session, when it is expected that fuller reports will be presented, showing, amongst other things, the municipalities to which the pupils attending these schools respectively belong. Your Committee was also pleased to receive a satisfactory financial report from the Treasurer of the County Model School.

3rd. With respect to the communication from the Inspector *re.* sub-treasurers of school monies, your Committee would recommend that action be deferred till the June session.

4th. Your Committee has had before it a copy of the illuminated certificates given in the Inspectorate of North York to successful candidates at the High School Entrance Examinations. Your Committee is of opinion that the granting of similar certificates to pupils who complete the ordinary Public School course and pass the departmental examination in the County of Peel would have an encouraging and stimulating influence upon the pupils of such schools, and would therefore recommend that the Inspector be authorized to procure 200 certificates at the expense of the County. To meet the cost of these certificates, and the further cost of prizes—should the giving of such be thought expedient—your Committee would

recommend to the Board of Examiners for the High Schools that a fee of 25 cents in advance be imposed upon every candidate presenting himself for examination.

5th. Your Committee recommend that J. P. Hutton, Esq., be appointed Trustee of the High School in Brampton in the room of J. P. Hutton, whose term of office has expired, and that Thos. Graham, Esq., be appointed a Trustee of the High School in Streetsville in the room of Alfred Ecclestone, Esq., whose term of office has expired.

6th. Your Committee submit herewith draft resolutions for the carrying into effect of the recommendations herein contained.

All of which is respectfully submitted.

WILLIAM ANDREWS, Chairman.

Report of Commissioner for Toronto Township.

To the Warden and Council of the County of Peel:—

GENTLEMEN,—Your Commissioner asks leave to report that I received from Mr. J. D. Evans, Commissioner for the County of York, in reference to the unsafe condition of the bridge on the Lake Shore Road over the River Etobicoke.

I met Mr. Evans and we let the work of new planking and some small repairs

to the abutments, the probable cost about $140, one half to be paid by the County of York ; I would recommend the payment of Peel's share of the amount on the order of your Commissioner when the work is complete.d

All of which is respectfully submitted.

Report of the Commissioners of Toronto and Chinguacousy.

To the Warden and Council of the County of Peel :

Your Commissioners' attention has been called to the unsafe state of the following bridges on the Town Line :—In Con. 5 west, a new bridge is required, and two bridges in the 4th Con. needs repairing.

Your Commissioners ask to have said work done, to be paid when the Commissioners report the work completed.

All of which is respectfully submitted.

Report of Thos. Swinarton, Commissioner for the Township of Albion.

To the Warden and Council of the County of Peel :—

Your Commissioner reports as follows :—

In connection with James Cherry, Esq., Commissioner for the County of York, and John T. Stokes, engineer of York Roads, we made the following improvements, viz :

By rebuilding the bridge over the River Humber, on the Town Line between

York and Peel, with part new timber and part old, with new plank, at an expense of $89.

Also a new bridge over the "Cold Creek," on the above Town Line, opposite lot No. 8, Albion, which was let by public competition for the sum of $120, which would make Peel's share of the whole $104.50.

I would not have gone to the above expense but the roads became almost impassable.

All of which is respectfully submitted.

Council Chamber, June 15th, 1886.

Report of Commissioners on Bridges between the Village of Streetsville and the Township of Toronto.

To the Warden and Council of the County of Peel:

Your Commissioners begs leave to report as follows:

That we have examined the bridge on the dividing line between Streetsville and the Township of Toronto, and found the said bridge in a very bad state and unsafe for travel; also the breakwater on the north side of the River is giving way; your Cmmissioners would recommend that the road be moved up the stream the width of itself, and that the bridge be replaced by building a stone culvert, and covered over with brush and clay.

The land which would be required to do this would have to be purchased from John Rutledge and would cost one hundred and fifty dollars, along with which Mr. Rutledge agrees to let us have all the stone we would require; also he has a lot of young willow trees which will be a great advantage in the filling in which we can have.

By doing this it will save the expense of building the breakwater in a short time, and will do away with the bridge, and it will cease to be a County bridge.

All of which your Commissioners would recommend.

WILLIAM COOK, } Commissioners.

Report of County Commissioners for the Townships of Toronto Gore and Albion.

To the Warden and Council of the County of Peel:

Your Commissioners ask leave to report as follows:

Having examined the bridge on the boundary line between the Townships of

Albion and Toronto Gore, near Tullamore, we found that one of the abutments required rebuilding; we advertised and let the rebuilding of the same to Mr. J. Hutchinson for the sum of $30, and gave Mr. Wilson the sum of $1.50 for overseeing the work. We find the work done according to agreement and recommend payment of the same.

All of which is respectfully submitted.

Report of the Public School Inspector.

To the Warden and Council of the County of Peel:

GENTLEMEN,—I have the honor to report that during the year 1885 I twice visited all the Schools under my care, and paid additional visits to a number of others, the whole number of Inspectoral visits during the year being, as shown by the Trustees' Reports, 220.

I still find it advisable to devote most of my attention to the Junior Classes, knowing that the laying of a good foundation is essential to the stability of the superstructure, whether that be of the commonest or the most expensive material. I have during the past two years given special prominence to rapidity and accuracy in *Addition*, and am pleased to say that pubils in Senior First Class in some few schools can run up a column of six or eight digits almost as fast as they can well speak; in this particular the Bolton School stands easily first—some of the junior pupils in that school taxing their Inspector's powers to keep pace with them. In most rural schools however it will be impossible to reach this standard owing to the comparative irregularity of the attendance, and the greater number of classes under the care of a single teacher.

In my last, and several previous Reports, I had to call attention to the fact that our average attendance as compared with the number on the Roll, was considerably lower than in neighboring Counties, or even the Province at large, but I am happy to say that the last report of the Minister of Education shows a gain in this respect, we now stand one per cent. below the average for the Province instead of four per cent. as in the previous year. We are still however eight per cent. behind Ontario County; three per cent. behind York and Halton; and two per cent. behind Wellington. Is there any good reason why the percentage of average should be any lower with us than in any of the Counties named? Is it that the people of Peel are more indifferent than their neighbors to the benefits of a good Public School education?; or is it that our School Sections, at least in Albion, are laid out so badly that parents who are really anxious to educate their children find it

practically impossible to do so owing to their great distance from schools ? I am satisfied that the latter rather than the former is the main reason, for our inferior position in this particular, although it is too true that very great indifference to the future usefulness and well-being of their children is manifested by many well-to-do farmers.

With a view of mitigating somewhat the grievance complained of, at least so far as Albion is concerned, I last April aubmitted to the Council of that Municipality a scheme for the revision of School Section boundaries in the northern portion of the Township, but the members of Council could not see their way clear to carrying out the plan proposed.

I am myself very doubtful as to the practicability of the alterations suggested, especially so far as the neighborhood of Caledon East is concerned, but I am convinced that a change of some kind is imperatively demanded, at least in the neighborhood of Palgrave. I would therefore recommend the appointment of one or more Arbitrators under section 82 of the Public School Act, and would respectfully suggest that a thoroughly disinterested person resident in another municipality would probably be in a position to deal with this difficult matter more efficiently than could a resident of any section adjacent to those directly affected.

In this connection I may state that I have been requested by twenty six ratepayers of Albion and the Gore to appeal against the refusal of the Council of the former Municipality to appoint an Arbitrator in the matter of a Union Section on the boundary between the two Townships. Whether or not such a Union can be formed I think it but right to give the parties aggrieved an opportunity of laying their case before an impartial tribunal, and have therefore appealed to your Honorable Body, in terms of Sec. 87 of the P. S. Act as amended by the Legislature during its last session.

I am pleased to notice that the School grounds in many of our Sections have been beautified by the planting of trees and flowers on the lately instituted "Arbor Day," over 900 are reported as planted on that day in 1885, and the good work is evidently gone bravely on this year.

No new School houses were built during 1885—the first year since my appointment in 1871 that such has been the case—but preparations for building this summer are being made in S. S. Nos. 10 and 17, Toronto, and in S. S. No. 2, Albion—in the two first named Sections contracts have been entered into for the erection of a very handsome and commodious brick buildings.

The County Model School was last session attended by students of whom all but three succeeded in passing the final examination. I cannot here refrain from bearing testimony to the zeal and ability with which the training of our young teachers has been conducted by Mr. Morton, the Principal, and my regret that other duties will probably hereafter claim his full attention and prevent his continuing to shape the teaching in our County Schools.

The examinations for entrance into our High Schools were attended last year by the usual number of candidates, except in Streetsville, where the number fully doubled that of the previous year.

The beautifully engraved certificate which your liberality has enabled me to procure will, I trust, operate as an honorable stimulus to our young people : indeed I hope to see the day when no pupil will be considered as having finished his Public

School course without having earned the right to have his name written upon one of them. I herewith submit specimens for your inspection.

Appended you will find selections from my statistical reports to the Educational Department.

All of which is respectfully submitted.

MEMORIAL.

—:o:—:o:—

Memorial re. "Ditches and Watercourses Act."

To the Honorable the Attorney General of the Province of Ontario:

The Memorial of the Municipal Council of the County of Peel

HUMBLY SHEWETH:

That your Memorialists are advised that in many instances it is impossible to carry into effect the provisions of the "Ditches and Watercourses Act of 1883," as amended by the Act of 1884, where a railway intercepts the proposed crossing of the ditch.

Your Memorialists understand and are advised that the Courts have decided in the case of Miller vs. G.T.R. (45 Q.B. 222) that railway companies do not come within the provisions of the said Act, and as a result great hardship is imposed upon parties desirous of availing themselves of the "Ditches and Watercourses Act."

That in certain sections of the County where the natural course of the water crosses a railway the inhabitants are barred from taking advantage of the said Act.

Your Memorialists would respectfully urge upon your Government to initiate and carry into effect such legislation as will, as to the matters referred to, place railway companies on equal terms with municipal corporations and individuals, or as will at all events enable parties interested, under such safeguards as may be considered necessary, to compel when necessary the opening up or deepening of ditches or watercourses across railways, so that the full benefit of the said Act may be obtained.

And your Memorialists will ever pray, etc.

BY-LAW NO. 195.

A By-law to authorize the borrowing of a sum of Money.

Whereas an Act of the Legislature entitled "An Act to Consolidate the Acts respecting Municipal Institutions," passed in the forty-sixth year of Her Majesty's

reign, Chap. 18, Sec. 414, grants to Municipal Corporations power to borrow money to meet the current expenses of the year;

And whereas it will be necessary to borrow a certain sum for such purpose until the taxes are collected.

Therefore the Council of the County of Peel hereby enacts that the Warden and Treasurer be and they are hereby authorized to borrow money from the Dominion Bank in Brampton, or from some other bank, from time to time as they may deem necessary for the aforesaid purpose and not to exceed in the whole the sum of Five Thousand Dollars, and they are hereby authorized to execute a note or notes for the same under the seal of the Corporation, drawn by the Warden and countersigned by the Treasurer, payable at such date or dates within the current year as may be agreed upon.

And the said Treasurer is hereby authorized to retire such note or notes out of any money coming into his hands, and which has been levied and collected for County purposes.

BY-LAW NO. 196.

To Assess the Rateable Property of the County of Peel for County Purposes for the Payment of a portion of the Salaries of the Inspector and Teachers of Public Schools and for other purposes.

Whereas it is necessary to provide by a general assessment of the rateable property of the County of Peel for the year 1886 for the payment of the general and incidental expenses of the County, for the payment of a portion of the salaries of the Inspector and qualified teachers of public Schools of the County, and for the payment of debentures and interest due and payable during the current year on the bonus debt to the Credit Valley Railway Company and to the Hamilton and North Western Railway Company.

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows:

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several Towns, Villages and Townships in the County of Peel, liable to be assessed during the current year, the sum of twelve thousand dollars ($12,000) for the payment of the salaries of County officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to County Councillors and other necessary and incidental expenses of the County.

2nd. A sum equivalent to the Government grant, viz.: $2,389 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $4,550 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 61, granting a sectional bonus to the Credit Valley Railway Company, the same to be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

4th. The sum of $2,460 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 71, granting a sectional bonus to the Hamilton and North Western Railway Company, the same to be assessed upon and collected from that portion of the County liable for the payment thereof under the By-law.

5th. The whole of the said sums to be collected and paid to the Treasurer of the County on or before the fourteenth day of December next, as per Schedule annexed.

Passed this 18th day of June, 1886.

BY-LAW NO. 197.

To authorize the Borrowing of Money for County Purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenses of this Corporation until the taxes levied can be collected.

And whereas by 46 Vic., Chap. 18, Sec. 414, authority is given to Municipal Corporations to borrow for such purposes.

Therefore the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That the Warden and Treasurer be and they are hereby authorized to borrow from some person or chartered bank of Ontario, for the purpose above set forth, such a sum or sums of money as they may deem necessary, provided such sum or sums of money shall not exceed in the whole the sum of $4000, and shall execute for said sum or sums of money a note or notes under the seal of this Corporation, payable at such date or dates as may be agreed upon within the current year.

2nd. The Treasurer is hereby authorized to retire such note or notes from time to time as they may become due out of any money which has been levied and collected for County purposes.

BY-LAW No. 198.

To Confirm By-Law No. 388 of the Township of Caledon.

Whereas the Council of the Corporation of the Township of Caledon did, on the 20th day of September, A. D., 1884, pass a By-law for the purpose of closing up and disposing of a portion of original allowance for road between Lots 30 and 31, in the First Concession East of Hurontario Street, in the said Township of Caledon, the said allowance for road not being considered necessary for public travel.

And whereas the said By-law No. 388 was passed in accordance with the provisions of Section No. 506, Chap. 174, of the Revised Statutes of Ontario;

And whereas Section No. 325, Sub-section 2 of the said Statute enacts that no such By-law shall have any effect unless confirmed by a By-law of the Council of the County in which such Township is situated at an ordinary session of the County Council held not sooner than three months, nor later than one year next after the passing thereof;

And whereas it is desirable that such By-law should be confirmed;

Therefore the Council of the Corporation of Peel enacts as follows:—That By-

law Number Three Hundred and Eighty-eight of the Township of Caledon, a copy of which is hereto annexed, be and the same is hereby confirmed.

Passed this 16th day of January, 1886.

(COPY.)

BY-LAW No. 388.

To close up and to authorize the Sale of the Original Allowance for Road in the First Concession East of Hurontario Street, lying between Lots 30 and 31.

Whereas the original allowance for road between Lots 30 and 31, in the First Concession East of Hurontario Street, in the Township of Caledon, is not considered necessary for public travel owing to its lying so near to the Town Line between the Townships of Caledon and Mono ;

And whereas it is desirable to close up and sell the said original allowance for road under the provisions of Sub-section 2 of Section 566 of the Consolidated Municipal Act of 1883 ;

Therefore the Corporation of the Township of Caledon, by the Council thereof, enacts as follows :

1. That the said road between Lots 30 and 31, is hereby closed as a public road.

2. That the said allowance for road being closed as a public road be sold to John Clark and Henry Hulse, the owners respectively of the adjoining Lots 30 and 31, to be divided by a centre line running lengthwise through the said road allowance, each to have the half adjoining their respective Lot, and paying therefor the sum of Eighty Dollars, jointly.

3. That the Reeve be and he is hereby instructed to make the necessary transfer of the respective portions of the said road, as above described, so soon as the purchase money is paid and this By-law confirmed by a By-law passed by the Council of the County of Peel.

Passed this 12th day of January, 1886.

BY-LAW No. 199.

For Appointing a Sub-Treasurer of Public School Monies for the Townships of Toronto, Chinguacousy and Toronto Gore.

Whereas by the Public School Act of 1885, Section 142, power is given to Coun-

ty Councils to appoint, by By-law, the County Treasurer Sub-Treasurer for such Municipalities within the County as may be deemed expedient;

And whereas it will be more convenient for the Teachers of certain Municipalities to receive their money from the Treasurer of the County, instead of the Township Treasurer;

Therefore be it enacted by the Council of the County of Peel that Geo. Graham, County Treasurer, be and he is hereby appointed Sub-Treasurer of school monies for the Municipalities of the Townships of Toronto, Chinguacousy and Toronto Gore.

Passed this 16th day of June, 1886.

D. KIRKWOOD, County Clerk. ALEX. CUNNINGTON, Warden.

BY-LAW No. 200.

A By-Law appointing Arbitrators under the Provivions of the Public School Act, and Amendments thereto.

Whereas, in accordance with the provisions of the 82nd Section of the Public School Act of 1885, five ratepayers of one or more of the Sections concerned have appealed to this Council against the refusal or neglect of the Council of the Township of Albion on application being duly made by the Public School Inspector to the said Council to alter the boundaries of School Sections Nos. 6, 7, 8, 9, 10, 11 and 12 in the said Township in such a manner as to form therefrom two new Sections;

And whereas, in accordance with the 87th Section of the said Act, amended by the 49th Section of the Statute-amendment Act of 1886, the Public School Inspector has appealed to this Council against the refusal or neglect of the said Council of Albion to appoint an Arbitrator in the matter of the formation of a new Union School Section between parts of the adjoining Townships of Albion and Toronto Gore, on the petition of five ratepayers of the Municipalities concerned;

And whereas the said Public School Inspector has likewise appealed against the refusal or neglect of the Council of the Municipality of Streetsville to appoint an Arbitrator in the matter of the alteration of the boundaries of the Union School Section composed of the said Village of Streetsville and part of the adjoining Township of Toronto, on the petition of five ratepayers of the Municipalities concerned;

Therefore the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That the County Judge, the County Inspector of Schools and Miles W. Cook, of Cooksville; Arthur Armstrong, of Lloydtown, and Wm. Kersey, of Toronto Gore, be and are hereby appointed Arbitrators in the matter of the alteration of the

boundaries of the said School Sections Nos. 6, 7, 8, 9, 10, 11 and 12, in the said Township of Albion.

2nd. That the County Judge, the County Inspector of Schools, and Miles W. Cook, of Cooksville, be and are hereby appointed Arbitrators in the matter of the formation of a Union School Section comprising parts of the adjoining Townships of Albion and Toronto Gore.

3rd. That the County Judge, the County Inspector of Schools, and Eli Crawford, Sr., of Chinguacousy, be and are hereby appointed Arbitrators in the matter of the alteration of the boundaries of the Union School Section comprising the Village of Streetsville, and a part of the adjoining Township of Toronto.

Passed this 18th day of June, 1886.

D. KIRKWOOD, County Clerk. ALEX. CUNNINGTON, Warden.

BY-LAW No. 201.

Regulating the Licensing of Hawkers and Pedlars.

Whereas, by the Municipal Amendment Act of 1885, in relation to Hawkers and Pedlars, the word " Hawkers " is defined;

And whereas it is further enacted in and by the said Act that the provisions of any By-law heretofore passed by any Municipal Council shall not be held as extending to any persons who, by the provisions of the said Act, are to be held as included within the meaning of the word Hawkers ;

Therefore the Council of the Corporation of the County of Peel enacts as follows :—

1st. That Chapter Nine of By-law 142, of this Corporation, is hereby repealed.

2nd. That it shall not be lawful for any Hawker (as defined in the said Municipal Amendment Act of 1885), Pedlar, Petty Chapman, or any other person trading from house to house, either on foot or with a horse, or horses, or any other animal of burden, to carry, sell, or expose for sale within this County, any Goods, Wares or Merchandise, without first having obtained a license therefor from the Treasurer of this County ; and the Treasurer is hereby authorized and required, upon application by any such Hawker, Pedlar, or other person trading as aforesaid, and upon receipt of the sum hereby imposed as the License Fee therefor, to issue a license to such applicant, and such license shall be sufficient authority for the guarantee thereof to pursue his calling as Hawker, Pedlar, or other trading person within this County, and such license shall continue in force for the space of twelve months from the date thereof, and no longer.

3rd. That the sums to be charged and paid for such license shall be as follows,

that is to say :—For every man traveling on foot, $10 ; for every man traveling with a vehicle or other conveyance, $20.

4th. That it shall be lawful for any Ratepayer or Constable within this County to require any Hawker, Pedlar or Trading Person, as aforesaid, to exhibit his license, and upon his refusal to do so he shall be liable to a fine of not more than $12, with lawful costs, upon conviction before any Justice of the Peace for this County, and such fine shall be recoverable by distress and sale of the offender's goods and chattels, and for want of sufficient distress the offender may be committed to the Common Gaol of this County for a term not exceeding one month.

5th. That any Hawker, Pedlar, or other Trading Person as aforesaid, selling or exposing for sale, as aforesaid, without a license, shall, upon conviction before any Justice of the Peace for this County, be liable to a fine of not more than $20, with lawful costs, and such fine shall be recoverable by distress and sale of the offender's goods and chattels, and for want of sufficient distress the offender may be committed to the Common Gaol of the County for a term of Thirty Days.

6th. That the term Goods, Wares and Merchandise shall not be held to include Printed Books, Papers, Pamphlets, Maps, Charts and Educational Works.

7th. That the Duties and Fines collected under this By-law shall be paid to the Treasurer of this County, and form part of the revenue thereof.

8th. That By-law No. 50 of the United Counties is hereby repealed so far as relates to the County of Peel.

Passed this 18th day of June, 1886.

D. KIRKWOOD, County Clerk. ALEX. CUNNINGTON, Warden.

Council resumed.

Pursuant to notice, Mr. Swinarton moved, seconded by Mr. Bolton, for leave to introduce a Bill to amend By-law No. 207.

Leave granted, and the Bill introduced a first and second time, and referred to a Committee of the whole.

Mr. Jackson in the chair.

Committee rose and reported the bill as amended, when the bill was read a third time and passed,

Moved by Mr. Groat, seconded by Mr. Cook, that Messrs Hall, Dick and Bolton be a Special Committee to consider and report on the Communications submitted to this session which cannot properly be referred to any of the Standing Committees. Carried.

Moved by Mr. Bolton, seconded by Mr. Cook, that this County Council learned with deep regret, during its adjournment, of the untimely decease of Thomas Milner, Esq., late Mayor of the Town of Brampton, Merchant, whose many good qualities had made him an estimable citizen of this County, and whose departure is deeply regretted throughout the whole community ; that in his decease this County has lost one who, in his numerous positions as a public man during his lifetime rendered the County invaluable service, and especially the yeomany of this County have lost a man who had their interest at heart, and greatly enhanced the value of the Brampton Markets to them. That during the years 1880, 1881 and 1882, when he was a member of this County Council, he merited and received the highest esteem of his colleagues, and proved himself to be a wise Councillor and a gentleman. That in the many public positions which he held he won for himself the distinction of being a man actuated by the true principles of Christianity and sound judgment, and who, in the performance of his many duties, did the same in that pleasant and cheerful manner which was characteristic, and which commended him to his associates and made his influence greatly felt throughout the whole community ; and it may be said, as a Christian worker, public Officer, Business-man, or private citizen, that our deceased friend, by his honorable conduct and straight-forward actions, gained and held the esteem and regard of all with whom he became acquainted.

Therefore, be it resolved, that this County Council takes this first opportunity of tendering to the bereaved widow and family of the deceased their heartfelt sympathy and condolence in this their loss which can never be regained ; also of recording and testifying our appreciation and remembrance of the many excellen abilities of the deceased, and the many benefits derived by this County from hi

efforts and actions both of a public man and a private citizen; that a copy hereof be suitably engrossed and presented to the widow of the deceased. Carried.

On motion the Warden left the chair and Mr. Bolton was called upon to preside.

Moved by Mr. Dick, seconded by Mr. Groat, that during the adjournment of this Council we learned with deep regret of the death of William Atkinson, son of our esteemed Warden, and we would take advantage of this our first opportunity of manifesting, in Council, our sympathy towards our esteemed Warden and his bereaved family; therefore be it resolved, that this Council tender to him their heartfelt sympathy in their bereavement, which the loss of such a promising young man has entailed upon him and his bereaved family. Carried.

The Warden resumed the chair.

Mr. Cook, Chairman of the Standing Committee on County Property, Roads and Bridges, presented their second report, which was received and read, and on motion adopted.

Mr. Featherston, Chairman of the Standing Committee on Finance and Assessment, presented their second report, with draft of a By-law levying rates for current year.

Report and By-law read and referred to a Committee of the whole.

REPORTS OF COMMITTEES.

REPORT OF ARBITRATORS

ON PROPOSED CHANGES OF SCHOOL SECTION BOUNDARIES WITHIN THE TOWNSHIP OF ALBION.

To the County Council of the County of Peel :

The undersigned Arbitrators, appointed by By-law No. 200, " in the matter of the Alteration of the Boundaries of School Sections Nos. 6, 7, 8, 9, 10, 11 and 12, in the Township of Albion," respectfully report as follows :

A preliminary meeting of the Arbitrators was called by the Chairman, to be held in the Court House, Brampton. Notice was sent to all the other arbitrators ; one did not receive the notice in time ; another was on the eve of departure for the North West to be absent for some weeks ; and only three attended the meeting. As the matter was considered of great importance those attending determined to postpone further action until all could be present.

Public meetings of the Arbitrators were then appointed, to be held at Lockton and Palgrave. Arrangements were made to give full and timely notice to these meetings. Owing to some misunderstanding the notices were not circulated as early as was intended, but there was at each meeting a fair representation of all the interests likely to be affected by the proposed changes.

The meeting at Palgrave was adjourned to Bolton for private consideration, and other meetings were afterwards held in Brampton.

At the Lockton and Palgrave meeetings all were heard who wished to make any statement or remarks in support of or opposition to the proposed changes, and at a meeting afterwards held in Brampton Messrs Newlove and Burton were heard in opposition to any charge. Although there appeared to be very strong opinions on the subject, we feel it is due to all parties to state that all kept within proper bounds, simply stating their views earnestly and forcibibly, and avoiding unseemly displays of temper or personal feeling.

It was plain from the first that a large majority in all the sections were opposed to any material charge, but we felt we could not pay any attention to this unless the opposition was practically unanimous. We considered that one object of the law

in providing for such arbitrations is to protect the minority against the majority, and that the greater the majority the greater the need of protection, and determined to deal with the question on its merits alone.

We find nearly all the School Sections in the Northern part of Albion in an unsatisfactory state as to size of Sections and position of School-houses, resulting in some of the inhabitants residing so far from the School-house that their children are practically deprived of the benefits of education, which should be within reach of all; but while seeing clearly the objections to the present state of matters we find great difficulty in applying a suitable remedy. To bring the School houses within a reasonable distance of all the children the Sections would have to be smaller and better arranged than at present, which would involve a new division into sections of the greater part of the Township. There are several serious obstacles in the way of such re-division:—One is the peculiar shape of the township, which makes it almost impossible to map out convenient sections without forming Unions with other townships, and this, we consider, we have no power to direct; another is the location of the present School houses which have been built at considerable expense, and most of them fairly fit for use for a few years to come,—and it would be a hardship to have them now cast aside and become of no value; and another objection is that in some localities the soil is of poor quality, and small sections there would mean heavy taxation for school purposes. All these are in the way of a complete remedy at least for the present.

A partial improvement, and apparently the only one reasonably practicable, would be to so alter the Palgrave Section as to make the centre a concession or half a concession east of the Village and establish a new section with the centre at Cedar Mills. If this were done, and two new Union Sections, formed with Caledon, —one with the School house at Caledon East, and the other in the middle of the Second Concession of Albion, on the the side road between Lots 25 and 26, the school accommodation would be much better than at present, and probably nothing more than this can be done for some time.

With the view of affording some relief, and doing the best that can be done in the mean time, a majority of the Arbitrators have made an award, carrying out as far as practicable the idea above suggested; the other Arbitrator's consider that it would be better to let the whole stand over for a few years until suitable arrangements can be made as to Union Sections, and the present School houses become of less value, so that more sweeping changes may be made and the sections re-arranged on a more satisfactory and permanent basis.

All of which is respectfully submitted,

A. F. SCOTT,
D. J. McKINNON,
ARTHUR ARMSTRONG,
WM. KERSEY,
M. W. COOK,

Geo. Tye, for printing 100 sheets local Courts and advertising Tenders for Wood.....	9 00
A. F. Dick, advertising and printing.....	13 50

2nd. That the tender of Geo. Tye for printing 1200 pamphlets of Minutes, at $1.68 per page; and the tender of A. F. Dick for advertising Schedule of Convictions for $12.50 per quarter, be accepted, they being the lowest.

All of which is respectfully submitted.

JOHN ANTHONY, Chairman.

Council Chamber, Brampton, 9th June, 1887.

Report of the Head Master of the Streetsville High School.

To the Warden and Council of the County of Peel:

GENTLEMEN,—I am pleased to be in a position to submit the following Report of the Streetsville High School:

As reported last year there is still a steady increase in attendance. You will pardon me for making a statement from preceding reports, but by making a comparative statement I am able to put your Council in a position to understand the actual position of our school.

The total number in attendance

For	1883—Spring	Term,	26	Autumn Term,	24
"	1884— "		41	"	30
"	1885— "		47	"	54
"	1886— "		73	"	60
"	1887— "		88		

thus showing an increase of 207 per cent in four years.

From the year 1883 to 1887 five pupils have passed matriculation in Arts and Professional Examinations; this year we will send up three for Matriculation in Toronto University and thirty-five in Departmental Examinations.

During the past year the Mastership in Science and Mathematical Departments has been changed, and the Board have suffered nothing by the change.

We refer to the past year's Examinations with pardonable pride, inasmuch as that examination was a severe test, especially in the English group, and in one or two subjects of the Science group. Out of 15 candidates who wrote for Second-Class Certificates 9 were successful—those who failed only dropping below the standard by a very few marks in single subjects.

In the Third Class Certificate Examinations 3 were successful; in University work we sent up one Candidate to Toronto University, who passed in his University work.

The Board have expended in a Reference Library about $100, and about the same amount in Chemical apparatus, and under the circumstances (seeing that Streetsville is but a small municipality) this should be considered an act of liberality on the part of the Board.

I may say in conclusion that the percentage of local pupils (by which I mean pupils from the County of Peel) has increased within the last year over 300 per cent, and that the whole Township of Toronto, particularly that portion this side of the Centre Road and Southern part of the County of Peel, depend upon this institution for their High School training.

I am your obedient Servant,

A. B. COOKE, B. A., Headmaster.

Streetsville, 8th June, 1887.

Second Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report as follows:—

1st. That the usual annual grant of $400 to the Brampton High School, and $250 to the Streetsville High School be paid.

2nd. That the following accounts be paid:—

A. F. Dick, for printing Examination Papers, post-cards, &c.....$63 50
Milligan & Pringle, balance of salary due the late Rev. Jas. Pringle as Secretary of the Board of Examiners..... 12 50

3rd. That your Coommittee are of the opinion that no action should be taken by this Council in reference to the petition of Robert Peebles and others in reference to the formation of a School Section at Salmonville, upon the following grounds, that is to say—That from the information submitted to the Committee we are of the opinion that no proper application had been made to the Township Council as provided under Section 82 of the Public School Act, and therefore the appointment of a Board of Arbitrators by the County Council would be illegal.

4th. Your Committee would also recommend that T. J. Blain be appointed on the Board of Examiners of Public School Teachers, to fill the vacancy caused by the death of the late Rev. J. Pringle.

5th. Your Committee have before them a lengthened and highly satisfactory report from the Public School Inspector, and are pleased to notice that the educational interests of the County are in a flourishing condition, and would suggest that all parties interested in the education of the young do carefully read said report.

6th. Your Committee herewith submit a resolution referring to the death of the late Rev. Jas. Pringle; and also a By-law to appoint a member of the Board of Examiners.

All of which is respectfully submitted.

R. BLAIN, Chairman.

Council Chamber, June 9th, 1887.

Adopted as amended.

Annual Report of Public School Inspector.

To the Warden and Council of the County of Peel:

GENTLEMEN :—Instead of the usual Annual Report in which I am accustomed to dwell at some length upon the chief Educational events of the previous year, I propose at this time to pass over with mere mention the revision of School Section boundaries in the north of Albion, in which the Arbitrators failed to satisfy themselves, as well as all others concerned; the High School Entrance Examinations in June and December, the former of which was much too difficult and the latter as much too easy; the Matriculation and Non-professional Teachers' Examinations at which students trained in our High Schools did well as usual; the retirement from the profession of Mr. Adam Morton who had for so many years stood first among the Public School Teachers of the County; and the erection in School Section No. 10, Toronto, of the best planned rural school-house I have seen. Passing these matters, I say, with mere mention, let me ask your consideration of a question which seems year by year to be assuming an aspect of more and more practical importance—the question as to whether it is either necessary or wise to take our Public Schools out of the hands of men and women, and to hand them over one by one to the care of boys and girls—as we are doing.

The following facts seem worthy of your attention :

In 1865, of forty-five candidates for Teachers' Certificates fifteen were of the full age of twenty-one years.

In 1866, of thirty-nine candidates twelve were of age.

In 1875, of sixty-one candidates twenty-four were of age.

In 1876, of sixty-eight candidates twenty-eight were of age.

In 1885, of twenty-one candidates none were of age.

In 1886, of twenty candidates, two were of age.

Of the ninety-four Non-professional candidates for the July examinations this year only seven are of age, and seventeen are from 13 to 15 years of age.

In a word, the majority of our schools are in the hands of legal "infants"—incompetent to vote, to sue or be sued, even to deal with their own property—but quite competent in the eyes of the law to teach and govern their neighbors' children "between the ages of five and twenty-one years"!

Are all these young teachers wise beyond their years? Have they all the "old heads on young shoulders," which they so much require? Each one of them is to the children of his school as "a city set on a hill which cannot be hid,"—a model to them of manners and morals, good and bad. Is their influence what it should be? Is it what the influence of older teachers would be?

I cannot answer these questions in the affirmative. The mental discipline, the studious habits required to pass the examinations of now-a-days, together with the excellent professional training received at our County Model Schools have helped

these young teachers wonderfully, and very few of them can be called failures in their work ; but at the same time most of them lack to a large degree that steadiness of character, that maturity of judgment which the teacher so much needs and which so seldom comes except with years. With few exceptions, the most efficient teachers are those of most experience—those who have learned to educate rather than cram, to train the wills as well as to rule the actions of their children.

How has this state of things come about ? Partly through improved methods of teaching in our High and Public Schools ; pupils pass the Entrance Examinations at an earlier average age and are therefore ready for the higher examinations proportionately sooner. But partly, also, because the standard of examinations for Non-professional certificates hasbeen lowered. It is true that a knowledge of more "ologies " is required of Third-class teachers now than ten years ago, but the percentage required in the more important branches such as *Arithmetic, Grammar* and *English Composition* is very much lower than formerly. This lowering of the standard is a necessary corollary to the making Provincial of all Third-class certificates. In some of the newer and less wealthy districts of the Province it would be impossible to secure a sufficient supply of teachers were they required to adopt the high standard of examination that was so long maintained in Peel and other frontier counties ; "levelling up " was impossible, and so, to secure a cast-iron uniformity the standard of education in the more progressive counties of the Province had to be "levelled down."

I now leave it with your Honorable Body to judge whether I have pointed out a real evil in our School System, and have to some extent indicated its cause ; and if so, whether you can suggest a remedy.

It would be ungrateful on my part not to acknowledge, at this time, my great obligation to your Honorable Body for the kindness and liberality shown in granting me so long leave of absence during the current half-year. I never realized the weight of care and responsibility attaching to my office until thus set free from it all. Although I did not quite complete the private business arrangements in connection with which my long tour in the States was undertaken, and may consequently find it necessary to make another comparatively short trip in the fall, I shall ask from you no further relief from my official duties, but shall see to it that every portion of my inspectoral and office work for the next half-year is fully performed.

All of which is respectfully submitted.

BY-LAWS.

BY-LAW No. 202.

By-Law to provide for the purchasing of Stationary and Postage Stamps.

The Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That in future all Stationary and Postage Stamps which the Council by law is required to furnish to the County Officials, Board of Examiners, and all others entitled to the same, shall be purchased by the County Clerk (at the expense of the Council) who shall from time to time distribute the same to the persons entitled thereto.

2nd. The Clerk shall keep a memorandum of the amounts thus distributed.

Passed this 25th day of November, 1886.

ALEX. CUNNINGTON, Warden.

D. KIRKWOOD, County Clerk.

BY-LAW No. 203.

To Appoint Auditors for the Year 1887.

The Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That on the nomination of the Warden, Geo. Blain, of Brampton; and on the

nomination of the Council, L. D. Sanderson, of Brampton, be and they are hereby appointed County Auditors for the current year.

2nd. That the above-named Auditors be and they are hereby appointed Auditors of School monies.

3rd. That each Auditor be paid the sum of Fifteen Dollars ($15) on the order of the Warden, when the work is duly performed.

Passed this 25th day of January, 1887.

GEO. ATKINSON, Warden.

D. KIRKWOOD, County Clerk.

BY-LAW No. 204.

To appoint a Director for the Credit Valley Railway Company for and on behalf of the County of Peel.

Whereas by 36th Victoria, Chap. 80, power is given to Counties granting aid by way of Bonus to any Railway to appoint a Director on behalf of such County to act on the directorate of such Company; and whereas this County did grant a Bonus of Seventy Thousand Dollars by way of aid to the Credit Valley Railway.

Therefore, be it enacted by the Council of the County of Peel that John Graydon, Esq., of the Village of Streetsville, be and is hereby appointed a Director on behalf of the County of Peel on the Directorate of the Credit Valley Railway Company for the current year.

Passed this 27th day of January, 1887.

GEO. ATKINSON, Warden.

D. KIRKWOOD, County Clerk.

BY-LAW No. 205.

To authorize the Borrowing of Money for County Purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenses of this Corporation until the taxes levied can be collected.

And whereas by 46 Vic., Chap 18, Sec. 414, authority is given to Municipal Corporations to borrow for such purposes.

Therefore the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That the Warden and Treasurer be and they are hereby authorized to borrow from some person or chartered bank of Ontario, for the purpose above set forth, such a sum or sums of money as they may deem necessary, provided such sum or sums of money shall not exceed in the whole the sum of $6000, and shall execute for said sum or sums of money a note or notes under the seal of this Corporation, payable at such date or dates as may be agreed upon within the current year.

2nd. The Treasurer is hereby authorized to retire such note or notes from time to time as they may become due out of any money which has been levied and collected for County purposes.

Passed this 26th day of January, 1887.

GEO. ATKINSON, Warden.

D. KIRKWOOD, County Clerk.

BY-LAW No. 206.

To appoint a Board of Audit for the Year 1887.

Under and by virtue of Section 513 of the Municipal Institutions Act of the Province of Ontario, the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That Robert Kee, of Cheltenham, and James Jackson, of Toronto Township, be and they are hereby appointed members of the Board of Audit for the current year.

2nd. That each of said members of the Board of Audit be paid the sum of Three Dollars for each audit of accounts, together with ten cents per mile for each mile necessarily travelled to attend such audit, and that the Treasurer be and is authorized to pay the same.

Passed this 26th day of January, 1887.

GEO. ATKINSON, Warden.

D. KIRKWOOD, County Clerk.

BY-LAW No. 207.

To fix the fee to which the County Judge shall be entitled in the future for examining Lunatics.

Whereas the County Judge, Alexander Forsyth Scott, is required by law to ex-

amine all Lunatics committed to the common gaol of the County before they can be disposed of or got rid of by the County.

And whereas by law no allowance or fee is allowed to the said Judge for his services in so doing.

Therefore the Council of the Corporation of the County of Peel enacts as follows:

1st. That the County Judge shall be allowed the sum of three dollars as a fee for examining each Lunatic as aforesaid committed to the common gaol of the County for the future until this By-Lay is repealed.

2nd. That at each regular meeting of this Council the Judge shall present a report of the number of persons so examined by him, with their names and his decision.

Passed this 27th day of January, 1887.

BY-LAW No. 208.

To repeal Section 2 of Chapter 4, of the Revised By-Laws of this Council.

The Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That Section two, of Chapter four, of the revised By-Laws of this Council be hereby repealed.

2nd. That the salary of the Warden of this County be fixed at one hundred dollars a year.

3rd. That in addition to the said salary as Warden, he be paid for his attendance at meetings of the Commissioners on County Property at the same rate per day as other members.

Passed this 28th day of January, 1887.

GEO. ATKINSON, Warden.

D. KIRKWOOD, County Clerk.

BY-LAW No. 209.

To amend By-Law No. 207, which fixes the fee payable to the County Judge for examining persons committed to gaol as insane.

Whereas By-Law No. 207 of this Corporation provides for the payment to the County Judge the sum of three dollars for each person examined by him who has been committed to the gaol of this County as an insane person.

And whereas the said County Judge has under powers conferred by Statute on several occasions appointed two Justices of the Peace to discharge the said duties.

And whereas it is desirable that payment be made to the parties who may conduct such examinations.

And whereas it is desirable to so amend the said By-Law No. 207.

Therefore the Corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That the said By-Law be amended by inserting $4, instead of three dollars in the first clause thereof.

2nd. That the said sum be paid to the person or persons who may conduct the said examinations, whether it be the County Judge or two Justices of the Peace that the County Judge may appoint said sum to be divided equally between the Justices so acting.

3rd. That all by-laws conflicting herewith be and the same are hereby repealed.

Passed this 8th day of June, 1887.

D. KIRKWOOD, County Clerk.

BY-LAW NO. 210.

To Assess the Rateable Property of the County of Peel for County Purposes for the Payment of a portion of the Salaries of the Inspector and Teachers of Public Schools and for other purposes.

Whereas it is necessary to provide by a general assessment of the rateable property of the County of Peel for the year 1887 for the payment of the general and incidental expenses of the County, for the payment of a portion of the salaries of the Inspector and qualified teachers of public Schools of the County, and for the payment of debentures and interest due and payable during the current year on the

bonus debt to the Credit Valley Railway Company and to the Hamilton and North Western Railway Company.

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows:

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several Towns, Villages and Townships in the County of Peel liable to be assessed during the current year, the sum of fourteen thousand one hundred dollars ($14100) for the payment of the salaries of County officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to County Councillors and other necessary and incidental expenses of the County.

2nd. A sum equivalent to the Government grant, viz: $2409 00 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $4400 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 61, granting a sectional bonus to the Credit Valley Railway Company, the same to be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

4th. The sum of $2870 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 71, granting a sectional bonus to the Hamilton and North Western Railway Company, the same to be assessed upon and collected from that portion of the County liable for the payment thereof under the By-law.

5th. The whole of the said sums to be collected and paid to the Treasurer of the County on or before the fourteenth day of December next, as per Schedule annexed.

Passed this 8th day of June, 1887.

To authorize the Borrowing of Money for County purposes.

Whereas it will be necessary to borrow a certain sum of money to meet the current expenses of this Corporation until such time as the taxes levied therefor can be collected.

And whereas power is given to Municipalities by Chapter 174, Section 393 of the consolidated Statutes of Ontario to borrow money for that purpose.

Therefore the Corporation of the County of Peel, by its Council, enacts that in addition to the amount authorized to be borrowed under By-Law 295, and also in addition to the amount required to renew notes already discounted under said By-Law, the Warden and Treasurer be and they are hereby authorized to borrow from some chartered Bank in Ontario for the aforesaid purpose, such sum or sums of money from time to time, as may be required. not to exceed in the whole four thousand dollars, exclusive of what may be required to renew notes discounted and falling due within the present year.

And the said Warden and Treasurer are hereby authorized to execute a note or notes under the seal of the Corporation, for such sums as may be agreed upon and payable within the present year.

And the Treasurer is hereby authorized to retire such note or notes out of any money which may come into his hands collected for County purposes as they may from time to time fall due.

MEMORIALS.

———o———o———

To the Honorable the Legislative Assembly of Ontario:

The Memorial of the County Council of the County of Peel

HUMBLY SHEWETH:

That whereas it is enacted by Victoria 48, Chapter 49, Section 81, Sub-Section 2 (Public School Act) that every Township Council shall have power to pass By-Laws to alter the boundaries of a School Section or divide an existing section into two or more sections, or to unite portions of an existing section with another section or with any new section in case it clearly appears that all persons to be affected by the proposed alteration, division or union, respectively, have been duly notified in such manner as the Council shall deem expedient, of the proposed proceedings for this purpose or of any application to the Council to do so.

And whereas by Sub-section 1 of Section 82 of said Act it is within the power of the County School Inspector to appeal to the County Council of the Township in which such section or sections are situated, against any By-Law or resolution passed at any time previously by the Township Council, for the formation, division, union or alteration of their School Section or Sections, or against the neglect or refusal of the Township Council on application being made to it by the Trustees, or Inspector, or any five ratepayers concerned, to form, divide, unite or alter the boundaries of a School Section, or School Sections within such Township.

And whereas it is further provded by Sub-section 2 of said Section 82 that the County Council shall appoint forthwith arbitrators to determine upon, revise or alter the boundaries of said Section or Sections, and settle the matter so complained of;

And whereas your Memorialists consider that the powers of said Inspector, as provided in said Act, are too comprehensive and places within his discretion facilities and means which may be exercised to the detriment and disorganization of the Public Schools coming within his control in his capacity of Inspector;

And whereas your Memorialists consider that it should be in the discretion of the County Council to refuse to appoint a Board of Arbitrators as provided in said Act, and to exclude the Public School Inspector from being an Arbitrator (if they deem desirable) from such board if so appointed.

Therefore your Memorialists pray:—

First—That in Subsection One of Section 82 of said Act, the words "or Inspector" be struck out and the said section thereby amended.

Second—That Subsection 2 of Section 82 of said Act be amended by striking out the words "shall forthwith appoint as arbitrators not more than five or less than three competent persons (two of whom shall be the County Judge or some persons named by him and the County Inspector)," and substituting therefore the following that is to say: "May refuse to appoint, or appoint as arbitrators not "more than five or less than three competent persons, one of whom shall be the "County Judge, or some person named by him other than the County Inspector."

And your Memorialists further pray that the Public School Act may be so amended that the costs of arbitrations appointed by County Councils, in pursuance of said Act, shall be paid and borne by the Municipality directed by the County Council, and not as directed by the arbitrators in their decision or award, and powers granted unto the County Council for enforcing the payment thereof.

"IN MEMORIAM!"

———:o:———

Following is a Resolution passed by the Council of the County of Peel, on the 8th day of June, 1887.

———:o:———

Moved by H. H. Bolton, seconded by William Cook:

"That this County Council learned with deep regret, during its adjournment, of the untimely decease of THOMAS MILNER, Esquire, late Mayor of the Town of Brampton, Merchant, whose many good qualities had made him an estimable citizen of this County, and whose departure is deeply regretted throughout the whole community.

"That in his decease the County has lost one who, in his numerous positions as

a public man during his lifetime, rendered the County invaluable services, and especially the yeomanry of this County have lost a man who had their interests at heart, and greatly enhanced the value of the Brampton market to them.

"That during the years 1880, 1881 and 1882, when he was a member of this County Council, he merited and received the highest esteem of his colleagues, and proved himself to be a wise councillor and a gentleman.

"That in the many public positions which he held he won for himself the distinction of being a man actuated by the true principles of christianity and sound judgment, and who, in the performance of his many duties, did the same in that pleasant and cheerful manner which was characteristic, and which commended him to his associates and made his influence greatly felt throughout the whole community; and it may be said, as a Christian Worker, Public Officer, Business Man and Private Citizen, that our deceased friend, by his honorable conduct and straightforward actions, gained and held the esteem and regard of all with whom he became acquainted.

Therefore, be it Resolved:

"That this County Council takes this first opportunity of tendering to the bereaved Widow and Family of the deceased their heartfelt sympathy and condolence in this their loss, which can never be regained; also of recording and testifying our appreciation and remembrance of the many excellent qualities of the deceased, and the many benefits derived by this County from his efforts and actions both as a public man and a private citizen.

That a copy hereof be suitably engrossed and presented to the Widow of the deceased.

GEO. ATKINSON, Warden.

D. KIRKWOOD, County Clerk.

Following is a Resolution passed by the Council of the County of Peel, on the 8th day of June, 1887.

———:o:———

Resolved:

"That this Council hereby express the deep regret felt by its members on ac-

count of the death of the late Rev. JAMES PRINGLE, who for some twenty years, as Local Superintendent of Common Schools for Chinguacousy and Toronto Gore, and Chairman of the Board of Public Instruction, and latterly as Secretary of the Board of Examiners, rendered such services to the cause of Education as could be rendered only by such a man as he—'a man who never sold the truth to serve the passing hour'; but whose life's mottoe to be read in every action was, 'Whether losing, whether winning, trust in God and do the right.'

"That the Council hereby tenders to his Widow and family the most sincere sympathy of its members in their affliction, with the assurance that in this expression of their personal feeling they but voice the sentiments of those whom they represent.

"That the Clerk be instructed to have a copy of this resolution engrossed and presented to Mrs. Pringle."

We, Alexander Forsyth Scott, Judge of the County Court of the County of Pee

Donald J. McKinnon, County Inspector of Public Schools for the County of Peel; and Miles W. Cook, of the Township of Toronto, in the County of Peel, Arbitrators appointed by the County Council of the County of Peel, in the matter of the formation of a Union School Section composed of portions of the Townships of Albion and Toronto Gore, in the said County, having given due public notice of our proceedings, and having heard and considered all the allegations and statements made or laid before us in respect of the said matter, do hereby award and determine :—

That a Union School Section be and is hereby formed to be composed of the following Lands, that is to say :—The East-half of Lot number One, in the Second Concession ; Lot number One and the East-halves of Lots numbers Two and Three in the Third Concession ; Lots numbers One, Two and Three in the Fourth Concession ; Lot number One, the West-half and South-east-quarter of Lot number Two, and the West-half of Lot number Three in Fifth Concession ; and Lot number One and the Southerly-half of Lot number Two in the Sixth Concession, of the Township of Albion ; and the East-half of Lot number Seventeen in the Eighth Concession ; Lots numbers Sixteen and Seventeen, in the Ninth Concession ; the East-half of Lot number Fifteen and the whole of Lots nnmbers Sixteen and Seventeen in the Tenth Concession ; and the West-halves of Lots numbers Fifteen, Sixteen and Seventeen, in the Eleventh Concession of the said Township of Toronto Gore; and that the said Union School Section be known and designated as Union School Section number Sixteen, Albion, and Ten, Toronto Gore.

And if, and so far only as we have any authority in respect thereof, we further declare that this Award shall not operate to prevent the addition to the said Union School Section by lawful means of any portion of Union School Section Seven, Toronto Gore, and Sixteen, Vaughan.

Witness our hands this Twenty-first day of August, in the year of Our Lord One Thousand Eight Hundred and Eighty-six.

Signed in the presence of D. KIRKWOOD,

Award of Arbitrators in Re. Changes in Bounds of Schoo Sections within the Township of Albion.

To all to wham these presents shall come :

We, Donald J. McKinnon, County Inspector of Public Schools for the County of

Peel, Miles W. Cook, of the Township of Toronto, in the County of Peel, Esquire, and William Kersey, of the Township of Toronto Gore, in the County of Peel, Esquire,

SEND GREETING.

Whereas by By-Law number 200 of the Corporation of the County of Peel, after reciting amongst other matters, that in accordance with the Provisions of the 82nd Section of the Public School act of 1885, five ratepayers of one or more of the Sections concerned had appealed to the Council of the County of Peel against the refusal or neglect of the Township of Albion, on application being duly made by the Public School Inspector to the said Council, to alter the boundaries of School Sections Nos. 6, 7, 8, 9, 10, 11 and 12 in the said Township in such a manner as to form two new sections, it was amongst other things enacted that the County Judge, Arthur Armstrong, of Lloydtown, and we, the said Donald J. McKinnon, Miles W. Cook and William Kersey, should be and were thereby appointed arbitrators in the matter of the alteration of the Boundaries of the said School Sections Nos. 6, 7, 8, 9, 10, 11 and 12 in the said Township of Albion.

Now Know Ye that we, the said Donald J. McKinnon, Miles W. Cook and William Kersey, a majority of the said Arbitrators so appointed, having in company with the other Arbitrators so appointed, and after due notice to all parties concerned, heard and duly considered all the proofs, allegations and arguments in favor of and of opposition to the proposed changes, do hereby make and publish our award of and concerning the same, as follows:—

We award, order and determine that the boundaries of said School Sections numbers, Six, Eight, Nine, Ten and Twelve, respectively, shall be as follows:

Report of Committee of the Whole on the Churchville Bridge.

To the Warden and Council of the County of Peel :

Your Committee of the Council, as a body, appointed to visit Churchville and examine that portion of the Base line between the Townships of Toronto and Chinguacousy, between Concessions Two and Three unopened, and also to consider whether the Council should take action (if any) upon the petition of George Murray and others from the respective townships in respect to the opening of the same, beg leave to report as follows :

1st. That a Committee appointed by this Council reported at the last June session of this Council that as soon as the said Municipalities Toronto Township and Chinguacousy open the said road that the County build the bridge over the Credit and the approaches ; which report was adopted in Council.

2nd. That your Committee find that no action has been taken by the said Municipalities in reference to opening the same.

3rd. That from the information which your Committee has been able to obtain, it would appear that the township Councils interested as aforesaid have not neglected or refused to open the sideroad as stated in the petition of Mr. Murray and others, and that this Council could not legally take steps to force the said township to act as petitioned for.

4th. Therefore, your Committee would recommend that the original report be confirmed, and no further action taken upon the matter.

All of which is humbly submitted,

H. H. BOLTON, Chairman.

Brampton, 10th November, 1887.

Report of Commissioner for Toronto Township.

To the Warden and Council of the County of Peel:

Your Commissioner asks leave to report as follows:

That in conjunction with the Commissioner from the Township of Etobicoke, County of York, we had the following repairs made to the bridges and approaches over the Etobicoke River on the Lake Shore Road and also at the bridge near Somerville. The work was done to the satisfaction of your Commissioner by Wm. Divell.

Total amount of work and material, $21.75, one half payable by the County of York, balance made payable to the order of Commissioner for Toronto Township.

All of which is respectfully submitted.

WM. COOK, Commissioner.

1st. That no action be taken on the Communication from the Ontario Agricultural College at Guelph at this present session.

2nd. That your Committee approves of the resolution passed by the County Council of Elgin and that your Committee would recommend that this Council petition the Ontario Legislature to pass an act in accordance therewith.

All of which is respectfully submitted.

JAS. JACKSON, Chairman.

Committee Room, November 11th, 1887.

———o———o———

Fourth Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee beg to report that they have been requested by the Treasurer to have his bondsmen changed, and would recommend that the Warden and the Reeves of Brampton and Chinguacousy be a committee to examine said sureties and report to this Council at its first session in January next, the bonds to be placed in the hands of the County Clerk.

All of which is respectfully submitted.

JOSEPH FEATHERSTON, Chairman.

Committee Roome, 11th November, 1887.

———o———o———

Third Report of Standing Committee on Education.

To the Warden of the County of Peel:

Your Committee ask leave to report as follows:

1st. We have before us a lengthy award from the Arbitrators appointed by your

Council in the June Session of 1886 to Arbitrate on certain school difficulties existing in the Township of Albion.

2nd. That the account of the above mentioned arbitrators, amounting to $52, be paid, it having been certified to by the Chairman.

3rd. Your Committee would further recommend that owing to the above mentioned difficulty existing in the Township of Albion, that the Public School Inspector be requested to pay to School Section No. 9, in the Township of Albion, their usual grant for the year 1887, as the school appears to be efficiently conducted.

All of which is respectfully submitted.

R. BLAIN, Chairman.

Council Chamber, November 11th, 1887.

———o———o———

Report of Special Committee appointed to draft a Memorial to the Local Legislature asking for Changes in the Public School Act.

To the Warden and Council of the County of Peel :

Your Committee ask leave to report as follows :

1st. That we have prepared a draft Memorial which we submit for your approval, and if approved of we recommend that two copies be engrossed by the Clerk and signed by the Warden, and one copy forwarded to the Provincial Secretary, and the other to the Minister of Education the Hon. Mr. Ross.

All of which is respectfully submitted.

R. BLAIN, Chairman.

Report from the Brampton High School Board of the Head Master.

To the Chairman and Members of the High School Board:

GENTLEMEN,—I beg to hand you the report regarding the Brampton High School for the year ending 31st December, 1887.

The total attendance was 170. Of these 106 was from Brampton; 30 from Chinguacousy; 5 from Toronto Gore; 3 from Albion; 7 from Caledon; 11 from other Counties; 8 from Toronto Township.

At the July Examinations 35 pupils were successful. Out of the 15 candidates for 2nd Class Certificates, 13, that is more than 85 per cent. passed.

Twenty-eight wrote for the Third Class, and of these eighteen or more than 64 per cent obtained certificates.

Four pupils were candidates for matriculation at the University of Toronto and all were successful.

That there is a large number of pupils, growing larger every year, who wish to prepare for honors in the various branches of study is a very significant fact; it shows that there is a demand in the country for the highest school education attainable.

Notwithstanding that the teachers of Brampton High School are doing much to satisfy the highly commendable aspirations of so many of their pupils, working regularly and constantly after the close of the school day, it is impossible for them, with the equipments of a High School, to supply, satisfactorily, the educational demands of the County of Peel; if that is to be done a Collegiate Institute must be established in this County.

I am, Gentlemen, your Obedient Servant,

ALEX. MURRAY, Head Master.

High School, Brampton, Jan. 24th, 1888.

Report of the Commissioner of Toronto Township.

To the Warden and Council of the County of Peel:

Your Commissioner from Toronto Township reports as follows:

In accordance with the report of the Road and Bridge Committee I waited on the County Council of the County of York in reference to their co-operation in building a bridge over the River Etobicoke on the Middle Road in the Township of Toronto, and, after laying the facts of the case before them, they wanted to know the probable cost of the same, which your Commissioner was not in a position to give. A few of the members expressed themselves that they would not co-operate without being forced.

Therefore your commissioner would recommend that this Council employ a competent engineer to procure a proper estimate of the cost, so that they may lay it before the Council of the County of York, and obtain their co-operation with the County of Peel, in having the said bridge erected as soon as possible.

All of which is respectfully submitted.

JAMES JACKSON, Commissioner.

Report of Commissioner on Roads and Bridges for Caledon.

To the Warden and Council of the County of Peel:

Your Commissioner begs leave to report that there is a Bridge on the Town Line between Mono and Caledon in a dangerous state, and some other repairs very necessarily needed, and its being a very public Road, and Mono having offered to supplement a grant of $100, your Commissioner would recommend an equal grant from this Council.

Report of Headmaster of Streetsville High School to Council of Peel.

To the Warden and Council of the County of Peel:

GENTLEMEN,—

1. Once more I have the pleasure of submitting to you the report of Streetsville

High School to date. I have occupied the position of Head Master for nearly six years, and during that time, as may be seen from my previous reports, the school has increased from a total number of 13 on the roll, to the present numper of 75, and the last number has not decreased for the last two years, notwithstanding that in the meantime, Georgetown High School has been established, which has in some measure encroached on our territory.

2. The School is now 200 per cent better in the average attendance than it was in 1882.

3. Since that time the High School curriculum has been wonderfully changed, adding largely not only to the subjects taught, but to the extent of the subjects which were then taught. You will readily understand that this has immeasurably increased the duties of the Teachers.

4. In Streetsville the whole curriculum prescribed for Collegiate Institutes and High Schools is completely taught. This would be an impossibility with two masters if the work were confined to the ordinary teaching hours; in order to accomplish this both my assistant and myself are obliged to do more than a laborer's work to compass our task.

5. I would respectfully refer you to the last year's report of your Public School Inspector when he says that "more pupils are sent up for examination regularly from Streetsville High School, and that more are successful than were the total number of attendance six years ago."

6. Two years ago this school passed more pupils for Second and Third Class Certificates than any one of the 9 Collegiate Institutes with a staff of from 5 to 7 teachers.

7. Last year, it is true, the school in a measure failed, but had it not been for the unfortunate paper in Arithmetic we could have boasted of having passed 25 candidates, and, even with this apparent failure the school accomplished work that it never did before. At the University matriculation, two passed at Toronto University and one at Queen's.

8. During the present year we have regularly carried on not only the ordinary work of a two-master's school, but also work for First Class Departmental and ordinary matriculation work.

9. As during last year, so also in the present year, while we have had a few pupils from outer counties more than nine-tenths of the attendance has been from our own village and the County of Peel.

10. Mr. Inspector Seath paid us a visit on the 11th of April last, and in his report he says that Streetsville High School, in point of dicipline and instruction is second to no two-masters' school in the country.

I am, gentlemen, yours obediently,

A. B. COOKE, B.A., Head Master.

Report of Sanitary Inspector.

To the Chairman of the Board of Health, Brampton :

For the Information of the County Council of Peel.

I beg most respectfully to bring to your notice a complaint of a nuisance within the fence at the back of the County Gaol wall. The nuisance is made by carrying out each day the contents of buckets used by prisoners during the night while confined in their cells. The contents of the buckets of urine and other matter are emptied into a large hole close to the fence on the gaol grounds. The appearance and smell of the hole in the month of April and beginning of May last were very offensive, and sickly odors could be easily felt by the smell proceeding therefrom. The residents living close by have made complaint of this nuisance—they are Mr. A. P. Scott, Mr. I. S. Stork and Mrs. Reeves. To remedy and remove the nuisance—by the erection of dry-earth urinals, the buckets to be emptied into them daily, and the earth, etc. removed at intervals would, I think, do away with all complaints.

Respectfully submitted,

G. HENRY, Sanitary Inspector.

A. F. Campbell, printing and advertising	18 50
George Tye, " "	12 00

2nd. That the usual grant of $25 to the County of Peel Teachers' Institute be paid, and that an order be drawn in favor of Edward Trought, President of the said Institute.

3rd. Your Committee have before them a highly satisfactory Report from Streetsville High School, and are pleased to notice the increasing interest in educational matters in the County.

4th. That the usual annual grants to Brampton and Streetsville High School be referred to the whole Council.

5th. That a special grant of $300 be made to the Streetsville High School, and $450 to the Brampton High School, for the present year.

All of which is respectfully submitted.

R. BLAIN, Chairman.

Council Chamber, June 21st, 1888.

Note.—The 5th Clause added in Council.

Second Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your Committee beg leave to report that they have had under their consideration the following communications and accounts:

1. Report from the Commissioner from Caledon, asking a grant for the improvement of the Town Line between Mono and Caledon. Your Committee would recommend that a grant of $75 be paid on the order of the Commissioner for Caledon.

2. Communication from G. Henry, Sanitary Inspector of Brampton, respecting a nuisance outside the gaol walls. Your Committee would respectfully submit the above to the Commissioners on County Property.

3. Petition from Jeremiah Pickering and others, asking a grant of $200 for improving the Side Line East of Brampton, which your Committee would recommend be granted.

4. An account from G. Harvey, $12, for keeping Court House grounds, which we recommend to be paid.

5. Also a bill from Michael Galvin for repairing County Bridge between Bolton and Albion, amounting to $22.22, which we recommend to be paid.

6. Also a bill from J. Perry, for pointing gaol walls and other repairs to gaol, $200, which we recommend to be paid.

7. Your Committee visited the gaol and found it in its usual clean and orderly condition.

All of which we respectfully submit.

T. SWINARTON, Chairman.

Committee Room, June 21st, 1888.

Second Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel:

Your Committee have before them the following accounts, which they would recommend being paid, proper vouchers being attached :

James Edwards, barrel of Oatmeal for Gaol		6 50
Charles Carver, milk for gaol		7 55
E. Martin, sharpening saws and piping for gaol		9 55
M. A. Modeland, making bedding for gaol		2 70
James Edwards, Hospital supplies for gaol		4 53

Your Committee have before them a communication from the President and Directors of the County of Peel Agricultural Society in reference to the usual grant. We would therefore recommend that the County of Peel receive the sum of $300, and the sum of $50 each to Caledon and Albion Agricultural Societies.

We have before us a claim from His Honor Judge Scott for past services in the examination of lunatics, as required by law. Your committee would recommend that His Honor be paid $100 for his claim.

Your Committee herewith submit a By-law providing for the raising of the several sums required for the payment of the expenses of Debentures, Interest and Appropriations and other liabilities of the County for the current year.

Your Committee have before them a petition from Joshua Modeland, Gaoler, asking for an increase of salary, which we would recommend be laid over until the November session.

All of which is respectfully submitted,

W. R. WRIGHT, Chairman.

Committee Rooms, June 21st, 1888.

Second Report of the Standing Committee on Printing and Contingencies.

To the Warden and Council of the County of Peel:

Your Committee ask leave to report as follows:

1st. Your Committee would recommend that the following accounts be paid:—

Brampton P.O. ac. for Postage Cards and Stamps	$26 75
J. P. Rice, for mucilage	50
A. F. Dick, for printing Quarterly Schedules of Convictions	25 00
James Bain & Son, one H. M. F. Fa. book, ruled and printed	17 00
A. F. Dick, printing educational advts. this year to date	14 50

2nd. That G. Tye's tender for printing minutes at $1.73 per page, be accepted, it being the lowest tender.

3rd. That A. F. Campbell's tender for publishing Quarterly Schedules of Convictions for $12.50 per quarter, be accepted.

All of which is respectfully submitted.

JOHN ANTHONY, Chairman.

Report of the Special Committee on Registry Office.

To the Warden and Council of the County of Peel:

Your Special Committee appointed to investigate and report at this present session of the Council as to the probable cost of a suitable Registry Office for this County, beg leave to report as follows:

1. That upon inquiry with the Inspector of Registry Offices we discovered that the Registry Office in the County of York, in the Town of Newmarket, was the most suitable style of a building for this County in respect to dimensions.

2. Your Committee, acting upon the above advice, visited the Town of Newmarket and made a careful inspection of the said Registry Office, which proved to be a very substantial and creditable structure.

3. We found that the building was in size 36x46 and contains four rooms, one of which is used as an entry, another as a cloak room, another as a writing room, and the other for the purpose of filing papers, maps, and so forth—the two latter rooms being 18x36.

4. We found the building of a very substantial character, and with every pro-

tection against fire, there being no wood work outside, all the roof being constructed with slate, and the windows with iron frames and sills, and between the ridge of the roof and the top of the wall is all filled in solidly with brick work.

5. We found, by the courtesy of Mr. Eakin, County Court Clerk of York, that the building material cost, by contract, $5,150 ; the iron shelving for papers and windows, etc., $500 ; the tin boxes for papers, $1 60 per dozen ; and Outbuildings $250.

6. The heating is done with hot water, which appears to be a cheap way of heating, five tons of coal being abundant fuel to heat it for a year ; the cost of the heating apparatus was $500.

7. We are of the opinion that a similar building would cost in all about $7,000.

8. Your Committee expended two days each in going to, examining the building and returning home, and we recommend the payment of the following amounts to each of the committee :

James Jackson, two days	$6 00	
" Railway fare	3 50	$9 50
H. H. Bolton, two days	6 00	
" Livery and Railway fare	3 50	$9 50
John Anthony, two days	6 00	
" Railway fare	4 00	$10 00

All of which is respectfully submitted,

JOHN ANTHONY, Chairman.

Adopted June 21st, 1888.

Report of Special Committee appointed to take into consideration all Petitions and Communications that do not properly belong to any of the Standing Committees of this Council.

To the Warden and Council of the County of Peel :

Your Committee beg leave to report as follows :

That they have had before them the following communications :

1st. A commnnication from A. M. Roseborough, M.D., Treasurer of the Prisoner's Aid Association, asking a donation from this Council. Your Committee would recommend no action thereon.

2nd. A petition from the County of Welland. Your Committee would recommend that this Council co operate with the County of Welland for the repeal of Sub.-Sec. 10 of Sec. 482, 46 Vic., Chap. 18 of the Statutes of Ontario.

3rd. A communication from J. A. B. Sleightholm, asking the nomination for free tuition at the Agricultural College, Guelph, for the County of Peel, now vacant. Your Committee would recommend that the said application be granted.

4th. Application of D. J. McKinnon in reference to getting a hearing on Report of Committee in connection with the Albion School difficulty. As the application came in so late, and the Council not having time to enter into discussion on the matter, your committee would recommend that this matter be laid over until the early part of the November Session, and that the Clerk be hereby instructed not to have the said report printed in the minutes in the meantime.

All of which is respectfully submitted.

D. KIRKWOOD, County Clerk.

BY-LAW No. 217,

To Assess the Rateable Property of the County of Peel for County Purposes for the payment of a portion of the Salaries of the Inspector and Teachers of Public Schools and for other purposes.

Whereas it is necessary to provide by a general assessment of the rateable property of the County of Peel for the Year 1888 for the payment of the general and incidental expenses of the County, for the payment of a portion of the salaries of the Inspector and qualified teachers of Public Schools of the County, and for the payment of Debentures and interest due and payable during the curreut year on the bonus debt to the Credit Valley Railway Company and to the Hamilton and North Western Railway Company.

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows :

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several Towns, Villages and Townships in the County of Peel liable to be assessed during the current year, the sum of Thirteen thousand dollars ($13,000) for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to County Councillors and other necessary and incidental expenses of the County.

2nd. A sum equivalent to the Government grant, viz : $2,413 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $4190 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 61, granting a sectional bonus to the Credit Valley Railway Company, the same to be assessed upon and collected from that portion of the County liable for the payment thereof under the said By-law.

4th. The sum of $2,720 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 71, granting a sectional bonus to the Hamilton and North Western Railway Company, the same to be assessed upon and collected from that portion of the County liable for the payment thereof under the By-law.

5th. The whole of the said sums to be collected and paid to the Treasurer of the County on or before the Fourteenth day of December next, as per Schedule annexed.

Passed this 21st day of June, 1888.

H. H. BOLTON, Warden.

AWARD OF ARBITRATORS.

Second Award of Arbitrators re. Albion Schools.

To all to Whom these Presents Shall Come:

We, Donald J. McKinnon, Inspector of Public Schools for the County of Peel, Miles W. Cook, of the Township of Toronto, in the County of Peel, Esquire, and Wm. Kersey, of the Township of Toronto Gore, in the County of Peel, Esquire,

SEND GREETING.

Whereas by By-Law numbered 200 of the Corporation of the County of Peel, after reciting amongst other matters, that in accordance with the eighty-second section of the Public School Act of 1885, five ratepayers of one or more of the Sections concerned had appealed to the Council of the County of Peel against the refusal or neglect of the Council of the Township of Albion, on application being duly made by the Public School Inspector to the said Council to alter the boundaries of School Sections Nos. 6, 7, 8, 9, 10, 11 and 12 in the said Township in such a manner as to form two new sections, it was amongst other things enacted that the County Judge, Arthur Armstrong, of Lloydtown, and we, the said Donald J. McKinnon, Miles W. Cook and William Kersey, should be and were thereby appointed arbitrators in the matter of the alteration of the boundaries of the said School Sections Nos. 6, 7, 8, 9, 10, 11 and 12 in the said Township of Albion.

And whereas we, the said Donald J. McKinnon, Miles W. Cook and William Kersey, being a majority of the said Arbitrators so appointed, having in company with the other Arbitrators so appointed, and after due notice to all parties concerned, heard and considered all the proofs, allegations and arguments in favor of and in opposition to the said changes, did, on the 20th day of November, A.D. 1886, make and publish an award or decision, revising and altering the boundaries of certain of the said School Sections aforesaid, namely, of School Sections numbers six, eight, nine, ten and twelve, in the manner set forth in the said award or decision, and did also further award, order or determine that a new School Section should be formed in the said Township of Albion to be known as School Section number seventeen, of the said Township of Albion, and did in the said award or decision set forth and determine the boundaries of the said new Section number seventeen.

And whereas an application for reconsideration of the said award or decision

(which did not affirm that of the Township Council) was delivered to the Judge of the County Court within three months after the giving of the said award or decision on the said twentieth day of November, A.D. 1886, such said application for reconsideration being signed by a majority of the Trustees of the sections affected by the said award or decision.

And whereas at a meeting of the said arbitrators duly called, held at the Court House, Brampton, on the 24th day of February of the current year, a majority of the said arbitrators, namely, the County Judge, the County School Inspector, and the said William Kersey being present, it was resolved that the said application for reconsideration be granted.

Now, Therefore, Know Ye that we, the said Donald J. McKinnon, Miles W. Cook and William Kersey, being a majority of the said arbitrators so appointed, having in company with the other said arbitrators so appointed, and after due notice to all parties concerned, heard and duly considered all proofs, allegations and arguments submitted in connection with and in reference to the said application for reconsideration do hereby make and publish this, our award and decision concerning the same as follows:—

We do hereby award order and determine that in so far as our said former award or decision, bearing date the twentieth day of November, A.D. 1886, relates to the boundaries of School Sections numbers seven, eight, ten and eleven, in the Township of Albion, our said award or decision be and is hereby confirmed.

We do further award order and determine that in so far as our said former award or decision relates to the formation of a new School Section in the said Township of Albion, to be known as School Section number seventeen in the said Towship, and to the boundaries of the said School Section number seventeen, our said former award or decision be and is hereby confirmed.

We do further award order and determine that in so far as our said former award or decision selates to the boundaries of School Sections numbers six nine and twelve in the said Township of Albion, the same be and is hereby varied so that the boundaries of the said sections respectively shall be as hereinafter set forth and determined, instead of as set forth and determined in our said former award or decision:—

SCHOOL SECTION NUMBER SIX,

commencing in the centre of the Fourth Concession in the limit between Lots Sixteen and Seventeen; thence Westerly along said limit to the centre of the Fifth Concession; thence northerly along the centre of the Fifth Concession to the limit between Lots Seventeen and Eighteen; thence Easterly along the last mentioned limit to the centre of the Seventh Concession; thence Northerly along the centre of the Seventh Concession to the limit between Lots Eighteen and Nineteen; thence Easterly along said last mentioned limit to the centre of the Ninth Concession; thence Southerly along the centre of the Ninth Concession to the limit between Lots Sixteen and Seventeen; thence westerly along the said last mentioned limit to the centre of the Eighth Concession; thence Southerly along the centre of the Eighth Concession to the limits between Lots Thirteen and Fourteen; thence Westerly along the said last mentioned limit to the centre of the Seventh Concession; thence Southerly along the centre of the Seventh Concession to the limits

between Lots Twelve and Thirteen; thence Westerly along the said last mentioned limit to the centre of the Fifth Concession; thence Northerly along the centre of the Fifth Concession to the limits between Lots Fourteen and Fifteen; thence Westerly along said last mentioned limit to the centre of the Fourth Concession; thence Northerly along the centre of the Fourth Concession to the place of beginning.

SCHOOL SECTION NUMBER NINE,

commencing in the Northern limit of the Township of Albion at the intersection therewith of the Line between the Sixth and Seventh Concessions of the said Township; thence Easterly along the said Northerly limit of the Township to the centre of the Ninth Concession; thence southerly along the centre of the Ninth Concession to the limit between lots Twenty-four and Twenty-five; thence Westerly along the said last mentioned limit to the centre of the Eighth Concession; thence Southerly along the Centre of the Eighth Concession to the limit between Lots Twenty-two and Twenty-three; thence westerly along the said last mentioned limit to the centre of the Seventh Concession; thence Northerly along the centre of the Seventh Concession to the limit between Lots numbers Twenty-four and Twenty-five; thence Westerly along said last mentioned limit to the centre of the Fifth Concession; thence Northerly along the centre of the Fifth Concession to the limit between Lots Twenty-seven and Twenty-eight; thence easterly along the said last mentioned limit to the centre of the Sixth Concession; thence Northerly along the centre of the Sixth Concession to the limit between Lots Thirty and Thirty-one; thence Easterly along said last mentioned limit to the line between the Sixth and Seventh Concessions; thence northerly along the line between the Sixth and Seventh Concessions to the place of beginning.

SECTION NUMBER TWELVE,

commencing in the Northern limit of the said Township in the centre of the Third Concession; thence Easterly along said limit to the line between the Sixth and Seventh Concessions; thence Southerly along the Line between the Sixth and Seventh Concession to the limit between Lots Thirty and Thirty-one; thence Westerly along the said last mentioned limit to the Centre of the Sixth Concession; thence Southerly along the centre of the Sixth Concession to the limit between Lots Twenty-seven and Twenty-eight; thence Westerly along said last mentioned limit to the centre of the Fifth Concession; thence Southerly along the centre of the Fifth Concession to the limit between Lots Twenty-four and Twenty-five; thence Westerly along the said last mentioned limit to the centre of the Fourth Concession; thence Northerly along the centre of the Fourth Concession to the limit on Side Road between Lots Twenty-five and Twenty-six; thence Westerly along said last mentioned limit to the Centre of the Third Concession; thence Northerly along the centre of the Third Concession to the place of beginning.

And we do hereby direct that our decision, as hereby varied, shall go into effect on the first day of August of the current year.

And inasmuch as the reconsideration of our former award and decision was petitioned for and determined upon in accordance with the provisions of the Public School act of 1885, and previous to the coming into effect of the Act of the last

Session of the Legislature of Ontario, chaptered thirty-nine and entitled "An Act to Amend the Act respecting Public Schools," we make no award as to the liability of the persons concerned for the costs of this arbitration.

Witness our hands and seals this Twenty-third day of July, A.D., 1887.

MEMORIAL.

To the Honorable the Legislative Assembly of Ontario:

The Memorial of the County Council of the County of Peel

HUMBLY SHEWETH:

That whereas when new School Sections or Union School Sections have been formed in Townships, or between Townships, in pursuance of the Public School Act, and a majority of the ratepayers are opposed thereto, a great deal of trouble and confusion has been the result thereof, and the course of Education and School management bas been perverted to the detriment of the public;

Therefore your Memorialists pray:

1st. That the Public School Act should be so amended as to provide that where new Sections or Union Sections have been formed or established in pursuance of the said Act, and no advantage has been taken of the Corporate power conferred thereby, and no new school house been provided or erected in such section or sections within one year from the establishment thereof, that then in such case the portions of territory taken from other sections to form such new Section, or Union Section, shall revert to the original sections to which they respectvely belonged.

2nd. That upon the petition of the majority of the ratepayers of such new Section, or Union Section so formed as aforesaid, and not having exercised the corporate powers as aforesaid present at a public meeting called for that purpose, the Township Council within which such new Section, or any portion of such Union Section is situated, may extend, for twelve months longer, the time within which they may exercise such corporate powers as aforesaid.

3rd. That the said Public School Act be further amended so that the following provisions may become law, that is to say:

"That until a School shall have been established in a new section the residents thereof shall be allowed to send their children free of charge to the school in the Section to which they formerly belonged, and shall be liable for their share of the expense of maintenance of such school, and such liability shall constitute a claim upon such new section within the meaning of Section 83 of the Public School Act."

And your Memorialists will ever pray.

GEORGE ATKINSON, Warden.

D. KIRKWOOD, Co. Clerk.

REPORTS OF COMMITTEES.

Report Pursuant to By-law 207, Sec. 2, of Persons examined as Lunatics in the County Gaol of the County of Peel.

To the Warden and Council of the County of Peel:

1. Thomas Cook.....28th January, 1888.
2. Mary McMurchy.....25th May, 1888.
3. Matthew Hazelwood.....8th August, 1888.
4. Samuel Stewart.....4th September, 1888.
5. William Cayles.....24th September, 1888.

In addition to the above one Stewart was examined during my absence, in August, by Messrs. Graham and Campbell, J. P.'s. The expenses of this examination were defrayed by relatives of the person examined.

Thanks to increased Provincial accommodation for the insane, the above have all been removed to proper Asylums, whereby they can receive proper special treatment, which is imposzible here, and the County is relieved from the expense of their maintenance.

A. F. SCOTT, County Court, County of Peel.

November 14th, 1888.

Report of Committee on Co. Bridges for Chinguacousy.

To the Warden and Council of the County of Peel:

Your Commissioners' attention has been called to some repairs that are necessary to be made at the Norval bridge, on the breakwater, the probable cost will be about fifteen dollars, which will make Peel's portion seven dollars and fifty cents.

Your Commissioner asks leave to have said repairs made, and that the Treasurer be authorized to pay on the order of the Commissioner.

All of which is respectfully submitted.

JOHN GROAT, Chairman.

Committee Room, 15th November, 1888.

[Adopted.]

Report of the Commissioner for Toronto Township.

To the Warden and Council of the County of Peel:

Your Commissioner for Toronto Township begs leave to report as follows:

My attention was called to a bridge over the River Etobicoke, near Summerville, which wanted repairs, and after meeting the County Engineer for York, who was appointed to act with the Commissioner for Toronto Township; and after advertising the nature of the work to be done, I met the contractors, and was enabled to let the same for the sum of one hundred and three dollars ($103), to William Divell, one-half to be paid by the County of Peel, and I recommend the payment of the above amount, as the work has been done in a very good and workmanlike manner.

All of which is respectfully submitted.

JAMES JACKSON, Commissioner.

Report of Commissioners on County Property, Re. Disposal of Refuse from Gaol.

To the Warden and County Council of the County of Peel:

Your County Commissioners beg leave to report as follows:

That being requested by the Council to ascertain if some means could not be devised o suggested of getting rid of the refuse from the gaol. Having examined the manner in whic it is now disposed of, and having visited several public institutions in Toronto:

We report that it would not be advisable to go to any large expense (such as would be o necessity) if the refuse was disposed of as in other large institutions, by burning, which i the most perfect plan; but we suggest that arrangements be made to get the Brampto gardners to remove the refuse at different times, especially in warm weather.

All of which is respectfully submitted.

H. H. BOLTON, Chairman.

Brampton, 5th January, 1889.

[ADOPTED.]

Copy of Report of Mr. Murray, Head Master of th Brampton High School.

GENTLEMEN,—I beg to make the following report regarding Brampton High Scho for the year 1888.

Attendance—181 pupils have been in attendance during the past year.

The number from the respective Townships, &c., are as follows: Brampton 93, Chi guacousy 53, Caledon 6, Albion 4, Toronto 13, Toronto Gore 5, other counties 7, thr making the number of pupils outside of Brampton 88, and that of those within 93.

STAFF.—The staff is composed of 5 masters, two of these have the standing of hon graduates of Aberdeen University, Scotland, and Toronto University respectively; other tw hold first-class professional teachers' certificates, and are undergraduates of Queen's an Toronto University respectively; the fifth is an undergraduate of Toronto University three years' standing.

RESULTS—In the summer of 1888 three of our pupils matriculated at Toronto Unive sity, winning in all eight honors; one taking three first-class honors and a general proficienc

cholarship of the value of $80; another, a young lady, four honors, one first-class and three econd class; and a third pupil taking one second class honor. Two pupils obtained first-lass teachers' non-professional certificates, seven took second class, and seven third class.

Prospects—Though the school fees have been doubled for the current year, the atten-ance of pupils at present is greater than when there were no fees, and at least as large as t any previous time. A very gratifying and noticeable fact is that the number of talented upils, having high aims and aspirations in respect of scholarships is yearly growing, and if roper educational appliances are furnished, there is the prospect that the pupils of this ounty will bring honor to the place of their birth and education.

Unless, however, this school is equipped in every respect as to entitle it to become a ollegiate Institute, the inevitable result will be that it will fall from its present high anding.

Within the last few years, owing to the encouragement given by the Provincial Govern-ent, the number of Collegiate Institutes has risen from eight to twenty-eight. These Col-giate Institutes, thoroughly equipped, with specialists as masters, and with all educational pliances, must necessarily attract the best talent in the teaching profession; the largest mber and the most talented of students, and larger amount of Government grants, and all is to the impoverishment in teaching power and financial resources of the schools which are t Collegiate Institutes.

This state of things, I humbly submit, loudly calls for serious considerations, and I may ld, prompt action on the part of those who have the care of the educational interests of this ounty.

In a matter effecting the honorable educational standing of this County; the future reer of the many talented young men of Peel; surely the consideration of the expenditure quired to bring the County of Peel to a level educationally with 28 other counties should a secondary consideration.

I am, Gentlemen, Your Obedient Servant,

ALEX. MURRAY,

Head Master Brampton H. S.

Brampton, January 21st, 1889.

To Confirm By-Law 414 *of the Township of Caledon.*

Whereas the Council of the Corporation of the Township of Caledon did, on the 17th day of April, 1888, pass a By-law for the purpose of closing up and disposing of the original

allowance for road between lots thirty and thirty-one, in the west half of the second concession west of Hurontario street, in the said Township of Caledon.

And whereas the said By-law was passed in accordance with the provisions of section 546, chap 184 of the Revised Statutes of Ontario, 1887.

And whereas section No. 567, sub-section 2, of the said statute enacts, that no such By-law shall have any effect unless confirmed by a By-law of the Council of the County in which such Township is situated, at an ordinary session of the County Council held not sooner than three months or later than one year next after the passing thereof.

And whereas it is desirable that such By-law should be confirmed.

Therefore the the Council of the Corporation of Peel enacts as follows:

That By-law number four hundred and fourteen of the Township of Caledon (a copy of which is hereto annexed, be and the same is hereby confirmed.

Passed this 16th day of November, 1888.

To the Honorable the Legislative Assembly of the Province of Ontario in Parliament Assembled:

The Petition of the Municipal Council of the County of Peel:

HUMBLY SHEWETH:

Whereas the appointment of Gaolers, Police Magistrates and other Officials of the County whose duties bring them into close connection with the County Council, are now according to statute made by the Lieutenant-Governor in Council, and

Whereas the salaries of such officials are paid largely, if not entirely by the County, and

Whereas for some years past efforts have been and are now being constantly made to curtail and limit the powers of County Councils over such officials, and the duties and expenditures pertaining to their offices, to the detriment and contraction of the reasonable control of the County Municipal Government, and

Whereas your petitioners are of opinion that the good and efficient administration of Municipal Government in the Counties of Ontario would be conserved by placing the appointment and regulation of the duties of such officers in the body from whom they receive their salaries, such appointments before being made and regulations before being confirmed to be approved of by the Lieutenant Governor in Council.

Your petitioners therefore pray that you may be pleased to have such legislation enacted at your present Session as will carry into effect the changes embodied in this petition.

And your petitioners as in duty bound will ever pray.

REPORTS OF COMMITTEES.

Report of His Honor, Judge Scott, Re-examination of Persons Committed as Insane.

To the Warden and Council of the County of Peel :

GENTLEMEN :—Pursuant to By-Law I beg to submit the following report of examinations of persons committed to or confined in Gaol as Lunatics :

1st. John Clark Moody, Albion, committed 28th Dec., 1888, examined 12th March, 1889, sent to asylum 26th March, 1889.

2nd. Elizabeth McCartney, Toronto Township, committed 26th March, 1889, examined 3rd April, 1889, sent to asylum 12th April, 1889.

3rd. William Hamilton Hunter, Chinguacousy, committed 15th April, 1889, examined and discharged cured 27th May, 1889.

4th. William J. Alexander, Chinguacousy, committed 2nd May, 1889, examined and discharged cured 27th May. 1889. All the expense connected with this case have been paid by the parties interested.

5th. William Carsons, Brampton, committed 8th Nov., 1889, examined and pronounced insane 16th Nov., 1889, and now awaiting removal to an asylum.

All of which is respectfully submitted.

A. F. SCOTT, County Judge, Peel.

Brampton, 19th Nov., 1889.

Report of Commissioner on Bridges for Chinguacousy.

To the Warden and Council of the County of Peel :

Your Commissioner begs leave to report as follows :

1st. My attention was called to a bridge on the Town Line between Chinguacousy and Esquesing, over the River Credit, near Townsend's mill, which I examined in connection with the Commissioner for Esquesing, and we found it necessary to have it replanked and railing repaired.

John Rutledge repaired the railing for $4.00, Peel's portion $2.00, and the planking was done by John Stokes for $4.00, Peel's portion $2.00. The probable cost of plank $13.00, half to be paid by Peel $6.50.

2nd. Our attention was called to a bridge in Norval, on the Original Road, which required to be re-covered with new plank, probable cost $14.00, Peel's half $7.00.

Your Commissioner would recommend that the bills of John Rutledge and John Stokes be paid to the Commissioner, and the plank to be paid on the order of the Commissioner.

And that the Corporate seal be attached to this report.

All of which is respectfully submitted,

JOHN GROAT, Commissioner.

Council Chamber, Nov. 20th, 1889.

[ADOPTED.]

Report of County Commissioners on Bridges within Chinguacousy and Toronto Townships.

To the Warden and Council of the County of Peel :

Your Commissioners attention was called to the unsafe condition of the bridge on the Town Line between Toronto and Chinguacousy in the first concession west.

Your Commissioners examined the aforesaid bridge and found it was necessary to build a new bridge.

We advertised for Tenders and let the job to the lowest tender, being that of Robt. Scott for $200.00. It is a good substantial bridge and covered in.

Your committee would recommend that the said bridge be painted. Probable cost about $20.00.

Payable on the order of Commissioners, and that the Corporate seal be attached to this report.

W. R. WRIGHT,
J. GROAT, } Commissioners.

[ADOPTED.]

W. ANDREWS, Warden.

Report of Special Committee appointed to examine the Road Crossing the River Etobicoke between Toronto Township and Etobicoke.

To the Warden and Council of the County of Peel:

Your Committee beg to report as follows:

That we have examined the road between the Townships of Toronto and Etobicoke, which was referred to in the petition of Wm. Hawkins and others praying that the said road be opened for travel.

Your Committee found that the River Etobicoke crossed at this point and that the road was impassable (not so much on account of the river as it could be forded a good portion of the year) but on account of the steepness of the bank on east side, and your Committee are of the opinion that the opening of the said road would be a great convenience to a number on each side, but on account of the lateness of the season would recommend that no action be taken in the matter at the present time, but be deferred to the January Session, and that the County of York be asked to bear a share of the cost if the work is done.

All of which is respectfully submitted.

W. ANDREWS, Warden.

Copy of Report of Inspector's of Prisons, Etc.

Acting under the instructions of the Inspector of Prisons I visited the Brampton Gaol to-day.

The prisoners numbered 3, all male, two being committed as drunk and disorderly, and one for larceny.

Iron bedsteads have been recommended by the Inspector in several of his inspections, but so far have not been procured, they are an absolute necessity and should be obtained as soon as possible.

I examined the books and found them entered up to date and properly kept.

The Gaol is in every respect in good order.

Chief Clerk,
Inspector's Dept.

Approved, W. T. O'Reilly, Inspector.

Report of Special Committee appointed to consider the Advisability of granting Aid to the Sufferers from the late Calamity at Alton, caused by the breaking of Mill Ponds on the River Credit.

To the Warden and Council of the County of Peel :

Your Committee would ask leave to report as follows :

That they have visited the scene of the disaster, and find that there has been a great destruction of property, but find that there are no cases of real destitution requiring immediate aid, and while we find that the damage is estimated at thousands of dollars, (Mr. Alex. Dick being the principal sufferer).

And in consideration of the fact that the damage was caused by the giving way of the brackets on McClellans dam, which dam is situated on one of the Highways of the Township of Caledon, and your Committee are creditably informed that one of the sufferers has threatened suit to recover damages from the Municipality, and while we deplore the circumstance and sympathize with the sufferers.

That in view of these facts we would recommend that finding this threatened suit the Council take no action in the matter at this Session, but defer consideration of the matter until the January Session of next year, then to give it their serious consideration.

All of which is respectfully submitted.

Report of Commissioner for the Township of Albion, on County Line, between the Counties of Peel and Simcoe.

To the Warden and Council of the County of Peel :

GENTLEMEN :—You will remember that this Council at the November Session of last year granted $100 to supplement a similar sum from the County of Simcoe for the purpose of building a new bridge over the River Humber and other repairs, but after examining the said bridge we found that by new planking and other repairs at an expense of $41.00, being $20.50 for this County, leaving a balance of the above grant of $79.50 still in the hands of the Treasurer of this County.

All of which is respectfully submitted.

THOS. SWINARTON, Commissioner.

Albion, Nov. 18th, 1889.

Report of the Commissioner on County Bridges for Toronto Township.

To the Warden and Council of the County of Peel :

The Council of the County of Peel passed at the June Session a By-Law to enable them to act in conjunction with the County of York, to build a bridge over the River Etobicoke on Middle Road south of Dundas street.

Your Commissioner waited on the Council of the County of York to get their co-operation in the matter.

The Committee of that Council presented a report and recommended that the sum of $600.00, or one-third of the cost of the work, be granted for the erection of the said bridge.

Your Commissioner found when the plans and specifications, and other matters of detail were prepared, and also that the conditions imposed by the Engineer of the County of York could not be accepted of by your Commissioner, it was too late to commence the work to bring it to a successful completion this year.

Your Commissioner would further recommend that the County of Peel act in conjunction with the County of York to have the bridge built as early in the year 1890 as possible.

All of which is respectfully submitted.

W. R. WRIGHT, Commissioner.

Dated 20th Nov., 1889.

Report of Head Master of the Brampton High School.

HIGH SCHOOL, BRAMPTON, January 14th, 1890.

To High School Board of Trustees:

GENTLEMEN:—

I beg to submit the following report regarding the Brampton High School.

ATTENDANCE.

The number of pupils on the Register for the year 1889 is 188, the Town of Brampton furnished 95 of these, Chinguacousy Township 54, Toronto Gore 5, Toronto 16, Caledon 5, Albion 4, and 9 came from other counties.

It is worthy of notice that although the fees were doubled for 1889 the attendance was larger for 1889 than it was for 1888, and larger than it was when no fee was exacted.

RESULTS OF DEPARTMENTAL EXAMINATIONS.

Twenty-two pupils passed the departmental examinations and obtained non-professional teachers certificates, twelve obtained third class certificates, seven second class, and four first class.

RESULTS OF UNIVERSITY EXAMINATIONS.

Seven pupils were successful in passing the matriculation examinations of the University of Toronto, and four of the six took honors in every subject of examination except classics, in which they attempted only pass work, in all fourteen honors.

STAFF AND EQUIPMENT.

The wisdom of the Board in continuing the fifth teacher is very clearly proved by the results of last examinations, the four first class C. certificates and the 14 honors at the University could not possibly have been won with only four masters; the benefit of such distinguished success is not confined to those who won it but is shared by the whole school, for it makes every pupil feel proud that he belongs to a school that in competition with others gains so high a place, and stimulates his aspirations and his diligence, but for the fifth master all this would have been lost. I attribute the existence of a good spirit in the School in a great measure to the influence that has proceeded from the marked success of our pupils in the public examinations;

Further as to the equipments we have very recently received additions to our scientific apparatus and to our library to the value of $200, this will enable us better to teach science in the only true method by exhibiting the actual work of scientific investigations, and will bring the minds of the pupils into contact with the best intellects of the times in the various departments of study.

The real educational value of this provision made by the Board is greater than any amount of dollars and cents.

The members of your staff are deeply sensible of this and are greatly encouraged by the liberality of the Board, and trust that this is but the beginning of a sowing which will result in a reaping of a more abundant and more valuable harvest.

PROSPECTS.

Those who have deeply at heart the welfare of the educational institutions of the County of Peel are looking at the present time with much solicitude to those bodies on whom the Legislature has devolved the high, honorable and important duty of managing and fostering these institutions, for it is on their action with reference to the present needs of our schools that their future prosperity depends.

If Brampton High School is to maintain its present standing among the High Schools of the Province, if the talented and aspiring young men and women of this County of Peel are to obtain in their County such an education as will put them on a level with the young men and women of other counties, then it is most certainly necessary that Brampton High School be furnished with all the additional equipments that will entitle it to become a Collegiate Institute; in the majority of the Counties the Boards have perceived the educational needs of the day, have availed

themselves of the encouragement given by the Legislature and have elevated what were High Schools to the rank of Collegiate Institutes, every year additions are made to the number of Collegiate Institutes. If Brampton does not follow this good example the inevitable consequence will be an inferior class of teachers, for all first class men will be taken by the Institutes, a diminished revenue from Government and from fees, and inferior education to our young men and women who will go out into life worse equipped than their neighbors in other counties.

To avoid such serious evils and to obtain the benefits of a thoroughly furnished institution is surely worth considerable effort and expense.

I am Gentlemen, your obedient servant,

ALEX. MURRAY,

Head Master.

First Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel :

Your Committee beg leave to report that they have had before them for their consideration the following communications and accounts.

1st. A communication from J. S. Brown, Lieut. No. 1 Company, 36 Battalion, County Peel, asking liberty to use one of the vacant rooms in the Court House as a store room for the arms and accoutrements of the volunteers.

Your Committee would recommend, if there is a vacant room, that the privilege be granted on condition that no amunition be stored and none but the officers are to enter the room, and that the room shall be kept clean and in order.

2nd. A communication from the Inspector of Prison's, left over from the Nov. Sessions, recommending iron bedsteads for the gaol, your committee would recommend no action be taken at this session.

3rd. A communication from Alex. Dick, Commissioner for Caledon, of work on Town Line amounting to $26 dollars, Peel's share $13, we would recommend to be paid.

4th. A communication from W. R. Wright, Commissioner for Toronto Township, with account for repairs to bridge on Lake Shore Road between York and Peel for $32, York paying an equal amount.

5th. From the Commissioner for Streetsville, an account of Thomas Sharp, for repairs to bridge over Mullet Creek for $13.85, and recommend payment.

6th. Account of Algernon Williams, for repairing clock in gaol, 75c; account of J. E. Elliott, for supplies for registry office, $2.75; account of E. Martin, repairs to gaol, $3.40; account of J. Taggert, key for gaol, 50c.

Your Committee would recommend these accounts be paid.

7th. Account from S. Eagan, for repairs to bridge on County Line between York and Peel for $10, not certified. Your Committee would recommend the Commissioner for Albion to enquire into the matter and if correct the Treasnrer to pay on his order.

8th. From the Commissioner for Toronto Gore, account for repairs to bridge on Town Line with Albion, $4.00; Commissioner for Toronto Gore, $3.00.

Payment recommended.

9th. Your Committee would recommend that the following named gentlemen be appointed Commissioners on County Property, viz: The Warden and Messrs. Watson and Donaghy.

10th. Your Committee would recommend that a By-Law be passed to provide for the building and payment of a new Registry Office, and that the Clerk be instructed to have the County Solicitor prepare the same at once.

11th. Your Committee would recommend that a By-Law be passed authorizing the issuing of Debentures to meet the cost of the erection of the proposed Registry Office, extending the payment thereof over four years, that is to say that the said debentures shall be redeemed in four equal annual payments with interest, the first to become due and payable on the 31st Dec., 1890, and the fourth and last on the 31st Dec., 1893.

All of which is respectfully submitted.

R. S. LIGHTHEART, Chairman.

Committee Room, Jan. 30th, 1889.

Report of Commissioner on County Bridges for Toronto Township.

To the Warden and Council of the County of Peel :

Your Committee ask leave to report as follows :

After meeting the County Engineer for York, and the Commissioner for the Township of Etobicoke, in reference to building a bridge over the River Etobicoke on Middle Road south of Dundas street, between the Counties of York and Peel,

We advertised for tenders for the construction of a bridge,

We received six tenders and after due consideration we accepted the tender of Nicholson & Bates for $1,499, it being the lowest tender.

The bridge is to be built according to the plans which were submitted to this Council last year.

Peel's portion of the expense will be $749.50, which your Commissioner would recommend the payment of that amount on the order of the Commissioner for Toronto Township when the work is completed.

All of which is respectfully submitted.

JAS. JACKSON, Commissioner for Toronto Township.

Toronto Township, June 24th, 1890.

[ADOPTED.

Second Report of W. S. Crawford, Commissioner on County Bridges for the Township of Albion.

To the Warden and Council of the County of Peel :

GENTLEMEN :—

Your Commissioner for Albion on County Bridges begs leave to report as follows :

On the 5th of June the storm drifted out five bridges on the Town Line between Albion and King.

Your Commissioner met the Commissioner for King, and decided to appoint two Commissioners, one in Albion and another in King, to hire men and teams by the day ; to work ten hours a day, team and man three dollars a day ; and men one dollar and a quarter a day.

Your Commissioner would recommend that this Council grant a sum of money for the erection of said bridges, not exceeding one hundred and fifty dollars, and that the Treasurer be hereby authorized to pay the said amount to your Commissioner when work is completed.

All of which is respectfully submitted.

W. S. CRAWFORD, Commissioner.

[ADOPTED.]

County of Peel Public School Inspector's Annual Report, 1890.

To the Warden and Council of the County of Peel :

GENTLEMEN,—

I have the honor to submit for your consideration my Report upon the condition of the Public Schools of the County of Peel for the year 1889. All of the schools were inspected twice during the year, and it is a source of gratification to me that so many schools have carried out the suggestions made in reference to the general working of the schools, and the methods of teaching employed therein. In all quarters I have found a lively interest on the part of teachers in all that pertains

o the advancement of the pupils in our schools; and this state of affairs has in arge measure rendered the performance of my duties in relation to the schools a omparatively easy matter. I wish also to bear testimony to the liberality of so nany Trustee Boards in carrying out suggestions that commended themselves as eneficial to the schools. The progress of any school is a difficult matter fully to stimate, since the truest results of any system of education cannot be crystallized nto dollars and cents; but I can safely affirm that the past year was one of progress ot only in the actual subject knowledge secured by pupils, but in the growth of he manner and spirit which should pervade all true educational work. It is true hat the lack of permanency in the teaching profession is specially destructive of he true educational spirit; but I look for a corrective to this in the higher ideals mpressed upon the minds of intending teachers in our Normal and Model Schools, nd in the vigilance and care with which every community should safeguard the ducation of the young.

In carrying out the work of inspection I have kept two objects steadily before ne. The first is to endeavor to secure by all legitimate means the most favorable utside conditions, so to speak, for the carrying on of the work of each school. Many school houses have been refitted and made more attractive. Necessary apparatus for the effective carrying out of the wishes of the teachers with regard to ifferent departments of their work has been provided in many schools. I have verywhere sought to harmonize the conflicting views which parents and teachers o often hold with respect to the educational value of many subjects, and I have o state that, in very many instances, the tone of the school has been materially hanged for the better by the bringing about of a better understanding among the ifferent parties interested in the schools. The second object I have attempted to ompass is the gradual improvement of the methods of teaching employed. It may eem strange that such should be deemed necessary, since the continuous operation f the present system for many years should have worked reformation in every department of school work. Such reformation has undoubtedly been the rule; but it as ever been the fate of professions to take partial and incomplete views of their wn particular work. The teaching profession is no exception to this general eakness. Educational maxims and principles of great value in their true application and development have been wrested from their original and true significance, nd by dominating the work of the schools have tended in no slight degree to produce one-sided activity and incomplete culture. Too much attention has been paid o the training of the analytic faculty and not enough to the synthetic. The result as been to produce weak and irresolate types of character partially unable to conceive, construct, or execute. Too much time has been given to the training of the owers of observation and perception, and altogether too little to the cultivation of he reflective faculties upon the due training of which the stability of public opinion ust for any age depend. The mis-application of the maxim that children learn by oing has wrought untold mischief in many schools by keeping pupils hourly engaged in the performance of tasks devoid of significance and consequently of interest to the learner. Teachers are now awakening to the fact that knowledge is the egitimate fruit of teaching, and culture of discipline or training. My object has been to correct these partial views current among teachers, and to lead to a better understanding of the educational problems of the day by calling attention to their many-sided character, and by insisting on methods founded on the principles of the cience of mind, on the logical order of the subjects of instruction, and on the order of natural development. That the way is beset with difficulties none will gainsay. ask simply the hearty co-operation of all true friends of education in endeavoring o place within reach of the youth of this county all of the advantages and benefits which flow from a free educational system.

The school houses are the same in character as in the year previous. A new school house is now in course of erection in S. S. No. 2 Albion, and the educational needs of the children of that locality will now be met. I have every reason to believe that a number of school buildings will be erected in 1891. In several sections, new buildings are an absolute necessity, and must be undertaken at no distant date. The facilities for ventilation are in many schools more or less defective. The principles of heating and ventilation are as yet but partially understood. It seems that the traditional hole in the ceiling still commands general respect, from a hygienic point of view, from the architects of school buildings in the rural districts; but the physical well-being of our children must be duly considered, and I sincerely hope that, in the future construction of school-houses, trustees will not overlook this important problem of ventilation. Apart from the hygienic aspect of the question, there is one bearing upon the efficiency of the school. The disorder so often unaccountably indulged in by pupils is one of the symptoms that the air of the room is vitiated and unfit to breathe. Trustees have shown a willingness to promote the well-being of the children in the schools by keeping the school-rooms properly cleaned. The walls should be frequently kalsomined, the desks and furniture carefully dusted every day, and free circulation of air constantly kept going on. These things seem to some very unimportant matters; but anyone acquainted with the improvements and recent discoveries in sanitary science cannot but recognize their significance. There is not that attention paid to the beautifying of school premises which should obtain. In 1889, there were only 507 trees planted. It may be said in extenuation that there is in some localities much difficulty in protecting the trees and sometimes in securing their growth at all. But it should be the aim of teachers and trustees alike to provide such surroundings for the school as are consonant with its important and far-reaching functions.

I am glad to be able to state that every teacher now in the county possesses a legal certificate of qualification. The grades of certificates in 1889 were as follows:

	I Class.	II Class.	III Class.
Brampton		6	5
Toronto Gore		2	2
Caledon	2	4	14
Albion		8	8
Toronto		12	14
Chinguacousy	2	8	13
Total in County	4	40	56

The prevalence of Third Class teachers is undoubtedly owing to the facility with which the Model Schools of the province train the candidates for this grade, and to the undue competition to which this county by reason of its central position is subject. Our Model Schools are upon the whole doing a good work. The Brampton M. S. trained only eight candidates, all of whom were granted certificates by the county Board of Examiners. I hope that your liberality toward the county M. S. will continue to be recognized, and that its usefulness will continue to grow in your estimation.

This record is still unsatisfactory, although it shows a slight improvement upon
at of the previous year. Last year I called your attention to the large number of
ipils of the compulsory age not complying with the regulations respecting atten-
nce. Must the regulation remain a dead letter, or shall steps be taken to procure
s enforcement? The duty of enforcing the regulation clearly lies with the autho-
ities of each particular school; but there should exist no necessity for invoking the
ringent powers of the school law. There should be current among the school
pporters generally a truer idea of the order of things necessary to the complete
iciency of our schools. I hope by frequently drawing the attention of ratepayers
the subject of irregular attendance and its baneful influence to accomplish much
ore than by advising stringent measures. There are instances, no doubt, in which
e law should be enforced with firnmess and vigor.

CLASSIFICATION OF PUPILS.

Municipality.	I. Class, Pt. I. No. Pupils.	I. Class, Pt. II. No. Pupils.	II. Class. No. Pupils.	III. Class. No. Pupils.	IV. Class. No. Pupils.	V. Class. No. Pupils.

inguacousy	263	258	224	281	265	23
tal	1401	1361	1158	1324	1205	92

This classification shows a greater uniformity than that of the previous year. All grades of work are evidently more uniformly dealt with, and one of the ev effects of over-examination, and too frequent tests for showy results has been some extent counteracted. The new programme for the county schools will be readiness for the opening of the schools in August next, and upon the order an contents of that programme, the promotion examinations in the future will be base The effect will be to give greater efficiency to all departments of school work, that it will secure definite aims and a consistent order to the teacher's efforts.

The frequent changing of teachers which still obtains largely in many localiti is a chief cause of confusion in the work of the schools. New modes of instructio and diverse methods of management and discipline periodically introduced into th school destroy the pupil's powers of continuous and effective work and nullify to great extent the personal power and influence of the teacher whose office it is to a as the mediatizing spirit between his pupils and the world of knowledge and e perience to which he must introduce those under his care. Trustees should exe cise the strictest care in selecting teachers well-qualified in all essential respect and specially endued with those qualities of personality and of fidelity to duty whi are so potent in moulding the plastic minds of youth. In 1889 the following chang were made :—

Municipality.	No. of Teachers retirin
Brampton	Three.
Toronto Gore	One.
Caledon	Eleven.
Albion	Six.
Toronto	Nine.
Chinguacousy	Seven.
Total for County	Thirty-Seven.

I have everywhere made it a point to discourage the changing of teache whenever the maintenance of the teacher could be fairly justified; but I am sorry say that in some instances the changes have been quite justifiable, and altogether the interests of the schools. I have to ask of teachers and trustees generally tha they exercise more care in the preparation of their annual and semi-annual report Upon the accuracy of these reports the accuracy of the statistics herein furnishe your council depends. I very much regret that these reports are somewhat unsati factory with regard to school population. The financial reports from Union Scho sections comprising portions of different municipalities should show the receipts an expenditures for each portion of the Union section separately. This is a very in portant point, and I hope, by now calling attention to the matter, that these repor will in future be more complete.

Before drawing my remarks to a close, I wish to refer to one very importan feature of the present condition and objects of our schools. In very many schools have been confronted with the unused remnant of books constituting part of wha must have been good libraries operated in connection with the schools. Why hav these libraries not been maintained? They should constitute one of the mos powerful auxiliaries in the work of the schools. It may be said that Mechanic Institutes have been doing the work designed in the establishment of these scho libraries. But Mechanics' Institutes are not numerous enough to supply the inte lectual needs of every locality. I hope that the libraries now in existence in th schools will be maintained and enlarged to meet the growing needs of the intelle

ual life of the times. Let me ask if this essential aim of making the Public School he centre of culture and thought for the immediate locality has been entirely lost ight of. If this be so, I must say that we have wandered far from the ideal set efore us by the founders of our educational system. The boys and girls of to-day nust be the readers and thinkers of the years to come, and I know of no age at vhich they can be so well brought into contact with the world of knowledge, hought, and experience, as in the formative period when the faculties are most ctive and the thirst for knowledge most intense. Are the children of to-day trained p to become readers of the noblest sentiments and truest thoughts of the ages? re we leading our youth along the educational highway, giving them at every turn nspiring views of life, and of their relation to life's problems, as disclosed in the roductions of the master-spirits in every field of literature? I am afraid we are ot. We are too prone to judge our teachers and then their work by the criterian f numerical results, by the reports of examinations. Let teachers encourage our outh to become readers and admirers of everything beautiful, true, and ennobling n the life of humanity. Let us preserve what remains in our schools of the once dmirable collection of books with which those schools were equipped, and encouage our teachers to aim at making the school a centre of thought and culture to ie community.

I have to thank the members of your Council for their continued liberality to ie County Model School, as well as for your continued grants to our Teachers' Initute. During 1889, two successful meetings of the Institute were held. Many nportant subjects were discussed, and I am glad to be able to state that we have ucceeded in placing the Institute upon a sound financial basis. Teachers are tak- g an increased interest in the meetings, and are showing in every way that they e anxious to increase the efficiency of their labors. There is no hope for the embers of any profession who do not at every stage of professional effort render emselves receptive of new ideas. The teachers of Peel are as a professional class ogressive, and I hope that our Institute will continue to furnish a medium for at interchange and expansion of ideas so necessary to intellectual and professional lvancement.

I wish to acknowledge the uniform kindness and courtesy I have experienced the hands of the school authorities throughout the county. Any information not t forth in the above report will be most cheerfully accorded to your Council upon plication for the same.

I have the honor to be,
Gentlemen,
Your Obedient Servant,
ALLAN EMBURY,
Pub. Sch. Inspector,
County of Peel.

APPENDIX.

o TRUSTEES :—

In the preparation of Annual Reports, see that the Municipal and Government rants for each part of a Union School Section are given separately, and that the

Receipts and Expenditures from other sources and specific outlays also appea separately. If the latter cannot be done, forward a note with the Report statin the proportion in which the different parts of the Union contribute according to th last equalized assessment. It is most necessary that I get this information, as upo its receipt I can give the exact cost of educating each pupil of the several Town ships.

To Clerks and Trustees:—

I wish that the school population be carefully inquired into, and that th Assessors make an exact enumeration. Upon the exactness of the return made b the Assessors and forwarded to the Education Department by the Clerks depend the amount of the Government Grant apportioned to each Township. For man years the amount of such grant has been steadily decreasing in this County, and a parties concerned should exercise great care that this decrease be not traced to a improper or incomplete return of the School Population of the County.

To Secretaries of School Boards:—

All Annual and semi-Annual Reports should be forwarded to me not later tha the 5th days of July and January. The distribution of the Grants depends upo the date of the receipt of these Reports, and it is not just to prompt Trustees tha one or two delays should postpone the distribution of the School Grants for day and even weeks. I hope that these suggestions will be acted upon, as I sha thereby be enabled the more speedily to perform the duties of reporting and dis tributing.

Public School Inspector,

County of Peel.

To Raise by way of Loan the Sum of Seven Thousand Five Hundred Dollars, for the Erection, Completion and Furnishing of a Registry Office at Brampton, in the County of Peel.

Whereas it is necessary to raise the sum of Seven Thousand Five Hundred Dollars, for the erection, completion and furnishing of a Registry Office at Brampton, in the County of Peel.

And whereas the Municipal Council of the County of Peel have determined to raise the said sum upon debentures to be issued as hereinafter mentioned.

And whereas it is deemed advisable that the said proposed debt shall be paid off in Five Years, by annual instalments, such instalments to be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of such period.

And whereas for the payment of the said debt and interest it will require a sufficient sum as specified hereafter, to be raised annually over a period of five years by a special rate.

And whereas the whole amount of the rateable property of the said County of Peel according to the last revised and equalized assessment roll, being that for the year one thousand eight hundred and eighty-nine, was Ten Millions Nine Hundred and Sixty-three Thousand Six Hundred and Twenty-one Dollars, irrespective of any future increase of such rateable property.

And whereas the present existing debt of the said County of Peel at the date of the passing of this by-law is nineteen thousand dollars.

And there is nothing in arrear either for principal or interest.

Now therefore the Corporation of the County of Peel, by the Council thereof, enacts as follows :

1. That it shall and may be lawful for the Warden of the said County of Pee to raise by way of loan upon the credit of the debentures hereinafter mentione from any person or persons, body or bodies corporate, who may be willing to a vance the same, a sum or sums of money not exceeding in the whole the said su of Seven Thousand Five Hundred Dollars, and cause the same to be paid into th hands of the Treasurer of the said Corporation for the purposes hereinafter befo mentioned.

2. The said Warden may cause any number of debentures of not less than on hundred dollars each to be issued for such sum or sums of money as may be require for the purposes aforesaid, not exceeding in the whole the said sum of Seven Thou sand Five Hundred Dollars, and the said debentures shall be sealed with the se of the said Corporation, and signed by the said Warden and countersigned by th said Treasurer, and dated the First day of July, in the year one thousand eigh hundred and ninety.

3. The said debentures shall be made payable at the office of the Treasure aforesaid, in Brampton; and in accordance with the schedule hereinafter mentione in Section Five of this By-Law on the Thirty-first day of December in each an every year, the first payment to be made on the Thirty-first day of December i the year one thousand eight hundred and ninety, and shall have attached to the coupons for the payment of interest at the rate and dates hereinafter mentioned.

4. The said debentures shall bear interest at and after the rate of six per cen tum per annum from the date thereof, which interest shall be payable annually o the thirty-first day of December in each year, at the office of the Treasurer afore said in Brampton, and as specified in schedule in Section 5 of this By-Law, the firs payment to be made on the Thirty-first day of December, in the year one thousan eight hundred and ninety.

5. For the purpose of paying off the said debentures and the interest thereon there shall be raised, levied and collected a special rate on the dollar upon the as sessed value of all the rateable property in the said County of Peel, over and abov all other rates and taxes during the continuance of the said debentures, or any o them, the special yearly amounts which will be sufficient to discharge the severa instalments of principal and interest accruing due on such debt as the said instal ments of debt and interest become respectively payable as follows:

YEAR.	PRINCIPAL.	INTEREST.	TOTAL
1890	1500	293	179
1891	1500	293	179
1892	1500	270	177
1893	1500	135	163
1894	1500	135	163

6. This By-Law shall take effect on the First Day of July in the year one thousand eight hundred and ninety.

By-Law No. 233.

To Assess the Rateable Property of the County of Peel for County Purposes, for the Payment of a Portion of the Salaries of the Inspector and Teachers of Public Schools and for other Purposes.

Whereas it is necessary to provide by a general assessment of the rateable property of the County of Peel for the year 1890, for the payment of the general and incidental expenses of the County, for the payment of a portion of the salaries of the Inspector and qualified teachers of Public Schools of the County, and for the payment of Debentures and interest due and payable during the current year on the bonus debt to the Credit Valley Railway Company and to the Hamilton and North-western Railway Company, and for Debentures issued to raise money to build a Registry Office.

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows :

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several Towns, Villages and Townships in the County of Peel liable to be assessed during the current year, the sum of thirteen thousand ($13,000) for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to County Councillors and other necessary and incidental expenses of the County.

2nd. A sum equivalent to the Government grant, viz.: $2228 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $4130 to provide for the payment of debentures and interest becoming due, and payable under By-Law No. 61, granting a sectional bonus to the Credit Valley Railway Company, the same to be assessed upon and collected from that portion of the county liable for the payment thereof under the said By-Law.

4th. The sum of $2510, to provide for the payment of debentures and interest becoming due and payable under By-Law No. 71, granting a sectional bonus to the Hamilton & North-western Railway Company, the same to be assessed upon and collected from that portion of the county liable for the payment thereof under the said By-Law.

5th. The sum of $1793.00, to provide for the payment of debentures and interest becoming due and payable under By-Law No. 232 authorizing the issue of debentures to raise money for the erection of a Registry Office.

6th. The whole of the said sums to be collected and paid to the Treasurer of the County on or before the Fourteenth day of December next, as per Schedule annexed.

Passed this 26th day of June, 1890.

Second Report for REPORTS OF COMMITTEES.

To

Third Report of the Commissioner on County Bridges for the Township of Albion.

To the Warden and Council of the County of Peel.

Your commissioner begs leave to report that at the June session of this council a grant of $150 was made to repair five bridges on the county line between the counties of York and Peel which had been destroyed by the floods of June last.

Your commissioner, in conjunction with a commissioner from the County of York, commenced operations to rebuild these bridges, and while they were in course of erection a second flood took place, destroying a portion of the work done, which caused additional outlay.

I would therefore ask for an additional grant of twenty-five dollars to complete these jobs.

Your commissioner would ask that the treasurer pay the grant of twenty-five dollars to the commissioner for Albion.

All of which is respectfully submitted.

WM. S. CRAWFORD, Commissioner.

Council Chambers, Nov. 18th, 1890.

[ADOPTED.]

W. R. WRIGHT, Warden.

First Report of the Commissioner on County Bridges for the Municipality of the Village of Streetsville.

To the Warden and Council of the County of Peel.

GENTLEMEN,—Your commissioner begs to report that he has had some

necessary repairs made to the Credit bridge; also some [illegible] the Mullet Creek bridge, in all amounting to $18.84.

I herewith enclose an itemized account thereof.

All of which is respectfully submitted.

JOHN GRAYDON, Commissioner.

Committee Room, Nov. 19th, 1890.

[ADOPTED.]

Report of the Commissioner on County Bridges for Chinguacousy.

To the Warden and Council of the County of Peel:

Your commissioner would beg leave to report as follows:—

1st. Your commissioner is pleased to be able to report that the storms that have been so destructive in many parts of the county have entirely escaped the county bridges of Chinguacousy.

2nd. Your commissioner has been informed by the reeve of Chinguacousy that the iron bridge at Norval, and also one on lot 27, town line between Chinguacousy and Esquesing, require new covering, and that the commissioner for Esquesing has been instructed to have said work done and forward the account.

3rd. Your commissioner has not received such account up to the present, but would recommend that the treasurer pay said account on the order of the commissioner.

Probable cost for the two bridges about ninety dollars, Peel's portion forty-five dollars.

All of which is respectfully submitted.

ROBERT CRAWFORD, Commissioner.

Council Chamber, Nov. 19th, 1890.

[ADOPTED.]

Second Report of the Commissioner on County Bridges for Toronto Township.

To the Warden and Council of the County of Peel.

Your commissioner asks leave to report as follows:

Your commissioner's attention was called to the unsafe condition of the bridge over the River Etobicoke east of Burnhamthorpe, known as the "Orth bridge," on the boundary between York and Peel.

After meeting Mr. Evans, warden of the County of York, and the county engineer, and finding out the nature of the repairs required, we asked for tenders for the completion of the work.

We received three tenders, and as Mr. Hamlyns was the lowest, we accepted it. The amount was $199.75.

There was $12.25 for repairing guard rail; $6.50 for capping ends of chords; $3.15 for repairs to bridge near Somerville over Etobicobe River, making a total of $234.14. Peel having to pay one-half of this amount would be $117.07.

Your commissioner would recommend the payment of that amount on the order of the commissioner for Toronto Township.

All of which is respectfully submitted.

JAMES JACKSON, Commissioners.

Council Chambers, Nov. 19th, 1990.

Third Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your committee beg leave to report that they have had before them for their consideration the following communications and accounts:

1st. Your committee have had before them a communication from three of the municipalities only, viz., Albion, Caledon and Streetsville, as re-

quested by the council at the June session, in respect to improving the leading roads of the county. The municipalities that have reported are of the opinion that the improvement of said roads should be left with the municipalities through which they pass.

2nd. Your committee have before them a communication from the Inspector of Prisons asking some improvements.

Your committee would recommend that no action be taken thereon.

3rd. Your committee would recommend that the following accounts be paid:—

Account of Wm. Kirkwood, supplies for gaol	$ 8 90
E. Martin acct. for repairs to gaol locks, &c	1 95

Accounts of commissioners on county bridges.

James Jackson, 10 days	$30 00

WALTER WATSON, Warden.

Committee Room, Jan. 30, 1891.

The Report of the Head Master of Brampton High School for 1890.

To the Board of Trustees of Brampton High School :

GENTLEMEN,—I beg to submit the following report regarding Brampton High School for the year 1890.

ATTENDANCE.—178 pupils have attended during the past year. Of these, 104 belong to Brampton ; 48 to Chinguacousy ; 13 to Toronto Township ; 4 to Albion ; 3 to Caledon ; 1 to Toronto Gore, and 5 to other counties.

RESULTS OF WORK.—21 candidates for third-class Teachers' certificates, and 15 (being all but two of the candidates) for second-class Teachers' certificates, were successful at the last Departmental Examinations. All of the 4 candidates for University Matriculation successfully passed their examinations ; and two of these took first class honors in Mathematics, Classics and English. Many of these successful pupils have since gone to

diffuse widely among the public schools of this and other counties the benefits of the training received by them at the Brampton High School. This brings into prominence the fact that the efficiency of our public schools depends largely on the efficiency of our High School, and that in promoting High School education we promote the general education of the masses at the same time. In this connection it is well to note the fact that some pupils, who recently left our school for the University, have continued to win high honors for themselves and their alma mater, having obtained, not only first-class honors in several departments of study, but also the first place in the list of first class honors at Toronto University—results in part due to the prepartory training received in Brampton High School.

PROSPECTS.—Would that these could be described in as glowing colours as I can the successes of the past. But truth and fidelity to the trust you have committed to me as Head Master of this school, render it impossible for me to do so. The prospects are such as ought to affect you with serious solicitude, and arouse to prompt action all those who have at heart the interests of education and the honour of this wealthy county. I see in the near future, as the inevitable results of causes now operating to the prejudice of our school, A LARGELY DIMINISED ATTENDANCE OF PUPILS, A DIMINISHED REVENUE, AN INFERIOR STAFF, AN INFERIOR EDUCATION to the intelligent and ambitious youth of this county.

Some of these results are even now apparent to the close observer; and, if no preventive measures are speedily taken, they will soon become strikingly conspicuous. The case is analogous to that of a manufactory that refuses to use the improved machinery and methods of modern times, and works with the appliances a century old, while all, or most of the neighboring manufactories in the same line have advanced with the times, and have introduced all those improvements by which a better article can be produced at a cheaper rate. What must be the fate in the near future of such an unprogressive establishment? The same as that which must overtake Brampton High School, at no distant date, if its present disgracefully inadequate equipments are not raised to a level with the educational needs of the times and the school does not take its stand in a line with the thirty or forty Collegiate Institutes of Ontario.

The above is respectfully submitted to the Board of Trustees by

ALEX. MURRAY,
Head Master.

Report of Commissioners on County Bridges for the Municipalities of Toronto Township and Streetsville re. Bridges between these Municipalities.

To the Warden and Council of the County of Peel.

GENTLEMEN :—

Your commissioners on county bridges for the township of Toronto and the village of Streetsville beg leave to report as follows :

We have found it necessary to have the bridge known as the Mullet Creek bridge on the side line between Toronto township and the village of Streetsville replanked and otherwise repaired. Total cost, $16.14. A detailed statement of which has been submitted.

We also beg to report that we find the centre abutment of the bridge known as the Caslor bridge in a very unsafe condition; the ice during the break up in the spring having badly wrecked it; and the timbers so badly decayed that we are of the opinion that it would be but a waste of money to attempt to repair it; and not only the tearing out of a greater portion of one end, but the abutment as a whole has been driven down stream from 12 to 18 inches.

And in view of the fact that the end abutments are of stone, your commissioners would recommend the building of a stone abutment in the centre.

All of which is respectfully submitted.

JOHN GRAYDON }
JOHN COOK, } Commissioners.

Brampton, 17th June, 1891.

(ADOPTED.)

Report of Committee on County Bridges for Albion.

To the Warden and Conucil of the County of Peel.

GENTLEMEN :

Your commissioner on county bridges, in conjunction with a commissioner for the Township of Toronto Gore ask leave to report as follows :

We let a job of repairing a bridge on the town line between Albion and Toronto Gore. The bridge was 24 feet long, 6 feet high, and covered with new plank, the wall was 16 feet long, 3 feet wide at bottom and two feet wide at top, we had also a breakwater built 27 feet long, 3 feet wide at bottom and two feet wide at top, and 4 feet high.

Said bridge was let by public auction to William Shaw for $43,00.

Your commissioner would recommend that the treasurer be hereby authorized to pay on the order of the reeve of Albion the said amount.

All of which is respectfully submitted.

ROBERT BURTON, Commissioner.

Council Chamber, June 17th, 1891.

Third Report of the Standing Committee on Communications of a Miscellaneous Character.

To the Warden and Council of the County of Peel.

Your committee beg leave to report as follows :

That we have had before us the following communications.

1st. From the county council of the county of Welland, with copy of petition, praying that power be granted to county councils to appoint an inspector to enforce the act for the prevention of the spreading of noxious weeds, and of diseases affecting fruit trees.

In regard to this communication we recommend that no action be taken in the matter.

2nd. Communication from W. H. McFadden, clerk of the peace, with copy of presentment of the grand jury at the late assizes.

Your committee, while strongly sympathizing with the proposed scheme and of the object in view, and of establishing institutions compatible with the requirements of the county and the age in which we live, do not consider the present an opportune time to build a House of Refuge, as the numbers of those who are liable to become inmates thereof are so small in number that a corresponding benefit would not be derived to the county by the building of such an institution.

You committee, however, have no doubt but that in the near future some

such scheme would probably be evolved for the maintenance of that class of unfortunates as referred to in the grand jury's presentment.

Your committee have also had before them a communication from W. H. McFadden, Esq., relative to having a case made to keep a quantity of blank forms on hand and supply justices of the peace in accordance with an act passed at the last session of the Ontario legislature.

In reference to the above we would recommend the purchasing of said case provided the cost of same does not exceed $6.00.

All of which is respectfully submitted.

JOHN T. SCOTT, Chairman.

Committee Room, June 17th, 1891.

[ADOPTED.]

Second Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel :

Your committee have before them the following accounts, which they would recommend being paid, they being duly certified :

To the Victoria Industrial School, for 13 weeks maintenance of Geo. Froate	$ 26 00
To James Edwards, for hospital snpplies	2 39
To Ed. Rice, mucilage, twine, &c,, for clerk's office	90
To Mrs. Fawcet, washing 8 pieces for gaol	40
To Jas. Edwards, goal supplies	40
To Wm. Kirkwood, sundries for court house	9 88
To Peaker & Runians, sundries for court house	2 20
To T. J. Peacock, treasurer Farmers' Institute, statutory grant	25 00
To Peaker & Runians, coal oil and sundries for goal	7 84
To M. Treadgold, for furnishing material and repairing lounge in goal	5 25
To postage stamps for Public School Inspector	9 00

Your committee have before them a communication from the President and Directors of the County of Peel Agricultural Society asking for a grant.

We would, therefore, recommend that they be granted the usual sum of $300.00.

Your committee herewith submit a by-law providing for raising the several sums required for the payment of the expenses of the county debentures, interest, appropriations, and other liabilities of the county for the current year.

All of which is respectfully submitted.

JAMES JACKSON, Chairman.

[ADOPTED.]

Committee Room, 17th June, 1891.

Second Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

Your committee beg leave to report that they have had before them for consideration the following accounts :

1st. The account of William Bignell for repairing and filling in drain, and half cost of keeping grounds in order during the present season, $12.

Account of William H. Sterling for repairs on the Mullet Creek bridge, on the side line between Streetsville and Toronto township, for work and material, $16.41.

These your committee recommend being paid.

2nd. Peport of commissioner on county bridges for Albion, asking $43 for repairs to bridge on town line, between Albion and Toronto Gore.

Your committee would recommend that it be laid before the council.

3rd. A communication from Joshua Modeland, goaler, asking that a lawn mower be purchased for use at the goal, on the recommendation of the goal inspector ;

Your committee recommend no action at the present.

4th. Application of commissioner on county bridges for Albion, asking for a special grant of $100 on county line between Peel and York, to improve said road.

Your committee would recommend that it be laid before the council.

5th. That Robert Noble be paid the sum of $27.32, half cost of oak covering and other repairs to the iron bridge in the village of Norval.

All of which is respectfully submitted.

R. B. HENRY, Chairman.

[ADOPTED.]

County of Peel Public School Inspector's Annual Report, 1891.

To the Warden and Council of the County of Peel.

GENTLEMEN,—

I beg to submit my Annual Report upon the condition of the Public Schools of the County of Peel. It includes also such remarks upon the general condition of Public School education as have been deemed necessary to direct public attention to the increasing claims of a national system deriving its strongest claim to support not from its being the result of legislative enactment, but from its inherent connection with and dependence upon a just apprehension of public welfare.

All of the schools were inspected twice during the past year, 1890, and I am able to state that the progress noted was upon the whole satisfactory and indicative of a painstaking effort on the part of teachers to comprehend thoroughly the aims and objects of our public school system. With this increased comprehensiveness of view has come also the demand for better equipment and apparatus in the different schools so necessary to illustrate to the minds of pupils that portion of knowledge and world experience with which teachers must acquaint their pupils at every particular stage of progress. Hitherto our schools has been sadly deficient in this respect. Notwithstanding that the progress of geographical discovery and political expansion have also completely transformed the Map of the World within the last generation, the maps of a by-gone age have been pointed to as part of an efficient equipment of schools supposed to be in actual touch with the progressive life of the times. But trustees have been found, in most cases, quite willing to respond to calls for increased outlay in respect of equipment, and I have pleasure in stating that the improvement in our schools in point of apparatus, etc., is most marked and satisfactory. The improvements in respect of the school buildings are also more satisfactory than in 1889. More attention has been paid to cleanliness ; but the faculties for ventilation remain as in former years, being incident to the defective plans of the buildings themselves. New school buildings are urgently needed in quite a number of sections, but there is every reason to believe that the work of building will begin in most instances at an early date. The trustees of S. S. B., Toronto Tp., have in course of erection a school house which, if completed according to plans and specifications, will stand second to no rural school house in the whole county. Trustees cannot exercise too great care in the selection of school sites. The situation and the composition of the soil have much to do with the sanitary condition of the building. In many cases the space between the floors and the earth is insufficiently aired and drained, and when the floors become worn and open in many places there is emitted from the ground space a noxious air that is invariably productive of disease. The utmost importance is attached to the preceding facts.

But there is another factor which is far-reaching and significant in its

effects. School buildings should be not only commodious, well equipped, perfect from a hygenic point of view, and suited to merely utilitarian ideas; they should be attractive and beautiful from every point of view. I hear frequent complaints that boisterous pupils are constantly breaking, marring and defacing school furniture. It is significent that these complaints emanate from quarters in which there is the most meagre and wretched class of furniture, in which unsightly desks still cast their hideous shadows, in which there is least effort made to cheer and brighten the school room life of the pupils. Can we expect anything very different? The pupils who come from bright and cheerful homes are in many instances ushered into a school-room dingy with the accumulations and relics of a decade, into a room redolent with foul odors impregnated in a vitiated atmosphere, into scenes repugnant to every sense of delicacy or refinement, and they are asked to respect the wretched surroundings from which their own sense of delicacy leads them to recoil. Then the characteristic destructiveness of youth is exhibited in an utter contempt for a loathsome environment from which there is no escape expect by destroying the barriers. When our school-rooms becomes models of neatness, comfort and attractiveness, then and not till then will the refinement and decorum of home life be carried by our children into the scenes amidst which their characters and lives are to be moulded for all time to come.

The improvement in the modes of training and in the method of teaching, to which I referred in last year's report as one of the chief objects of my work of inspection at present, has in some important respects been realized, though not so completely as I could have wished. The most noticeable improvement has been achieved in the subject which is the foundation for all studies—reading; while the least improvement is to be noticed in the subject of geography. The latter involving on the part of the teacher the task of training the youthful mind to relate and connect the objects of a phenomenal world experience, in all the variety and complexity of the order of nature, has been widely misunderstood not only by public school teachers, but by teachers generally. The art of teaching Geography has in consequence degenerated into a multiplication of devices for giving pupils a mastery of the names and positions of places, productions, etc. The subject of reading has suffered much at the hands of empiricists under the spell of examining boards, and the dead weight of authority. Instead of its being conceived as the department in which a knowledge of our noble mother-tongue is to be communicated to children, in which the relations and connections of the ideas of subject experience are to be seen and clearly apprehended, in which the laws of oral and written composition, and of grammar have their only exemplification; in which the pupils' sensibilities and affections are to be educed and developed in accordance with the highest, and purest, and noblest conceptions of the human race, in which alone the pupil can actualize those distinctive powers of thought and speech which make possible his education as a rational being, it has in very many schools died down to a mechanical repitition of words, without connection, without feeling, thought or volition. The reading in many schools not long since was a merely nameless jargon, produced by concert, simultaneous, and imitative teaching. Happily

teachers are beginning to question the value of these results by enquiries as to how far they agree with the aims and objects to be reached and achieved in a rational study of the mother-tongue. The annual meetings of our County Teachers' Institute are doing much in the direction of stimulating teachers to examine into the nature and objects of their work. At our last meeting it was decided to invest a portion of the funds of the Association in a professional library for teachers, and I am glad to state that such library will soon be in active operation, and that I look for a better state of things resulting from a habit of reflection and inquiry among teachers increased by the dissemination among them of the best educational thought of every age.

This classification is in many ways suggestive. The preponderance of Third Class Teachers, the disparity between the respective salaries of male and female teachers, the almost total absence of First Class Teachers, all furnish ground for the remark that a high standard of excellence is not so much coveted as it should be. Teaching is a profession mastered pre-eminently through study and experience. Yet here we find that the public demand the cheapest grade of teachers, and, perforce, the most poorly qualified. Thus there is a direct antagonism between individual opinion and the collective opinion popularly expressed. What is the cause? It is not far to seek, I apprehend. It is the illusion that is spreading its roots far and wide into every department of life at the present day, that a dollar's worth of stuff can be bought for fifty cents. Again, why should the services of women not be rewarded to the same extent as those of men, provided to character of the service is alike in the two cases? How long are men going to keep alive this distinction born of man's superior prowess as an animal? The character of the service and the degree of reward alone should dictate the settlement of the question, when female teachers would receive their just recognition. If the services of women are not so valuable as those of men, why should Trustees not avow the fact at once and assume the responsibility of their own misconceptions of their

duty to the public giving them confidence.

The facility with which Third Class certificates are now obtained, coupled with their provincial character, is tending towards the displacement of the higher grades of teachers, more experienced and better educated, and consequently to professional deterioration. Third Class certificates should be confined to the county where granted, and thus the qualification of the county teachers could be fully guarded by the Inspector and the County Board of Examiners.

Totals	6132	116	1381	578	1019	1424	1448	1560	103

This classification shows a slight decrease in the number attending less than the hundred days required by law, but it shows at the same time a large increase in the total number of pupils attending the various schools. These facts, coupled with the number reported as not attending any school at all, show the necessity for compulsory attendance. This matter must be grappled with at no distant day. The recent law ralating to truancy and compulsory attendance enacts that all pupils between the ages of 8 and 14 years shall attend school for the full term regularly unless excused by reasons enumerated by the Act in that behalf, and that parents or guardians violating the Act shall be subject to certain penalties, to be enforced by the Magistrates before whom the truant officer to be appointed by the Trustees shall cause such parents or guardians so violating the law to be complained of. In certain quarters there is a disposition to question the authority of the state in such interference with an independent assumption of individual and parental rights, but such view is held by those who look upon the state as an end in itself, and not as a means to an end which is the public welfare. The antagonism between these two views is of long standing and can never be removed except through the complete triumph of representative democracy. Local prejudices, class distinctions, and clerical assumptions have invariably fostered the former view, but the time has arrived when men who understand the true basis of representative institutions must combine for the purpose of placing national education

upon its proper basis. There will always be found men who fail to see the forest for the trees, or the nation for the mass of individuals. The truest solution, however, will be found in the cultivation of public opinion. If the press, the pulpit and the lecture platforms were more frequently utilized for the purpose of creating a strong and healthy educational sentiment prohibitions and penalties would find much smaller space in statutory enactments concerning our educational system. It will ever continue to be the duty of all concerned in the administration of our educational affairs sedulously to cultivate educational opinion, which is too apt at present to degenerate into carping criticism of a system of the benefits of which people have not been taught fully to avail themselves.

The complaint is often heard that our educational system is unnecessarily expensive. The following figures do not seem to point in that direction, since the funds in the hands of trustees are enormously out of proportion to the incidental expenses of the schools :—

These figures seem to show that the burden of taxation is not at all heavy, and that the resources are already in existence for undertaking all improvements necessary to the well being of the schools. In the face of these figures there is no valid reason why any school in the county of Peel should remain unfurnished with any necessary appliances, or why any inadequate remuneration should be doled out to any teacher.

Again, compare the receipts of each township with the actual amount raised by direct taxation, and it will be seen that the lowering of teachers' salaries is wholly unwarranted by the actual facts.

It will be seen that the total receipts were nearly double this amount raised by direct taxation, and trustees may well be urged to increased liberality in fixing the salaries of teachers. There is no profession the members of which are so inadequately paid and recognized as the members of the teaching profession, yet the services they render to the state and to society at large are further-reaching in importance than the services of any other class. If any one can reasonably deny the character of their service, then I say by all means let us have a teaching profession the services of the members of which will realize the ideal value placed upon national education and morality.

This classffication is the most satisfactory that I have as yet made public ; but the ensuing year will present a marked change owing to the retention of Fourth Class pupils for a longer period in our schools consequent upon the abolition of the December Examination for entrance to the high schools. This change will have a beneficial effect upon our public schools. Fifth classes will have to be formed in many instances teachers of a higher grade of certificate must be employed, and a higher tone imparted to the schools generally through an increased importance to be attached to the work therein. The prospects of the Public School pupil will be considerably extended, and an increased interest in the character and work of the Public School will no doubt be evinced by those who are denied the means of maintaining pupils at the High School. The Fifth Class work would no doubt be largely directed, under the present curriculum, to the preparation of candidates for the Primary Examination, the successful candidates at which examination swell the ranks of Third Class Teachers. But this would in one sense be a great benefit. The Third Class Teachers who have received their non-Professional training at Public Schools invariably make better teachers than those receiving such training at High Schools. The cause is not far to seek. In the upper forms of the Public Schools. pupils have ample time to thoroughly digest and assimilate the knowledge imparted, and consequently have a better hold upon knowledge in its theoretical aspects than teachers trained in our High Schools, where the classes are constantly under instruction, and where in consequence the truly disciplinary side of education must be to some extent neglected. The dove-tailing of the Public School system into the High School system has been productive of many evils, conspicuous among which are the inordinate value placed upon results of examinations, and that tendency towards specialism which is rapidly multiplying the number of subjects and creating classifications entirely baseless from a practical point of view. A Leaving Examination is contemplated as the summit of Public School work, and it is to be hoped that this examination will ignore the absurd classifications and petty specialties that have resulted from the action of examinations. The Text-book on Agriculture is now in the hands of many teachers, and it is my intention to see that the study of Agriculture shall be systematically carried on in the schools of this County. It is a many sided subject and if pursued systematically branches out into many other departments of study essential to modern culture.

Among the recent changes in the School Law and Regulations the following will be of general interest : (a) The abolition of the December Examination for Entrance to the High Schools. (b) The institution of a Leaving Examination to mark the completion of a Public School course. (c) The attempt to equalize taxation for school purposes in Townships, by enacting that each Township shall raise annually for each school situate therein the sum of $100, exclusive of the usual grants, and of the annual requisition made by Trustees upon the Township Council. Upon the two former I have already commented. The last is a step in the right direction. Small school

sections have, up to the present time, been placed at a marked disadvantage in providing adequate and proper school accomodation and appliances, as well as in securing the services of competent Teachers. But this change, coupled with the right conceded to Ratepayers of sending their children to the nearest school and of thereby being entitled to a refund of a certain portion of the taxes to be paid toward the maintenance of the school in the section in which they are actually resident, points towards a contemplated dissolution of school sections altogether, and the substitution therefor of the Township system. This silent revolution needs to be carefully guarded against. The Township system has not proved a decided success wherever tried in this Province, and the last vestiges of it have been but recently swept away. Our school system is sufficiently centralized at present.

As one looks over the educational field, he is very likely to be struck with the singular position held by the teaching profession generally. Ill-paid and cramped in his efforts by the imposition upon him of the limitations due to tradition mainly, the teacher is too often isolated from every field of activity necessary to give him that acquaintance with the world of thought and experience to which he is expected to introduce his pupils. Failing as he must, by the very existence of his limitations, in the fulfilment of this great and far-reaching function, he turns to the subjects of instruction as constituting in themselves the essential ends to be attained in the life of his school. As a result we find the instruction of our schools farther removed day by day from the practical needs of every-day life. Hampered by increasing classifications and specializing tendencies, he is driven farther year after year into the illusion that the art of education consists in concentrating attention upon the objects of perception with a view to their ultimate analysis, instead of in leading the mind to grasp the relativity of things and the symbolic character of the phenomenal world. His status ever precarious and dependent upon a public opinion which he is denied the means of cultivating, the teacher naturally looks elsewhere rather than to his profession for his hope in the future, and the days which should be spent in preparation for further, completer and higher usefulness in his immediate life work, are spent in a preparation for another vocation which is a constant drain upon the life and energy and soul, without which the world of teaching is the most barren of human pursuits. But just so long as the present mode of rewarding and recognizing the services of teachers continues, just so long will the instinct of self-preservation drive the teacher to adopt ulterior objects of attainment. And who will be found, in the face of the facts, to blame him? Even where teachers do succeed in climbing to the highest positions possible of attainment, they simply stand alone among the masses of teachers surrounding them, and their very isolation destroys the possibility of their exercising a due influence upon the educational thought of the time. Other professions have a science, a literature, modes of influencing public opinion, etc., and the consequence is that all other professions in every department of progress have far outstripped the teaching profession which to day is only tugging at the chain to remove the dead weight of traditional authority that still hides the unsearchable stores of rational education.

What is needed to-day is an earnest endeavor to cultivate public opinion, and a liberty on the part of the lovers of education to enter upon the work. The people of to-day are too apt, I fear, to indulge in a carping criticism of the methods of administration, at least the tendency has been too much in that direction. If teachers, trustees and all others engaged in the responsible duties of administering educational affairs were to turn their attention towards building up a healthy educational sentiment in this Province, I fancy that they would find the mass of the people more receptive of generous views than many of us are disposed to admit.

It is claimed in certain quarters to-day that our teachers are better trained than at any former period in the history of our educational system. I admit the claim, but I do not admit that the training is of the highest and best character attainable to-day. I do not admit the claim that our High Schools are doing the work as efficiently as it could be done if another system, looking toward a Normal School training in

which the non-professional and professional courses would be concurrent, were adopted.

I must now draw my remarks to a close. On reviewing the past year, I am much encouraged by many signs of progress that have disclosed themselves. Trustees, with some notable exceptions, have evinced a willingness to aid in all possible ways the schools in their struggle toward efficiency, and the great body of teachers have been found most willing to understand their true function and most desirious of conscientiously fulfilling that function. I have to thank the school authorities everywhere for the uniform kindness and courtesy I have experienced at their hands.

I have the honor to be, gentlemen,

Your obedient servant,

ALLAN EMBURY,

Public School Inspector.

County of Peel.

BY-LAWS.

By-Law No. 234.

To confirm By-laws Four Hundred and Forty and Four Hundred and Forty-one of the Municipality of Caledon.

Whereas under and by authority of sub-sections one and nine of Section Five Hundred and Fifty, Chapter One Hundred and Eighty-four of the Revised Statutes of Ontario, 1887, the Municipal Council of the Township of Caledon did on the 12th day of August, A. D. 1890, pass a By-law, numbered By-law 440, authorizing the stopping up and sale of a portion of the Secone Line west of Hurontario street, opposite lot number seven in the said municipality, the provisions of Section number 546 of the said recited Act having been complied with.

And whereas by provisions of Sub-Section 2 of Section number 567 of the above recited Act, the said By-law shall not have any force unless confirmed by a By-law of the Council of the County in which the Township is situated at an ordinary session of the County Council, held not sooner than three months, nor later than one year next after the passing thereof.

And whereas on the aforesaid date, namely, the 12th day of August, A. D. 1890, the said Municipal Council of the Towship of Caledon did pass a By-law numbered Four Hundred and Forty, one establishing a new road through part of the west half of lot number seven in the second concession west of Hurontario street, in the said municipality, the said new road being described by metes and bounds in the said By-law No. 441, which By-law was passed in conformity with the several sections of the Municipal Act relative thereto, and whereas a portion of the new road established by the said By-law number 441 is less than sixty feet in width, namely, 46 links in width.

And whereas section 545 of the aforesaid Act provides that no council shall establish any road less than 66 feet in width, unless by permission of the county in which the municipality is situate.

And whereas it is desirable that the above described road be dure established.

Therefore the Council of the Corporation of the County of Peel enacts a follows:

1st. That the said By-law of the [illegible] allowance for road between [illegible] 440, a copy of [illegible]d Concessions West of Hurontario Street in said Township, thence

and that the permission of this council be and is hereby granted, and do confirm the passing of the said by-law numbered 441, establ-
I must encouraged ...w road through part of lot number seven, in the second con-
someth, as defined in the said By-law.

Passed 19th November, 1890.

By-Law 441.

Of the Municipal Council of the Township of Caledon in the County of Peel.

A By-Law providing for the Establishing and Opening up of a Public Road or Highway in the Township of Caledon.

Whereas the residents have petitioned therefor and notices of this By-Law have been posted up one month previously in six of the most public places in the immediate neighborhood and published weekly for four successive weeks in a public newspaper, now therefore the Municipal Council of the said Township of Caledon enact as follows, that is to say:—

1. That the following land be forthwith established, opened out, dedicated, declared and maintained as a puplic road and highway (in lieu of the original allowance for road, stopped up and sold,) namely:—All and singular that certain parcel or tract of land and premises situate, lying and being in the Township of Caledon in the County of Peel and composed of a portion of the West half of Lot number 7 in the Second Concession West of Hurontario street in the said Township, said parcel or tract of land may be more particularly described as follows, that is to say,—Commencing on the North-Easterly limit of the allowance for road between the Second and Third Concessions west of Hurontario Street in said Township at the distance of 10 chains, 20 links South Easterly from the Westerly angle of said Lot, thence North 53 degrees, 40 minutes East, 7 chains, thence South 75 degrees, 50 minutes, East 2 chains, 74 links to the Northerly limit of the Credit Valley Railway right of way, said parcel of land being 1 chain wide and containing by admeasurement one (1) acre of land be the same more or less. The bearings and distances are given on the centre line of said parcel of land.

And Secondly:—Commencing on the Southerly limit of the Credit Valley Railway right of way at the distance of 8 chains, 80 links Easterly from the North Easterly limit of the allowance for road between the Second and Third Concessions West of Hurontario Street in said Township, thence

South 41 degrees East parallel to the said road allowance, 21 links, (this portion being one (1) chain wide) thence South 26 degrees, 42 minutes West, 9 chains, 30 links to the North Easterly limit of aforesaid road allowance between the Second and Third Concession (this portion is 46 links wide) the bearings and distances are given on the centre line of said parcel of land, said parcel or tract of land containing by admeasurement 46/100 acres be the same more or less.

Passed this 12th day of August, 1890.

By-Law No. 235.

To appoint Auditors for the Year 1891.

The corporation of the County of Peel, by the Council thereof, enacts as follows:

1st. That on the nomination of the Warden, H. H. Bolton, of Bolton village, and on the nomination of the Council, Jas. W. Beattie, of Brampton, be and they are hereby appointed County Auditors for the current year.

2nd. That the above-named Auditors be and they are hereby appointed Auditors of school monies.

3rd. That each auditor be paid the sum of Fifteen Dollars ($15) on the order of the Warden, when the work is duly performed.

Passed this 27th day of January, 1891.

WALTER WATSON, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 236.

To appoint a Board of Audit for the Year 1891.

Under and by virtue of Section 513 of the Municipal Institutions Act of the Province of Ontario, the Corporation of the County of Peel, by the Council thereof, enacts as follows :

1st. That John Sinclair, of Chinguacousy, and John Anthony, of Brampton, be and they are hereby appointed members of the Board of Audit for the current year.

2nd. That each of said members of the Board of Audit be paid the sum of Three Dollars for each audit of accounts, together with ten cents per mile for each mile necessarily travelled to attend such audit, and that the Treasurer be and is authorized to pay the same.

Passed this 28th day of January, 1891.

WALTER WATSON, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 237.

To Appoint a Director for the C. V. Railway.

Whereas by 36th Victoria, Chap. 80, power is given to counties granting aid by way of bonus to any railway to appoint a director on behalf of such County to act on the directorate of such Company; and whereas this County did grant a bonus of seventy thousand dollars by way of aid to the Credit Valley Railway,

Therefore be it enacted by the Council of the County of Peel that Robert Crawford, of the Township of Chinguacousy, be and is hereby appointed a Director on behalf of the County of Peel on the Directorate of the Credit Valley Railway Company for the current year.

Passed this 28th day of January, 1891.

WALTER WATSON, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 238.

To Authorize the Borrowing of Money for Current Expenses for the Year 1891.

Whereas it will be necessary to borrow a certain sum of money to meet the expenses of this Corporation, until such time as the taxes to be levied therefor can be collected.

And whereas power is given to the Municipality by chapter 184, section 413 of the Revised Statutes of Ontario, 1889, to borrow money for that purpose,

Therefore the Corporation of the County of Peel, by its Council enacts :

That the Warden and Treasurer be and are hereby authorized to borrow from some chartered bank in Ontario for the aforesaid purpose, such sum or sums of money from time to time as may be required, to the amount of six thousand dollars, and such other sum over that amount as the Commissioners on County Property may from time to time order to be borrowed so that the whole aggregate shall not exceed nine thousand dollars.

And the said Warden and Treasurer are hereby authorized to execute a note or notes under the seal of the Corporation, for such sums as may be agreed upon, and payable within the present year.

And the said Treasurer is hereby authorized to retire such notes out of any money which may come into his hands, collected for County purposes, as they may from time to time fall due.

Passed this 29th day of January, 1891.

WALTER WATSON, WARDEN.

D. KIRKWOOD, CO. CLERK.

By-Law No. 239.

To Assess the Rateable Property of the County of Peel for County Purposes, for the Payment of a Portion of the Salaries of the Inspector and Teachers of Public Schools and for other Purposes.

Whereas it is necessary to provide by a general assessment of the rateably property of the County of Peel for the year 1890, for the payment of the general and incidental expenses of the County, for the payment of a

portion of the salaries of the Inspector and qualified teachers of Public Schools of the County, and for the payment of Debentures and interest due and payable during the current year on the bonus debt to the Credit Valley Railway Company and to the Hamilton and Northwestern Railway Company, and for Debentures issued to raise money to build a Registry Office.

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows:

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several Towns, Villages and Townships in the County of Peel liable to be assessed during the current year, the sum of thirteen thousand five hundred ($13,500) for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to county councillors and other necessary and incidental expenses of the County.

2nd. A sum equivalent to the Government grant, viz.: $2,193 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $3920 to provide for the payment of debentures and interest becoming due, and payable under By-Law No. 61, granting a sectional bonus to the the Credit Valley Railway Company, the same to be assessed upon and collected from that portion of the county liable for the payment thereof under the said By-Law.

4th. The sum of $2890 to provide for the payment of debentures and interest becoming due and payable under By-Law No. 71, granting a sectional bonus to the Hamilton and North-western Railway Company, the same to be assessed upon and collected from that portion of the county liable for the payment thereof under the said By-Law.

5th. The sum of $1793.00, to provide for the payment of debentures and interest becoming due and payable under By-Law No. 232 authorizing the issue of debentures to raise money for the erection of a Registry Office.

6th. The whole of the said sums to be collected and paid to the Treasurer of the County on or before the Fourteenth day of December next, as per Schedule annexed.

Passed this 17th day of June, 1891. WALTER WATSON, Warden.

D. KIRKWOOD, Co. Clerk.

By-law No. 240.

To Appoint a Board of Examiners of Public School Teachers in and for the County of Peel.

Whereas by Section 147 of the Education Department Act of 1891 County Councils are required to appoint a Board of Examiners of Public School Teachers,

Therefore the Council of the County of Peel enacts as follows:

That Allan Embury, Esq., Public School Inspector for the county, Edward Trought, of the Township of Caledon, and Donald McDonald, of the Township of Caledon, be and they are hereby appointed a Board of Examiners for the County of Peel, under the provisions of the above recited Act.

Passed this 19th day of June, 1891.

To the Honorable the Legislative Assembly of Ontario, in Parliament Assembled.

The petition of the Municipal Council of the County of Peel, humbly sheweth:

Whereas an effort has, according to the public press, been made by many of the Gaolers of the Province, through the Prison Reform Commission, to transfer the authority and control at present enjoyed by County Councils to the Government; and

Whereas County Councils are compelled to pay very heavily towards the maintenance of County Gaols, it would be a manifest unfairness to curtail the powers they at present enjoy.

Your petitioners therefore pray that your honorable body will make no change in the law as it at present stands, and thus protect what your petitioners conceive to be a fair adjustment of authority.

And your petitioners, as in duty bound, will ever pray.

Brampton, 29th January, 1891.

AUDITORS' REPORT.

To the Warden and Council of the County of Peel :

GENTLEMEN :

Your Auditor's beg leave to report that we have carefully examined the Books and Accounts of your Treasurer, Mr. Graham, with accompanying vouchers and find them correct, and showing a balance on hand December 31st, 1890, of $7,227.58, made up as follows :

Current Account - - -			$5,669 34
Public School—Toronto Township -	$751 00		
" —Toronto Gore - - -	130 00		
" —Chinguacousy - - -	650 64		
		$ 1,531 64	
Non Resident Land Tax—Caledon - -	20 56		
" " " —Toronto Gore -	6 04		
		$ 26 60	
Total - - - .			$7,227 58

The above balance was deposited in the Bank to the credit of the Corporation, and shows the excellent Financial Standing of the County, and is evidence that the public affairs of the municipality have been conducted in both an able and economical manner.

We further congratulate you on having as your Treasurer the present incumbent of the Office who, judging by the insight we have gained from the inspection of his Books, the manner in which he keeps his accounts, papers, and all official documents, is (in our opinion) one of the most competent public official in the province.

All of which is respectfully submitted.

COUNTY COUNCIL.

1891

FIRST DAY OF SESSION.

CORPORATION OF THE COUNTY OF PEEL,
COUNCIL CHAMBER,
17th Nov., 1891.

Council met.

The Warden in the chair.

Roll called.

Members all present.

Minutes of last day of the June session read and adopted.

The following communications were received and read :

Resolution from the Brampton High School Board appointing a committee to wait on the County Council in reference to a grant from the Council to the High School for the first half of the present year, as the arrangement made as to expense of the school dates from 1st July last.

From D. McDonald acknowledging receipt of notice of his appointment as a member of the County Board of Examiners.

From Sheriff Broddy, with copy of a portion of the report of the Inspector of Prisons, recommending the heating of the gaol by means of hot air or water.

Also from the Sheriff asking that a flag be supplied for the Court House.

Also a communication pointing out the need of re-painting a portion of the wood-work inside of the gaol, and suggesting that it could be done now for the cost of material, as one of the prisoners at present confined therein for a term of 60 days was by profession a painter.

Notice:

Mr. Jackson gives notice that he will on to-morrow ask leave to move a motion asking a special grant of $200 for to pay repairs to bridge on the diverted base line between Toronto and Chinguacousy Townships, known as the Churchville bridge.

On motion the council adjourned.

Reports of Committees.

Report of Special Committee Appointed to Examine the Bridge at Inglewood, Township of Caledon.

To the Warden and Council of the County of Peel.

Your committee would ask leave to report as follows:—

That, having visited the bridge at Inglewood and examined carefully the position of the same, find that to avoid some natural obstructions the town line between the townships of Caledon and Chinguacousy makes a detour into the township of Caledon, but we found that the bridge in question, crossing the river Credit, is not on any part of this diverged line, but is upon one of the concession lines of the said township of Caledon.

We find, also, that the river Credit does cross the town line between the above named townships on the original road allowance some little distance further down, and that it is there spanned by a bridge built and maintained by the county, and in view of the above facts, your committee are of the opinion that the county is by no means liable to build or maintain said bridge.

All of which is respectfully submitted.

Council Chamber, Nov. 18th, 1891.

[ADOPTED.]

JAMES JACKSON, Chairman.

Second report of the Commissioners on County Bridges for the Township of Albion.

To the Warden and Council of the County of Peel:

Your commissioner begs leave to report as follows, viz.:

That having found it necessary to have a new bridge built on the town line between the townships of Albion and King, across the river Humber, and having in conjunction with the commissioner for the township of King, let the contract for the sum of $240, and find the work completed in every way satisfactory, would recommend the payment of one half the amount, viz., $120 ; also the sum of $2.75 being one half of the expense incurred in connection with advertising and letting of said contract.

All of which is respectfully submitted.

Committee Room, Nov. 18th, 1891.

[ADOPTED.]

ROBT. BURTON, Commissioner.

Third Report of the Standing Committee on Finance and Assessment.

To the Warden and Council of the County of Peel :

Your committe would ask leave report as follows :

1st. That we have had under our consideration the following certified accounts which we would recommend being paid.

To Wm. Kirkwook, Court House supplies, $6.48.

To E. H. Rice, two balls twine, 30c.

Peaker & Runians, coal for county buildings, as per tender, $89.13.

To Peaker & Runians, stoves for registry office, $105.58.

To Mr. Fassitt, for washing one dozen pieces for prisoners, 60c.

All of which is respectfully submitted.

Committee Room, 18th Nov. 1891.

JAS. JACKSON, Chairman.

First Report of Commissioner on County Bridges for the Village of Bolton.

To the Warden and Council of the County of Peel:

Your Commissioner would ask leave to report as follows :—

That the bridge crossing the river Humber on the line between the village of Bolton and the township of Albion is out of repair and will require an outlay of probably $40.00. Your Commissioner would recommend that when the work is done that the treasurer pay for the same on the order of the undersigned Commissioner.

All of which is respectfully submitted.

Council Chamber, Nov. 19th, 1891.

[ADOPTED.]

JOHN K. McEWEN, Commissioner.

Third Report of the Standing Commtttee on Printing and Contingencies.

To the Warden and Council of the County of Peel.

Your Committee asks leave to report as follows :—

Your Committee would recommend that the following accounts be paid :

" for binding Ontario Statutes and supplying back numbers	3 00
Total	$ 5 00
2nd Geo. Tye, for printing blank forms for the use of magistrates	$ 32 85

3rd. Your committee would recommend that the bill of F. R. Leavens amounting to $10.00 for publishing court calendar for 1891 be not paid, the publication not being authorized.

All of which is respectfully submitted.

THOS. H. HANNA, Chairman.

Council Chamber, Nov. 19th, 1891.

(ADOPTED.)

First Report of the Commissioners on County Bridges for the Twp. of Toronto Gore.

To the Warden and Council of the County of Peel :

Your commissioner would ask leave to report as follows :

That having found that the bridge crossing the stream on the base line, between the township of Toronto Gore and Albion, near Wildfield, was out of repair, and having the same put into condition at a cost of $21.00, would recommend that the same be paid.

And would also report that the bridge on the town line, between Toronto Gore and Toronto Township, at Malton, is out of repair.

And would recommend that your commissioner be authorized to have the same repaired, and that the treasurer pay on the order of the said undersigned commissioner.

All of which is respectfully submitted.

Council Chamber, Nov. 18th, 1891.

[ADOPTED,]

WALTER WATSON, Commissioner.

Report of Commissioners for the Township of Toronto and the Village of Streetsville.

To the Council of the County of Peel.

GENTLEMEN :—We beg to present the second report of the Commissioners on County Bridges for the Township of Toronto and the Village of Streetsville.

We have found it necessary just to repair the bridge known as "Caslor's bridge" instead of building a new abutment, as per our report at the last meeting of this council.

Also some slight repairs to the Credit bridge in the Village of Streetsville, and some repairs to the Mullett Creek bridge, the bills for which are now in the hands of the Committee on County Property, Roads and Bridges.

Your Committee would recommend that the Treasurer be authorized to pay said accounts on the order of your Commissioners.

All of which is respectfully submitted.

JOHN COOK, JOHN GRAYDON, Commissioners.

Committee Room, Nov. 19th, 1891.

[ADOPTED.]

Third Report of the Standing Committee on Education.

To the Warden and County Council:

Your committee beg leave to report as follows:—

1st. That the following accounts be paid:

Geo. Tye, printing and advertising, $17.50.

2nd. That the treasurer be hereby instructed to pay the Brampton High School board the sum of six hundred dollars less the amount already paid in 1891; also, the sum of six hundred dollars in 1892 and the same amount in 1893; and to pay the Streetsville High School board the sum of four hundred dollars in 1891; four hundred dollars in 1892 and the same amount in 1893, to complete the agreement contained in the June report of this Committee.

3rd. That the Clerk be instructed to write forthwith to Mr. D. McDonald of Alton, asking him what grade certificate he now holds as teacher in the Alton School.

4th. That the request made by Allan Embury, Esq., Public School Inspector, asking for a grant of fifty dollars towards the establishing of a teachers' professional library, be left for further consideration.

5th. Your committee herewith submit a memorial to be forwarded by the Clerk to the Legislature, asking for certain changes in the Educational Act.

All of which is respectfully submitted.

Committee Room, 19th Nov., 1891.

[ADOPTED.]

R. BLAIN, Chairman.

First Report of Commissioner on County Bridges for Toronto Twp.

To the Warden and County Council of the County of Peel :

Your commissioner asks leave to report as follows :

Your commissioner's attention was called to the unsafe condition of the bridge over the River Etobicoke, and the guards to the approaches on the lake shore road, between Toronto Twp. and the Twp. of Etobicoke.

Also the Etobicoke bridge, north of Summerville, between the same Municipalities.

After meeting the Reeve of Etobicoke and the engineer for the County of York, the said repairs were let by public competition to Patrick Creary for the sum of $161.25. Peel's portion $80.63.

Bridge and guards on the lake shore, $147.25. Bridge north of Summervills, $14. Total, $161.25.

Four took 1st class C. non-professional teachers' certificates; thirteen, second-class certificates, and nineteen, third-class certificates.

PROSPECTS.—The abolition of the entrance examinations at Christmas has diminished the number of those entering after Christmas holidays, but this diminution has been made up by a larger number than usual joining the higher forms.

Two of the class rooms are over crowded, if these were enlarged and properly seated, and if a gymnasium were added for physical training the efficiency of the school and its prosperity would be greatly increased.

I am your obedient servant,

ALEX. MURRAY, Head Master.

Report of the Trustees of Streetsville High School Board.

To the Warden and Members of the County Council of Peel :

GENTLEMEN,—

In presenting a report of the Streetsville high school to your Honorable body, the Board of Trustees first desire to express its warmest appreciation

of the interest taken by you in the cause of education throughout the county. Such interest as is at present manifested will in the near future exercise a beneficial influence on the intellectual strength of the rising generation.

The Board also desires to express its pleasure and thanks for your careful attention to the cause of higher education in the southern part of the county, as exemplified in the annual grant made by your Council towards the maintenance of our school. The school is a necessity, and fully meets the local needs of the village and surrounding country. While the attendance is not and necessarily cannot be so large as that of the Brampton school, yet because of the work done and the educational convenience it affords to many who would otherwise be obliged to forego the advantages of higher education it fills as equally an important place.

The Board is pleased to report that the school building is in first class repair, and that the library and appliances are annually increasing in value. Owing to no visit from the High School Inspector since a large outlay in the matter of repairs and apparatus was recently made, the Board regrets that it is unable to give you the Inspector's estimate of our present equipment, but feel confident that his report will be eminently satisfactory.

Last year the Board paid to the principal and assistant on account of salary the sum of $1,400 ; expenses and repairs additional made our disbursements last year amount to some $1,900. This, you will admit, proves economical administration.

The Board is further pleased to state that at the approaching departmental examinations seventeen candidates in all will present themselves. Three of these write for 2nd class certificates, one for University Matriculation and thirteen for 3rd class certificates. In addition to these it is expected that 15 commercial certificates will be granted. The total num- of pupils at present on the roll is 42.

In conclusion the Board trusts that the Streetsville high school will continue to merit your approbation and interest in its future maintenance, and again thanks you for the many kindnesses so heartily extended in the past.

All of which is respectfully submitted.

R. J. M. GLASSFORD, Chairman.

Streetsville, 20th June, 1892.

County of Peel Public School Inspector's Annual Report, 1892.

The Warden and Members, Peel County Council.

GENTLEMEN, — I have the honor to submit my Report for the year 1891. The year was one of marked progress in the schools of the county, not only in point in improvement in teaching and management on the part of teachers, but in the general advance in educational sentiment on the part of school trustees and of the school supporters generally. The equipment of the schools has received more attention than usual, and the signs are not wanting that a general advance will shortly be made along this line. The apathy that so many people have shown toward the condition of the schools is being rapidly displaced by a growing feeling that the important function of educating the youth of the country is the paramount duty of the citizen as well as the state. But many obstacles have hitherto supervened. Many people have been under the illusion that a national system of education must needs be successful irrespective of active and energetic support on the part of the people. However, the more enlightened view is gaining ground that no system and no body of laws can be truly effective without the hearty co-operation and support of the people in whose behalf such system or such body of laws has been established. While such is the case, it must ever be borne in mind that much of public interest depends largely upon the utility of the system in question. People give but a tardy support to any system of education, the results of which are not speedily revealed in the moral and intellectual advancement of those upon whom its benefits are to be conferred. At this point arises the direct responsibility of all concerned in the immediate work of instruction. If courses of study, purely theoretical and didactic are exclusively followed, material results are slow in their manifestation, while, on the other hand, an attempt to compass the so-called purely practical is ever accompanied by indefiniteness of conception and narrowness of mental vision. The fact slowly dawns upon the mind of the educator that the soundest and most perfect practice is invariably founded upon the soundest and most perfect theory. To inculcate this principle in our public schools has been my constant aim and endeavor. The partial success attending my efforts has encouraged me in the hope that the task can be accomplished.

Another defect in our present system is that the estrangement of the pupil from all his former surroundings and experiences is too abrupt upon his introduction to the school-room. This arises from the common misconception of teachers that all knowledge is in books and not in the constant metamorphoses that mark every stage and condition of human life. Instead of beginning with the world of the child and gradually leading it into a new world which he should be taught gradually to make his own, the teacher too often begins his instruction in a world which is entirely foreign to the conceptions and experiences of the child. The result is only too readily imagined. Listlessness, apathy, and distaste for school life mark the manner of the pupil. But where teachers study the disposition of the child, acquaint himself with its surroundings, and gains an insight into its own little world, with all its childish interests and asperations, the foundation can be laid for an interesting life for the pupil in the school-room. And by making a constant use of the facts and incidents of the child's daily environment, a practical education may be pursued from the very beginning, such as will commend itself to the parent as well as the teacher. The life of the school under such circumstances becomes, in large measure, a continuation of the life of the home, and the co-operation of parents and teacher is thereby secured,—a co-operation with-

out which any school must fail to produce the highest possible results. I throw out these thoughts simply because I think that parents and teachers, under existing circumstances, stand in too many instances in antagonistic positions. There is no necessity whatever for such opposition. The times are not altogether out of joint on educational affairs; but I do think that the machinery of our educational system has set between parents and teachers a barrier that a little common sense might easily remove. I must now address myself to the more formal part of the Report.

The classification of pupils is as follows:—

	I. Reader. Pt. I.	I. Reader. Pt. II.	II. Reader.	III. Reader.	IV. Reader.	V. Reader.
Brampton	140	112	118	176	106	0
Chinguacousy	213	179	220	246	272	11
Toronto Gore..	88	24	31	31	45	7
Toronto..	377	268	284	303	223	11
Caledon...	321	246	241	324	236	19
Albion..... ...	197	185	170	174	205	32
Total in Co.....	1286	1014	1064	1254	1087	80

This classification is as good as can be obtained under the present system of uniform promotion examinations. This system, which has been in vogue for many years, is by no means an ideal one. But at the same time, as followed in this county, it aims at leaving the entire classification of pupils at the command of the teacher. In many counties this responsibility is taken away from the teachers, and rests mainly with a committee of examiners or with the the Inspector. The latter method tends, in my view, to the subversion of the authority of the teacher, who, if he be competent to teach and conduct a school, should also be competent to make the promotions therein. The work of the teacher will never be rendered effective by relieving him of responsibilities which are truly incident to his position. Teachers must be raised to the full height of a true sense of their particular functions, and by a candid study on their part of the methods and expedients necessary to the performance of their duties.

But there is another aspect of this question of classification. Our public schools still preserve the traditional division into five classes corresponding to the readers employed. By clinging to this time-honored division much mischief has been wrought. While the ability to read is undoubtedly the foundation of all possible progress so far as a mastery of the knowledge contained in books is concerned, it nevertheless remains true that much of the real knowledge of life is independent of the power to read books. I see no reason why we should continue all through the life of the school practically to bound the zone of the pupil's reading by a cut and dried selection of readers that soon become worn and threadbare and devoid of interest to the pupil. Our Fourth and Fifth readers should be discarded, and a wider course of reading should be pursued, giving the pupil an opportunity

of selecting and reading those portions of our literature that may most easily captivate his growing understanding, and produce the most individuality of character. This work should go on, of course, under the immediate supervision of both parents and teacher.

Again, under the present system of examinations, the teacher too often looks upon classifications and promotions as his great aim in the conduct of his school, instead of regarding them as simply a means whereby he teaches and conducts his school. He thus places examinations at stated periods; they recur from time to time; and after each, a season of apathy and self-distrust seizes the pupil who is roused from his intellectual torpor only by the prospect of another examination. Now, examinations are a necessary part of school-work; but they should be a part of the daily, yea, hourly teaching pursued in the school. The pupil's knowledge needs constant reconstruction in view of what is next to be presented to his mind. Just here comes in the organic function of examination and nowhere else. And if this course be pursued all through the routine of school work, the teacher never need prepare his pupils for examination.

Municipality.	I Class.	II Class.	III Class
Brampton.....	0	11	0
Chinguacousy..	1	10	9
Toronto Gore..	0	3	0
Toronto	0	14	12
Caledon	0	7	13
Albion.....	0	7	9
Totals.....	1	52	43

The number of second-class model-trained teachers is on the increase, and while I do not wish to deprecate the constant employment of the students of the Model Schools, I wish to enter my protest against the practice of displacing trained and experienced teachers by the more immature and undisciplined members of the profession. The older and more experienced teachers are gradually being pushed to the wall and compelled to abandon the profession through the severe competition forced upon them by the annual output of our County Model Schools and the Normal School. But at the same time it must be remembered that the salaries given our teachers are not such as should win the best intellect and the most whole-hearted devotion to the cause of education: as witness the following:

TEACHER.	Male Teacher's Salary. Average.	Female Teacher's Salary. Average.
Brampton	$800 00	$322 00
Chinguacousy .	392 00	348 00
Toronto Gore...	433 00	
Toronto	392 00	322 00
Caledon	370 00	295 00
Albion	374 00	285 00

This list shows that at least the older teachers of the county are suffering from a most keen competition, and in a wealthy county such as Peel there is no reason why such a state of things should exist.

I do not wish to extend this Report beyond the patience of its readers, and I wish to abridge as much as possible its length. I have simply reported upon such matters as were not included in my last Report. The machinery of the system I shall leave for future discussion, but I hope much now misunderstood will shortly be susceptible of positive explanation and enlightenment. I have the honor to be, gentlemen,

Your obedient servant,
ALLAN EMBURY,
Inspector of Schools.

Report of Special Committee re. Special Grant to Volunteers.

To the Warden and County Council.

Your committee beg to recommend that the request of Col. Tyrwhitt, asking the sum of 25c. per day for each member of companies Nos. 1 and 4 of the 36th Peel Battallion be granted and that the money be paid for Company No. 1 to Captain Brown and for No. 4 to Captain Thompson.

All of which is respectfully submitted.

Report of Commissioners on County Property.

To the Warden and Council of the County of Peel.

Your Commissioners having been instructed to ascertain the best mode of disposing of the old registry office and site in the town of Brampton, in the interest of the county.

Your Commissioners are of the opinion and would recommend that the property be put up at public auction and sold to the highest bidder, subject to a reserved bid fixed by this council, proper notice of sale to be given.

All of which is respectfully submitted.

R. B. HENRY, for Commissioners.

Report of Commissioner on County Bridges for the Township of Caledon.

To the Warden and Council of the County of Peel.

GENTLEMEN,—

The attention of your commissioner was attracted by Mr. Geo. Robinson, Deputy-Reeve, of Erin, and others, to the dangerous condition of two bridges on the county line with Wellington, opposite lots 26 and 27.

According to appointment I met the 1st and 2nd Deputy Reeves of Erin and examined said bridges. We found them as represented, extremely rotten; and as they are scheduled county bridges by by-law, we therefore concluded to go on with the construction of two new cedar bridges as soon as possible, at a probable cost of $150.00. Peel's share would therefore be $75.00

Your Commissioner would ask that said amount be granted, and that the money be paid on Commissioner's order when work is completed satisfactorily.

All of which is respectfully submitted.

JOHN T. SCOTT, Commissioner.

Council Chamber, June 21st, 1892.

J. GROAT, Warden.

Report of Commissioner on County Bridges for the Village of Bolton.

To the Warden and County Council of the County of Peel.

I beg to report having overseen the performance of certain work done on the bridge on the county line between the municipalities of the Village of Bolton and the Township of Albion.

Your honorable body are doubtless aware that a grant of $40.00 was made at the November session, which was not drawn owing to the work not having been done. I have personally supervised the work, and believe a first-class job was done. The cost of the same has slightly exceeded the

grant, and I now ask that the grant of $40.00 be supplemented with the sum of $5.91, amount required to complete said work; also commission $3.00 for myself and $3.00 for Mr. Robert Burton. Total $11.91.

Attached find accounts of parties performing the work.

All of which is respectfully submitted.

J. GROAT, Warden.

Report of Commissioners on County Bridges Between the Municipalities of Chinguacousy and Caledon.

To the Warden and Council of the County of Peel:

GENTLEMEN,—

Your commissioners on County Bridges between Chinguacousy and Caledon beg leave to report as follows:

Your commissioners having been notified of the dangerous condition of the bridge in 2nd concession west, over the river credit, on town line, met according to notice and on examination found that said bridge was absolutely rotten, consequently any outlay by way of repairs would be a useless expenditure.

We therefore procured plans and specifications for the construction of a new bridge and repairs to abutments. We advertised for sealed tenders for the building of same, and had two tenders; one for $496.90, and one for $475. We therefore accepted the latter tender, it being the lowest. Mr. John Graham & Sons, of Inglewood, being the contractors.

This bridge has two spans of nearly 50 feet each, and is placed on three cedar abutments, and about 10 feet high. As the above contract is to be completed on or about the 1st day of September, 1892, your commissioners would therefore recommend that on the order of your commis-

sioners the treasurer pay to John Graham & Sons the amount of said contract as already referred when the job is completed.

We might further state that we purpose advertising and selling the old bridge, the proceeds of which we will pay to the County Treasurer.

The new bridge is to be a first class truss bridge, closed in with matched lumber, and built on the same principle as the Cheltenham and Boston bridges.

All of which is respectfully submitted.

JOHN T. SCOTT, } Commissioners.

Report of Commissioner on County Bridges for the Village of Streetsville.

GENTLEMEN—

Your Commissioner begs to report that the bridge crossing the River Credit in the village of Streetsville requires some repairs, especially one or two stringers and some plank, at a probable cost of $40.

Your Commissioner would ask the consent of this council to the making of

1st. Said repairs, and that the Treasurer be instructed to pay said costs when the said repairs are completed to the satisfaction of your commissioner.

2nd. And that the said bridge be and is hereby formally adopted as a county bridge.

All of which is respectfully submitted.

Report of W. S. Crawford, Commissioner on County Bridges for the Township of Albion for 1892.

To the Warden and County Council.

GENTLEMEN,

Having been requested at your last sitting of Council to report on money expended on town lines in the year 1890 ;

Having asked a grant on town line, between Peel and York, of $150 to erect certain bridges, and owing to a second freshet, as per former report, had to ask for an additional grant of $25 to complete Peel's share of the work.

Also a grant having been asked on the north town line, between Peel and Simcoe, in the year 1889, by Mr. Swinarton, of $100, Mr. Swinarton only lifting $20.50 of it, and owing to freshets, as per former report, washing out several bridges from concessions two to six, and the approaches to said bridges ;

Having met the Commissioners from Simcoe and went on to erect said bridges, at a cost per Peel of $76.50, which completed the work.

All of which is respectfully submitted.

June 29th, 1892.

Report of Commissioner on County Bridges for the Township of Toronto.

To the Warden and Council of the County of Peel.

Your Commissioner would beg leave to report as follows.

1st. Your Commissioner's attention was called to examine the new county bridge between this county and the County of York, over the Etobicoke River on the Middle Road, along with several of the commissioners of

the County of York, all of whom came to the conclusion that said bridge was too low and required to be raised 3½ feet higher, which said repairs was advertised thoroughly and the contract awarded to Patrick Creary for the sum of $150, the County of York agreeing to pay one-half of said repairs. Your Commissioner would recommend the payment of Peel's portion, amounting to $75.00.

2nd. It was agreed by the Commissioners of both counties that each county bear the expense of repairing the approach on their own side caused by the raising of the bridge ; therefore your commissioner let the job of repairing the approach on the County of Peel's side to Patrick Herbert for the sum of $70.00.

Your Commissioner would recommend that the Treasurer be authorized to pay the same on the order of the commissioner, when completed to his satisfaction, and the commissioner appointed to inspect the same.

All of which is respectfully submitted.

Second Report of the Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel :

Your Committee ask leave to report that they have before them for their consideration the following communications and accounts:

1st. Reuben Dunn, for repairs to Lake Shore Road bridge, recommended to be paid, $1.00.

2nd. Communication from James Marty, re. coat of arms, referred to Commissioners on County Property.

3rd. A. G. Buckham, one lawn mower for gaol, recommended to be paid, $5.50.

4th. William Clarkson, repairing bridge on town line between Toronto Gore and Chinguacousy, recommended to be paid, $1.35.

5th. Patrick Creary, repairs to Lake Shore bridge, ten dollars, one-half to be paid by the County of Peel, $5.00.

6th. R. W. Burrel, road plank for county bridge between Albion and Chinguacousy we also recommend to be paid, $7.20.

7th. E. Martin & Co., repairs to Court House, we recommend to be paid, $1.50.

8th. That the account of the County Council of York re. bridge on Dundas street be thrown out, and that the clerk of this council be instructed to notify the said county of York that we will not pay the account as the county of Peel has nothing to do with it whatever.

9th. Rice Lewis & Son, flag for Court House, we also recommend to be paid, $16.00.

10th. John Stewart, flag pole complete for Court House, $37.00.

11th. Miss E. Hurst, papering, kalsomining and painting dining-room and hall in Court House, we recommend to be paid, $10.50.

12th. Miss E. Hurst, coal oil, lamp burners and lamp wicks, recommended to be paid, $1.75.

All of which is respectfully submitted.

Second Report of the Standing Committee on Finance and Assessment for A. D. 1892.

To the Warden and Council of the County of Peel.

GENTLEMEN,

Your committee beg leave to report that they have had before them the following accounts which they would recommend to be paid, they being duly certified:

1st—To the Victoria Industrial School, for 13 weeks maintenance of Geo. Froats, $26.00.

2nd—Charles Atkinson, 2 bags potatoes (gaol supplies) 60c.

3rd—Geo. Harvey, for half the amount of tendered price for keeping

the court house grounds in order for the summer of 1892, $8.00.

4th—D. Kirkwood, Co. clerk, 100 3c stamps for office, $3.00.

5th—A. N. Broddy, for one barrel rolled oats for gaol supplies, $5.75.

6th—T. W. Duggan, amount paid G. T. R. freight, and carriage on package of buckets, &c., for gaol, 50c.

7th—Schooley & Co., mucilage, twine, etc., for clerk's office, 80c.

8th—James Cook, for hauling 18 loads of ashes and dirt out of court house and registry yard, 25c each load, $4.50.

9th—P. L. Woods & Son, for clock for use of registry, per Jas. Fleming, Co. registrar, $4.

10th—John Irwin, for 228 feet lumber for repairs of gaol, $3.19.

11th—W. A. McCulla, for patent door spring for court house, work on court house and other repairs at registry office and gaol, $18.45.

12th—A communication from W. H. McFadden, clerk of the peace, with account annexed from C. Scripton for dating stamp for use in his office, $5.

13th—A communication from Dr. Mullin, coroner, and W. H. McFadden, County Attorney, in reference to payment of Dr. Hall for assisting at the post mortem on the body of the late Clementina Lundy.

Your committee would recommend that the sum of $10 be paid Dr. Hall for medical services rendered at post mortem and giving evidence on same, said amount to be paid on order of the coroner.

14th—Affidavits of Mrs. Wright and others in support of her claim to be paid amount thought found on the person of one Wm. Wallow Wright who died while in gaol.

Your committee would recommend that in view of the fact that the late Wm. Wright was arrested, died and buried as a pauper, and as the said Elizabeth Wright has produced sufficient evidence to prove that she was the lawful wife of deceased, and therefore entitled to the effects of the said Wm. Wright, and as she is at present in destitute circumstances, that the sum of $30, as demanded be paid, and that the cuunty treasurer be authorized to pay to the treasurer of Toronto Township, to be paid by him to Elizabeth Wright on order.

15th—Your committee have also had before them a communication from the president of the County of Peel Agricultural Society asking the usual grant. We would therefore recommend that the sum of $300 be granted.

Your committee herewith submit a by-law provlding for raising the

saveral sums required for the payment of the expenses of the county debentures, interest, appropriations and other liabilities of the county for the current year.

Your committee have much pleasure in stating that the county rates are $1900 less than last year, showing no doubt that the financial affairs of the county are on a good sound basis, compatable with economy and progress.

Your committee would further recommend that the clerk be, and he is hereby instructed to have grass and weeds in the rear of the court house cut down and yard cleaned.

All of which is respectfully submitted.

JOHN T. SCOTT, Chairman.

J. GROAT, Warden.

Committee Room, June 24th, 1892.

Second Report of the Standing Committee on Printing and Contingencies.

The Warden and Members, Peel County Council.

1st. Your Committee have had before them for their consideration a communication from J. A. Austin asking that a book containing forms required to be entered at full length in his office. Also a note book for the use of the Judge at the sittings of the County Court and Sessions of the Peace.

Your Committee would recommend that the County Treasurer procure those books required, they being ordered by the Inspector of public offices.

2nd. We received tenders for printing and advertising from the Times office and Conservator office, of this town, and from the Review office, Streetsville.

Your Committee would recommend that the tender of A. R. Fawcett for printing schedules of convictions be accepted, it being the lowest; and that the tender from S. Charters for printing county minutes be accepted, it being the lowest.

Your Committee would recommend the payment of the following accounts :

1st. Peel Banner, for advertising for wood and beef and for printing voting blanks and schedule of convictions, $13.50.

2nd. Brampton Times, for advertising Spring Assizes and June General Sessions, $4.00.

3rd. Brampton Times, for printing 100 foolscap General Session subpœnas, $2.00.

All of which is respectfully submitted.

R. B. HENRY, Chairman.

Committee Room, June 23, 1892.

BY-LAWS.

By-Law No. 241.

To Appoint Aduitors for the Year 1892.

The Corporation of the County of Peel, by the Council thereof, enacts as follows :

1st. That on the nomination of the Warden, Henry Bracken, of Boston Mills, and on the nomination of the Council, Jas. W. Beattie, of Brampton, be and they are hereby appointed County Auditors for the current year.

2nd. That the above-named Auditors be and they are hereby appointed Auditors of school monies.

3rd. That each Auditor be paid the sum of fifteen dollars ($15) on the order of the Warden, when the work is duly performed.

Passed this 26th day of January, 1892.

JOHN GROAT, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 242.

To Appoint a Board of Audit for the Year 1892.

Under and by virtue of Section 513 of the Municipal Institutions Act of the Province of Ontario, the Corporation of the County of Peel, by the Council thereof, enacts as follows :

1st. That Walter Waston, of Toronto Gore, and Robert Kee, of Cheltenham, be and they are hereby appointed members of the Board of Audit for the current year.

2nd. That each of said members of the Board of Audit be paid the sum of three dollars for each audit of accounts, together with ten cents per mile for each mile necessarily travelled to attend such audit, and that the Treasurer be and is authorized to pay the same.

Passed this 28th day of January, 1892.

JOHN GROAT, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 243.

To Appoint a Director for the C. V. Railway.

Whereas by 36 Victoria, Chap. 80, power is given to counties granting aid by way of bonus to any railway to appoint a director on behalf of such County to act on the directorate of such Company; and whereas this County did grant a bonus of seventy thousand dollars by way of aid to the Credit Valley Railway;

Therefore be it enacted by the Council of the County of Peel that Sir Melville Parker, Reeve of the Township of Toronto, be and is hereby appointed a Director on behalf of the County of Peel on the directorate of Credit Valley Railway Company for the current year.

Passed this 28th day of January; 1892.

JOHN GROAT, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 244.

To Authorize the Borrowing of Money for Current Expenses for the year 1891.

Whereas it will be necessary to borrow a certain sum of money to meet the expenses of this Corporation, until such time as the taxes to be levied therefor can be collected.

And whereas power is given to the Municipality by chapter 184, section 413 of the Revised Statutes of Ontario, 1887, to borrow money for that purpose.

Therefore the Corporation of the County of Peel, by its Council enacts:

That the Warden and Treasurer be and are hereby authorized to borrow from some chartered bank in Ontario for the aforesaid purpose, such sum or sums of money from time to time as may be required, to the amount of six thousand dollars, and such other sum over that amount as the Commissioners on County Property may from time to time order to be borrowed.

And the said Warden and Treasurer are bereby authorized to execute a note or notes under the seal of the Corporation, for such sums as may be agreed upon, and payable within the present year.

And the said Treasurer is hereby authorized to retire such notes out of any money which may come into his hands, collected for County purposes, as they may from time to time fall due.

Passed this 29th day of January, 1892.

JOHN GROAT, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 245.

To Assess the Rateable Property of the County of Peel for County Purposes, for the Payment of a Portion of the Salaries of the Inspector and Teachers of Public Schools and for other Purposes.

Whereas it is neccessary to provide by a general assessment of the rateable property of the County of Peel for the year 1892 for the payment of the general and incidental expenses of the County, for the payment of

a portion of the salaries of the Inspector and qualified Teachers of Public Schools of the County, and for the payment of Debentures and interest due and payable during the current year on the bonus debt to the Credit Valley Railway Co. and to the Hamilton and Northwestern Railway Co., and for Debentures to raise money to build a Registry Office.

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows—

1st—That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several towns, villages and townships in the County of Peel liable to be assessed the current year, the sum of $11,600 for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to county councillors and other necessary and incidental expenses of the county.

2nd—A sum equivalent to the Government grant, viz.:

$2,171 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd—The sum of $3,710 to provide for the payment of debentures and interest becoming due, and payable under By-law No. 61, granting a sectional bonus to the Credit Valley Railway Co., the same to be assessed upon and collected from that portion of the county liable for the payment thereof under the said by-law.

4th—The sum of $2,240 to provide for the payment of debentures and interest becoming due and payable under By-law No. 71, granting a sectional bonus to the Hamilton and Northwestern Railway Co., the same to be assessed and collected from that portion of the county liable for the payment thereof under the said by-law.

5th—The sum of $1770.00, to provide for the payment of debentures and interest becoming due and payable under by-law No. 232 authorizing the issue of debentures to raise money for the erection of a Registry Office.

6th—The whole of the said sums to be collected and paid to the treasurer of the County on or before the Fourteenth day of December next, as per Schedule annexed.

Passed this 24th day of June, 1892.

AUDITORS' REPORT.

To the Warden and Council of the County of Peel:

GENTLEMEN:

Your Auditors herewith submit their report and beg leave to say that they have carefully examined the books and accounts along with all vouchers of your Treasurer, Mr. Graham, and are pleased to find them in every way correct, and showing a balance on hand on December 31st, 1891, of $6759.59, made up as follows:

Current Account			$5,023 92
Public Schools—Chinguacousy	$648 64		
" Toronto Twp.	752 00		
" Toronto Gore	118 00		
			$1,518 64
Non-Resident Land Tax—Toronto Gore	$ 6 04		
" " " —Toronto Twp.	14 80		
" " " —Caledon	196 19		
			$ 217 03
Total			$6759 59

The above balance was deposited in the Dominion Bank to the credit of your county, and shows an excellent standing financially of the county of Peel, which is an evidence that affairs of the municipality have been entrusted to competent men and men who have faithfully guarded that trust.

We further beg leave to congratulate you on having such a painstaking and competent treasurer as you have in your present incumbent, George Graham, Esq., who has, we believe, faithfully served this county in that capacity for over a quarter of a century, and we believe it has been a rare occurrence, if ever, that past Auditors have found an error in his accounts.

The manner in which he keeps his books is very plain and simple, showing every transaction at a glance; while his accounts are in perfect order, his papers and all official documents are kept and guarded in a most creditable manner; whilst he is always most courteous and obliging in assisting those in our capacity in giving every information required.

All of which is respectfully submitted.

REPORTS OF COMMITTEES

Report of Commissioners on County Bridges for the Township of Albion.

To the Warden and Council of the County of Peel.

Your Commissioner for Albion in connection with the Commissioner for the township of King, in the County of York, found it necessary to repair a bridge on the county line between the counties of Peel and York at a cost of thirty-six dollars, York County paying half the expenses, Peel's share being eighteen dollars.

Your Commissioner would ask that the said amount be paid to the Commissioner for Albion.

All of which is respectfully submitted.

Committee Rooms, Nov. 23rd, 1892,

[ADOPTED.]

ROBERT BURTON, Commissioner.

J. GROAT, Warden.

Third Report of the Standing Committee on Education.

To the Warden and County Council of Peel:

Your committee beg leave to report as follows:

1st. That the following accounts be paid:

To D. Kirkwood, for stamps supplied inspector, $8.

2nd. That no action be taken in the appointment of a member of the Board of Examiners until the January Session of 1893.

3rd. Your Committee find that the Treasurer has deducted the amount of all Fees of County entrance candidates from the amount to be paid by the County to the Brampton High School, and also to the Streetsville High School, as set out in the agreement contained in the Committee report of June, 1891.

We therefore recommend that the Treasurer pay to the Brampton High School the sum of two hundred dollars for the year 1892, the same amount for the year 1893.

To the Streetsville High School the sum of fifty dollars for the year 1892, and the same amount for the year 1893, said money to be paid each school in one sum on Dec. 15th for 1892 and on Dec. 15th for 1893.

All of which is respectfully submitted.

Council Chamber, Nov. 23rd, 1892.

[ADOPTED.]

J. GROAT, Warden. R. BLAIN, Chairman.

Second Report of Commissioners on County Bridges Between Chinguacousy and Caledon.

To the Warden and Council of the County of Peel :

GENTLEMEN,—

Your Commissioners on County Bridges between the Townships of Chinguacousy and Caledon beg leave to report as follows :

Having had a new bridge built on town line, on 2nd concession west, over the river Credit, it in accordance with a report adopted at June session, your Commissioners have an account before them as follows—

To Painting Bridge - - - -	$30 00	
Filling Approaches and some extra work at abutments - - - - -	30 00	
Building breakwater, repairing old bridge in May, and plans and specifications -	18 00	
		$78 00
Cr. by all available of debris of old bridge	18 00	
Balance		$60 00

As the above job is done to our satisfaction, we would therefore reommend that on the order of your Commissioners the treasurer pay to John Graham or order the above sum.

All of which is respectfully submitted.

GUY BELL,
JOHN T. SCOTT, } Commissioners.

[ADOPTED]

Committee Room, Nov. 23rd, 1892.

J. GROAT, Warden.

Second Report of Commissioners on County Bridges for the Village of Streetsville.

GENTLEMEN:

Your Commissioner begs leave to report that he has had the repairs made to the county bridge over the River Credit in the Village of Streetsville, as per report at last meeting of this council; and from the accident at the Caslor bridge your Commissioner was induced to make some further repairs to said bridge than that proposed by the report referred to. The cost of said repairs with detailed accounts have been submitted, and which your Commissioner would recommend to be paid.

All of which is respectfully submitted.

JOHN GRAYDON, Commissioner.

Committee Room, Nov. 23rd, 1892.

(ADOPTED.)

J. GROAT, Warden.

Report on Sale of Old Registry Office :

To the Warden and Council of the County of Peel :

GENTLEMEN,—

Your Commissioners on County Property, being authorized to advertise and sell by public auction the old registry office and sight in the town of Brampton, the same has been disposed of for the sum of $400, which amount has been paid over to the Treasurer, and the proper transfer made to Mr. Shaw the purchaser.

All of which is respectfully submitted.

R. B. HENRY, Chairman.

Council Chamber, Nov. 23, 1892.

[ADOPTED]

J. GROAT, Warden.

Second Report of Commissioners on County Bridges for the Township of Toronto Gore.

To the Warden and Council of the County of Peel.

GENTLEMEN :

Your Commissioner on County Bridges for the Township of Toronto Gore begs leave to report as follows :

That having found that the Bridge on the Town line between the Townships of Toronto Gore and Chinguacousy at Malton was in need of repairs and having had the same done by Mr. Clarkson at a cost of $2.60.

And also that the bridge on the same line near Tullamore known as " Sargents " Bridge, was in an unsafe condition on account of one of the abutments being crowded out of line by the pressure of clay behind,

and having had the same repaired by Arthur Shaw and Wm. Morrison at a cost of $8; would recommend that the Treasurer be authorized to pay the above named sums on the order of the undersigned Commissioner.

All of which is respectfully submitted.

WALTER WATSON, Commissioner.

Council Chamber, Nov. 24th, 1892.

[ADOPTED]

J. GROAT, Warden.

Second Report of Commissioners on County Bridges for the Township of Toronto:

To the Warden and Council of the County of Peel:

Your Commissioners beg leave to report as follows, viz.:

1st. That having examined the bridge over the river Etobicoke, on the Lake Shore Road, between this county and the county of York, and find that the bridge is very rotten in some places, and in fact there is none of it in a safe condition at the present time for heavy loads, and as this road is very much travelled, as many as one hundred teams travel over it daily.

2nd. Therefore your Commissioners would call the attention of the Council of 1893 to clause one of this report.

All of which is respectfully submitted.

JOHN COOK, Commissioner.

Committee Room, 24th Nov., 1892.

[ADOPTED]

J. GROAT, Warden.

Third Report of the Standing Committee on Finance and Assessment for the Year A. D. 1892.

To the Warden and Council of the County of Peel.

GENTLEMEN :

Your Committee beg leave to report ; and would recommend the payment of the following certified accounts :

1st. To the County Clerk, for printing, express charges, postage stamps for use in his office, &c., $6.73.

2nd. Robinson & Stork, for furnishing for Judge's room, per order of the Sheriff, $1.99.

3rd. Joseph Brownridge, for one cord of kindling wood for the gaol, $2.40.

4th. Henry Black, for six and one-half bags of potatoes for the gaol at 60c. per bag, $3.90.

5th. Your Committee have had before them a communication from the Secretary of the County of Peel Poultry Association asking for a grant to the same, and we would recommend that no action be taken at present.

6th. Your Committee have had before them 8 tenders for the supply of wood for the Gaol and Court House, and we would recommend the acceptance of the tender of J. J. Magill for fifty cords at $3.99 per cord, and thirty cords at 3.94 per cord, said wood to be first-class in quality, and delivered at the county buildings before the 20th day of January, 1893.

All of which is respectfully submitted.

JOHN T. SCOTT, Chairman.

Council Chamber, 25th Nov., 1892.

(ADOPTED.)

J. GROAT, Warden.

Third Report of Standing Committee on Matters of a Miscellaneous Character.

To the Warden and Council of the County of Peel.

Your Committee asks leave to report as follows:

1st. With reference to the Communication from the County Clerk of the County of Ontario, respecting the appointment of a referee for the County for the purpose of deciding claims that may arise in cases of damages through accidents caused by defects on Roads and Highways. Your Committee are of the opinion that the change would be of no improvement, and possibly be no less expensive than the present system, and therefore recommend that no action be taken at present.

2nd. Your Committee would recommend that this Council co-operate with the County Council of the County of Wentworth in petitioning the Local Legislature to introduce a bill for the Abolition of Market Fees, believing it to be unjust and burdensome to the agricultural class.

All of which is respectfully submitted.

S. J. SNELL, Chairman.

Committee Room, Nov. 25th, 1892.

Report of Committee on Reduction of Salaries.

To the Warden and Council of the County of Peel.

GENTLEMEN:

Your Special Committee appointed by resolution of Council to take into consideration the advisability of introducing a By-law with a view of reducing the salaries of certain County Officials, begs leave to present the following report.

Your Committee while strongly in Sympathy with retrenchment in Public Officials, consider the present an inopportune time to recommend a reduction owing to the fact that said officials are maturing in years and have served this County with courtesy and efficiency.

Your Committee would however recommend that when the time arrives in the history of this County for a change that we or our successors in office would Support an equitable and fair reduction, but at this juncture recommend that no change at present be made.

All of which is respectfully submitted.

Public School Inspector's Annual Report.

To the Warden and Council of the County of Peel.

GENTLEMEN:

I have the honor to submit for your consideration my report for the year 1892. Trustees and teachers have been unusually prompt in sending to me their annual and semi-annual returns, and I am thereby enabled to report to you earlier than heretofore. The schools were all inspected twice in the year, and some of them were visited three times. In nearly all much improvement was noticeable, both in the character of the teaching, the quality of the work done, and in the improved equipment and appliances necessary to the work of teaching and conducting the schools. The condition of the school premises in many sections does not yet receive due attention; the grounds being frequently over-run with weeds; fences allowed to moulder away, and tree-planting seemingly neglected. I sometimes think that teachers rely two exclusively upon the performance of everything outside the school-room by the trustees; instead of co-operating with the trustees in the work of beautifying the school premises with shade trees, flower-beds, and of adorning the interiors of the school-rooms with plants, pictures, etc. Of course Trustees must be expected to make the conditions for such things secure; but I cannot help thinking that Teachers do not as a class fully realize their responsibilities in these matters. But these things, trivial as they may seem in the eyes of some, are of far-reaching effect, and the child trained and educated in congenial, healthful and inspiring surrounding, is a much different being from the child whose senses of the beautiful, whose love of nature, and perceptions of nature's harmonies have been dulled by a daily incarceration of six hours in a room the walls of which are destitue of picture or ornament, the windows without a flowering plant, and the furniture bearing the accumulated grime of many months. I hope that trustees and teachers will awaken to the fact that study under such circumstances is looked upon by the pupil as drudgery; that minds grow unhealthy; that physical health is the correlative of mental health. However, there has been much improvement in these respects during the past year or two, and I can but hope that the improvement will continue, and become a marked feature from year to year.

I have been somewhat disappointed in the number of public examinations held during the year. The number is very small. This is much to be regretted, as the neglect of these examinations has a two-fold effect. The teacher too often loses the co-operation of the parents in his work—an essential to the successful working of any school; and the connection between the life of the home and the life of the school is severed, thus violating the fundamental principle of all true education in that the child, instead of having his correspondences with his environment at home increased and enlarged by the life at school, is placed

in an entirely new environment, his correspondences with which must be effected in a slow and tentative manner, utterly destructive of mental activity. It is this that accounts for the apparent sluggishness in the school-room of children who, at any other time and under any other circumstances, are full of irrepressible activity and life. It is in the directing of this activity and life into proper and ultimately rational channels of work that the kindergarten sysem has supplied the natural link between the home and the public school. But I cannot help coming to the conclusion that by placing primary teaching upon a more rational basis in our public schools, and in the home environments of the pupil being made the beginning or basis of public school instruction, the necessity for the kindergarten as the connecting link between the home and the school may be obviated to a great degree. Where public examinations are neglected, the teacher is apt to rely too much upon the results of the promotion or entrance examinations as the test of his own success, and parents too often hold the teacher to the standard he has set for himself. The results are very often unfortunate. The training of the pupils' mental powers, the upbuilding of character, the inculcation of moral principles, the formation of habits of mind, all in themselves of the highest moment both to the pupil and to society at large, are suffered in too many instances to recede into the background, and the whole foreground of the school life is filled with a feverish anxiety to pass as many pupils as possible through prospective examinations. It may safely be said that nearly all of the reforms needed in the conduct of the public schools to-day are prevented by the action and ceaseless grind of examinations. For instance, we hear everywhere of the necessity of teaching Agriculture and the rudiments of Science in the public schools. Why are these not taught? Because they do not tell at examinations. Agriculture is a subject branching out into theoretical and applied Chemistry, into Botony, into Ornithology, Physiology, and if systematically treated in the public schools would furnish the foundation for future scientific study, and would evolve tastes and develop aptitudes that would otherwise never have a practical existence. It is true that Agriculture is an industrial subject; but the opinion at which I have arrived is that the industrial element has been too entirely eliminated from our Public Schools. There cannot be mentioned a single handicraft, vocation or profession, that does not branch out into all other fields or departments of knowledge. Agriculture should be made the Public School basis for the study of the sciences and the world's industrial history. Take the case of Drawing. To-day we have a series of Drawing Books, good in their way it is true, but sadly misplaced when we consider the actual needs of our rural schools. Since the adoption of a series of Drawing books, the teaching of the principles of Drawing has practically ceased, and the pupils have become mere copyists.

The average Fourth class pupil to-day really knows nothing of the principles of the subject. Were these drawing books swept out of the schools and the teacher compelled to teach and illustrate the principles

of the subject, the results would be quite different. Pupils could be trained to collect and delineate specimens of leaves, flowers, natural objects, animals, and thus while trained in the faculty of observation, perception or representation, they would acquire habits necessary to scientific study and research, and drawing would be in fact what it ought to be, an accessory subject in the scientific, industrial or æsthetic world. Each subject in the public school curriculum should be taught in its relation to every other subject of study.

I shall now invite your attention to the statistical part of this report :

TEACHERS' CERTIFICATES.

Municipality	1st Class	2nd Class	3rd Class
Albion	0	5	12
Caledon	0	5	15
Chinguacousy	1	10	9
Toronto Gore	1	1	2
Toronto Tp.	0	11	15
Brampton	1	10	0
Totals	3	42	53

There has been a decline of eight in the number of 2nd class teachers, and an increase of two in the number of 1st class teachers. There has therefore been an increase of six in the number of 3rd class teachers over the number for 1891. A fact worthy of notice however is the increased interest teachers are taking in the matter of securing higher certificates, many having of late signified to me their intention of proceeding to the 1st class examination. There is much to be hoped for from teachers who make it their aim and endeavor to master the various departments of knowledge necessary to the complete equipment of the educator.

TEACHERS' SALARIES—AVERAGE FOR EACH MUNICIPALITY.

Municipality	Largest Salary	Average Male Salary	Average Female's
Albion	$575 00	$398 12	$287 32

Toronto	550 00	390 50	317 70
Brampton	800 00	800 00	322 50

There has been a slight increase since 1891 in the average salaries paid ; and when we compare the salaries paid in this county with those paid in other counties, we need have no cause to feel ashamed of any parsimoniousness on the part of the public. The disparity between the salaries of male teachers and those of female teachers still continues. This is a two-fold injustice. The sexes have an equal right to enter the profession and continue in it. But from the present disparity in the respective salaries, male teachers are gradually being forced out of the profession, not so much because of competition as of the

inability of Trustees to recognize that it is the work to be done and paid for and not the sex of the applicant that is to be considered. The disparity is most decidedly unjust to female teachers, who if they are competent in the judgment of the Trustees to perform the duties required, should be paid salaries equivalent to those paid male teachers. I would urge Trustees to avoid as far as possible the practice of changing teachers yearly ; but this cannot be obviated so completely as I could wish, on account of the short term of 3rd class certificates.

A greater regularity of attendance is recorded for 1892 than for the previous years The Truancy Act, to a great extent, remains a dead letter ; and I see no way of enforcing the Act but by the combined action of the Municipal Councils and the Trustee Boards. The Municipal Council of each Township should engage a truant officer to carry out the provisions of the Truancy Act in such manner as the council acting under the statute may direct.

It is high time that the general public should see that the large sums voted by the sections, municipalities and the legislature are not dissipated by non-attendance or irregular attendance. The public school system stands in great danger of having its usefulness seriously impared through the negligence or indifferenee of the parents and guardians of pupils. Every man who pays taxes for the support of public schools has the right to see that his quota of taxation is properly applied, and the purposes for which it is paid are not altogether ignored. It is true that the individualism of our race and age tells against the enforcement of acts interfering in the relations between parents and children ; but it must be remembered that this is a democratic age, that ignorance is the foe of democracy, and the prime condition for the demagogue and charlatan. There are cases, undoubtedly, where the provisions of the Truancy Act should not be enforced ; but these cases are amply provided for in sec. 4, sub.-sec. 1, 2, 3, 4, 5, 6 and sec. 5, sub.-sec. 1, 2 of the Act in question.

CLASSIFICATION OF PUPILS.

	Part I.	Part II.	2nd	3rd	4th	5th Class.
Albion	216	127	186	189	190	39
Caledon	378	207	240	283	269	15

Brampton	113	121	125	160	130	0
Total	1356	948	1034	1248	1200	85

This classification does not vary materially from that of 1891, and is, I think, about as correct as can be reached under our present system of classifying according to the Reader employed. I am more and more of the opinion that our third and fourth readers should be discarded, and that the best productions in literature, suited of course to the age and capacity of the pupil, should be substituted therefor. I believe that a genuine taste and love for reading and literature would, under such conditions, be more speedily and completely attained. It is even claimed in some quarters to-day that public schools do not form for the pupil habits of reading, reflection and study. There is a grain of truth in this assertion. The selections in our readers are too short, the transition from one style of composition to another is too abrupt, and such a thing as a natural sequence of subjects is utterly disregarded. In consequence, our pupils never become impressed with the style of an author, never continue at one species of composition long enough to contract a taste for it, and never gain any organic knowledge of a subject as a whole.

SCHOOL HOUSE AND EQUIPMENT.

	Value of School Building and Site.	Value of Furniture and Equipment.
Albion	$15600 00	$1655 00
Caledon	25150 00	2520 00
Ching'sy	25300 00	2780 00
Toronto G	6600 00	600 00
Toronto	34200 00	3020 00
Brampton	20850 00	1000 00
Total	$127700 00	$11575 00

The value of the school buildings in 1892 is much in excess of the value for 1891, consequent upon the erection of five new brick school houses in the county in the year 1892. The trustees of S. S. No. 9, Caledon, have erected a most substantial and commodious school house which is a great credit to the section and does justice to the liberality of the trustees. The school house in S. S. No. 12, Chinguacousy having unfortunately been burned, the trustees set to work, and in a surprisingly short time erected one of the best school buildings in that township. The trustees of school section No. 19, Chinguacousy, have

erected a most complete school house on the site of the former unsightly structure, and the children of that locality are now enabled to participate in the benefits of an education amid surroundings more congenial than those obtained in former years.

Union S. S. No. 5, Toronto Gore, has been divided into two new Union Sections, S. S. No. 5, Toronto Gore, and S. S. No. 10, Toronto Gore. The arbitrators having the matter in hand finished their labors in early July, 1891, and their award setting forth the results of their work was filed with the clerks of the municipalities concerned. The trustees for the new sections having been duly elected at the first annual meeting for the new sections immediately proceeded to the work of erecting substantial and handsome building for school purposes. These school houses reflect great credit upon the people of the localities concerned, and show that the apathy complained of in educational affairs in many sections of the province does not obtain at least in Toronto Gore. I may add that I anticipate the erection of several school houses during I893 and that the laudable spirit shown by the trustees of the above named section will prove contagious.

FINANCIAL STATEMENT.

Municipality	Trustees Balances from 1891 and receipts all sources	Trustees Total Expenditure	Balance on hand from 1892

Totals - - - - -	$61527 95	$51654 76	$9873 19

The total receipts from all sources for 1892 exceed the receipts of 1891 by $3702.88, while the total expenditure for 1892 exceeds the total expenditure for 1891 by $4128.06, showing that while the total amount payable to teachers was more for 1892 than for 1891, much more must have been expended in improving the school buildings and premises, in equipping the schools and in adding to the general well-being of the pupils of the county. These signs are most encouraging to me, and I hope that these evidences of liberality on the part of the trustees will in the future suffer no diminution. The balances in the hands of the trustees at the close of 1892 were $425.20 less than the balances at the close of 1891; but this is but a small fraction of the total balance, as will be seen by referring to the above tabulated statement. The expenditure for maps, apparatus, furniture, etc., was nearly five times as great in 1892 as it was in 1981. All this points to a renewed interest in our public schools.

These items reveal a notable increase in the purchase of school sites, erection of school buildings, and in the equipment of the schools. This increase is in large measure due to the erection of the new school houses already referred to.

I now come to the consideration of a subject upon which I did not touch in any previous report. An attempt to equalize the taxation in the different school sections of each municipality was made by the Legislature two years ago in enacting that $100 of the annual sum raised for each section by taxation should be levied upon the whole municipality. I have not space to quote the rate for all the sections; but I shall cite a few cases in order to show the wisdom of the action of the Legislature.

I have selected these cases in order to show that a wide disparity obtains in the taxation for school purposes in the school sections throughout the county. Why has one man the right to have his children educated at a merely nominal rate of taxation while his next door neighbor in similar financial circumstances is compelled to pay for

the education of his children at a high rate of taxation. Again, in the very small school sections, a cheap teacher, and therefore a less efficient one, is generally employed, while the large and wealthy section may secure the services of a highly qualified and competent teacher, thus placing at a disadvantage the children of the smaller section in respect to educational privileges. To those who believe that one of the objects of government is to enable the citizens of the state to start in life on free and equal terms this will appear a great injustice. But very often the conditions are reversed, and we find the largest and wealthiest sections engaging the cheapest and poorest teachers, and the smaller sections engaging the more highly qualified teachers. There are some notable examples of this in the County of Peel. To meet such cases the Legislative and Municipal Grants should be distributed not upon the basis of average attendance alone, but the equipment, the standing of the school, the character of the work done, the standing of the teacher, etc., should be taken into account.

As to the actual working of the schools, it may be said that the improvement in the methods of teaching employed is marked and regular. Our County Model Schools are doing a most excellent work; but the great defect in the training given therein is in respect of methods of organization, and of the expedients to be adopted in conducting an ungraded school. Our Model Schools are mainly in connection with graded schools and consequently afford little insight into the working of a rural or ungraded school. The improvements in the method of teaching Literature and Reading have become a marked feature of the schools, and the almost phenomenal success of candidates at the entrance examination in July, 1892, shows that an almost equal improvement in all the branches of public school study must have taken place. But much remains to be done. The aims and objects of public school education must ever continue to be the subject of reflection for teachers, and, no matter what the stress of outside conditions may be the teacher must keep before him the highost ideal to which he can mentally attain. Clear cut minds are the requirement in these days of specializing tendencies, and if the fruit of our every-day teaching be not the visible clearing up of a certain and definite region of intellect, if we cannot see mirrored in the minds of pupils some portion of knowledge held and known by them as truth, if we do not cause our children to be athirst for knowledge and inspired to learn for learning's sake in an increasing effort day by day, we may well conclude that our labor is in vain. The minds of children grow strong, and their powers of intellectual concentration develop only by coming into contact with stronger and more highly organized minds and natures. These strong minds and highly organized natures have through all the ages been exercising their influence through a varied literature and its lessons of inspiration. One great object of education should be to bring the minds of youth into contact with the master spirits of the great historic past. The minds of youth should from the earliest period of training be natured with the highest, noblest and truest thoughts evolved by

mankind. They will then have within themselves all those rational sources of enjoyment which are society in solitude and solace in affliction. I am not now pleading for a habit of omnivorous, indiscriminate reading, which I believe to be injurious, and in the highest degree destructive of mental force and concentration. I may here quote the opinion of Canon Farrer: "The indiscriminate devouring of newspapers, magazines and periodicals has much to answer for. It wastes our time; it dissipates our energies; it distracts the attention; it vulgarizes the soul; it weakens the memory; it fills the mind with undigested or half digested scraps of knowledge, which have little or no relation to each other, and which give the semblance of information without the reality." What our teachers should do is to prepare the pupil for selective reading, the ideas of which have a logical sequence or an ordered relation.

Furthermore, the idea must be ever before the teacher that the pupil is to be prepared for life, for the assumption of his true position in society, and that the nature of that society must be the subject of the pupil's investigation. This consideration leads us to to the conclusion that civics and history must be taught in our schools. History must lay its foundations for the pupil in the social phenomena by which he is surrounded, and then by the understanding of those phenomena the past may be partially interpreted. History allied with the study of civics thus becomes a projection of the present into the past and an interpretation of the past. Only in this light can history become a living reality.

Composition and letter-writing are receiving much attention; but the fundamental basis of these subjects is as yet to a great extent ignored by teachers. Much attention is paid to the work of giving form and consistency to the pupil's productions; but a too minute attention to those particulars is apt to hamper the spontaneous expression of thought which is mainly dependent on the the connection, relation and persistence of the pupils ideas. From this point of view, the foundation for intelligent and spontaneous expression of thought lies, on the subjective side, in the proper teaching of reading, and on the objective side, in the training of the powers of observation, perception and reflection, and in the due correlation of idea gained by the exercise of these powers. Now, as the latter must precede the former, oral composition must precede written composition, but must finally, for the highest purposes of literature, end in the latter.

MORAL AND RELIGIOUS INSTRUCTION.

The question has frequently been asked—can moral instruction be imparted in public schools? If so, must it be based upon religious instruction? Or must it disclose the basis upon which it rests? My experience leads me to answer the first question in the affirmative; the second in the negative; and

the third most decidedly in the affirmative. To teach religion is the duty alike of the church and of the home. But an intellectual acceptance of the truth of revealed religion does not necessarily bring in its train true morality; indeed the most complete intellectual acceptance of religious truth is quite compatable with practical infidelity, which obtains whenever such acceptance is not conjoined with a recognition of the world's moral order and with the fulfilment of the rights and duties we owe to mankind in the sphere of active life. The mere reading of the scriptures in our public schools, beyond securing a due recognition of the Bible's authority and a just reverence therefor, is barren of any great moral results. So, I say that in the years of school life, the great objects of moral instruction apart from religious teaching may be attained by the teacher's leading his pupils to a full recognition of the moral order of the world as disclosed in the study of Literature, History and Biography, and even of many other ordinary school studies.

This in addition to the faithful discharge of their duties by the church and the home will be found productive of the desired results, and at the same time inoffensive to denominationalism. There is not a single lesson in poetry; there is no historical record; there is the sketch of no heroic career; which is not in every line susceptible of being made a moral lesson; which will not illustrate the rights and duties of men to their fellows; which will not afford ample admonition to reach the conscience and elevate the soul. To effect these results is one of the chief ends of all education; and the field of parable, of moral instruction and of religious comprehension, lies all along the educational highway, and must be cultivated sedulously that fruit may be borne in later years. The advocates of religious instruction in our schools are engaged in a struggle which, at all events, if not entirely barren of material results, will be productive of increasing sectarian bitterness. To my mind, religious instruction in our schools is quite out of the question. Even were it brought to pass, teachers would still, by reason of the principles of their profession, be impelled to bring their pupils to final standards and conclusions. These standards and conclusions would constitute dogmatic theology, the teaching of which will continue out of the question until there come a consensus of opinion among the churches all the way from the broadest fundamentals to the narrowest conclusions. I am safe in making the assertion that morality can be and is widely taught to-day in the public schools, and that the ordinary school lessons are more and more being made the occasions and the foundations of moral lessons.

I now draw this somewhat lengthy report to a close. All parts of it will not be found equally interesting; but I trust that the statistics will be studied, and the comments I have made as fully considered.

I have the honor to be, gentlemen,

Your obedient servant,

ALLAN EMBURY,

Inspector of Schools.

First Report of the Commissioner on County Bridges for the Township of Toronto Gore.

To the Warden and Council of the County of Peel.

Your Commissioners would ask leave to report as follows :

That having found that the top stones on abutment had given way, causing one of the side stringers to lean over, on the bridge crossing the stream on the Base Line between the Townships of Toronto Gore and Albion, between Lot 1, Albion, and 17, Toronto Gore, near Wildfield.

Your commissioner having got the same repaired at a cost of one dollar and sixty cents ($1.60) would recommed that payment be made to your Commissioner.

All of which is respectfully submitted.

WILLIAM CLARKSON, Commissioner.

Council Chamber, June 20th, 1893.

(ADOPTED.)

R. BLAIN, Warden.

First Report of Commissioners on County Property.

To the Warden and County Council.

Your committee ask leave to report as follows :

1st. That the cost of putting in gas pipes to light the court room and adjoining rooms, together with the corridors, would be about $125, and the cost of electric light would be about the same.

2nd. Your Committee would recommend that the council appropriate two hundred and twenty-five dollars for the laying of gas pipes and supplying fixtures for the Court House.

3rd. That the cost of putting in a complete steam heating aparatus to heat the Gaol, Court House and Registry Office would be about $3500.

All of which is respectfully submitted.

Second Report of Commissioners on County Pooperty.

To the Warden and Council of the County of Peel.

Report of Commissioners re. the erection of a County bridge between the Counties of Peel and York on Lake Shore Road, over the Etobicoke river ; also the sale of the old wooden structure.

1st. Your Commissioners beg to report that we have examined the wooden bridge above mentioned in conjunction with the representatives from the County of York and found the bridge in an unsafe condition ; and further that we have, along with the County of York commissioners, let the contract for the erection of a new steel bridge, to be built on stone abutments of first class masonry, the whole structure to cost about four thousand dollars; the total cost to be paid in equal proportions by the Counties of York and Peel.

2nd. That the old bridge has been sold for the sum of $75.00, half this amount to be paid to the Treasurer of Peel County.

3rd. That the Treasurer shall make payments to the contractors of new bridge, also to the Engineer and Inspector, in sums not exceeding in all more than one-half the total cost of bridge, said payments to be made on certificate of the Engineer and Warden of Peel.

4th. That the Warden is hereby authorized to sign all documents of contract and all other papers in connection with said work.

All of which is respectfully submitted.

Adopted 21st of June, 1893.

Sd., J. COOK,
R. CRAWFORD, } Commissioners.

R. BLAIN, Warden.

First Report of the Commissioners on County Bridges for the Village of Streetsville and Toronto Township.

To the Warden and Council of the County of Peel.

Your Commissioners beg leave to report:

Your Commissioners have had repairs and work done in connection with the new bridge known as Castlor's bridge, in filling approaches, guards, and repairing fences which had been nearly removed while the bridge was being erected, amounting in all to $15.13; and your Commissioners would recommend that the Treasurer be authorized to pay the said amount to your Commissioners to pay said amount.

All of which is respectully submitted.

Council Chamber, June 21st, 1893.

HENRY SHOOK,
JOHN GRAYDON, } Commissioners.

(ADOPTED.)

R. BLAIN, Warden.

First Report of Commissioner on County Bridges for the Village of Streetsville.

To the Warden and Council of the County of Peel.

Your Commissioner begs leave to report as follows:

That by reason of the very high flood in the River Credit last spring the Streetsville bridge has suffered very materially, the ice striking the stringers where it had not before been known to do so, knocking out and breaking some of the corbuls, letting the stringers down and otherwise weakening the bridge.

And in order to prevent accident I found it necessary to have the

stringers uprighted and other repairs made, in all amounting to $9.85.

And would recommend that your Treasurer be instructed to pay your Commissioner said amount.

Your Commissioner would further report in reference to said bridge that it is not in a safe state, and that either a new bridge or very considerable repairs is absolutely necessary, and should be attended to without delay.

All of which is respectfully submitted.

J. GRAYDON, Commissioner.

June 21st, 1893.

(ADOPTED.)

R. BLAIN, Warden.

Second Report of the Standing Committee on Education.

To the Warden and Council of the County of Peel.

GENTLEMEN :

Your Committee beg leave to report as follows :

1st. That the following certified accounts be paid :

To D. Kirkwood postage supplied Public School Inspector's office, $17.25.

To Samuel Charters printing and mailing examination papers, $37.50.

2nd. That the resignation of the Rev. R. J. M. Glassford as a member of the Streetsville High School board be accepted and that Alfred Adamson be appointed a member of the Streetsville High School board in the place of Mr. Glassford, resigned.

3rd. In reference to the appeal of the Trustees of school section No. 7, Toronto Township, your Committee recommend that His Honor Judge Scott, Allen Embury, P.S.I., and John Graydon be arbitrators to deal with the matter of said appeal.

4th. That the Treasurer be instructed to pay the Treasurer of the High School boards of Brampton and Streetsville the County's equivalent to the Legislative grants as soon as satisfactory proof is presented that the Government grant has been paid.

All of which is respectfully submitted.

June 22nd 1893.

JOHN GRAYDON, Chairman.

R. BLAIN, Warden.

Second Report of the Committee on Communications of a Miscellaneous Character.

To the Warden and Council of the County of Peel.

Your Committee asks leave to report:

1st. With reference to the communication from the Clerk of the County of Victoria, respecting the issuing of Railway Tickets at single fare to and from all stations on Saturday.

This, your Committee thinks, would be a great improvement on the present system of issuing tickets at single fare to Toronto only, which is in our opinion unfair to other towns and villages along the line of Railway, and which has a tendency we believe, to carry away the legitimate trade to Toronto and other centres, which should be done in local towns and villages.

And your Committee strongly recommends that this Council co-operate with the County Council of Victoria in obtaining the desired change.

All of which is respectfully submitted.

Committee Rooms, 22nd June, 1892.

S. J. Snell, Chairman.

(ADOPTED.)

W. E. MELNER, Chairman.

R. BLAIN, Warden.

To R. Blain, Esq., Warden of County Peel:

DEAR SIR,—

As I will not be present at your meeting on the 20th I beg leave to submit through you to the Council the following statement regarding the financial affairs of the County:

You will see by comparing, my estimates for this year are $13363.27;

last year the estimate was $11600.00, being an increase over last year of $1763.00. The question will naturally arise, "How is this difference?" I will tell you how it comes. We had last year three items of unforseen expenditure namely, a new iron bridge, at Caslor's, on the Credit, $1300 ; damages paid Leslie & Trimble for injuries to threshing machine falling through bridge, and $270 paid to volunteers, these amounts making $1870, being all unforseen expenses and of course could not be included in the estimates of last year. This being the case, our surplus at the beginning of this year, being so much less than last year, necessitates the addition to the estimates of this year. There is another item which in all probability will require to be added to the estimates of this year. I refer to the bridge on the Lake Shore Road, crossing the Etobicoke river. From all accounts the timbers are rotten, and the bridge is in a dangerous condition for teams to pass over.

The question of building bridges and keeping them in repair is one that admits of no evasion, as the Municipal Act hold the Municipalities responsible for the consequences of any neglect on their part, and the Courts are not backward in sustaining the claims for damages under the Act.

I am told that by an approximate estimate the bridge will cost about $4000, including architect's fees and other expenses, this would leave Peel's portion at $2000. This added to the estimates herewith submitted will make a total of $15363.27 for County Rates, an increase of $3763.27. This, no doubt, may appear a large increase in one year, and so it would under ordinary circumstances, but we must take into consideration that the increase is caused by erection of Bridges, which the Council is compelled, under the Municipal Act, to build. You will notice in my estimates I have set apart $1700 for ordinary bridge building and repairs, apart from the iron bridges.

The Credit Valley Debentures are all paid off. The whole amount for all purposes paid by the Ratepayers last year was $21,491. This year, if the cost of the bridge over the Etobicoke is added, the whole amout to be levied for all purposes will be $21,234.27, $257 less than last year.

I remain, your obedient servant,

GEORGE GRAHAM,

Treasurer County Peel.

5th. That the letter from the County Treasurer is hereby adopted as part of the Finance Committee's report.

Council Chamber, June 24th, 1893.

R. BLAIN, Warden.

First Report of Commissioner on County Bridges for the Township of Chinguacousy.

To the Warden and Council of the County of Peel.

GENTLEMEN :

Your Commissioner asks leave to report that I have had the bridge on town line between Chinguacousy and Esquesing, near Salmonville, repaired, costing $5.00, the County of Halton paying one half ; also repairs to bridge on town line, near Norval, to the amount of $2.00, the County of Halton paying one half.

I would ask that said amounts be paid to your Commissioner to cover said payments.

All of which is respectfully solicited.

Committee Room, June 21st, 1893.

GUY BELL, Commissioner.

(ADOPTED.)

R. BLAIN, Warden.

Second Report of the Standing Committee on Printing and Contingencies.

To the Warden and County Council.

Your committee ask leave to report as follows :

Your Committee recommend that the following accounts be paid :

1. D. Kirkwood, for postal cards and stamps, $9.

2. Prop. Brampton Times, advertising spring assizes and general sessions, $4.

3. Proprietor Brampton Times, advertising for tenders for iron bridge over river Etobicoke, on Lake Shore, and printing one hundred postal cards, forms for calling meetings of Council and Commissioners, $5.08.

4. Proprietor Brampton Times, printing 200 half-sheet foolscap forms, information and complaints, 200 postal cards and printing thereon, notice to Magistrate's Criminal Law received, printing 300 blank receipts for Statutes, $7.50.

Also your Committee have had before them tenders for printing from the Times and Conservator offices, and would recommend the acceptance of the tender of the Conservator for printing 1200 copies of minutes at $1.25 per page, it being the lowest.

And the tender from the Times office be accepted for publishing schedule of convictions at $12 per quarter, it being the lowest.

In reference to the Index Book to Statutes sent to this Council on approbation, your Council recommend that it be returned, believing it to be of little service to this County.

All of which is respectfully submitted.

Committee Room, June 23rd, 1893.

R. BLAIN, Warden.

BY-LAWS

BY-Law No. 246.

To confirm By-Law number three hundred and twelve of the Municipality of Toronto Gore.

Whereas under and by authority of sub-section nine of section five hundred and fifty of the Consolidated Municipal Act of Ontario, 1892; the Municipal Council of the Township of Toronto Gore did on the 11th day of July A. D. 1892, pass a By-law numbered 312 authorizing the stopping up and sale of a portion of the road allowance situated, lying and being in the Township of Toronto Gore in the County of Peel and Province of Ontario, composed of that portion of the allowance for road between lots number two and three in the Ninth concession in the said Township of Toronto Gere, Northern Division, said road allowance being two hundred and sixty-six and two-thirds rods, more or less, and having a uniform width of two rods, containing by admeasurement three and one-third acres, be the same more or less, the provisions of section number 546 of the said recited act having been complied with;

And whereas by provision of sub-section 2 of section number 567 of the above recited act, the said By-law shall not have any force unless confirmed by a By-law of the Council of the County in which the Township is situated, at an ordinary session of the County Council held not sooner than three months nor later than one Year next after the passing thereof;

And whereas it is desirable that the above described road be duly closed,

Therefore the Council of the Corporation of the County of Peel enacts as follows:

1st. That the said By-law of the Township of Toronto Gore numbered 312, a copy of which is hereto annexed, be and the same is hereby confirmed.

Passed this 24th day of November, 1892.

JOHN GROAT, Warden.

D. KIRKWOOD, Co. Clerk.

not to be copied

X

By-Law No. 312.

To provide for the closing up and disposing of an allowance for Road between Lots Nos. two and three in the 9th Concession of the Township of Toronto Gore.

Whereas a large petition of the ratepayers of the Township has been presented asking for the erection of a bridge over the west branch on the eighth line near the terminus of the above mentioned road;

Whereas the Council have determined to grant the prayer of the said petition rendering the said road unnecessary for the accommodation of the residents in the vicinity and also for the travelling public;

And, whereas the notices required by law of the intention of the Council to pass this by-law has been duly published in the Brampton Times, published in the town of Brampton, and posted up in the immediate neighborhood of the said road;

Therefore the Corporation of the Township of Toronto Gore in the County of Peel enacts as follows:

1st. That the following allowance for road in the said Township of Toronto Gore be stopped up, closed and disposed of viz.:

All and singular that certain parcel or tract of land situate, lying and being in the Township of Toronto Gore, in the County of Peel and

province of Ontario, and composed of that portion of the allowance for road between lots numbers two and three in the ninth concession in the said Township of Toronto Gore, Northern Division, said road allowance being two hundred and sixty-six and two-thirds rods long, more or less, and having a uniform width of two rods, and containing by admeasurement three and one-third acres, be the same more or less.

2nd. That the said parcel or tract of land be disposed of by the Reeve to the owners of the adjoining lands, or to any other person or persons who may be willing to purchase the same at and after the rate of twenty-five dollars per acre, and that the Reeve and Clerk of said corporation are hereby authorized to execute a conveyance of the lands as herein before mentioned, and to have affixed the corporate seal of the said Corporation thereto.

Passed July 11th, 1892.

WALTER WATSON, Reeve.

N. HARRISON, Township Clerk.

By-Law No. 247.

A By-law to define the mode of proceedure in the election of Warden for the County of Peel.

Whereas by Section 225, 55 Victoria, Chap. 42 of the Consolidated Municipal Act of the Province of Ontario, 1892, it is provided that the first business of a County Council at the first meeting of the same, shall be the election of one of the members thereof to be the Warden for the year;

And whereas it is expedient that the mode of procedure in the election of the same should be clearly defined;

Therefore it is enacted by the Council of the County of Peel, and it is hereby enacted:

1st. That fifteen minutes be allowed for nominations.

2nd. That the names of the candidates shall be put in the order in which they are proposed.

Passed this 25th day of November, 1892.

JOHN GROAT, Warden.

D. KIRKWOOD, Co. Clerk.

By-Law No. 248.

To Appoint Auditors for the Year 1893.

The Corporation of the County of Peel, by the Council thereof, enact as follows:

1st. That on the nomination of the Warden, Wm. J. Anderson, of Brampton, and on the nomination of the Council, H. Bracken, Boston Mills, be and they are hereby appointed County Auditors for the current year.

2nd. That the above-named Auditors be and they are hereby appointed Auditors of school monies.

3rd. That each Auditor be paid the sum of $15 on the order of the Warden when the work is duly performed.

Passed this 24th day of January, 1893.

By-Law No. 251.

To Appoint a County Solicitor.

Whereas by Statute Power is given to County Councils to appoint Solicitors, and whereas it is found expedient to appoint a Solicitor for the County of Peel;

Therefore the County of Peel by the Council thereof enacts as follows:

1st. That Blain & Graham be and they are appointed Solicitors in and for the County of Peel.

2nd. That all By-Laws, Resolutions or Reports by Committees, in so far as they refer to the appointment of County Solicitor be and they are hereby repealed.

Passed this 26th Jan., 1893.

R. BLAIN, Warden.

D. KIRKWOOD, County Clerk.

By-Law No. 252.

To Authorize the Borrowing of Money for Current Expenses for the year 1893.

Whereas it will be necessary to borrow a certain sum of money to meet the expenses of this Corporation, until such time as the taxes to be levied therefor can be collected.

Therefore the Corporation of the County of Peel, by its Council enacts:

That the Warden and Treasurer be and are hereby authorized to borrow from some chartered bank in Ontario for the aforesaid purpose

such sum or sums of money from time to time as may be required, to the amount of five thousand dollars, and such other sum over that amount as the Commissioners on County Property may from time to time order to be borrowed.

And the said Warden and Treasurer are hereby authorized to execute a note or notes under the seal of the Corparation, for such sums as may be agreed upon, and payable within the present year.

And the said Treasurer is hereby authorized to retire such notes out of any money which may come into his hands, collected for County purposes, as they may from time to time fall due.

Passed this 26th day of January, 1893.

D. KIRKWOOD. Co. Clerk.

By-Law No. 253.

To Assess the Rateable Property of the County of Peel for County Purposes, for the Payment of a Portion of the Salaries of the Inspector and Teachers of Public Schools and for other Purposes :

Whereas it is necessary to provide by a general assessment of the ratable property of the County of Peel for the year 1893 for the payment of the general and incidental expenses of the County, for the payment of a portion of the salaries of the Inspector and qualified Teachers of Public Schools of the County, and for the payment of Debentures and interest due and payable during the current year on the bonus debt to the Hamilton and Northwestern Railway Co., and for debentures to raise money to build a Registry Office ;

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows:

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several towns, villages and townships in the County of Peel liable to be assessed the current year, the sum of $16,000 for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to county councillors and other necessary and incidental expenses of the County.

2nd. A sum equivalent to the Government Grant, viz.:

$2188 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $2120.00 to provide for the payment of debentures and interest becoming due and payable under By-law No. 71, granting a sectional bonus to the Hamilton and Northwestern Railway Co., the same to be assessed and collected from that portion of the County liable for the payment thereof under the said by-law.

4th. The sum of $1635.00 to provide for the payment of debentures and interest becoming due and payable under by-law No. 232 authorizing the issue of debentures to raise money for the erection of a Registry Office.

5th. The whole of the said sums to be collected and paid to the treasurer of the County on or before the fourteenth day of December next, as per Schedule annexed.

Passed this 23rd day of June, 1893.

R. BLAIN, Warden.

D. KIRKWOOD, Co. Clerk.

To R. Blain, Esq., Warden of County Peel:

DEAR SIR,—

As I will not be present at your meeting on the 20th I beg leave to submit through you to the Council the following statement regarding the financial affairs of the County:

You will see by comparing, my estimates for this year are $13363.27; last year the estimate was $11600.00, being an increase over last year of $1763.00. The question will naturally arise, "How is this difference?" I will tell you how it comes. We had last year three items of unforseen expenditure namely, a new iron bridge, at Caslor's, on the Credit, $1300; damages paid Leslie & Trimble for injuries to threshing machine falling through bridge, and $270 paid to volunteers, these amounts making $1870, being all unforseen expenses and of course could not be included in the estimates of last year. This being the case, our surplus at the beginning of this year, being so much less than last year, necessitates the addition to the estimates of this year. There is another item which in all probability will require to be added to the estimates of this year. I refer to the bridge on the Lake Shore Road, crossing the Etobicoke river. From all accounts the timbers are rotten, and the bridge is in a dangerous condition for teams to pass over.

The question of building bridges and keeping them in repair is one that admits of no evasion, as the Municipal Act hold the Municipalities responsible for the consequences of any neglect on their part, and the Courts are not backward in sustaining the claims for damages under the Act.

I am told that by an approximate estimate the bridge will cost about $4000, including architect's fees and other expenses, this would leave Peel's portion at $2000. This added to the estimates herewith submitted will make a total of $15363.27 for County Rates, an increase of $3763.27. This, no doubt, may appear a large increase in one year, and so it would under ordinary circumstances, but we must take into consideration that the increase is caused by erection of Bridges, which the Council is compelled, under the Municipal Act, to build. You will notice in my estimates I have set apart $1700 for ordinary bridge building and repairs, apart from the iron bridges.

The Credit Valley Debentures are all paid off. The whole amount for all purposes paid by the Ratepayers last year was $21,491. This year, if the cost of the bridge over the Etobicoke is added, the whole amout to be levied for all purposes will be $21,234.27, $257 less than last year.

I remain, your obedient servant,

GEORGE GRAHAM,

Treasurer County Peel.

D. is about concluded, and consequently our connection with our esteemed Warden, R. Blain, Esquire, is severed at least in so far as relates to his present position. We his colleagues in the council assembled therefore, consider the present an opportune time to evince in some form the esteem in which he is held by his co-workers, believing as we do

that he has always endeavored to discharge his duties faithfully and honestly holding the scale of equality evenly with favor to none and fair play to all ; and that whatever position he may be called upon to fill he will discharge said position as creditable as he has presided over the county council of Peel. Carried.

The Warden returned to the chair and in a happy speech thanked the council for the kindly manner in which they expressed satisfaction with him as their presiding officer.

On motion council adjourned.

D. KIRKWOOD, County Clerk.

REPORTS

—o—

Report of Commissioners on County Bridges for Toronto Gore.

To the Warden and Council of the County of Peel :

Your Commissioners would ask leave to report as follows :

That the bridge crossing the stream on the base line between the townships of Toronto Gore and Albion near Mr. Kennedy's was in a very bad state, having to rebuild stone abutments and put on a new top at a cost of $74.00. Your commissioner would recommend that the same be paid to John Austin, contractor, it being done according to agreement.

Also that Mr. Henry Harper be paid $6.00 as commission work on said bridge, he being employed three days ; also that Thomas Thompson be paid $2.50 for squaring plank and spiking same on bridge known as " Shield's Bridge," on base line between Toronto Gore and Albion.

All of which is respectfully submitted.

WM. CLARKSON, Commissioner.

Council Chamber, Nov. 21st, 1893.

[ADOPTED]

R. BLAIN, Warden.

Report of Commissioners on County Bridges for Toronto and Toronto Gore.

To the Warden and Council of the County of Peel:

Your commissioners ask leave to report as follows:

Your commissioners' attention was called to the unsafe condition of the bridge on 6th line, at Malton. We met and decided to build a new undertruss bridge, which was let by public competition for the sum of $160.00, and the contractors to find 8 cedar posts for guards for $2.00, making a total of $162.00.

Your commissioners would recommend payment of the same, as the work is well done, payment to be made to Royal Grafton, the contractor.

Your committee sold the old bridge by public competition for the sum of $3.75, which sum has been paid over to the county treasurer.

All of which is respectfully submitted.

WILLIAM CLARKSON,
HENRY SHOOK, } Commissioners.

[ADOPTED.]

Council chamber, Nov. 21st, 1893.

R. BLAIN, Warden.

Report of the Commissioner on County Bridges for the village of Streetsville.

To the Warden and Council of the County of Peel:

GENTLEMEN:

Your commissioner begs leave to report as follows:

That in accordance with the instructions given by this council, your commissioner has had the bridge known as the "Streetsville bridge" thoroughly overhauled and put in a good state of repair, and

when the council will remember that said bridge consists of three spans, two of 65 feet each, and one of 67 feet, all of which had to be taken down and new timbers placed where needed, the whole structure remodeled, and all floored in the new with two inch oak plank, and although the cost is quite large yet it falls below any estimate which I could get for the work, and in order to economise as much as possible, I put on a good foreman and in conjunction with him I had the work done and when I assure this council that the said bridge is about as good as new, I feel assured that the council will not think the the cost at all high.

I beg also herewith to submit a detailed statement of costs and recommend that the following accounts in connection with repairs to the Streetsville bridge as certified, be paid :

Jas. McClintock, lumber supplied	$338 45
Jas. McClintock, also lumber	3 60
W. G. Webster, hardware	2 13
W. G. Congdon, account for sand, cement, labor &c	31 80
Alex. McClintock, 6 hours work repairing bridge	90
John Graydon, 5 days commission work	15 00
	$391 88

I may also say that I had the stone abutments fitted up, pointed, and properly filled up. The costs are herewith submitted separately, also two small accounts only amounting to three or four dollars.

All of which is respectfully submitted.

JOHN GRAYDON, Chairman.

Council Chamber, Nov. 22nd, 1893.

[ADOPTED.]

R. BLAIN, Warden.

—o—

First Report of Robert Burton, Commissioner for County Lines.

To the Warden and Council of the County of Peel:

Your commissioner begs leave to report :

That he has in connection with a commissioner from York had to

repair three bridges on the town line between the townships of Albion and King, and the counties of York and Peel at a cost of one hundred and thirty four dollars and eighty cents, the county of York to pay one half the amount, and three dollars commission work.

Your commissioner would ask that Peel's portion be paid to the above commissioner.

County Council, Nov. 22nd, 1893.

(ADOPTED.)

R. BLAIN, Warden.

———o———

Report of the Commissioners appointed with the Reeve of Etobicoke to protect the bridge at Summerville.

Your commissioners met the reeve of Etobicoke on two occasions and finally let the job of straigtening the river Etobicoke to Mr. Culham, of the township of Etobicoke, for $100, he to dig a certain channel on the side of the river, diverting the river from the approaches of the bridge.

Said money to be paid on certificate of the commissioners from York and Peel; county of Peel's proportion, $50.

All of which is respectfully submitted.

MELVILLE PARKER, Commissioner.

Brampton, Nov. 22nd, 1893.

(ADOPTED.)

R. BLAIN, Warden.

First Report of Commissioner on County Bridges for the Township of Caledon.

To the Warden and Council of the County of Peel:

Your commissioners ask leave to report:

That at the January session of this council there was a grant of $100 made on the Town line with Mono, Mono already having expended an equal amount.

Your commissioner had a bridge in the 6th con. east raised and repaired, a hill on the east side of the bridge partly cut down, and approaches to bridge made for the sum of $85.

The balance of the grant namely $15 was expended in grading on said road.

All of which is respectfully submitted.

JAS. DAVIDSON, Commissioner.

Council Chamber, Nov. 22nd, 1893.

[ADOPTED.]

R. BLAIN, Warden.

Second Report of the Commissioner on County Bridges for the Township of Chinguacousy.

To the Warden and Council of the County of Peel:

GENTLEMEN:

Your commissioner on county bridges for the township of Chinguacousy begs to report as follows:

That having been notified that the bridge on town line between Toronto Gore and Chinguacousy, near Tullamore, known as "Sargent's bridge," was in an unsafe condition on account of one of the abutments being caved in by pressure of clay behind, I met Mr. Clarkson, com-

missioner for Toronto Gore at the bridge, and we have had the same repaired by John Appleby at a cost of $9.37, and I would recommend that the treasurer be authorized to pay the above named sum, the money to be paid to R. Crawford, reeve of Chinguacousy.

All of which is respectfully submitted.

GUY BELL, Commissioner.

Council Chamber, Nov. 22nd, 1893.

(ADOPTED.)

R. BLAIN, Warden.

Third Report of Standing Committee on County Property, Roads and Bridges.

To the Warden and Council of the County of Peel:

GENTLEMEN:

Your Committee would ask leave to report as follows:

1st. That the following accounts be paid, viz:

J. E. Bell, for damages sustained at Streetsville county bridge, $10.00.

R. Elliott, repairing wheelbarrows and one stove for court house, $3.25.

E. Martin & Co., repairing belt for lock and making key for registry office, $1.50.

Alex. Dean, repairing country between Albion and Chinguacousy, $7.00.

Jas. Davidson, 5 days commissioner work $15.00.

Guy Bell, 2 days commission work $6.00.

Relative to the memorial from Toronto township re. county bridges.

Resolved that the matter be laid over until the January session of

this council so that the members of the different municipalities may have an opportunity of enquiring into the matter.

Henry Shook, 12 days commission work $36.00.
William Clarkson, 6 days commission work, $18.00.
Sir M. Parker, 9 days commission work $27.00
Robt. Crawford, 4 days commission work, $12.00.
John Cook, 4 days commission work, $12.00.
R. Blain, 5 days commission work, $15.00

To D. L. Streight, for plank, spikes, cedar posts, scantling for Orth's bridge and two Summerville bridges, costing $153.72, one half to be paid by Peel, $76.86.

That in the future this council will refuse to pay any accounts for work done on county lines or bridges without the commissioner from this county shall have been present and agreeing to the work being done and certifying to the same.

Or unless such expenditure shall have been authorized by report or resolutions of this council.

That in reference to the petition of J. J. Price, that the commissioners of this county be requested to consider this matter and report at next meeting of this council.

All of which is respectfully submitted.

THOS. H. HANNA, Chairman.

Council chamber, Nov. 22nd, 1893.

[ADOPTED.]

R. BLAIN, Warden.

Report of Special Committee on Price & Grafton's Under Truss Bridge.

To the Warden and Council of the County of Peel.

GENTLEMEN:

Your committee beg leave to report that they have examined the

patent papers of the under truss suspension bridge, patented by Price & Grafton, and also the several drawings and cuts in connection therewith, together with the models, and these gentlemen having gone to a great deal of trouble and expense in connection therewith to secure a cheap and durable structure, we have great pleasure in recommending it to this and other municipalities throughout the province for their serious consideration for the following reasons :

1st. Because there has been a long felt want for some suitable structure to take the place of the old wooden bridge.

2nd. Because your committee have satisfied themselves as to its merits from having erected it in their different municipalities, and being thoroughly tested as to strength, would recommend it.

3rd. Your committee have had under their supervision the building of 8 of these bridges and find they meet with general approval from the ratepayers of our different municipalities.

4th. Because your committee have found it to be much cheaper and stronger and more durable than the bridges heretofore in use, the patentees being prepared to construct said bridge wholly of iron at a cost of —— per foot, or as shown in model at a cost of $5.00 per foot up to 50 feet in length.

5th. Your committee have found a difference of about 4,000 feet of timber and lumber in a 50 foot bridge of this style and the old structure, and in receiving tenders for the different styles we have found a difference of about $2 per ft. for building in favor of the under truss bridge.

J. H. WATSON, Chairman.

Council Chamber, 24th Nov., 1893.

(ADOPTED.)

R. BLAIN, Warden.

All of which is respectfully submitted.

JOHN T. SCOTT, Chairman.

(ADOPTED.)

R. BLAIN, Warden.

Report of Special Committee on Lake Shore Bridge.

To the Warden and County Council.

Your special committee re. the new Lake Shore bridge beg to report as follows :

1st. That the mason work has been completed to the entire satisfaction of the committee, engineer, and inspector.

2nd. That the filling of approaches, has been completed so far as possible until the bridge is placed.

3rd. Your committee regret to report that although the agreement calls for the bridge to be placed ready for use by Oct. 15th, 1893 that it is not yet completed, the cause of delay being the company's inability to procure their material in time, it having to come from the old country.

4th. That the total cost of the full structure will be about five thousand, five hundred dollars. The increased cost is for building wing walls, and for extra filling, together with straightening the river immediately north of said bridge, one half to be paid by the county of York and the other half by the county of Peel.

All of which is respectfully submitted.

Report of Committee Appointed to Have Certain Repairs Made in Seating and Ventilation in the Court House. To Purchase Iron Bedsteads to be Placed in the Gaol Cells and Enquire into the Probable Cost of Placing Water-closets in the Corridors; Heating County Buildings by Steam or Hot Water.

To the Warden and Council of the County of Peel :

Your committee beg leave to report as follows :

That repairs and additions were made to the seating in the Court House, hinges and pulleys put on the fanlights over the court room

doors, so that they could be readily opened or closed as might be required for ventilation, this was done before the spring assizes were held ; the accounts for these changes and additions have already been before the commissioners and their payment ordered. Sixteen iron bedsteads were by us ordered from the central prison at a cost of $10 each, to which must be added the cost of fitting them in the cells. These bedsteads are very complete and convenient, doing away with ticks, pillows, etc., which often makes so much litter in the cells and corridors.

Your committee found that the only reliable way to get an estimate of the probable cost of placing water closets in the corridors was to submit the plans of the building to an architect with instructions to take necessary measurements and to prepare an estimate of the cost. This has been done and the plan and estimate are herewith submitted.

As the expense in making the proposed changes and improvement in heating were likely to exceed your expectation no estimate of the heating was obtained.

All of which is respectfully submitted.

Report of the Special Committee Appointed to Ascertain the Amount Payable to the County High Schools, Under the High School Acts; Annually for the Years 1894, 1895, 1896, Commencing from the First Day of July, 1894, and Payable at Such Time as the County Council Shall Fix.

Your committee would beg to report as follows:

As regards the Brampton high school your committee would state that after a particular examination of the accounts and statements and making all necessary deductions we find that the council is entitled to pay the trustees the sum of $706 per annum.

We also find in the case of the Streetsville high sceool after carefully considering the claims of the school, the council is liable under the High School Act for the payment of $375.50 per annum, for the ensuing three years.

Your committee would further state that the amounts above named are the lowest payable by the council, but any further or greater sum the council may see fit to grant is admissable under the act.

Your committee would advise that the matter be left with the standing committee on education for further consideration.

All of which is respectfully submitted.

PUBLIC SCHOOL INSPECTOR'S ANNUAL REPORT

To the Warden and Members of the County Council of Peel.

GENTLEMEN:

I have the honor to submit my annual report for 1893. The schools were all inspected twice. There are at present in operation throughout the county including towns and incorporated villages, ninety-nine departments conducted by duly certified teacher. These are divided as follows:—Town of Brampton, 11 teachers, Tp. of Chinguacousy, 20 teachers; Tp, of Toronto Gore, 4 teachers; Tp. of Toronto, 23 teachers; Tp. of Caledon, 21 teachers; Tp. of Albion, 13 teachers; Village of Bolton, 4 teachers; Village of Streetsville, 3 teachers; In addition to the regular inspection of these departments, one convention of the county teachers' institute was held on May 29th and 30th, and local conventions for the townships of Toronto, Caledon and Albion, were held respectively on the 17th Nov., 24th Nov., and 1st Dec. The latter are not authorized by statute, but the experiment of holding township conventions having been deemed a decided success, they will continue to be held from year to year. The work of the county conventions has not always been of such practical character as would ensure the hearty co-operation and support of teachers, and in many instances its proceedings have been productive of discussions not at all in the direct line of Public School work. The Convention of the County Institute should, however, always be looked forward to as a great educational means, and as a centre from which may be spread the latest and truest results of educational opinion and progress, and while its proceedings may sometimes be marked by a too theroretical treatment of educational questions, it must still be borne in mind that the first and most vital requisite for the Teaching profession is an evolution in systematic form of an exact and true philosophy of education. Without this, no rational theory of teaching can be educed, and no definite aims outside the mere processes of instruction pursued. But the constant study of the highest aims and ideals of education will always act as a corrective to ill-considered methods of teaching, even if the educator be not under the stimulus of a high inspiration.

The question is frequently asked even in these later days, whether teaching is a profession. This question is most frequently propounded by those who follow teaching as a trade. The true teacher is everywhere a professional man in these days. What constitutes a profession? It is quite true that all ranks and classes in every civilized community to-day have decided scholastic attainments, and much skill derived from the practical pursuit of various vocations; but what is it that separates the so-called professions from the rest of the community? Clearly it is the possession on the part of the members of these

professions of an order of knowledge distinct from the general knowledge of the community, systematically studied at much sacrifice of time and at much expense, and practically applied in the most important affairs of social and political life. Now, the Art of Instruction based as it should be on clearly-defined and well-established theory, resting upon a comprehensive philosophy of education in general, draws in its train the necessity for a comprehensive study of the organic factors of civilization in their relation to the problem of education. This necessitates the widest and most thorough study on the part of the teacher, and at once places him in possession of a systematic body of knowledge inaccessible and unknown to the general community. When the great body of teachers in this Province have been brought to this conception of a learned profession, and have aimed at its realization in practice, then and not till then will teaching be recognized as one of the great professions that deservedly rank high in public estimation.

It shall be my object, through the County Convention and by all other means, to induce teachers to study more persistently the classics of educational literature, to bring before them the broader and more recondite facts of educational science, to bring up for discussion the higher questions of educational theory, and to foster that spirit of investigation and research which lies at the root of all true professionalism. By so doing, we shall be enabled to keep the work of the County Convention distinct from that of the Township or Local Convention. In the latter, the more immediate needs of the teacher, the exposition of difficult subjects, the framing and application of methods, the inner connection of the parts of each subject, will all be more minutely considered, and the plan of general school work made more systematic and easy of explanation by the advice and suggestions of teachers of wide experience. Teachers have evinced a greater interest in these Township Conventions, and the success attending their introduction induces me to continue them as an integral feature of our County system. Again, such local conventions are a corrective to the centralizing tendency of our time, and cannot fail to bring before the minds of each community of the County additional features of educational work and administration, and to promote that general discussion and inquiry, without which people are apt to grow indifferent to the claims of a system avowedly established for their immediate benefit. A wider defusion of educational powers and interests is a necessity of to-day. A strongly centralized administration is an essential in the incipient life of any system, educational or otherwise, to produce unity of purpose and coherence of aims, but a time ultimately arrives when the people demand in administration a share commensurate with the responsibilities imposed upon them. That time is at hand.

The school-buildings remain much the same as in 1892. No new school houses were built, but a goodly number were materially repaired

and improved. The depression that obtains generally at present, and particularly in the agricultural districts, has made itself felt in the reluctance of many trustees to undertake such improvements as have been recommended from year to year. But much of this reluctance is quite unjustifiable. It is not confined to the smaller and poorer sections. It obtains in the larger and more wealthy sections as well. Depression is in the air. Many well-to-do trustees talk so persistently of agricultural depression that they at last come to the belief that they are themselves actually under the grinding heel of poverty. With men in such a frame of mind, the idea of improvements entailing any considerable outlay is an unknown quantity. No doubt, there are sections in which the incident of taxation is keenly felt, but there are other sections in which there is no reason whatever for the policy of delay. Take for instance the township of Chinguacousy. Here we find S. S. No. 6, assessed at $172,050, the third highest assessed section in the township. The rate for school purposes is one and a half mills on the dollar, the lowest rate for like purposes in the township, yet, what is the actual condition of affairs? There is a building entirely out of date, uncomfortable, and unsuited for school purposes. There are delapidated premises, inadequate equipment, and unsuitable furniture. There is a cheap teacher and an inferior school. There is no excuse for this state of affairs. Next take S. S. No. 19, Ching., a smaller section, of less assessed value, and we find the rate of taxation for school purposes to be four and one third mills on the dollar. But the ratepayers do not complain. The trustees carry out suggestions made and cheerfully expend money for the maintenance of a good school. The results are a good school, a fairly paid teacher, and pleasant surroundings. Next take S. S. No. 24, Chinguacousy. Here the assessed value of the section is $122,865; the rate is one and a half mills on the dollar, while the teacher receives a salary of $275 per annum. What are the facts in this case? The school-house has been condemnyear in and year out as unfit for school purposes, the premises are dilapidated, the standing of the school is low, the furniture and equipment are such as move the mirth or provoke the anger of beholders. Should such schools continue to receive government and municipal support? I think not. In the township of Caledon we have a signal instance of the liberality and generosity of trustees and rateyayers in S. S. No. 19, assessment only $46,325, and school rate six mills on the dollar. There is a good school-house, well furnished and equipped, an excellent teacher is in charge, and the standing of the school is high compared with that of the cases above. In S.S. No.15,Caledon,an additional teacher was required recently. Not a murmur of complaint was heard, although the assessed value of the section was but $112.485, and rate six and three quarter mills on the dollar. It has an excellent school, and while the people are paying out large sums for school purposes, they are realizing the full benefits of a school second to none in

the county in point of results. Then there is S. S. No. 6. township of Albion. The assessed value in 1892 was $106,250, and the rate two and a half mills on the dollar. In 1893 the teacher revelled in the expenditure of $275 per annum. And what is the state of affairs in this section. All that I have ever said of the contempt of pupils for uncouth and dilapitated surroundings receives its fullest illustration here. A building going to decay, battered doors and furniture, grimy walls and shabby equipment are within; without are rotten fences, and broken down out-houses with an absolutely new woodshed to heighten the effect of the general squalor and show that the last spark of educational enterprise is not dead. Just alongside S. S. No. 6 is S. S. No 13, Albion, with a school house properly cared for, well seated and otherwise adequately furnished, the equipment not lavish but respectable and a teacher in the enjoyment of a fairly good salary. The results are such as should be looked for. The tone of the school is good, the standing of the pupils is above the average, and the teacher works with an energy and enthusiasm due in large measure to congenial surroundings and the tangible support of trustees and ratepayers. The cry for economy is in many sections a signal hindrance to educational progress. A very little money spent annually in repairing buildings and premises would preserve for years property which in a short time by sheer neglect will cease to have any value whatever. But while the above-mentioned isolated instances of educational apathy and parsimony are singled out for just condemnation, it must not be supposed that trustees as a class are unmindful of their duties. There has been a general advance all over the county, and I can compliment very many trustees upon a keen appreciation of the benefits of public school education, and upon their wise generosity in improving their schools and school premises. In 1888 the trustees of the county, including Brampton, expended $350 for maps and apparatus: in 1892 this expenditure had risen to $534.76, the increase being due in part to the equipment of new school houses; in 1893 the amount of such expenditure was $421.38. In 1888 the amount expended in repairs, fuel, lighting and incidentals was scarcely $8,500. In 1892 this department of expenditure had swollen to $9,463.92, and in 1893 had dropped slightly to $9366.77. In 1888 the total amount paid in salaries was $34,200; in 1892, $34,288.70; in 1893, $34,394.82. There is no indication in these figures of any general disposition on the part of trustees to neglect the essential features of a thoroughly good public school system.

This computation is subject to the consideration that the whole number of pupils enrolled is taken as the divisor. The excess in cost per pupil to Toronto Gore and Chinguacousy is in great measure due to the increase in these Townships of the expenditure for new buildings and equipments; but the average for the whole county is lower than

the average for the whole province, which in 1891 was $8.34. This goes far to show that the burden of providing for Public School

education is not a severe one. The steady increase since 1888 of the amount expended for maps and apparatus is a most gratifying feature, and serves to show that the trustees as a class are keenly alive to the needs of the schools notwithstanding the notable exceptions to which I have already referred. The large balances to the credit of the Trustee Boards are an evidence of a more satisfactory state of affairs, and are no doubt the result of a determination to meet all current expenses in a business like manner.

The arbitrators appointed by your council to act in the matter of the division of S. S. No. 7, Toronto Tp., completed their labors last September, having made a division such as they deemed suited to the needs of the people in Port Credit and its vicinity. Trustees and Ratepayers concerned were asked to meet the Arbitrators and to state their views on the question, and to afford the arbitrators an opportunity of ascertaining the sense of the community in respect of a matter which usually is productive of much acrimonious discussion. I am glad to be able to state that the Arbitrators found most parties concerned in a conciliatory mood, and that the proceedings were marked by that moderation of tone so essential to an impartial consideration of conflicting interests. Two new sections were formed. Portions of school sections Nos. 1 and 2 were included in the new section No. 7; and portions of Nos. 4, 5, and 6 were included in S. S. No. 19. Two new school-houses will have to be built during 1994, and I submit that the needs of the people in Port Credit and its vicinity could have been met only by such

a decision as the Arbitrators arrived at in their award of Sept., 1893. Oftimes a ratepayer obejcts to his transference to a new school section on the plea that he is unnecessarilly compelled to help build a new school-house. There is nothing in this contention when it is provided by Statute than any ratepayer thus transferred, is entitled to take with him, on being so transferred, the equitable interest the property he owns entitles him to, in the school property of the section he has left.

TEACHERS' SALARY.

Brampton.....	800 00	800 00	800 00	3250 00	325 00

This is a satisfactory showing certainly when we compare it with the average for 1892 for the whole Province, which was—average salary of male teachers in Counties, $386; average salary of female teachers in Counties, $268. A County such as Peel should not, however, be compared with the poorer counties in this respect. In point of teachers' salaries, this county is certainly well to the front and justly sustains its reputation for generosity in dealing with matters of public interest. I shall make no remark upon the disparity between the salaries respectively of male and female teachers. The figures suggest abundant food for reflection, and the difference noted should prompt trustees to such action as in their minds seems equitable. The people of Peel are to be congratulated upon the fact that so many teachers holding higher grades of certicates find employment in their schools. The certificates for three separate years are classified in the accompanying table:

Year.	I class Certificates.	II class Certificates.	III class Certificates.	Temporary.
1888	1	44	49	2
1892	2	44	52	1
1893	2	47	49	1

This continued high grade qualification speaks well for the discernment of trustees when we remember that the number of Third class teachers graduated from the Model Schools of the province every year is at least three times as great as the number of Second class teachers graduated from the Normal Schools per year.

SCHOOL POPULATION AND ATTENDANCE.

	1888	1892	1893
Total number of pupils enrolled	5611	5222	5133
No. attending less than 20 days	576	448	458
No. attending between 20 and 50 days	970	837	830
No. attending between 51 and 100 days	1374	1278	1200
No. attending between 101 and 150 days	1375	1205	1227
No. attending between 151 and 200 days	1225	1293	1311
No. attending between 201 days and whole year	91	161	107

This table does not include the attendance for Brampton, for reasons to be stated elsewhere, but it shows a marked increase in regularity of attendance. A notable increase has taken place in the attendance between 151 and 200 days, and between 201 days and the whole year, notwithstanding that the total number of pupils has decreased. This argues much for either the increased efficiency of the schools or the increased interest parents are taking in the matter of education. In the town of Brampton the regularity of attendance has increased to such a degree as to command the first place among towns in Ontario for Brampton, in this respect, as shown by the report of the Minister of Education. This result has been brought about not so much by the appointment of a truant officer as by the practice of the Principal of the schools in notifying parents of the absence of any pupil for any length of time during each week. Rural school trustees are not yet fully alive to the grave results of irregular attendance and the consequent dissipation of school funds. Many people resent the operation of a compulsory school law, it is true; but the patrons of every school must be reminded that every man who assists in the support of Public School Education has the right, under democratic and representative institutions, to demand an account of the application of his contributions and to see that they are neither misapplied nor dissipated by an inefficient administration of the law. The time has come for the reasonable enforcement of the Truancy Act and the awakening of many parents to

the claims which society has both morally and legally upon them.

Brampton	152	60	118	157	116	0
County	1255	1002	939	1204	1195	141

This classification is the most satisfactory that I have yet been able to obtain. The uniform promotion examinations are still continued, but their results should not be trusted to altogether in the promotion of pupils. The pupil's progress in each subject during the term should be carefully and regularly noted, and the result of the final examination should be duly qualified by the result of the teacher's observation during the term. The number of pupils in the higher classes is increasing from year to year. Of course there is a corresponding decrease in the number of pupils in the lower classes.

PROVINCE OF ONTARIO.

40	20	20	17	3

This table reveals the fact that teaching of a higher order, especially in the lower classes, must now be going on in the schools, and that the advance we should naturally look for has been realized. The results are not entirely satisfactory to me yet; but they serve to indicate the

general tendency. However, it is wise, in educational matters, to make haste slowly. The schools have not entirely recovered from the effects of the discouragement which the formation of Fifth classes received years ago. The people of this province will be untrue to their highest interests if they longer permit the Public Schools' training to close with the Fourth class.

Entrance examinations continue to be held at the local centres, Bolton and Charleston, as well as at Brampton and Streetsville High Schools. I would advise the discontinuance of the examinations at Charleston. Those at Bolton are a necessity, as no High School is within easy access of the candidates from that vicinity. The number of candidates writing at these examinations is increasing yearly and there is a distinct improvement in the general character of their work. The experiment of holding one examination yearly is a decided benefit to the rural schools, and tends to a greater thoroughness of preparation. The institution of a Public School Leaving examinations for the 5th class is already bearing fruit in more permanent attendance, and importance attached to Public School work by those desirous of giving their children a completer training than that formerly provided. Teachers of higher scholarship and wider experience will be required for this work. The average Third Class Teacher is not competent to do this work despite the claim that he has been adequately prepared in the High School. To teach any subject properly the teacher must not only know the mere facts of the subjects, he must have a rational and logical theory of the knowledge he wishes to impart. This inner connection of the subjects of his High School course, the Third Class teacher, rarely, if ever, obtains. It can consequently come to him only by much study and through a long process of investigation. I would advise all Trustees of Schools, in which fifth classes are formed to engage none but Normal trained teachers of some experience.

The plan of holding the Public School Leaving examinations concurrently with the Entrance examination, and the appointment of the same Board of Examiners for each, is an encroachment upon the rights of Public School Teachers to make the promotion in their own school. It may be said that the rights of Public School teachers are safe-guarded in the present constitution of the Board of Examiners, but I claim that the teachers in our Public Schools should have just as much to say in the promotion of their pupils as High School teachers have in the promotion of primary or Junior Leaving candidates, and that the equilibrium of the system will never be stable until the Public School teachers of the province are vested with rights and powers commensurate with their duties and responsibilities. Another fact of far reaching importance must be noted. The entire non-professional training of our teachers is carried on in the High School and the consequences are

of a momentous character. Teachers do not acquire knowledge with the object of imparting it or with a view of applying it except as a means of passing an examination, which, beside the ideal of an earnest and true teacher, is an ignoble object indeed. They do not acquire any theory of knowledge and have little grasp of its logical relations. They tend, in consequence to remain in the stage of empiricism, and fail to grasp that relativity of things, a perception of which is essential in maintaining on equilibrium of interests. Not until the greater part of the so-called non-professional training of teachers is relegated to the institutions providing professional instruction will a true educational science be possible.

The separation of professional from non-professional training has given rise to mischiefs innumerable chief among which is the cry for abolition of formal instruction in Grammar and Language; in Literature; in History, etc. Now almost the first condition of intellectual progress in any department of study is the possession in the mind of the learner of organized knowledge, which alone can furnish a basis for further acquisitions. The faddists and exercise-book compilers are generally loudest in demand for the abolition of formal instruction. There is perhaps a grain of self interest in the mixture with which they propose to heal the educational wounds of the body politic. They have their reward. If these gentry were compelled to revise their knowledge from day to day in a constant endeavor to adjust the mode and sequence of the ideas of the subjects they essay to teach to the processes of intellection in the minds of their pupils they would soon discover what every teacher must sooner or later find out, that every subject has a fixed order in its unfolding in the inductive process, the exact converse, so to speak, of the scientific statement of the principles of that subject in a deductive form and their corresponding applications. It takes many years of floundering in the quagmire of empiricism before some teachers emerge in the clear light of the ascertained knowledge that the definitions and conclusions of knowledge are not expressed in the order in which the human mind arrives at the truth of that knowledge. But just after the discovery the teacher often falls into an error of no small consequence. He essays to turn to first principles, and is found for months, nay years crying out for the training of the powers of observation and perception and explaining with philosophic calm that half-truth of educational shallow pates, that children learn to do by doing. Now, so far as I can judge, the savage is pre-eminent in the powers of observation and perception; and it becomes the object of the educator and the missionary to make him reflective and to endow him with self-control. The complaint was made many ages past that "My people hath not known; my people doth not consider." Would it not be well for the shouting empericists to take an excursion occasionally into the history of civ-

ilization? It was a profound remark of Lord Bacon that, while the human mind was still in the trammels of the scholastic philosophy, and scientific method was unknown, the arts and industries of mankind went on improving. The vulgar mind was acting according to natural laws, without philosophy; but when Bacon formulated the inductive philosophy, and gave to mankind the key to the conscious use of mental powers and the method of scientific investigation, then once began that marvellous transformation and improvement in art, science, industry, invention, etc., which continued down to our day has made the modern world distinct from all preceding stages of civilization, and so brought the ends of the earth together as to baptize her children into one common humanity. The maxim that we learn to do by doing would have served well in ages long past: but despite the crack-brained philosophers of the so-called new education we now know that we do because of some conception how and that our powers are perfected, and our conceptions rendered full and symmetrical by the persistent doing.

Again English history is made a subject of examination for entrance to high schools. The original idea of not instituting an examination test in the subject would have been a correct one if our teachers were not confronted at every stage of their work by either a promotion or a departmental examination. The withdrawal of the subject from the test of examination was due in great measure to the effort to keep the range of subjects in the entrance examination within bounds; but why English history was selected as the victim is not clearly understood, unless the so-called practical side of education has been unduly emphasized by public sentiment, which is already too clearly influenced by the material consideration that man in these later days does live by bread alone.

Now, to my mind, there is no subject of more importance in the whole range of culture, and in all that pertains to life in the true sense of the term. As history has been taught by the empiricists for many years, the subject has come to lose its chief characteristic and value as an intense human interest. It came to be taught mainly as a sequence of causes and effects, and pupils were taught that the age and its circumstances formed the man, whose work in the world, if not performed by him, would inevitably be performed by some one else dominated more strongly by the ruling spirit of the time, as if a chain of causes and effects possessed a mind and motive outside of man himself. This process was essentially materialistic and debasing. The biographical element was relegated to the background. But the reaction has already set in, and the best minds of to-day have accepted civilization and its institutions as distinctly human products fashioned by the master minds and wills of the ages, and have come to look upon history as the study of phenomena in the

stream of human influence, of humanity acting on its enviornment and guided by the light of that Divine Revelation which will continue its course of manifestation until the race has attained the perfection of its ideal. Under the spell of this conception, the youth of our land should continue to study the characters and copy the examples of men and women who have contributed most of good in the stream of human influence, to share in the triumphs and achievements of the ages, and to be guided by that same human spirit which, under Divine Illumination, has given to each succeeding generation the torch of progress to light the way to human worth and perfection. True it is that Institutions, Forms of Government, and the Social Structure generally must be studied systematically ; but, at the same time, as manifestations of the human spirit. Only in this way can history be a factor in moulding the character of youth, and its true influence in endowing mankind with the highest and purest hopes and aspirations secured. The influence of a true study of history upon morality, both public and private is incalculable. To lead pupils to share in the aspirations and sympathize with the endeavors of the great and wise ones of the earth is as much a part of the teacher's work as to secure the learners' condemnation of public wrong-doing and private excesses. The ethical content of history is one vast repository from which the teacher should draw daily lessons to inculcate in the minds of his pupils a love for the heroic and the good, and a repugnance to the sordid, mean, and untrue. English History, with its long and continuous record of the triumphs of human genius, will, we trust, retain for all time to come the proud pre-eminence it has obtained as the crowning chapter in the book of human story.

The subjects of instruction continue the same as in years past. There is a disposition on the part of teachers to teach only those subjects which tell in the results of examinations. The subject of drawing is but indifferently taught. The authorization of the drawing books is in some measure accountable for this state of things. It is my intention to ask teachers to drop the use of the drawing books in the second and third classes and to substitute a graded course in the subject, which shall be followed out in the daily work of the school. The drawing book work is still required in the Entrance and Public School Leaving Examinations, and consequently the drawing book will still be retained in the fourth and fifth classes. Agriculture is not taught to any appreciable extent. This is a matter of regret, and yet no other state of things can be expected until the subject be made a compulsory one at examinations. English history would have inevitably shared the same fate under like conditions.

The subject of instruction, and the number of pupils in each branch

in 1893 were as follows :

Writing	5600
Arithmetic	5627
Drawing	5065
Geography	3705
Music	2786
Grammar and Composition	3042
English History	1509
Canadian History	2389
Temperance and Hygiene	1823
Book-Keeping	722
Algebra	126
Geometry	106
Botany	64
Physics	29
Agriculture	136

The subject most easily taught—Geography—is the most poorly taught. This is due to a false conception of the theory laid down with regard to this subject. The exclusive attention in the junior classes to local geography is a huge mistake. The subject, like any other, must be approached with a view to teaching it as a whole. Teachers should realize that there is no true conception of the whole without a knowledge of its parts, and that there is no rational explanation of the parts without a knowledge of the whole.

The excess in the number of brick schools is marked. New buildings must be erected soon in S. S. No. 9, Albion, S. S. No. 24, Ching., and S. S. No. 26, Ching. The buildings in S. S. No. 7, Albion, No. 6, Albion, No. 10, Caledon, are sadly in need of renovation, and I trust this work will be done in 1894.

I have to thank the members of your Council for their continued liberality to our different educational institutions, particularly to the County Model School, an institution that has for many years deserved the fullest support of the public and bestowed no small benefit in its work of providing well-trained teachers for the schools of this County.

I have the honor to be, gentlemen, your obedient servant,

ALLAN EMBURY,

Inspector of Schools, Co. of Peel.

MEMORIAL to the Superintendent of the C. P. R. and G. T. R. Companies, praying for Safer Cattle-Guards along their lines of Railway.

The Memorial of the Municipal Council of the County of Peel Humbly Sheweth :

That in the opinion of this Council a great hardship is endured by farmers, drovers and others owing to the fact that the Cattle Guards at the different crossings along the line of the C. P. R. and G. T. R. are defective in principle of construction, and inadequate to the requirements of the public, and in consequence thereof has been the cause of a great destruction of property, such as horses, cattle, pigs, etc.

Seeing that this County paid large bonuses towards the construction of the railway lines in question, and while not asking for any more than a corresponding benefit, think they are entitled to the redress prayed for in this memorial.

Your memorialists would therefore respectfully ask the superintendents of the above Companies to make or cause to be made such changes in the construction of said crossings as are necessary to remedy the hardship complained of;

And your memorialists. as in duty bound, will ever pray.

EX

BY-LAW NO. 255.

To Appoint a Director for the Credit Valley Railway.

Whereas by Section 18 of Chapter 61, 44 Vic., passed in 1881,

entitled an act to amend the acts relating to the Credit Valley Railway Company. Municipalities having granted aid by way of bonus, of not less than $50,000, may name a director in the said company as the representation of that municipality; provided always that such director shall be a bona fide taxpayer and resident within said municipality which granted the bonus.

Whereas the council of the county of Peel did grant a sectional bonus of $70,000 by way of aid to the Credit Valley Railway.

Therefore be it enacted by the council of the county of Peel that John Graydon Esq., reeve of Streetsville, a resident and ratepayer of the municipality granting the said bonus, be and is hereby appointed a director on behalf of the county of Peel on the directorate of the Credit Valley Railway until his successor is appointed.

Passed this 24th day of January, 1894.

BY-LAW No. 258.

To Assess the Rateable Property of the County of Peel for County Purposes, for the Payment of a Portion of the Salaries of the Inspector and Teachers of Public Schools and for Other Purposes.

Whereas it is necessary to provide by a general assessment of the rateable property of the County of Peel for the year 1893 for the payment of the general and incidental expenses of the County, for the payment of a portion of the salaries of the Inspector and qualified Teachers of Public Schools of the County, and for the payment of Debentures and interest thereon issued to raise money to build a registry office:

Therefore the Corporation of the County of Peel, by the Council thereof, hereby enacts as follows:

1st. That there be raised, levied and collected from all persons rated on the Assessment Rolls of the several towns, villages and townships in the County of Peel liable to be assessed the current year the sum of $14,400 for the payment of the salaries of County Officers and Inspector of Public Schools, a portion of the expense of criminal justice, allowance to county councillors and other necessary and other incidental expenses of the County.

2nd. A sum equivalent to the Government Grant, viz:
$2171.00 for the payment of a portion of the salaries of the qualified public school teachers of the County.

3rd. The sum of $1635.00 to provide for the payment of debentures and interest becoming due and payable under by-law No. 232 authorizing the issue of debentures to raise money for the erection of a Registry Office.

4th. The whole of the said sums to be collected and paid to the treasurer of the county on or before the fourteenth day of December next, as per schedule annexed.

Passed this 21st day of June, 1894.

THOS. H. HANNA, Warden.
